

CENTRAL TEXAS REGIONAL
MOBILITY AUTHORITY

183 TOLL FACT SHEET

OVERVIEW:

The Mobility Authority upgraded US 183 to a modern corridor built for tolled and non-tolled travel, as well as bicycle and pedestrian use. This \$743 million project delivered a key north-south alternative to I-35 and significant improvements to the corridor. Completed in 2021, 183 Toll offers drivers a non-stop, signal-free route to get to their destination without delay.

PROJECT DESCRIPTION:

- A new tollway with three lanes in each direction and up to three improved, non-tolled general-purpose lanes in each direction
- \$25 million worth of bicycle and pedestrian facilities, including 16 miles of bicycle lanes, 10 miles of shared use path, 7 miles of sidewalks, four pedestrian bridges, and connections to the regional trail system
- Landscaping and aesthetic enhancements
- A traffic monitoring system for improved traffic management and incident response

TOLLING:

The 183 Toll Road utilizes all electronic, or cashless tolling. This means drivers do not have to stop — or even slow down — to pay their tolls.

PAYMENT OPTIONS:

Electronic Tags:

Customers with an active electronic tag receive a 33 percent discount on their toll rates. The Mobility Authority accepts any of the following electronic tags:

Pay By Mail:

If you don't have a tag, just keep moving and we'll bill you through the Pay By Mail Program. Pay By Mail customers are billed using a picture of their license plate, and are charged a \$1 statement fee per bill.

Information on how to pay your Pay By Mail statement can be found at www.PayMobilityBill.com.

Pay in Person:

Customers can visit our service center or one of many participating stores to pay in person. Visit www.PayMobilityBill.com/pay-in-person to see your options.
