

**CENTRAL TEXAS  
Regional Mobility Authority**

## AGENDA ITEM #6 SUMMARY

---

Authorize issuing a request for information or request for qualifications to procure software to assist in managing regional traffic congestion as a result of construction activities on the MoPac Improvement Project.

Strategic Plan Relevance: Regional Mobility

Department: Engineering

Associated Costs: None

Funding Source: Not applicable

Board Action Required: Yes

Description of Matter: The Mobility Authority staff understands there are software packages that may be available and appropriate to address regional traffic congestion. Staff seeks approval to identify and explore the appropriateness of such programs for use in helping manage traffic congestion on MoPac and other traffic corridors in the region that results from construction activity during the MoPac Improvement Project. Staff seeks authorization to prepare and issue a request for information or request for qualifications, as appropriate, to solicit software vendors who may have a product that could provide a feasible and effective method to relieve traffic congestion, specifically as caused by construction on MoPac. After reviewing and analyzing any responses that are received, staff will report its findings to the Board and recommend appropriate next steps.
