

**GENERAL MEETING OF THE BOARD OF DIRECTORS
OF THE
CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY**

RESOLUTION NO. 13-039

ADOPTION OF FY 2014 BUDGET

WHEREAS, the Central Texas Regional Mobility Authority (“Mobility Authority”) was created pursuant to the request of Travis and Williamson Counties and in accordance with provisions of the Transportation Code and the petition and approval process established in 43 Tex. Admin. Code § 26.01, *et. seq.* (the “RMA Rules”); and

WHEREAS, prudent management and fiscal oversight are overriding objectives of the Mobility Authority Board of Directors; and

WHEREAS, it is necessary and desirable to develop and adopt a budget for Mobility Authority operations at the commencement of each fiscal year; and

WHEREAS, the Executive Director and staff have developed and recommend that the Board of Directors approve the budget for fiscal year 2013-2014 (“FY 2014”) attached as Exhibit 1.

NOW THEREFORE, BE IT RESOLVED that the Board of Directors approves the FY 2014 budget attached as Exhibit 1; and

BE IT FURTHER RESOLVED that this budget may be amended from time-to-time by approval of the Board of Directors.

Adopted by the Board of Directors of the Central Texas Regional Mobility Authority on the 26th day of June, 2013.

Submitted and reviewed by:

Andrew Martin
General Counsel for the Central
Texas Regional Mobility Authority

Approved:

Ray A. Wilkerson
Chairman, Board of Directors
Resolution Number: 13-039
Date Passed: 6/26/13

EXHIBIT 1 TO RESOLUTION 13-039

PROPOSED FY 2014 BUDGET

[on the following 52 pages]

MAY 22, 2013

CENTRAL TEXAS
Regional Mobility Authority

PROPOSED
OPERATING BUDGET
FY 2014

The Central Texas Regional Mobility Authority is authorized by the Texas Legislature under Chapter 370 of the Transportation Code. Formed in 2002 as the State's first regional mobility authority, the Central Texas Regional Mobility Authority represents the Legislature's vision to give local communities greater flexibility to develop and implement innovative transportation programs. With the support and guidance of Travis and Williamson counties, the Mobility Authority has evolved into a vibrant, agile, highly effective organization. Celebrating its 10 year anniversary, the Authority opened the 183A extension in April 2012, 7 years ahead of original plans and the Manor Expressway Phase I opened for tolling in January of 2013. The Manor Expressway Phase II is under construction scheduled to open in 2014 and the MoPac Improvement Project will begin construction in the Fall of 2013.

Central Texas Regional Mobility Authority

Core Ideology

The Mobility Authority's core ideology describes our consistent identity that transcends all changes related to our relevant environment. Our core ideology consists of two notions: core purpose (our reason for being) and core values (the essential and enduring principles that guide our organization).

Core Purpose

Be the provider of high quality regional mobility services in Central Texas.

Core Values

Integrity: Demonstrated by honest communication, transparent transactions, ethical decisions and forthright behavior.

Accountability: Demonstrated in fiscal responsibility, commitment to our customers and constituents and collaboration with local and regional partners.

Credibility: Demonstrated in an earned reputation for fairness, dependability and dedication to public service.

Innovation: Demonstrated in visionary leadership, entrepreneurial spirit and tolerance for honest mistakes.

FY 2014 Proposed Operating Budget Overview

Presented are the Mobility Authority's proposed FY 2014 Operating and Capital Budgets. This document contains revenue estimates and departmental spending plans for the fiscal year beginning July 1, 2013 and ending June 30, 2014. The total proposed operating revenues are \$40,458,785. Total proposed operating expenses are \$46,317,887 inclusive of \$14,535,755 in non-cash items such as amortization, depreciation, bond issuance expense and accreted interest.

As discussed below, this budget is influenced by several factors including the Mobility Authority Strategic Plan, the opening of Phase I of the Manor Expressway in January of this year, the continued ramp up of the 183A extension which opened in April of 2012 and maintaining and improving current service levels.

Strategic Plan

The Strategic Plan serves as a guiding document in the operations of the Mobility Authority and in the development of the proposed FY 2014 budget. The Plan summarized in the graphic states the Mobility Authority's vision for 2025 and establishes goals in context of four strategic initiative areas – Economic Vitality, Regional Mobility, Sustainability and Innovation. While all are interconnected, each initiative contains the

FY 2014 Proposed Operating Budget Overview

stated goals for that area. For this budget, located in the departmental narrative sections, each department has articulated a Strategic Plan connection between their FY 2013 accomplishments and their goals for the upcoming fiscal year.

Revenues

Revenue estimates for FY 2014 are proposed at \$40.4 million which is an approximate 25.5% increase over FY 2013 budget. Toll revenue estimates were derived from the recently updated traffic and revenue (T&R) study completed for the 2013 revenue bond refunding transaction. This study reports projections on a calendar year basis, the Authority uses a combination of calendar year 2013 and calendar year 2014 of the study to develop the proposed revenue estimate. Based on current actual results, the Authority believes these projections are achievable. The revenue budget also includes \$1.2 million in grant funds for funding 80% of the expanded HERO program.

Expenses

Expense estimates for FY 2014 are proposed at \$46.3 million which represents a 7.2% increase over the FY 2013 budget. The Authority reports on an accrual basis therefore, included in the expense estimates is \$14.5 million in non-cash expense items such as amortization, depreciation, bond issuance expense accruals and accreted interest expense. The expense budget is driven mainly by increased operating costs due to an anticipated rise in transactions associated with the 183A extension and full year impact of the opening of Manor Expressway Phase I. While interest expense on outstanding bonds comprises a large component of the expense budget (45%), the amount remained relatively steady to the FY 2013 budget.

The expense budget assumes a full year of operating costs for the 183A extension and Manor Expressway Phase I including increased costs for toll collection and video enforcement. While the Authority continues to reduce toll collection costs, the anticipated increase in transactions is driving the increased expense budget. The budget also assumes full year depreciation expenses for the 183A extension as well as Manor Expressway Phase I.

The proposed budget provides funding for a new position in the Toll Operations department for an Administrative Assistant to assist with processing the enhanced collection and court enforcement efforts. This program has already successfully reduced third party collection costs, increased revenue collection and revamped the pre-court process. In addition, a project funded position was created to address community relations for the Authority's construction projects. The Director of

FY 2014 Proposed Operating Budget Overview

Community relations will focus full-time on the MoPac Improvement Project and will be 100% funded by the project through its entirety.

Additional highlights include continued funding for expanding the coverage area on IH 35 and 183A for the highly successful HERO program. As discussed above, 80% of the expenses will be covered by grant funding. The budget also includes funding for a performance based maintenance contract in partnership with TxDOT. The contract provides comprehensive maintenance coverage and replaced individual contracts for the various maintenance components required to maintain 183A and the Manor Expressway in excellent condition.

The Mobility Authority entered into a new 10 year office lease and moved to new offices at the end of April 2013. Faced with rent more than doubling at the previous location, the new space cost is less per square foot and provides for a larger office space including a community room for on-site public meetings. The budget provides for increased funding associated with the new lease.

The remaining expense line items were developed in line with current operating goals and objectives as established by the Board of Directors through the Strategic Plan and Executive Director.

Operating Capital Budget and Capital Projects Budgets

The proposed operating capital budget includes items for replacing some of the Authority's computer servers and equipment that are past their useful life, costs for additional furniture at the new offices, a vehicle for general staff use and an upgrade for the Authority's financial software to maintain office efficiency.

The Capital Projects budget reflects current and future construction projects the Mobility Authority is developing. Each of these projects is in various stages of development and may have various sources of funding which are identified in the schedule included in this document.

Future Projections, Cash Flow and Debt Service Coverage

Cash flow will be monitored closely as the Authority completes construction on the full build of the Manor Expressway and revenues continue to ramp up from the opening of the 183A extension and Manor Expressway Phase I. While the projected expenses in the proposed budget exceed estimated revenues, when non-cash expenses are removed the current projections result in a net cash inflow of \$7.2 million at the end of

FY 2014 Proposed Operating Budget Overview

FY 2014. As discussed below, this inflow will be used to build the Authority's operating reserves.

The cash flow projections are utilized to anticipate cash flow requirements as well as ensure the Authority remains in compliance with trust indentures, debt service coverage requirements and cash reserve policies. The FY 2014 proposed budget provides for debt service coverage levels well above the requirements of the trust indentures.

Unrestricted Cash Reserves

The Authority has a Board policy of maintaining unrestricted cash reserves to cover twelve months of cash expenses. It further allows the Executive Director to lower the requirement to nine months should he deem it in the best interest of the Authority and will not adversely affect the financial stability of the organization. As discussed in the previous FY 2013 budget, with the increased expenditures associated with the opening of a new project that can occur within one year, when new projects come on line it may take the Authority a few years to build up the reserves to cover a full year of cash expenses. Due to the increased expenses associated with the full year impact of the opening of the 183A extension in FY 2013, the Executive Director notified the Board that the Authority would maintain the nine months requirement and work toward building the cash reserves to a full year. The Authority remained in compliance with the nine month cash reserve requirement in FY 2013.

For the proposed FY 2014 budget, with the anticipated net cash flow of \$7.2 million by the end of June 2014, the authority would have an estimated \$31.4 million in cash. The budgeted cash expenses for FY 2014 are \$31.7 million, therefore not quite meeting the full year reserve policy but meeting the objective of working toward building the reserve back to a full year. We will continue to address this issue during the budget discussions.

Administration

The primary role of the Administration Department is oversight and daily management of the Mobility Authority's projects and activities. In addition to the Executive Director, this department includes the Deputy Executive Director, Executive Assistant and Receptionist. For FY 2014, the budget will reflect the newly filled Public Outreach Manager position previously budgeted in this division.

Under the direction of the Executive Director, this department is responsible for advancing the Mobility Authority's strategic mission and objectives. Serving as a direct liaison with governmental agencies and entities addressing transportation issues throughout the Central Texas region, the Executive Director serves as the primary communicator and provides information and available resources to assist in the development and implementation of the region's mobility plans and projects.

The Administration Department also provides community outreach and development and front-line customer service to the general public and all customers and elected officials who contact the Mobility Authority.

Major Business Functions:

Board of Directors: Provide administrative support for the Mobility Authority's Board of Directors.

Office of the Executive Director: Oversight and daily management of the Mobility Authority's projects and activities.

Public Outreach: Provide public outreach direction on all Mobility Authority projects under development and maintain working relationships with all transportation entities, neighborhoods, community organizations and the general public.

Administration

FY 2013 Highlights and Accomplishments:

- Successfully opened the first phase of the Manor Expressway in December 2012. *Strategic Initiatives: Regional Mobility, Economic Vitality*
- Very successful refunding of 183A outstanding debt in spring of 2013. *Strategic Initiatives: Economic Vitality, Innovation*
- Maintained a high level of involvement and strong, positive public opinion of the Mobility Authority's projects and efforts. *Strategic Initiatives: Regional Mobility, Innovation*

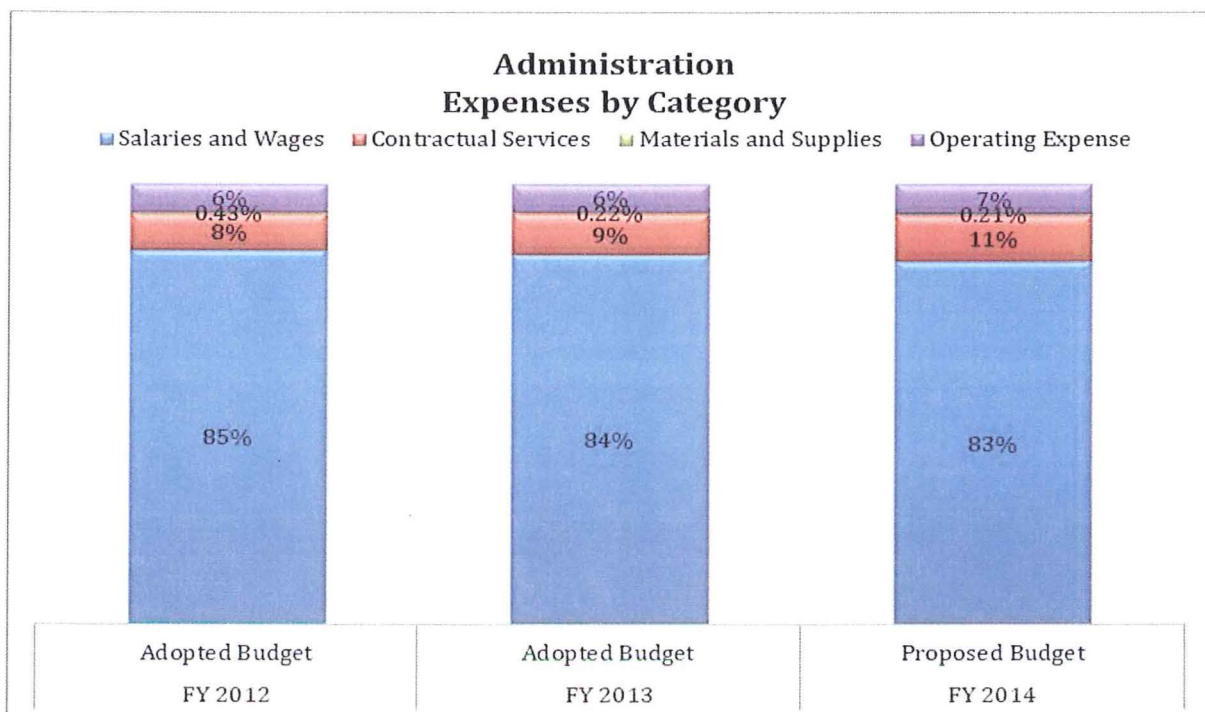

FY 2014 Overview and Goals:

- Successful opening of the entire Manor Expressway in 2014. *Strategic Initiative: Regional Mobility*
- Commence construction of the MoPac Improvement Project in late 2013. *Strategic Initiative: Regional Mobility*
- Remain a resource on regional mobility issues and a steadfast advocate for short- and long-term transportation solutions. *Strategic Initiatives: Regional Mobility, Innovation*

Financial Services

The primary role of the Financial Services Department is to provide financial leadership and oversight of the Mobility Authority. Under the direction of the Chief Financial Officer (CFO), the department is responsible for recommending and communicating strategic financial planning to the Executive Director and Board of Directors. The financial services department provides all accounting, financial, budgeting and debt management activities for the Authority.

Major Business Functions:

Financing: Provide direction and leadership on all Mobility Authority project financing.

Budget: Develop, propose and manage the Authority's annual budget.

Accounting: Responsible for maintaining all accounting records including processing payroll, accounts payable, reconciling records and monthly and annual financial reporting. Provide all operating and capital project accounting. Assist external auditors with annual financial audit.

Treasury: Responsible for cash management and investment of all Authority funds. Work closely with Trustee to manage cash flow and invest funds in accordance with the Texas Public Funds Investment Act and the Authority's Investment Policy. Maintain close working relationship with bank providers.

Human Resources: Provide human resources support for Mobility Authority staff.

FY 2013 Highlights and Accomplishments:

- Successfully refinanced a portion of the Mobility Authority's higher interest outstanding debt to provide for significant interest costs savings, improved debt service coverage as well as providing greater flexibility for future financial management of the Authority. The Authority received a bond rating upgrade from Moody's Investor Service. *Strategic Initiatives: Economic Vitality, Innovation*
- Secured short-term financing for future projects. *Strategic Initiatives: Economic Vitality, Regional Mobility*

Financial Services

FY 2013 Highlights and Accomplishments (continued):

- Continued refinement of the employee performance management system to provide a mechanism to more closely tie employee performance to organizational success. *Strategic Initiative: Innovation*
- Enhanced financial reporting and disclosure by developing a monthly cash flow statement. *Strategic Initiative: Innovation*

FY 2014 Overview and Goals:

- Continue development of new funding mechanisms for the Authority's projects including the 183S (Bergstrom Expressway) project. *Strategic Initiative: Innovation*
- Enhance the investor relations section of the Authority's web site to provide more financial transparency and accountability. *Strategic Initiative: Innovation*
- Upgrade the Authority's financial accounting systems to take advantage of newer technology and improve financial reporting for operations and capital projects. *Strategic Initiative: Innovation*

Toll Operations

The Operations Department is responsible for all aspects of toll collection operations and toll systems maintenance. The department is responsible for toll systems integrity and the operations of the agency's video toll and violation enforcement processes to ensure the equitable and efficient collection of the toll revenues.

Major Business Functions:

Toll Collection Systems Management: Manage new toll collection systems installations, oversee daily operation of the electronic toll collection systems operations. Monitor system performance and transaction reconciliation. Oversee system maintenance to ensure accuracy and dependability.

Toll Facility Maintenance: responsible for campus and building maintenance for the Mobility Authority Field Office Building.

Traffic Management: Manage the third party Agreements that provide law enforcement services, courtesy patrol, traffic management and incident response for Mobility Authority facilities.

Customer Service and Violation Enforcement: Manage the contract that provides Pay-by-Mail processing, customer support and violation processing.

FY 2013 Highlights and Accomplishments:

Fiscal year 2013 saw the installation and integration of four new tolling points with the successful completion of the 290E Phase I toll road. Other notable accomplishments in this fiscal year included:

- Expansion of the HERO program for an additional 22 miles of coverage on I-35 and 12 miles of US 183. *Strategic Initiatives: Regional Mobility, Economic Vitality, Innovation*
- Reduction to image review costs from an average of \$.13 per transaction to \$.095 per transaction. *Strategic Initiatives: Economic Vitality, Innovation*
- Reduced third party collection costs and increased revenue collection through the revamping of the pre-court process and implementation of innovative targeted collection campaigns. *Strategic Initiatives: Economic Vitality, Innovation*
- Complete final testing of 183A to reconcile transactions from the lane to the back office to ensure accurate posting and reconciliation. *Strategic Initiatives: Economic Vitality, Sustainability*

Toll Operations

FY 2013 Highlights and Accomplishments (continued):

- Implemented improvements to reporting capabilities resulting in better operational oversight. *Strategic Initiatives: Economic Vitality, Sustainability*
- Initiated improvements to the interactive voice recognition system and the Pay by Mail website resulting in enhanced customer communications. *Strategic Initiatives: Economic Vitality, Innovation*

FY 2014 Overview and Goals:

The Operations department's primary goals for fiscal year 2014 include the successful installation and integration of the remainder of 290-E toll system and to continue efforts to decrease costs through continued improvements to revenue collection techniques.

To that end, the team has developed plans to:

- Complete the toll operations and traffic management center to coincide with the completion of 290E *Strategic Initiatives: Regional Mobility, Economic Vitality, Innovation, sustainability*
- Complete work on the development of the dynamic toll system for the MoPac improvement project. *Strategic Initiatives: Regional Mobility, Innovation*
- Increase revenue collection efforts through a heightened focus on Business and commercial accounts. *Strategic Initiatives: Economic Vitality, Sustainability*
- Continue efforts towards regional and national toll interoperability. *Strategic Initiatives: Regional Mobility, Economic Vitality, Innovation*
- Continue partnerships with other Texas Regional Mobility Authorities. *Strategic Initiatives: Regional Mobility, Sustainability*
- Complete planning and begin implementation of the two Value Pricing Pilot Programs for 183A: Variable pricing and Real-time Rideshare. *Strategic Initiatives: Regional Mobility, Innovation*

Toll Operations

Communications

The primary role of the Communications and Marketing Department is the development and facilitation of programs that advance the mission of the agency through strategic interaction with customers and the media. These efforts are generally classified into four general areas of specialization that include communications, marketing, media relations, and customer service.

Major Business Functions:

Communications: This business function involves the development of communication tools such as publications, collateral material, videos, websites, displays, presentations and social media to inform customers and stakeholders about the work of the Mobility Authority. The communication function also handles customer and stakeholder inquiries and assists with dispute resolution related to agency operations. Another major communication function is the coordination and promotion of events such as groundbreakings, ribbon cuttings, and stakeholder presentations.

Marketing: Activities in the marketing area revolve primarily around the strategic promotion of the Mobility Authority, TxTag and Pay by Mail in the form of paid advertising. This can include direct mail, television, radio, print ads and sponsorships.

Media Relations: Work in the media relations area involves developing media outreach strategies, writing and distributing media alerts and news releases, building relationships with members of the media, soliciting coverage from the media, responding to media inquiries, coordinating interviews, managing the flow of information, monitoring media coverage and documenting results.

Customer Service: The Communication Department is the main point of contact for customers and members of the public seeking information or assistance. The Communication Department responds to phone calls and email inquiries from the public and assists the agency with the development of responses to written correspondence.

FY 2013 Highlights and Accomplishments:

- Maintained strong community relations on the Manor Expressway project, hosting a number of neighborhood events and successfully opening Phase 1 of the project. *Strategic Initiatives: Economic Vitality, Regional Mobility, Innovation*
- Successfully completed the MoPac Environmental Study and began implementation of the public outreach program for construction using Bleiker strategy. *Strategic Initiative: Economic Vitality, Regional Mobility, Innovation*

Communications

FY 2013 Highlights and Accomplishments (continued):

- Implemented the public outreach program for the Bergstrom Expressway. Established a logo and web site, held numerous open houses and small group meetings, and began developing context sensitive design for corridor. *Strategic Initiatives: Economic Vitality, Regional Mobility, Innovation*
- Implemented public outreach program for the Oak Hill Parkway project utilizing Bleiker strategy. Held community contest to develop project brand, created project web site, held first open house, conducted small working group meeting to address community issues with project and generated positive press and positive community feedback regarding the process. *Strategic Initiatives: Economic Vitality, Regional Mobility, Innovation, sustainability*
- Continued support for various mobility related events including project graduation and Liberty Hill's Rip Roar'in Ride. *Strategic Initiatives: Regional Mobility*
- Extended partnerships with the Texas Stars and the Round Rock Express to promote toll traffic while supporting these two regional attractions. *Strategic Initiatives: Economic Vitality*
- Produced agency video highlighting projects and accomplishments. *Strategic Initiative: Economic Vitality, Regional Mobility, Innovation, sustainability*

FY 2014 Overview and Goals:

- The main focus of the communications team in FY 2014 will be media relations activities for the five environmental studies that will be underway including the MoPac South, Oak Hill, Manchaca, Bergstrom and US 183 North projects. *Strategic Initiative: Regional Mobility*
- The communications team plans to continue our partnerships with the Texas Stars and Round Rock Express. We will also continue to support local chambers of commerce through membership and the participation in various advertising opportunities. We will also pursue opportunities to partner with various businesses to promote economic development and increase toll road traffic. *Strategic Initiative: Economic Vitality*
- The team will develop an opening strategy for the Manor Expressway project that includes advertising to promote use of the roadway and TxTag. A Grand Opening event will also be planned. *Strategic Initiative: Regional Mobility, Economic Vitality*
- The team will work with the MoPac Project team to implement an advertising campaign to promote the start of construction on the project. *Strategic Initiative: Regional Mobility, Innovation*

Law Department

The Law Department exists to provide trusted legal advice and counsel to support and advance the mission of the Mobility Authority. The General Counsel and Legal Assistant work with the Board of Directors, the Executive Director, staff, and consultants to anticipate, identify, consider, and respond to legal issues. The Law Department provides information, advice, and guidance on compliance with applicable laws and represents the Authority's interests in its relationships with customers, other agencies, consultants, vendors, and the public. The Law Department coordinates and collaborates with outside counsel to provide resources and expertise to support the Mobility Authority's projects, programs, and operations.

Major Business Functions:

- Identify, research, and advise the Board, Executive Director, and staff on legal issues that arise in connection with Mobility Authority operations and functions.
- Ensure that the Board and management receive timely, sound legal advice concerning compliance with laws and regulations.
- Coordinate, review, and prepare the agenda and backup materials for Board meetings.
- Draft, review, and advise on documents that implement Mobility Authority programs and operations, including:
 - Resolutions and policy code provisions enacted by the Board;
 - Procurement documents such as bid solicitations, requests for information, requests for qualifications, requests for proposals, and other related documents;
 - Contracts with vendors and interlocal agreements other government agencies;
 - Documents required by open government and ethics laws, including responses to requests for public information and disclosures of conflicts of interest and personal financial information.
- Advise on the implementation, construction, and application of existing agreements and legal issues that may arise under those agreements.
- Collaborate with Mobility Authority staff and court officials in Williamson and Travis Counties to continuously improve toll collection and enforcement practices and strategies.
- Assist in managing Mobility Authority records and document retention systems to ensure compliance with legal requirements and best practices.
- Manage the appropriate, efficient use of resources and expertise for legal services provided by outside counsel.

Law Department

FY 2013 Highlights and Accomplishments:

- Worked with outside counsel and Mobility Authority staff to respond to proposals in the 83rd Legislature that could affect the operations of the Mobility Authority.

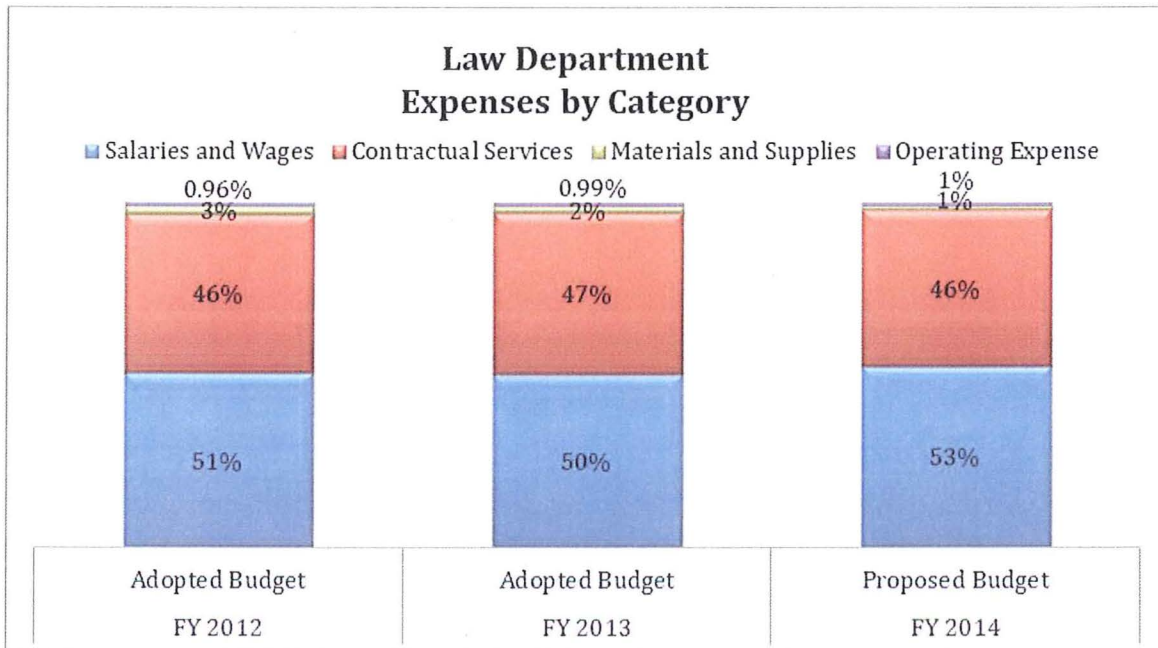

FY 2014 Overview and Goals:

- Continue to manage and provide legal support for Mobility Authority governance, projects, and operations.
- Create, review, and update document templates and systems to increase efficiency and best practices in Mobility Authority contracting and agenda preparation processes.
- Provide support and focus on strategies and procedures to improve toll collections by implementing creative enforcement strategies and methods authorized by state law.
- Continue to review, analyze, and recommend Policy Code revisions to comply with evolving legal requirements and best practices, and to provide necessary or desirable improvements.

Law Department

Engineering

The primary role of the Engineering Department is to provide leadership and direction for all engineering functions within the Mobility Authority.

Major Business Functions:

Project Inception and Feasibility: Coordinate with other transportation providers in the region (TxDOT, City of Austin, Travis County, and Williamson County) to assure that mobility needs for the region are defined and included in the Long Range Transportation Plan. Provide feasibility analysis for selected projects to evaluate implementation priority.

Project Development: Accurately program and develop priority projects to the appropriate level for implementation based on coordination with stakeholders. Stakeholders would include external – federal and state agencies, local governments and the general public. Internal stakeholders would include the Board of Directors, the Executive Director, Legal Department, Financial Team, Toll Operations Department, General Engineering Consultants and Public Relations Department. The deliverable may include schematic level design, or more complete design as well as the appropriate level of environmental documentation and clearance.

Project Implementation: Determine the appropriate project delivery method and oversight to provide the Authority with a project of the highest quality that meets the financial and timing constraints.

Roadway Maintenance: Quantifiable definition of appropriate levels of roadway maintenance that will drive the estimated maintenance costs for any given project over the life of any debt and beyond. Programmatic annual assessment of roadway conditions and estimated maintenance costs (needs) for the next fiscal year. Oversight of all maintenance activities performed on Authority roadways or other assets.

FY 2013 Highlights and Accomplishments:

- Final Acceptance of the 183A Phase II toll project. *Strategic Initiatives: Regional Mobility, Economic Vitality*
- Open to traffic and Final Acceptance of the direct connectors on the 290E toll project to and from US 183 using “economic stimulus” funding. *Strategic Initiatives: Regional Mobility, Economic Vitality*
- Significant progress on the design-build Comprehensive Development Agreement (CDA) for the 290E toll project from US 183 east to SH 130. *Strategic Initiatives: Regional Mobility, Economic Vitality*
- Assisted the North East Texas Regional Mobility Authority (NET RMA) with procurement of General Engineering Consultant services.

Engineering

FY 2013 Highlights and Accomplishments (continued):

- Negotiation and award of a Best Value – Design/Build contract to CH2M Hill for the design and construction of the MoPac Improvement Project. *Strategic Initiative: Regional Mobility, Economic Vitality*
- Procurement of CP&Y as Project Consultant to produce environmental documentation for the 183(N) Express Lanes from Loop 1 north to 183A. *Strategic Initiative: Regional Mobility, Economic Vitality*
- Procurement of Jacobs Engineering as Project Consultant to produce environmental documentation for the Loop 1 (S) Express Lanes from Ladybird Lake south to Slaughter Lane. *Strategic Initiative: Regional Mobility, Economic Vitality*
- Deployment of the project development teams performing the environmental documentation for the 183(S) project and the US 290(W)/ SH 71(W) interchange project. *Strategic Initiatives: Regional Mobility, Economic Vitality*
- Hired a new Construction and Maintenance Manager for the engineering department to provide oversight for all construction and maintenance activities. *Strategic Initiatives: Regional Mobility, Innovation*
- Entered into a new Interlocal Agreement with TxDOT for Performance Based Maintenance Contracting affecting all open Mobility Authority roadways. *Strategic Initiative: Innovation*

FY 2014 Overview and Goals:

- Continue program support from our two General Engineering Consultant's (GEC's) for all annual Operations Budget activities. *Strategic Initiative: Innovation*
- Completion of modifications to the Project Dashboard website making project and program data more user friendly. *Strategic Initiatives: Innovation*
- Completion of the 183S (Bergstrom Expressway) environmental process. *Strategic Initiatives: Regional Mobility, Economic Vitality*
- Significant environmental documentation progress for 183(N) Exp. and Loop 1 (S) Exp. projects. *Strategic Initiatives: Regional Mobility, Sustainability*
- Conduct in depth research and begin formulating an asset management strategy for the Authority. *Strategic Initiative: Sustainability*
- Research appropriate performance measures for the Engineering Department as well as the Authority with respect to transportation project implementation. *Strategic Initiative: Innovation*

Engineering

Summary of Expenses:

	FY 2012 Budget	FY 2013 Budget	FY 2014 Proposed Budget	Increase (Decrease)
Salaries and Wages	\$ 628,325	\$ 546,121	\$ 563,526	3.19%
