## PROPOSED OPERATING BUDGET JUNE 25, 2014

CENTRAL TEXAS  
Regional Mobility Authority

The Central Texas Regional Mobility Authority is authorized by the Texas Legislature under Chapter 370 of the Transportation Code. Formed in 2002 as the State's first regional mobility authority, the Central Texas Regional Mobility Authority represents the Legislature's vision to give local communities greater flexibility to develop and implement innovative transportation programs. With the support and guidance of Travis and Williamson counties, the Mobility Authority has evolved into a vibrant, agile, highly effective organization. Celebrating its 11 year anniversary, the Authority constructed 183A that opened in 2007 and a 6.2 mile extension was opened to traffic in April 2012, 7 years ahead of original plans. The Manor Expressway Phase I opened for tolling in January of 2013 and the entire project opened in May of 2014, on time and within budget. The MoPac Improvement Project is under construction and is expected to be completed in the Fall of 2015.

## FY 2015 Proposed Operating Budget Overview

---

Presented is the Mobility Authority's proposed FY 2015 Operating Budget. This document contains revenue estimates and departmental spending plans for the fiscal year beginning July 1, 2014 and ending June 30, 2015. The total proposed operating revenues are \$54,219,372. Total proposed operating expenses are \$86,804,785 inclusive of \$28,246,450 in non-cash items such as amortization, depreciation, bond issuance expense and accreted interest. In addition, this document includes the Authority's Operating Capital Budget, System Operating Budget and the Renewal and Replacement Fund Budget.

As discussed below, this budget is influenced by several factors including the Mobility Authority Strategic Plan, the opening of Phase II of the Manor Expressway in May of this year, the continued ramp up of the 183A extension which opened in April of 2012 and maintaining and improving current service levels.

### Strategic Plan

The Strategic Plan serves as a guiding document in the operations of the Mobility Authority and in the development of the proposed FY 2015 budget. The Plan

## FY 2015 Proposed Operating Budget Overview

---

summarized in the graphic states the Mobility Authority's vision for 2025 and establishes goals in context of four strategic initiative areas – Economic Vitality, Regional Mobility, Sustainability and Innovation. While all are interconnected, each initiative contains the stated goals for that area. For this budget, located in the departmental narrative sections, each department has articulated a Strategic Plan connection between their FY 2014 accomplishments and their goals for the upcoming fiscal year.

### **Revenues**

Revenue estimates for FY 2015 are proposed at \$54.2 million which is an approximate 34% increase over FY 2014 budget. The increase is driven by the recent opening of the Manor Expressway phase II project. Toll revenue estimates were based on historical and projected toll transactions for both the 183A and Manor Expressway facilities. In analyzing current actual results, the Authority believes these projections are achievable. The revenue budget also includes \$2.4 million in grant funds for the Value Pricing Pilot Program as well as the expanded HERO (roadside assistance) program.

### **Expenses**

Expense estimates for FY 2015 are proposed at \$86.8 million which represents an 87.4% increase over the FY 2014 budget. Because the Authority reports on an accrual basis, included in the expense estimates is \$28.2 million in non-cash expense items such as amortization, depreciation, bond issuance expense accruals and accreted interest expense. The increased operating budget is due to increased costs associated with the opening of the full build of the Manor Expressway. Interest expense, which represents 51% of the total expense budget, increased significantly due to interest that was previously capitalized in the Manor Expressway now being budgeted in the operating budget.

The expense budget assumes a full year of operating costs for the 183A and Manor Expressway including increased costs for toll collection and video enforcement. While the Authority continues to reduce toll collection costs, the anticipated increase in transactions is driving the increased expense budget. The budget also assumes full year depreciation expenses for the Manor Expressway.

The proposed budget provides funding for a new position in the Engineering department to assist with construction project administration. In addition, there is funding for part time assistance in the Toll Operations department to assist with administrative duties as the department takes on more collection efforts with two roadways now in operation.

## FY 2015 Proposed Operating Budget Overview

Additional highlights include continued funding for expanding the coverage area on IH 35 and 183A for the highly successful HERO program. The programs expenses are reimbursed through a grant from Capital Area Metropolitan Planning Organization (CAMPO) and TxDOT. The budget also includes funding for a comprehensive public relations and outreach program to continue to market the Mobility Authority's open roadways as well as its regional leadership in transportation for the Austin area.

The remaining expense line items were developed in line with current operating goals and objectives as established by the Board of Directors through the Strategic Plan and Executive Director.

### **Operating Capital Budget, Renewal and Replacement and Capital Projects**

The proposed operating Capital Budget includes funding for replacing some of the Authority's computer servers and equipment.

The Renewal and Replacement budget contains funding for the mill and overlay project on the 183A frontage roads anticipated to be completed in the Fall of 2014.

In addition there is an allocation of funding provided through the cash flow for the 183A/183 Intersection project. The project is partially funded by developer contributions and a pass through toll agreement with TxDOT.

The Capital Projects schedule reflects current and future construction projects the Mobility Authority is developing. Each of these projects is in various stages of development and may have various sources of funding which are identified in the schedule included in this document.

### **Future Projections, Cash Flow and Debt Service Coverage**

Cash flow will continued to be monitored closely as the Authority moves into full operations of the 183A and Manor Expressway roadways. While the projected expenses in the proposed budget exceed estimated revenues, when non-cash expenses are removed and other funding sources are considered, the current projections result in a net cash inflow of \$9.8 million at the end of FY 2015. This is primarily due to the planned phase in approach to funding the 2011 bond debt service with grant funds through 2017. As discussed below, this inflow will be used to build the Authority's operating reserves and prepare for the 2011 bond debt service that will be phased into the operating budget in the next three years.

## FY 2015 Proposed Operating Budget Overview

---

The cash flow projections are utilized to anticipate cash flow requirements as well as ensure the Authority remains in compliance with trust indentures, debt service coverage requirements and cash reserve policies. The FY 2015 proposed budget provides for debt service coverage levels well above the requirements of the trust indentures.

### **Unrestricted Cash Reserves**

The Authority has a Board policy of maintaining unrestricted cash reserves to cover twelve months of cash expenses. It further allows the Executive Director to lower the requirement to nine months should he deem it in the best interest of the Authority and will not adversely affect the financial stability of the organization. As discussed in previous budget documents, with the increased expenditures associated with the opening of a new project that can occur within one year, when new projects come on line it may take the Authority a few years to build up the reserves to cover a full year of cash expenses. Due to the phasing in of the 2011 debt service, the proposed FY 2015 budget will remain in compliance with the Board policy of maintaining unrestricted cash reserves to cover 12 months of cash expenses. However, in future years as the debt service is phased in, the Authority will need to continue to build the reserves to cover the future expenses.

## Financial Services

---

The primary role of the Financial Services Department is to provide financial leadership and oversight of the Mobility Authority. Under the direction of the Chief Financial Officer (CFO), the department is responsible for recommending and communicating strategic financial planning to the Executive Director and Board of Directors. The financial services department provides all accounting, financial, budgeting and debt management activities for the Authority.

### ***Major Business Functions:***

Financing: Provide direction and leadership on all Mobility Authority project financing.

Budget: Develop, propose and manage the Authority's annual budget.

Accounting: Responsible for maintaining all accounting records including processing payroll, accounts payable, reconciling records and monthly and annual financial reporting. Provide all operating and capital project accounting. Assist external auditors with annual financial audit.

Treasury: Responsible for cash management and investment of all Authority funds. Work closely with Trustee to manage cash flow and invest funds in accordance with the Texas Public Funds Investment Act and the Authority's Investment Policy. Maintain close working relationship with bank providers.

Human Resources: Provide human resources support for Mobility Authority staff.

### ***FY 2014 Highlights and Accomplishments:***

- Completed analysis of 183S (Bergstrom Expressway) as a potential concession project. Concluded the municipal financing model, in conjunction with a TIFIA loan, as the recommended financing model for the project. *Strategic Initiative: Innovation, Regional Mobility*
- Secured a \$5 million short-term financing for some costs associated with the MoPac Improvement project. *Strategic Initiative: Innovation*
- Continued the development of new funding mechanisms for the Authority's projects including the 183S (Bergstrom Expressway) project. *Strategic Initiative: Innovation*

## Financial Services

- Enhanced the financial/investor relations section of the Authority's web site to better organize information and provide financial transparency and accountability. *Strategic Initiative: Innovation*
- Upgraded the Authority's financial accounting systems to take advantage of newer technology and improve financial reporting for operations and capital projects. *Strategic Initiative: Innovation*
- Implemented investment process to improve interest earnings on invested funds. *Strategic Initiative: Innovation*

### ***FY 2015 Overview and Goals:***

- Secure TIFIA loan and financially close revenue bonds to finance the 183S (Bergstrom Expressway) project. *Strategic Initiative: Innovation*
- Explore and possibly execute master credit agreement with TIFIA to finance future Mobility Authority projects. *Strategic Initiative: Innovation*
- Enhance financial reporting on upgraded system including updating monthly financial reports. *Strategic Initiative: Innovation*
- In conjunction with toll operations, continue to develop and implement processes to reduce toll collection costs. *Strategic Initiative: Innovation*

## Communications

---

The primary role of the Communications and Marketing Department is the development and facilitation of programs that advance the mission of the agency through strategic interaction with customers and the media. These efforts are generally classified into four general areas of specialization that include public relations and communication, marketing, media relations, and customer service.

### ***Major Business Functions:***

Public Relations and Communications: The business function of public relations involves the strategic communications process that builds mutually beneficial relationships between the Mobility Authority and its publics. Publics include customers, strategic partners, governmental organizations, community and civic groups, citizens as well as the general public. Public relations activities include reputation management, crisis communications, key message development, public speaking, and more. Communications activities include the development of tools such as publications, collateral material, videos, websites, displays, presentations and social media to inform customers and stakeholders about the work of the Mobility Authority. The communication function also handles customer and stakeholder inquiries and assists with dispute resolution related to agency operations. Another major communication function is the coordination and promotion of events such as groundbreakings, ribbon cuttings, and stakeholder presentations.

Marketing: Activities in the marketing area revolve primarily around the strategic promotion of the Mobility Authority and its facilities including 183A and The Manor Expressway and supporting the promotion of ongoing projects and activities such as Environmental Studies. Marketing also promotes TxTag and Pay by Mail. Marketing activities include the placement of paid advertising. This may include online, social media, direct mail, television, radio, print ads, outdoor, and buying sponsorships of groups, businesses and special events.

Media Relations: Work in the media relations area involves developing media outreach strategies, writing and distributing media alerts and news releases, building relationships with members of the media, soliciting coverage from the media, responding to media inquiries, coordinating interviews, managing the flow of information, monitoring media coverage and documenting results.

## Communications

---

Customer Service: The Communication Department serves as a point of contact for customers and members of the public seeking information or assistance. The Communication Department responds to phone calls and email inquiries from the public and assists the agency with the development of responses to written correspondence.

### ***FY 2014 Highlights and Accomplishments:***

- Continued strong community relations and outreach during the final construction phase of the Manor Expressway and conducted a successful Grand Opening Event for the facility. *Strategic Initiatives: Economic Vitality, Regional Mobility, Innovation*
- Provided advertising and marketing support for the initial phases of MoPac Improvement Project to make citizens aware of the start of construction and what to expect. Activities included paid print, radio and online advertising. *Strategic Initiatives: Economic Vitality, Regional Mobility, Innovation*
- Provided ongoing media relations support for environmental studies, including the Oak Hill Parkway, Bergstrom Expressway, MoPac South, SH45SW, and 183 North. *Strategic Initiatives: Economic Vitality, Regional Mobility, Innovation, Sustainability*
- Developed new collateral materials with a refreshed corporate brand to complement the Annual Report, including a one-page leave-behind, a comprehensive brochure, and economic development brochures for the Manor Expressway and 183A. The Annual Report focused heavily on the customer experience. *Strategic Initiatives: Vitality, Regional Mobility, Innovation, Sustainability*
- Developed the first “Report to the Community” insert in Community Impact focusing on overall Mobility Authority activities, the MoPac Improvement Project and The Manor Expressway. *Strategic Initiatives: Regional Mobility, Innovation, Economic Vitality*
- Developed strategic messaging to guide the development of content including printed collateral materials as well as online and in social media. *Strategic Initiative: Innovation, Regional Mobility*

## Communications

### ***FY 2015 Overview and Goals:***

- Develop and maintain consistent strategic messaging internally and externally via ongoing messaging sessions and collaboration with key strategic partners and staff. *Strategic Initiatives: Regional Mobility, Innovation*
- Continue providing media relations support for ongoing Environmental Studies. *Strategic Initiatives: Regional Mobility, Innovation, Economic Vitality.*
- Update the content and look and feel of the Mobility Authority website that aligns with corporate messaging and branding. Enhance overall search engine optimization for the site and the agency. *Strategic Initiatives, Innovation, Regional Mobility*
- Develop and implement a social media strategy that will increase awareness of the Mobility Authority and educate the public about our facilities and activities via Facebook, Twitter and other emerging platforms. *Strategic Initiative: Innovation.*
- Develop and implement promotions and marketing activities to support the MoPac Improvement Project, including awareness, education and promotion. Paid media, direct mail, and video productions will be required. The team will develop and implement a Grand Opening event and advertising to promote use of the Expressway and TxTag. *Strategic Initiatives: Regional Mobility, Economic Vitality*

## Legal Services

---

The Legal Services Department exists to provide trusted legal advice and counsel to support and advance the mission of the Mobility Authority. The General Counsel and Legal Assistant work with the Board of Directors, the Executive Director, staff, and consultants to anticipate, identify, consider, and respond to legal issues. The Law Department provides information, advice, and guidance on compliance with applicable laws and represents the Authority's interests in its relationships with customers, other agencies, consultants, vendors, and the public. The Law Department coordinates and collaborates with outside counsel to provide resources and expertise to support the Mobility Authority's projects, programs, and operations.

### ***Major Business Functions:***

- Identify, research, and advise the Board, Executive Director, and staff on legal issues that arise in connection with Mobility Authority operations and functions.
- Ensure that the Board and management receive timely, sound legal advice concerning compliance with laws and regulations.
- Coordinate, review, and prepare the agenda and backup materials for Board meetings.
- Draft, review, and advise on documents that implement Mobility Authority programs and operations, including:
  - Resolutions and policy code provisions enacted by the Board;
  - Procurement documents such as bid solicitations, requests for information, requests for qualifications, requests for proposals, and other related documents;
  - Contracts with vendors and interlocal agreements other government agencies;
  - Documents required by open government and ethics laws, including responses to requests for public information and disclosures of conflicts of interest and personal financial information.
- Advise on the implementation, construction, and application of existing agreements and legal issues that may arise under those agreements.
- Collaborate with Mobility Authority staff and court officials in Williamson and Travis Counties to continuously improve toll collection and enforcement practices and strategies.
- Assist in managing Mobility Authority records and document retention systems to ensure compliance with legal requirements and best practices.
- Manage the appropriate, efficient use of resources and expertise for legal services provided by outside counsel.

## Legal Services

---

### ***FY 2014 Highlights and Accomplishments:***

- Reviewed and updated document templates and systems to increase efficiency and best practices in Mobility Authority contracting and agenda preparation processes.
- Negotiated and drafted cost participation and escrow agreements with Cedar Park Town Center LLP for improving 183A frontage road access to the new Costco store at 183A and FM 1431.
- Negotiated and drafted the interlocal agreement with Travis County for design and construction by the Mobility Authority of the Maha Loop / Elroy Road extension in southeast Travis County on behalf of Travis County.
- Negotiated and drafted the interlocal agreement with Travis and Hays Counties for cost participation by those counties in the design and construction by the Mobility Authority of SH 45 SW.

### ***2015 Overview and Goals:***

- Continue to manage and provide legal support for Mobility Authority governance, projects, and operations.
- Provide support and focus on strategies and processes to improve toll collections by implementing creative enforcement strategies and methods authorized by state law.
- Continue to review, analyze, and recommend Policy Code revisions to comply with evolving legal requirements and best practices and to provide necessary or desirable improvements.

## Engineering

---

The primary role of the Engineering Department is to provide leadership and direction for all engineering functions within the Mobility Authority.

### ***Major Business Functions:***

**Project Inception and Feasibility:** Coordinate with other transportation providers in the region (TxDOT, City of Austin, Travis County, and Williamson County) to assure that mobility needs for the region are defined and included in the Long Range Transportation Plan. Provide feasibility analysis for selected projects to evaluate implementation priority.

**Project Development:** Accurately program and develop priority projects to the appropriate level for implementation based on coordination with stakeholders. Stakeholders would include external – federal and state agencies, local governments and the general public. Internal stakeholders would include the Board of Directors, the Executive Director, Legal Department, Financial Team, Toll Operations Department, General Engineering Consultants and Public Relations Department. The deliverable may include schematic level design, or more complete design as well as the appropriate level of environmental documentation and clearance.

**Project Implementation:** Determine the appropriate project delivery method and oversight to provide the Authority with a project of the highest quality that meets the financial and timing constraints.

**Roadway Maintenance:** Quantifiable definition of appropriate levels of roadway maintenance that will drive the estimated maintenance costs for any given project over the life of any debt and beyond. Programmatic annual assessment of roadway conditions and estimated maintenance costs (needs) for the next fiscal year. Oversight of all maintenance activities performed on Authority roadways or other assets.

### ***FY 2014 Highlights and Accomplishments:***

- Substantial completion and Open to Traffic for the 290(E) Manor Expressway project. *Strategic Initiatives: Regional Mobility, Economic Vitality*
- Completion of 100% design for and commencement of construction activities for the MoPac Improvement Project. *Strategic Initiatives: Regional Mobility, Economic Vitality*
- Completion of the Project Dashboard modifications where internal staff and board members can access monthly updates to project metrics for budget and schedule. *Strategic Initiatives: Innovation*

## Engineering

- Initial implementation of the first and major component of an Asset Management Program in the area of pavement management. *Strategic Initiatives: Sustainability*
- The Mobility Authority is the primary agency performing a lead role for environmental clearance of two significant projects in the region; 183(N) Express Lanes and MoPac South Express Lanes. *Strategic Initiative: Mobility, Sustainability, Economic Vitality*
- Significant progress has been made on the remaining 3 environmental studies we have partnered with TxDOT to accomplish; US 290 at the “Y”, SH 71(E), 45(SW). *Strategic Initiative: Sustainability, Mobility, Economic Vitality*
- Successful negotiations with Travis and Hays Counties for local participation in the 45SW project enabling that project to move forward for final design and construction. *Strategic Initiative: Mobility, Sustainability*

### ***FY 2015 Overview and Goals:***

- Conclude the procurement and issue a Notice to Proceed for the 183(S) (Bergstrom Expressway) Project. *Strategic Initiative: Mobility, Economic Vitality*
- We will undertake a major initiative to have direct contracting control for maintenance activities along Mobility Authority corridors. *Strategic Initiative: Sustainability, Innovation*
- Complete the process of lessoned learned full circle through listening sessions with industry to find more effective ways to deal with designers, construction contractors and design-builders. *Strategic Initiative: Innovation, Sustainability*
- Define segregated roles and responsibilities for the two GEC firms with respect to roadway operations. This will create a distinction between the firm that assesses repairs and the firm that is responsible for oversight of the repairs. *Strategic Initiatives: Innovation, Sustainability*
