## GENERAL MEETING OF THE BOARD OF DIRECTORS OF THE CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY

#### **RESOLUTION NO. 14-081**

#### ACCEPT THE FINANCIAL STATEMENTS FOR SEPTEMBER 2014.

WHEREAS, the Central Texas Regional Mobility Authority ("Mobility Authority") is empowered to procure such goods and services as it deems necessary to assist with its operations and to study and develop potential transportation projects, and is responsible to insure accurate financial records are maintained using sound and acceptable financial practices; and

WHEREAS, close scrutiny of the Mobility Authority's expenditures for goods and services, including those related to project development, as well as close scrutiny of the Mobility Authority's financial condition and records is the responsibility of the Board and its designees through procedures the Board may implement from time to time; and

WHEREAS, the Board has adopted policies and procedures intended to provide strong fiscal oversight and which authorize the Executive Director, working with the Mobility Authority's Chief Financial Officer, to review invoices, approve disbursements, and prepare and maintain accurate financial records and reports; and

WHEREAS, the Executive Director, working with the Chief Financial Officer, has reviewed and authorized the disbursements necessary for the months of September 2014, and has caused Financial Statements to be prepared and attached to this resolution as Attachments A.

NOW THEREFORE, BE IT RESOLVED, that the Board of Directors accepts the Financial Statements for September 2014, attached as Attachment A.

Adopted by the Board of Directors of the Central Texas Regional Mobility Authority on the 29<sup>th</sup> day of October, 2014.

Submitted and reviewed by:

Andrew Martin

General Counsel for the Central Texas Regional Mobility Authority

Approved:

Ray A. Wilkerson

Chairman, Board of Directors Resolution Number: 14-081

Date Passed: 10/29/2014

#### September Averages

Average Invested Balance	\$4,652,203,762.88
Average Monthly Yield, on a simple basis	0.0317%
Average Weighted Average Maturity (1)*	50 Days
Average Weighted Average Maturity (2)*	80 Days

#### Definition of Weighted Average Maturity (1) & (2)

- (1) This weighted average maturity calculation uses the SEC Rule 2a-7 definition for stated maturity for any floating rate instrument held in the portfolio to determine the weighted average maturity for the pool. This Rule specifies that a variable rate instrument to be paid in 397 calendar days or less shall be deemed to have a maturity equal to the period remaining until the next readjustment of the interest rate.
- (2) This weighted average maturity calculation uses the final maturity of any floating rate instruments held in the portfolio to calculate the weighted average maturity for the pool.
- \* The maximum management fee authorized for the TexSTAR Cash Reserve Fund is 12 basis points. This fee September be waived in full or in part in the discretion of the TexSTAR co-administrators at any time as provided for in the TexSTAR Information Statement.

### Holiday Reminder

Please note that in observance of the Columbus Day holiday, **TexSTAR will be closed Monday, October 13, 2014**. All ACH transactions initiated on Friday, October 10th will settle on Tuesday, October 14th. This is an unusual holiday where the investment markets are open but the banks are closed. Please plan accordingly for your liquidity needs.

### **Economic Commentary**

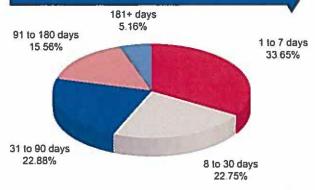

The bullish sentiment in financial markets during the second quarter softened in July, as improving U.S. economic data led market participants to anticipate that the Federal Reserve might push up the timing of its first rate hike in years. Large cap equity markets hit new record highs in September. However, disappointing global growth, particularly in Europe and China, as well as softer inflation in the U.S. and a Fed signaling its patience in normalizing monetary policy left markets marginally more risk averse. The U.S. Treasury yield curve between two- and five-year maturities steepened by 2 basis points (bps), with the yield of the two-year note increasing 11 bps to 0.57% and the yield of the five-year note increasing 13 bps to 1.76%. U.S. economic data released in the third quarter was mixed. Notably, consumption – the largest component of GDP – remained strong and is poised to continue as consumers have built up their savings. Labor market data added fuel to the Fed debate as the September unemployment rate fell to 5.9%, having not seen unemployment below 6.0% since 2008. Market sentiment appeared to improve in August as the European Central Bank (ECB) acknowledged the need to act in the face of falling inflation rates. The ECB's move to negative deposit rates and new Targeted Long-Term Refinancing Operations reflect concern in the euro zone regarding the risk of prolonged low inflation and slow growth.

The base case remains that the global subtrend recovery will continue into 2015, within an environment of lower expectations for potential GDP and central bank rates. It is expected that the U.S. is headed toward a GDP rate of approximately 3% into year-end and that the Fed will provide the necessary liquidity for the U.S. to continue to expand until it perceives broader housing strength and/or material wage inflation. The sequencing of Fed normalization now involves continued reinvestment of principal and interest paydowns on existing balance sheet holdings and a more nuanced management of its lending rates via interest on excess reserves and its reverse repo facility. The Fed understands the potential risk of the first increase in the fed funds rates in over seven years, and it is anticipated that it will therefore be cautious in beginning to raise rates. The powerful technical factors of strong demand for yield and relatively limited supply have driven valuations to more expensive levels. Low global interest rates and low volatility will likely continue to force investor cash into bond markets. While the extremely low levels of market volatility have been rewarding, they are concerning if markets become too complacent.

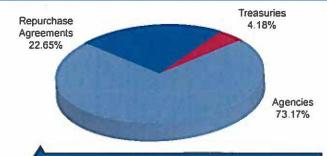

This information is an excerpt from an economic report dated September 2014 provided to TexSTAR by JP Morgan Asset Management, Inc., the Investment manager of the TexSTAR pool.

Market value of collateral supporting the Repurchase Agreements is at least 102% of the Book Value. The portfolio is managed by J.P. Morgan Chase & Co. and the assets are safekept in a separate custodial account at the Federal Reserve Bank in the name of TexSTAR. The only source of payment to the Participants are the assets of TexSTAR. There is no secondary source of payment for the pool such as insurance or guarantee. Should you require a copy of the portfolio, please contact TexSTAR Participant Services.

### TexSTAR versus 90-Day Treasury Bill

This material is for information purposes only. This information does not represent an offer to buy or sell a security. The above rate information is obtained from sources that are believed to be reliable; however, its accuracy or completeness may be subject to change. The TexSTAR management fee may be waived in full or in part at the discretion of the TexSTAR co-administrators and the TexSTAR rate for the period shown reflects waiver of fees. This table represents historical investment performance/return to the customer, net of fees, and is not an indication of future performance. An investment in the security is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. Although the issuer seeks to preserve the value of an investment at \$1.00 per share, it is possible to lose money by investing in the security. Information about these and other program details are in the fund's information Statement which should be read carefully before investing. The yield on the 90-Day Treasury Bill ("T-Bill Yield") is shown for comparative purposes only. When comparing the investment returns of the TexSTAR pool to the T-Bill Yield, you should know that the TexSTAR pool consist of allocations of specific diversified securities as detailed in the respective information Statements. The T-Bill Yield is taken from Bloomberg Finance L.P. and represents the daily closing yield on the then current 90-day T-Bill.
