

**GENERAL MEETING OF THE BOARD OF DIRECTORS  
OF THE  
CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY**

**RESOLUTION NO. 23-010**

**PROHIBITING THE OPERATION OF CERTAIN MOTOR VEHICLES  
ON MOBILITY AUTHORITY TOLL FACILITIES PURSUANT TO  
THE HABITUAL VIOLATOR PROGRAM**

WHEREAS, Transportation Code, Chapter 372, Subchapter C, authorizes toll project entities, including the Central Texas Regional Mobility Authority (Mobility Authority), to exercise various remedies against certain motorists with unpaid toll violations; and

WHEREAS, Transportation Code §372.106 provides that a “habitual violator” is a registered owner of a vehicle who a toll project entity determines:

- (1) was issued at least two written notices of nonpayment that contained:
  - (A) in the aggregate, 100 or more events of nonpayment within a period of one year, not including events of nonpayment for which: (i) the registered owner has provided to the toll project entity information establishing that the vehicle was subject to a lease at the time of nonpayment, as provided by applicable toll project entity law; or (ii) a defense of theft at the time of the nonpayment has been established as provided by applicable toll project entity law; and
  - (B) a warning that the failure to pay the amounts specified in the notices may result in the toll project entity’s exercise of habitual violator remedies; and
- (2) has not paid in full the total amount due for tolls and administrative fees under those notices; and

WHEREAS, the Mobility Authority previously determined that the individuals listed in Exhibit A are habitual violators, and these determinations are now considered final in accordance with Transportation Code, Chapter 372, Subchapter C; and

WHEREAS, Transportation Code §372.109 provides that a final determination that a person is a habitual violator remains in effect until (1) the total amount due for the person’s tolls and administrative fees is paid; or (2) the toll project entity, in its sole discretion, determines that the amount has been otherwise addressed; and

WHEREAS, Transportation Code §372.110 provides that a toll project entity, by order of its governing body, may prohibit the operation of a motor vehicle on a toll project of the entity if:  
(1) the registered owner of the vehicle has been finally determined to be a habitual violator; and

(2) the toll project entity has provided notice of the prohibition order to the registered owner; and

WHEREAS, the Executive Director recommends that the Board prohibit the operation of the motor vehicles listed in Exhibit A on the Mobility Authority's toll roads, including (1) 183A Toll; (2) 290 Toll; (3) 71 Toll; (4) MoPac Express Lanes; (5) 45SW Toll; and (6) 183 Toll.

NOW THEREFORE, BE IT RESOLVED that the motor vehicles listed in Exhibit A are prohibited from operation on the Mobility Authority's toll roads, effective April 26, 2023; and

BE IT FURTHER RESOLVED that the Mobility Authority shall provide notice of this resolution to the individuals listed in Exhibit A, as required by Transportation Code §372.110; and

BE IT IS FURTHER RESOLVED that the prohibition shall remain in effect for the motor vehicles listed in Exhibit A until the respective habitual violator determinations are terminated, as provided by Transportation Code §372.110.

Adopted by the Board of Directors of the Central Texas Regional Mobility Authority on the 26<sup>th</sup> day of April 2023.

Submitted and reviewed by:

  
\_\_\_\_\_  
James M. Bass  
Executive Director

Approved:  
  
\_\_\_\_\_  
Robert W. Jenkins, Jr.  
Chairman, Board of Directors

**GENERAL MEETING OF THE BOARD OF DIRECTORS  
OF THE  
CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY**

**RESOLUTION NO. 23-011**

**APPROVING AN INTERLOCAL AGREEMENT WITH THE CITY OF CEDAR PARK FOR REAL  
TIME KINEMATICS TECHNOLOGY TO CONDUCT TRAFFIC INVESTIGATIONS,  
CONSTRUCTION MONITORING AND OTHER TRAFFIC SURVEILLANCE SERVICES**

WHEREAS, vehicle accident investigations and reconstructions often require law enforcement to close Mobility Authority operated toll roads or divert traffic directly onto Mobility Authority facilities from adjacent frontage roads when on which accidents occur; and

WHEREAS, closures to Mobility Authority facilities due to vehicle accident investigations and reconstructions negatively affect the mobility of the traveling public and impact toll revenues; and

WHEREAS, Mobility Authority staff and the City of Cedar Park have determined that drone and real time kinematics (RTK) technology are cost-effective accident investigation tools, and that the high accuracy and near real-time mapping provided by RTK technology will improve the speed of accident investigations and reduce the risk to investigating offices; and

WHEREAS, to reduce the impact of extended closures times and impact to revenue, the Mobility Authority desires the use of RTK technology for accident investigations and maintenance inspections on the 183A Toll; and

WHEREAS, Chapter 791 of the Texas Government Code and Chapter 370 of the Texas Transportation Code authorize a regional mobility authority to enter into an agreement with a governmental entity for the performance of governmental functions and services; and

WHEREAS, the Executive Director and the City of Cedar Park have negotiated a proposed interlocal agreement for RTK technology for the 183A Toll which is attached hereto as Exhibit A.

WHEREAS, the Executive Director requests that the Board authorize him to execute the proposed interlocal agreement with the City of Cedar Park for RTK technology for the 183A Toll in an amount not to exceed \$18,500 and in the form or substantially the same form attached hereto as Exhibit A.

NOW THEREFORE, BE IT RESOLVED that the Board hereby authorizes the Executive Director to execute an interlocal agreement with the City of Cedar Park for real time kinematics technology for the 183A Toll in an amount not to exceed \$18,500 and in the form or substantially the same form attached hereto as Exhibit A.

Adopted by the Board of Directors of the Central Texas Regional Mobility Authority on the 26th day of April 2023.

RESOLUTION NO. R060.23.01.12.F5

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CEDAR PARK, TEXAS, AUTHORIZING AND DIRECTING THE CITY MANAGER TO NEGOTIATE AND EXECUTE AN INTERLOCAL AGREEMENT WITH CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY FOR DRONE AND RTK TECHNOLOGY OPERATIONS BY THE CEDAR PARK POLICE DEPARTMENT; AND FINDING AND DETERMINING THAT THE MEETING AT WHICH THIS RESOLUTION IS PASSED WAS NOTICED AND IS OPEN TO THE PUBLIC AS REQUIRED BY LAW.

WHEREAS, the Interlocal Cooperation Act (the "Act"), Texas Government Code Chapter 791, authorizes local governments to contract with one another for the performance of governmental functions and services, including services related to police protection and streets and roads; and

WHEREAS, the Central Texas Regional Mobility Authority (CTRMA) is a political subdivision of the State of Texas formed pursuant to Chapter 370 of the Texas Transportation Code; and

WHEREAS, the City of Cedar Park and CTRMA are local governments, as defined by the Act; and

WHEREAS, the City and CTRMA desire to enter into an interlocal agreement (the "ILA") for operation of drone and RTK technology by the Cedar Park Police Department in connection with serious accident investigations and general traffic operations reporting on portions of the 183A Toll Road within the City limits; and

WHEREAS, in consideration of the services to be provided by the Police Department, CTRMA agrees to pay \$18,500 to the City; and

WHEREAS, City Council finds it is in the interest of the public health, safety, and welfare to enter into the ILA with CTRMA.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF CEDAR PARK, TEXAS:

SECTION 1. That the City Manager is hereby authorized and directed to negotiate and execute an Interlocal Agreement with the Central Texas Regional Mobility Authority (CTRMA) for drone and RTK technology operations by the Cedar Park Police Department, subject to final review by the City Attorney.

SECTION 2. That it is hereby officially found and determined that the meeting at which this resolution is passed is open to the public and that public notice of the time, place, and purpose of said meeting was given as required by law.

PASSED AND APPROVED this the 12<sup>th</sup> day of January, 2023.

CITY OF CEDAR PARK, TEXAS

RESOLUTION NO. R060.23.01.12.F5

## INTERLOCAL AGREEMENT

**THIS INTERLOCAL AGREEMENT** (the “Agreement”) is effective as of \_\_\_\_\_, 2023, and is between the CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY (the “Mobility Authority”) and the CITY OF CEDAR PARK (the “City”), political subdivisions of the State of Texas (collectively, the “Parties”).

### WITNESSETH:

**WHEREAS**, the Mobility Authority is a regional mobility authority created pursuant to the request of Travis and Williamson Counties and operating pursuant to Chapter 370 of the Texas Transportation Code (the “RMA Act”) and 43 TEX. ADMIN. CODE §§ 26.1 *et seq.* (the “RMA Rules”); and

**WHEREAS**, the City is a home rule city and municipal corporation; and

**WHEREAS**, Chapter 791 of the Texas Government Code provides that any one or more local governments may contract with each other for the performance of governmental functions or services in which the contracting parties are mutually interested; and

**WHEREAS**, Section 370.033(a)(5)&(6) of the RMA Act provides that a regional mobility authority may enter into contracts or agreements with another governmental entity; and

**WHEREAS**, Section 370.033(a)(15) of the RMA Act provides that a regional mobility authority may do all things necessary or appropriate to carry out the powers and duties expressly granted or imposed by the RMA Act; and

**WHEREAS**, the Mobility Authority operates a portion of the 183A Toll within and around the corporate limits of the City; and

**WHEREAS**, serious vehicle crashes and other types of incidents on 183A Toll can require City law enforcement to restrict access or completely close sections of the toll road for extended periods of time to conduct required investigative activities; and

**WHEREAS**, the Mobility Authority and the City have determined that drone and real time kinematics (RTK) technology are cost-effective accident investigation tools. RTK is a GPS correction technology technique that provides real-time corrections to location data when the survey drone is capturing photos of a site. The high accuracy and near real-time mapping using RTK technology will improve the speed of accident investigation and reduce the risk to investigating officers; and

**WHEREAS**, reopening 183A Toll in a more expedited manner reduces the inconvenience to the travelling public, reduces the strain on City law enforcement resources and provides ancillary benefits to the Mobility Authority; and

**WHEREAS**, the Mobility Authority could benefit from the use of drone and RTK technology from time to time to monitor and document traffic operations on existing sections of 183A Toll in the City; and

Interlocal Agreement  
City of Cedar Park and Central Texas Regional Mobility

**WHEREAS**, the Parties have agreed that it would be to their mutual benefit for the Mobility Authority and the City to enter into this agreement to provide RTK technology and reporting services to conduct traffic investigations, construction monitoring and other traffic surveillance services on 183A Toll, generally from Brushy Creek Loop to North of Scottsdale Drive.

**NOW, THEREFORE**, the Parties agree as follows:

**1. Recitals.** The recitals set forth above are incorporated into this Agreement for all purposes and are found by the Parties to be true and correct. The Parties have further found and determined that each Party has authorized and approved the Agreement by resolution, order, or other action by its respective governing body, and that this Agreement will be in full force and effect when approved by each Party.

**2. Purchase of RTK Technology.** The Mobility Authority agrees to provide up to \$18,500 in funds towards the City's purchase of RTK technology to be used by the Cedar Park Police Department but, in no event shall the Mobility Authority's payment exceed the actual cost of the RTK technology documented by vendor invoice(s).

**3. Use of Drone and RTK Technology for Monitoring, Investigation and Reporting.** The City shall utilize drone and RTK technology to reduce the duration of crash and other law enforcement investigations which adversely impact traffic flows on 183A Toll, and to provide the Mobility Authority real time information affecting traffic flows and aerial video records. In particular, the Cedar Park Police Department shall:

- a.** Conduct corridor drone flights as directed by Mobility Authority staff/consultants to monitor traffic conditions and provide video records of 183A Toll and adjacent construction progress on a quarterly basis. Additional drone flights shall be performed from time to time at the request of the Mobility Authority. The City will make a reasonable effort to provide the City staff resources necessary to fulfill such requests.
- b.** Provide quarterly reports to the Mobility Authority's Manager of Traffic & Incident Management documenting all use of the RTK equipment including date, time and purpose. The reports should include information regarding the benefits the RTK system provided to the City and/or the Mobility Authority. Reports shall be submitted within 15 days of the end of the preceding calendar quarter (ie. April 15, July 15, October 15, January 15).

**4. Term and Termination.** The term of this Agreement shall be for 60 months from the date it is fully executed. If this Agreement is terminated by the City in advance of the full term for a reason other than breach of this Agreement by the Mobility Authority, the City shall reimburse the Mobility Authority as follows:

- a.** 0 to 12 months, \$12,000.00
- b.** 13 to 24 months, \$8,000.00
- c.** 25 to 36 months, \$4,000.00

Interlocal Agreement  
City of Cedar Park and Central Texas Regional Mobility

d. 37 to 60 months, no reimbursement is required.

**5. Liability.** The City agrees that the Mobility Authority shall not be liable for any claims or losses of any kind arising out of acts or omissions by the City. The Mobility Authority agrees that the City shall not be liable for any claims or losses of any kind arising out of acts or omissions by the Mobility Authority.

**6. Notices.** All notices, demands or other requests, and other communications required or permitted under this Agreement or which any Party may desire to give to the other Party shall be in writing and shall be deemed to be given on the date of receipt by the Party to whom the notice is either (i) hand-delivered, with written receipt of the notice provided by the receiving Party, or (ii) delivered by fax or electronic mail transmission at the respective addresses set forth below, or at such other address as a Party may from time to time designate by written notice to the other Party as herein required:

**7. Calculation of Days.** Unless otherwise specified, each reference in this Agreement to a day or days refers to a calendar day; however, if the last day of any period described in this Agreement is a Saturday, Sunday, or legal holiday observed by either Party, the period is extended to include the next day that is not a Saturday, Sunday, or legal holiday observed by either Party.

**8. Prior Written Agreements.** This Agreement is without regard to any and all prior written contracts or agreements between the Parties regarding any other subject matter and does not modify, amend, ratify, confirm, or renew any such other prior contract or agreement between the Parties.

**9. Other Services.** Nothing in this Agreement shall be deemed to create, by implication or otherwise, any duty or responsibility of either of the Parties to undertake or not to undertake any other service, or to provide or not to provide any service, except as specifically set forth in this Agreement or in a separate written instrument executed by both Parties.

**10. Governmental Immunity.** Nothing in this Agreement shall be deemed to waive, modify, or amend any legal defense available at law or in equity to either of the Parties nor to create any legal rights or claims on behalf of any third party. Neither of the Parties waives, modifies, or alters to any extent whatsoever the availability of the defense of governmental immunity against third party claims under the laws of the State of Texas and of the United States.

**11. Amendments and Modifications.** This Agreement may not be amended or modified except in writing and executed by both Parties to this Agreement and authorized by their respective governing bodies.

**12. Severability.** If any provision of this Agreement shall be held invalid or unenforceable by any court of competent jurisdiction, such holding shall not invalidate or render unenforceable any other provision hereof, but rather this entire Agreement will be construed as if not containing the particular invalid or unenforceable provision(s), and the rights and obligations of the Parties shall be construed and enforced in accordance therewith. The Parties acknowledge that if any provision of this Agreement is determined to be invalid or unenforceable, it is their desire and intention that such provision be reformed and construed in such a manner that it will, to the maximum extent practicable, give effect to the intent of this Agreement and be deemed to be validated and enforceable.

**13. Venue.** The parties agree that all disputes that arise out of this Agreement are governed by the laws of the State of Texas and venue for all purposes herewith shall be in Williamson County, Texas.

**14. Assignment.** Except as otherwise provided in this Agreement, a party may not assign this Agreement or subcontract the performance of services without first obtaining the written consent of the other party.

Interlocal Agreement  
City of Cedar Park and Central Texas Regional Mobility

**15. Responsibilities of the Parties.** Each party acknowledges that it is not an agent, servant, or employee of the other party. Each party is responsible for its own acts and deeds and for those of its agents, servants, or employees.

**16. Compliance with Laws.** The parties shall comply with all federal, state, and local laws, statutes, ordinances, rules, and regulations and with the orders and decrees of any courts or administrative bodies or tribunals in any manner affecting the performance of this agreement.

**17. Execution in Counterparts.** This Agreement may be simultaneously executed in several counterparts, each of which shall be an original and all of which shall be considered fully executed as of the date first written above, when both Parties have executed an identical counterpart, notwithstanding that all signatures may not appear on the same counterpart.

**The Parties** are signing this agreement to be effective on the date stated in the introductory paragraph.

**GENERAL MEETING OF THE BOARD OF DIRECTORS  
OF THE  
CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY**

**RESOLUTION NO. 23-012**

**APPROVE AN INTERLOCAL AGREEMENT WITH THE TEXAS DEPARTMENT OF  
TRANSPORTATION FOR MATERIALS INSPECTION AND TESTING SERVICES for  
THE BARTON SKYWAY RAMP RELIEF PROJECT**

WHEREAS, in connection with oversight of the construction of the Barton Skyway Ramp Relief Project (Project), it is important to provide for the independent inspection and testing of materials used on the Project; and

WHEREAS, the Texas Department of Transportation (TxDOT) has the resources and expertise to provide such materials inspection and testing services at a reasonable cost; and

WHEREAS, in order for local entities to obtain materials inspection and testing services, TxDOT requires the approval of a project-specific interlocal agreement through a separate resolution issued by the governing body of the local entity; and

WHEREAS, TxDOT has provided a proposed interlocal agreement for materials inspection and testing services on the Project which is attached hereto as Exhibit A; and

WHEREAS, the Executive Director requests that the Board authorize him to execute the proposed interlocal agreement with TxDOT for materials inspection and testing services for the Barton Skyway Ramp Relief Project in an amount not to exceed \$10,000.00 and in the form or substantially the same form attached hereto as Exhibit A.

NOW THEREFORE, BE IT RESOLVED that the Board hereby authorizes the Executive Director to execute an interlocal agreement with TxDOT on behalf of the Mobility Authority for materials inspection and testing services for the Barton Skyway Ramp Relief Project in an amount not to exceed \$10,000.00 and in the form or substantially the same form attached hereto as Exhibit A.

Adopted by the Board of Directors of the Central Texas Regional Mobility Authority on the 26th day of April 2023.

## **ATTACHMENT A**

### **Scope of Services**

The Texas Department of Transportation (TxDOT) agrees to perform material inspection and testing services as requested by the Local Government, and subject to the terms set forth below. Material inspection and testing services to be performed by TxDOT consists of the following:

- Independent assurance testing and sampling services.
- Various inspected materials fabricated off-site (structural steel bridge components, pre-cast concrete stressed/non-stressed products, and miscellaneous fabricated products).
- Other materials inspection and testing as agreed upon in writing by TxDOT and the Local Government.

Inspections will be performed in compliance with the specifications and instructions supplied by the Local Government and are subject to the terms and conditions described below. Written inspection or test reports will be provided to the Local Government in accordance with TxDOT's existing policies as inspection and testing services are performed by TxDOT.

### TERMS AND CONDITIONS

Prior to the commencement of material inspection and testing services, the Local Government shall provide TxDOT with a single point of contact for this scope of services. TxDOT will direct all invoices, test reports, questions and other issues to this point of contact. The Local Government shall provide an email address to which invoices will be sent. The Local Government shall provide written notification of a change to the point of contact.

### INSPECTED MATERIALS

The Local Government will provide TxDOT a list of the materials requiring inspection. Estimated quantities of each material will also be provided. The types of products and the extent of the inspections will be as agreed upon prior to commencement of any inspections. The level of inspection and documentation furnished for Local Government inspections will be as provided for typical TxDOT projects.

TxDOT will only perform inspection services for the Local Government at structural steel fabrication plants, commercial precast prestressed and non-stressed concrete products plants, and other miscellaneous fabrication plants where TxDOT routinely provides such inspection and testing services for its own highway materials or for others. Out-of-state inspections for Local Government will be performed only when TxDOT has employees scheduled to conduct inspections for TxDOT projects at the requested locations, unless agreed upon otherwise. All out-of-state inspections will require reimbursement of the additional costs for travel (airfare, lodging, per diem, vehicle rentals, and other miscellaneous costs). Reimbursement will be requested through invoices from TxDOT.

TxDOT reserves the right to cancel, prioritize, or reschedule any inspection and testing services according to the following:

- Inspection and testing services may be cancelled or deferred due to unavailability of TxDOT personnel to perform the necessary inspection.
- Inspections for the Local Government will be given lower priority than inspections performed by TxDOT for TxDOT projects.
- Inspections for the Local Government may be rescheduled to coincide with the inspection of products for TxDOT projects.

The Local Government and its fabricators will abide by the Nonconformance Report (NCR) process utilized by TxDOT for disposition of products that do not meet the requirements of the Local Government's specifications provided.

## INDEPENDENT ASSURANCE

The Local Government will provide TxDOT a list of the elements of the Local Government's Independent Assurance Program, including all equipment and personnel requiring evaluation and verification. The types of products and the extent of the sampling and testing procedures will be agreed upon prior to commencement of any evaluation or verification by TxDOT. The level of evaluation, verification and documentation furnished for the Local Government will be as required for similar TxDOT projects. The Local Government will compensate TxDOT for all direct costs of salaries and related expenses incurred by TxDOT in providing independent assurance services.

## WORK REQUESTS

### **Fabrication Inspection**

A minimum of two (2) weeks prior to TxDOT performing any inspections, the Local Government will submit Work Requests to TxDOT. Submit one Work Request per Fabricator and include the following:

- Project information (i.e. contract number, CSJ, etc.),
- Work description,
- Type and estimated quantity of material(s) to be inspected,
- Fabricator information (Name, contact person, phone number, physical location),
- Name, title, signature, and telephone number of the Local Government's authorized representative,
- Specification Item or Special Specification to be used for inspection,
- List of the Local Government's amendments to Specification Item,
- Local Governments Special Specifications, and
- Complete set of necessary design drawings, material specifications, and shop drawing files in Adobe .pdf format to perform inspection of the material.

Incomplete Work Requests will not be accepted. E-mail completed Work Requests, with attachments, as an Adobe .pdf format to [MTD\\_Structuralcorrespondence@txdot.gov](mailto:MTD_Structuralcorrespondence@txdot.gov) and include "Work Request" in the subject line.

### **Independent Assurance**

A minimum of two (2) weeks prior to TxDOT providing independent assurance, the Local Government will submit Work Requests to TxDOT. Submit one Work Request and include the following:

- Project information (i.e. contract number, CSJ, etc.)
- Work description
- List of equipment or personnel requiring evaluation and verification
- Desired date of completion or comparison
- Name, title, signature, and telephone number of the Local Government's authorized representative.

Incomplete Work Requests will not be accepted. E-mail completed Work Requests to Gisel Carrasco and include "Work Request" in the subject line.

## TEST REPORTS

TxDOT will send test reports and pertinent information to the Local Government's designated point of contact for services performed as attachments to invoices for services.

## **ATTACHMENT B**

### **Budget**

#### **Texas Department of Transportation Inspection & Testing Rates**

---

TxDOT will only perform the independent assurance, inspection and testing services outlined in Attachment A.

Charges will be based on rates in effect at the time inspection and testing services are performed.

Current Inspection and Testing Rates are published at

[http://ftp.dot.state.tx.us/pub/txdot/mtd/inspection\\_testing.pdf](http://ftp.dot.state.tx.us/pub/txdot/mtd/inspection_testing.pdf)

Invoices will be sent to the Local Government on a monthly basis. Payments are due within 30 days of date of invoice and will be mailed to the following address:

Texas Department of Transportation  
P. O. Box 149001  
Austin, Texas 78714-9001

## **ATTACHMENT C**

### **General Terms and Conditions**

#### **Article 1. Amendments**

This contract may only be amended by written agreement executed by both parties before the contract is terminated.

#### **Article 2. Conflicts Between Agreements**

If the terms of this contract conflict with the terms of any other contract between the parties, the most recent contract shall prevail.

#### **Article 3. Disputes**

TxDOT shall be responsible for the settlement of all contractual and administrative issues arising out of procurements entered in support of contract services.

#### **Article 4. Ownership of Equipment**

Except to the extent that a specific provision of this contract states to the contrary, all equipment purchased by TxDOT under this contract shall be owned by TxDOT.

#### **Article 5. Termination**

This contract terminates at the end of the contract term, when all services and obligations contained in this contract have been satisfactorily completed, by mutual written agreement, or 30 days after either party gives notice to the other party, whichever occurs first.

#### **Article 6. Gratuities**

Any person who is doing business with or who reasonably speaking may do business with TxDOT under this contract may not make any offer of benefits, gifts, or favors to employees of TxDOT.

#### **Article 7. Responsibilities of the Parties**

Each party acknowledges that it is not an agent, servant, or employee of the other party. Each party is responsible for its own acts and deeds and for those of its agents, servants, or employees.

#### **Article 8. Compliance with Laws**

The parties shall comply with all federal, state, and local laws, statutes, ordinances, rules, and regulations and with the orders and decrees of any courts or administrative bodies or tribunals in any manner affecting the performance of this agreement.

#### **Article 9. State Auditor's Provision**

The state auditor may conduct an audit or investigation of any entity receiving funds from TxDOT directly under the contract or indirectly through a subcontract under the contract. Acceptance of funds directly under the contract or indirectly through a subcontract under this contract acts as acceptance of the authority of the state auditor, under the direction of the legislative audit committee, to conduct an audit or investigation in connection with those funds. An entity that is the subject of an audit or investigation must provide the state auditor with access to any information the state auditor considers relevant to the investigation or audit.

#### **Article 10. Signatory Warranty**

Each signatory warrants that the signatory has necessary authority to execute this agreement on behalf of the entity represented.

**Article 11. Notices**

All notices to either party shall be delivered personally or sent by certified U.S. mail, postage prepaid, addressed to that party at the following address:

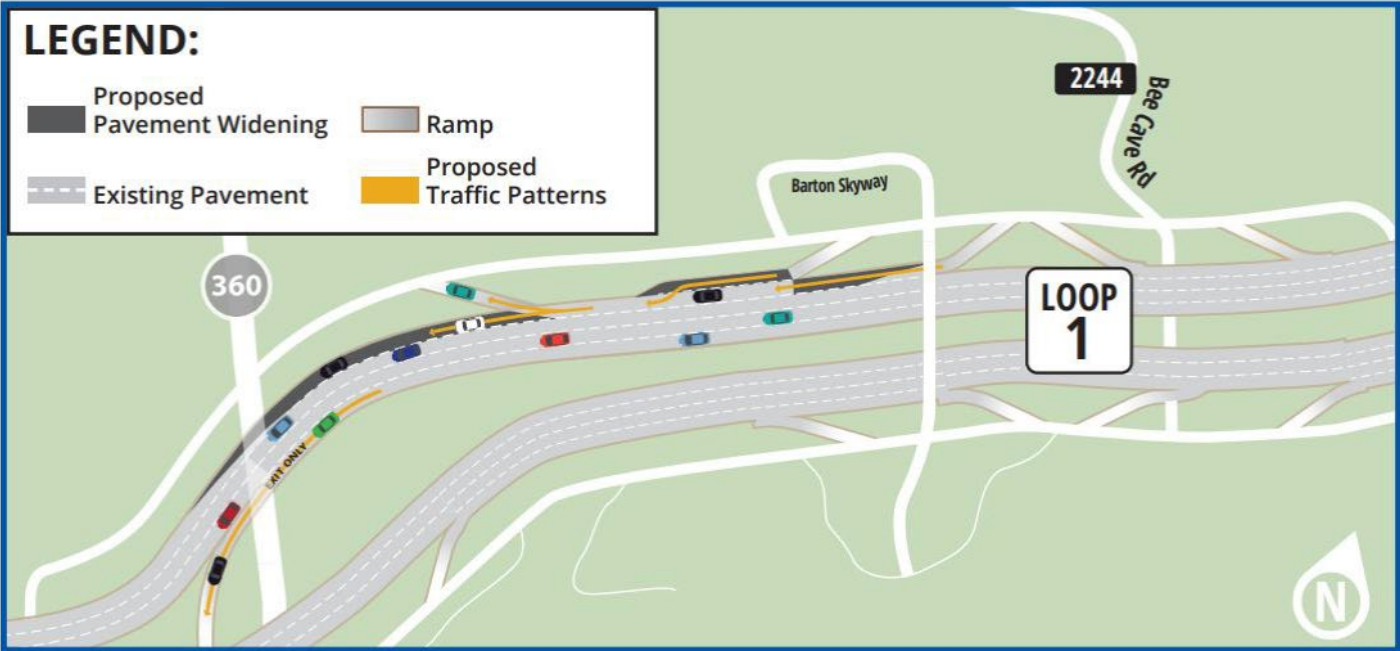

<b>Local Government:</b>	Central Texas Regional Mobility Authority Attention: Assistance Director of Engineering – Maintenance 3300 North IH-35, Suite 300 Austin, TX 78705-1849
<b>TxDOT:</b>	Texas Department of Transportation Attn: Director, Contract Services 125 E. 11 <sup>th</sup> Street Austin, TX 78701

All notices shall be deemed given on the date delivered in person or deposited in the mail. Either party may change the above address by sending written notice of the change to the other party. Either party may request in writing that notices shall be delivered personally or by certified U.S. mail, and that request shall be carried out by the other party.

(290 TOLL)**

WHEREAS, the Mobility Authority performs regular inspections of its toll facilities to ensure their safety and quality are appropriately maintained for the traveling public; and

WHEREAS, in the course of these inspections the Mobility Authority has observed a degraded ride quality on the Manor Expressway (290 Toll) between US 183 and SH 130; and

WHEREAS, based on these inspections, the Mobility Authority's general engineering consultant recommends the Mobility Authority continue to monitor and address ride quality issues identified along the 290E corridor; and

WHEREAS, Nortex Concrete Stabilization, Inc. participates in the Texas Multiple Award Schedule ("TXMAS") Program administered by the State Comptroller's Office as part of Texas SmartBuy Membership Program (formerly known as the "State of Texas CO-OP Purchasing Program"); and

WHEREAS, in accordance with Article 15 of the Mobility Authority Policy Code, purchases made through a cooperative program such as the Texas SmartBuy Membership Program are deemed to have satisfied Mobility Authority procurement requirements; and

WHEREAS, in order to address the ride quality issues on the Manor Expressway (290 Toll), the Executive Director has negotiated a contract with Nortex Concrete Lift and Stabilization, Inc. which is attached hereto as Exhibit A; and

WHEREAS, the Executive Director recommends entering into the contract for concrete slab lifting and stabilization services with Nortex Concrete Lift and Stabilization, Inc. through the TXMAS Program in an amount not to exceed \$268,571.00.

NOW THEREFORE BE IT RESOLVED that the Board of Directors hereby approves the contract for slab lifting and stabilization services to address the degraded ride quality issues identified on the Manor Expressway (290 Toll) which is attached hereto as Exhibit A, and authorizes the Executive Director to enter into the contract with Nortex Concrete Stabilization, Inc. in an amount not to exceed \$268,571.00 through the TXMAS Program.

Adopted by the Board of Directors of the Central Texas Regional Mobility Authority on the 26<sup>th</sup> day of April 2023.

Attn: John Jones

Subject: Central Texas Regional Mobility Authority with use of contract number TXMAS-22-74501 for concrete pavement lifting and stabilization with polyurethane foam injections.

Date: April 19, 2023

This is an Agreement between Nortex Concrete Lift & Stabilization, Inc., and the Central Texas Regional Mobility Authority, for concrete pavement lifting and stabilization services with polyurethane foam injections to properly repair dips, heaves, and bridge approach slabs on the 290 Toll main lanes from US 183 to SH 130 at specific locations described in the documentation.

Enclosed you will find the following documents:

1. Scope of work to be performed at specified locations including 2 year warranty
2. Award Letter from Texas Comptroller of Public Accounts for Contract TXMAS-22-74501
3. TXMAS-22-74501 price list for all associated services under the contract
4. Quote with price list for repairs on expressway main lanes under contract TXMAS-22-74501
5. Incidental price list for lane closure fees, message boards, and off duty officers
6. TXDOT special spec 3025 for "raising and undersealing concrete slabs with foam systems"
7. Nortex Material spec sheet which complies with all requirements of TXDOT ss3025
8. Nortex Concrete Lift Certificates of Insurance
9. Form 1295

Compensation to be paid based on actual pounds of polyurethane foam material pumped at each location as specified in the contract documents. Once approved and executed, the purchase order for polyurethane injections repairs must be issued in the Texas SmartBuy online purchasing portal to receive the specified contract pricing.

Nortex requests the Executive Director's signature to execute this agreement in the signature area below.

## **RAISING & UNDERSEALING CONCRETE PAVEMENT SCOPE OF WORK AND QUALITY CONTROL PLAN**

Nortex Concrete Lift & Stabilization, Inc. is committed to maintaining an effective Quality Control Plan that reinforces our commitment to deliver a consistent high-quality product and service to our customers.

This plan addresses the following:

- Equipment**
- Work Site Preparations**
- Construction Methods**
- Monitoring Procedures**
- Clean Up Procedures**
- Spill Clean Up Procedures**
- Material Information**
- Warranty Information**

**Equipment:** A listing of lifting and undersealing equipment, this list is a minimum and shall not preclude the use of additional equipment.

- A. Pneumatic drills and electric drills capable of drilling 5/8-inch diameter holes.
- B. Truck mounted pumping units (Gusmer H20/35 Hydraulic Proportioner Pumps) capable of injecting high-density polyurethane foam between the concrete pavement and the sub-base, and capable of controlling the rate of rise of the pavement.

C. Hilti Self Leveling Laser Level unit and lifting gages to ensure that pavement is lifted to an even plane.

**Work Site Preparations:** Shall be specified per contract documents and/or general accepted practices and procedures.

- A. The contractor shall review a profile of the pavement and footing provided by the owner to determine where the slab and footing need to be raised or void filled.

**Construction Methods:**

- A. **Drilling:** A series of 5/8" holes shall be drilled at four to six foot intervals through the concrete pavement. The contractor will determine the exact location and spacing of holes based on site conditions and scope of work.
- B. **Injecting:** The injector on the discharge guns shall make a tight seal in the injection hole. The polyurethane foam is two-component mixtures that meet at the discharge gun and is injected beneath the concrete pavement with approximately 1000 psi. The polyurethane foam initially remains in liquid form for approximately 15 – 20 seconds, which allows the material to move laterally beneath the concrete filling all voids in the area. The polyurethane foam then begins to set up and expand into its solid form exerting the necessary lifting force.

**Monitoring Procedures:**

- A. **Controlling rise:** The amount of rise shall be controlled using the pumping unit, by regulating the rate of injection of material. Lifting gages and Laser shall be used to monitor the rise and ensure pavement is lifted to an even plane. Mix Ratio's on Gages must be monitored periodically to ensure proper mixture of material being pumped along with monitoring of heat to keep foam somewhere in the vicinity of 80 to 140 degrees Fahrenheit (depending on outside air temperature).
- B. Drain inlets, asphalt shoulders, MSE walls, etc...will be monitored frequently to ensure material below ground has not traveled to an area it is not intended to go.
- C. Supervisor shall be on site during entire operation and be fully trained in mechanical operation of equipment. Supervisor shall be responsible for safety of his crew at all times and responsible for monitoring lifting procedures.

**Clean Up Procedures:**

- A. All excess polyurethane material will be removed from the job site.
- B. All injections holes will be re-drilled to a depth of 2-3" and then non shrink cementitious grout will be poured into the open hole and struck flush with pavement surface.
- C. Entire work area will be cleaned and cleared to properly restore the operation lane.

**Spill Clean Up Procedures:**

- A. Entire area of spill to be covered and dispersed evenly with absorbent material kept on hand.
- B. After setting phase absorbent material is cleaned up and disposed of in thick trash bags and tied off for proper disposal.
- C. Process can be repeated until spill is sufficiently cleaned.

**Material Information:**

- A. All material used is certified for compliance with all state, and local authorities pertaining to the contract documents or special provisions. TXDOT ss3025 is provided along with NCFI Polyurethanes 24-003 material technical data sheet.

**Warranty Information:**

- A. All locations repaired under this contract stand by an industry standard two-year warranty that if a slab settles more than ½" in that period then it will be repaired free of charge. Traffic control and other incidental services would not be covered under the warranty.

**NOTICE OF AWARD**

Nortex Concrete Lift & Stabilization, Inc.  
Attn: Casey DeRosa  
201 NW 26th St.  
Fort Worth, TX 76164-7110

Re: Contract No. & Description: TXMAS-22-74501 Road and Highway Building  
Materials, Asphaltic  
Term of Contract: Date of Deputy Comptroller's signature on this Notice of  
Award through December 20, 2022

The Comptroller of Public Accounts (CPA) accepts the TXMAS Offer Packet of Nortex Concrete Lift & Stabilization, Inc. (Contractor) and hereby awards Contractor a TXMAS contract (Contract). Contractor's awarded services will be processed through our Statewide Contract Management office (SCM) and will be available for purchase on the Texas SmartBuy online ordering system.

The Contract consists of the documents stated in Section 2 Contract Documents of the TXMAS Terms and Conditions CPA Addendum 1. The attached final catalog consists of services and pricing submitted and agreed upon by CPA and Contractor. The final catalog may exclude any services that CPA has decided not to award. Any excluded services are not permitted to be sold under the Contract and may not be added at any time during the life of the Contract.

To the extent there are conflicts between the Base Contract (between Oklahoma Office of Management & Enterprise Services (OMES) and Contractor, dated 11/18/2021) and the TXMAS Terms and Conditions, the TXMAS Terms and Conditions control, including the following stipulations:

1. TXMAS Terms and Conditions Section 20 Force Majeure controls over the Base Contract Terms and Conditions 23 Force Majeure.
2. TXMAS Terms and Conditions Section 28 Indemnification controls over the Base Contract Terms and Conditions 16. Indemnification.
3. TXMAS Terms and Conditions Section 40 Limitation of Liability controls over the Base Contract Terms and Conditions 16.5 Limitation of Liability.
4. TXMAS Terms and Conditions Section 43 Severability controls over the Base Contract Terms and Conditions 26.10 Severability.

Contractor may advertise the awarded Contract to Texas state agencies and Texas SmartBuy Member entities. Prior to mass advertising, a draft must be submitted to the TXMAS program for approval. Please complete the attached ECSM Submission Checklist and submit it with the draft advertisement to: txmas@cpa.texas.gov

Contractor shall be responsible for the fulfillment of any Purchase Order issued through Texas SmartBuy pursuant to the terms and conditions of the Contract. Contractor shall not ship any products or provide services until receipt of a Purchase Order issued through Texas SmartBuy.

CPA does not guarantee a specific volume to be purchased throughout the term of the Contract. No minimum compensation to the Contractor is guaranteed.

## Special Specification 3025

# Raising and Undersealing Concrete Slabs with Foam Systems

---

### 1. DESCRIPTION

Raise and underseal concrete slabs at locations shown on the plans and as directed.

---

### 2. MATERIAL

Furnish a closed cell hydro-insensitive, high-density polyurethane foam system with a minimum free rise density of 3.0 lb./cu. ft., with a minimum compressive strength of 50 psi. Use epoxy material meeting the requirements of DMS-6100, "Epoxies and Adhesives," Type III, Class C.

---

### 3. EQUIPMENT

Provide machinery, tools, and equipment necessary for proper execution of the work. At a minimum, provide the following:

- 3.1. **Drill.** Use a drill capable of drilling holes of the required diameter and depth.
- 3.2. **Pump.** Furnish a pump unit with the appropriate attachments capable of injecting the polyurethane:
- Under the concrete slab at the depth(s) required in the plans.
  - At a controlled flow rate with a digital reading of the cumulative pounds used.
- 3.3. **Level.** Provide control equipment to indicate when the final grade has been achieved and to monitor slab movement.

---

### 4. CONSTRUCTION

- 4.1. **Preparation.** Prepare a profile of each area to determine the extent of the concrete slab that requires adjustment or raising. Ensure that the finished concrete slabs will conform to the grades and cross-section of the slabs as shown in the plans or as directed. Determine the exact locations of the injection holes for each treated area. Obtain approval for the injection hole locations.
- 4.2. **Drilling.** Use drilling operations that do not damage the surrounding concrete. Drill injection holes with diameters less than or equal to 3/4 in. through the concrete as proposed or as directed. When an injection point is through a terminal anchor slab and sleeper slab, provide a tube to insure the polyurethane material does not migrate between the two slabs.
- 4.3. **Injection.** Inject high-density polyurethane formulation directly under the slab. Do not extend the nozzle end below the bottom of the concrete. Cease injection when directed, no improvement is observed, or material extrudes from locations other than slab penetrations. Take precautions to prevent the intrusion of injected material into any drainage facility and other structures. Remove any excessive polyurethane material after the nozzle is removed from the hole. Seal the hole with an approved method and material.
- 4.4. **Grade Control.** Control the final elevations within 1/4 in. of the proposed profile elevations. The Engineer may check the treated area to confirm that the pavement has been aligned properly to facilitate drainage.

- 4.5. **Repairs.** As directed, repair any pavement slab or bridge approach/departure slab that has cracked or did not achieve required grades as a result of the Contractor's operation at no additional cost to the Department.

Fill injection holes with epoxy or approved concrete patching materials.

---

**5. SET TIME**

Formulate the high-density polyurethane to set and obtain 90% of its compressive strength within 15 min. after injection. Attain the manufacturer's recommended compressive strength unless otherwise shown on the plans.

---

**6. MEASUREMENT**

This Item will be measured by the pound of high-density polyurethane injected and accepted.

---

**7. PAYMENT**

The work performed and materials furnished in accordance with this Item and measured as provided under "Measurement" will be paid for at the unit price bid for "Raising and Undersealing Concrete Slab." This price is full compensation for furnishing and injecting polyurethane material, concrete repairs, labor, materials, tools, and incidentals.

### TERRATHANE™ Polyurethanes

TerraThane™ Polyurethanes by NCFI are uniquely formulated for a variety of geotechnical applications. Each batch goes through stringent testing and quality assurance standards to ensure reliability in the field.

### About 24-003

TerraThane™ 24-003 is a hydrophobic/hydro-insensitive, MDI-based polymer formula that is specially designed for exceptional flow or spread under concrete structures when water is present. The 24-003 flowability ensures voidfill and support before lifting. 24-003 is available with an NSF/ANSI 61 Section 5 – 2017 certification.

### 24-003 APPLICATIONS

- Bridge Approaches and Departures
- Highway and Streets
- Airport Runways and Taxiways
- Concrete Slab Lifting
- Joint Matching
- Void Filling
- Deep Soil Injection

### Reaction Curve at 110°

<b>Cream Time</b>	7 seconds
<b>Gel Time</b>	13 Seconds
<b>Tack Free Time</b>	19 seconds

CERTIFIED TO  
NSF/ANSI 61

**6 UNSWORN DECLARATION**

My name is Casey DeBosa, and my date of birth is 12/26/83.

My address is 201 NW 26<sup>TH</sup> St., Fort Worth, TX, 76164, USA.  
(street) (city) (state) (zip code) (country)

I declare under penalty of perjury that the foregoing is true and correct.

Executed in Tarrant County, State of Texas, on the 19 day of April, 2023.  
(month) (year)

  
\_\_\_\_\_  
Signature of authorized agent of contracting business entity  
(Declarant)

**MEETING OF THE BOARD OF DIRECTORS  
OF THE  
CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY**

**RESOLUTION NO. 23-014**

**ACCEPT THE FINANCIAL STATEMENTS FOR MARCH 2023**

WHEREAS, the Central Texas Regional Mobility Authority (Mobility Authority) is empowered to procure such goods and services as it deems necessary to assist with its operations and to study and develop potential transportation projects, and is responsible to insure accurate financial records are maintained using sound and acceptable financial practices; and

WHEREAS, close scrutiny of the Mobility Authority's expenditures for goods and services, including those related to project development, as well as close scrutiny of the Mobility Authority's financial condition and records is the responsibility of the Board and its designees through procedures the Board may implement from time to time; and

WHEREAS, the Board has adopted policies and procedures intended to provide strong fiscal oversight and which authorize the Executive Director, working with the Mobility Authority's Chief Financial Officer, to review invoices, approve disbursements, and prepare and maintain accurate financial records and reports; and

WHEREAS, the Executive Director, working with the Chief Financial Officer, has reviewed and authorized the disbursements necessary for the month of March 2023 and has caused financial statements to be prepared and attached to this resolution as Exhibit A; and

NOW THEREFORE, BE IT RESOLVED, that the Board of Directors accepts the financial statements for March 2023, attached hereto as Exhibit A.

Adopted by the Board of Directors of the Central Texas Regional Mobility Authority on the 26<sup>th</sup> day of April 2023.

Submitted and reviewed by:

  
\_\_\_\_\_  
James M. Bass  
Executive Director

Approved:

  
\_\_\_\_\_  
Robert W. Jenkins, Jr.  
Chairman, Board of Directors

Average Weighted Life (2)	39 Days

#### Definition of Weighted Average Maturity (1) & (2)

(1) This weighted average maturity calculation uses the SEC Rule 2a-7 definition for stated maturity for any floating rate instrument held in the portfolio to determine the weighted average maturity for the pool. This Rule specifies that a variable rate instruction to be paid in 397 calendar days or less shall be deemed to have a maturity equal to the period remaining until the next readjustment of the interest rate.  
(2) This weighted average maturity calculation uses the final maturity of any floating rate instruments held in the portfolio to calculate the weighted average maturity for the pool.

The maximum management fee authorized for the TexSTAR Cash Reserve Fund is 12 basis points. This fee may be waived in full or in part in the discretion of the TexSTAR co-administrators at any time as provided for in the TexSTAR Information Statement.

### NEW PARTICIPANTS

We would like to welcome the following entities who joined the TexSTAR program in March:

- \* City of Alvord \* Galveston County Municipal Utility District No. 59
- \* Jefferson County Emergency Services District No. 4 \* City of Mineola

### HOLIDAY REMINDER

In observance of Good Friday, **TexSTAR will be closed Friday, April 7, 2023**. All ACH transactions initiated on Thursday, April 6th will settle on Monday, April 10th. Notification of any early transaction deadlines on the business day preceding this holiday will be sent by email to the primary contact on file for all TexSTAR participants. Please plan accordingly for your liquidity needs.

### ECONOMIC COMMENTARY

#### Market review

In the early months of 2023, we saw stronger-than-expected economic data, a leveling off in disinflation and signs of cooling wage growth. In recent weeks, financial distress in the U.S. regional bank sector rattled markets and exposed the vulnerabilities of an economy facing a rapid rise in interest rates after a very long period of easy policy. Consequently, credit conditions, which had already tightened due to Federal Reserve (Fed) policy, are expected to tighten further and could drag on economic activity, hiring and inflation. While the government responded swiftly to the bank fears, the Fed stopped short of pausing its monetary tightening campaign with a March rate hike and maintained its focus on bringing inflation down. It is at the point where economic conditions are tight, when a company's vulnerabilities come to light. This was particularly evident for Silicon Valley Bank (SVB), Signature Bank (SBNY), and Credit Suisse (CS). It is important to note that SVB, SBNY and CS were unique situations. Three problems led to the failures of SVB and SBNY. The first issue was a narrow depositor base, concentrated in troubled industries (startups and crypto), with a very large percentage of uninsured deposits. The second issue was an asset base that was particularly vulnerable to increases in interest rates. Third, was the Fed's sharp switch from years of negative real rates and quantitative easing to higher rates and quantitative tightening. Joint action by the Department of the Treasury, the Fed, and the Federal Deposit Insurance Corporation (FDIC), reimbursing all deposits at SVB and Signature Bank, not just insured deposits, and establishing a fund to support other banks with asset problems appeared to help calm the situation.

CS, a global systemically important bank (GSIB) became another casualty in the fallout from the SVB and SBNY collapse. The bank's largest shareholder, Saudi National Bank, said it wouldn't be willing to provide the company additional financing because of exposure limits.

Market value of collateral supporting the Repurchase Agreements is at least 102% of the Book Value. The portfolio is managed by J.P. Morgan Chase & Co. and the assets are safekept in a separate custodial account at the Federal Reserve Bank in the name of TexSTAR. The only source of payment to the Participants are the assets of TexSTAR. There is no secondary source of payment for the pool such as insurance or guarantee. Should you require a copy of the portfolio, please contact TexSTAR Participant Services.

## TEXSTAR VERSUS 90-DAY TREASURY BILL

This material is for information purposes only. This information does not represent an offer to buy or sell a security. The above rate information is obtained from sources that are believed to be reliable; however, its accuracy or completeness may be subject to change. The TexSTAR management fee may be waived in full or in part at the discretion of the TexSTAR co-administrators and the TexSTAR rate for the period shown reflects waiver of fees. This table represents historical investment performance/return to the customer, net of fees, and is not an indication of future performance. An investment in the security is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. Although the issuer seeks to preserve the value of an investment of \$1.00 per share, it is possible to lose money by investing in the security. Information about these and other program details are in the fund's Information Statement which should be read carefully before investing. The yield on the 90-Day Treasury Bill ("T-Bill Yield") is shown for comparative purposes only. When comparing the investment returns of the TexSTAR pool to the T-Bill Yield, you should know that the TexSTAR pool consists of allocations of specific diversified securities as detailed in the respective Information Statements. The T-Bill Yield is taken from Bloomberg Finance L.P. and represents the daily closing yield on the then current 90-Day T-Bill. The TexSTAR yield is calculated in accordance with regulations governing the registration of open-end management investment companies under the Investment Company Act of 1940 as promulgated from time to time by the federal Securities and Exchange Commission.

## *ECONOMIC COMMENTARY (cont.)*

The issues with CS were not new. However, because the markets were already jittery, this became the catalyst for a renewed deterioration in market confidence given CS's complex and lengthy restructuring plan. The repercussions soon blanketed the broader market universe and reignited contagion worries. Initially, the Swiss National Bank (SNB) extended-\$55 billion in liquidity support to CS, which underscored the distinction between the challenges facing US regional banks and European GSIBs. In the end, UBS Group AG agreed to buy CS in a government-brokered deal aimed at containing a crisis of confidence that threatened to spread across global financial markets. Ultimately, the banking failures of these three institutions were idiosyncratic events due to poor risk management.

Meanwhile, inflation was still the prime focus of the Fed. Since its peak in June 2022, inflation has shown signs of cooling, although the road to the Fed's 2% target has been bumpier than originally anticipated. February's Consumer Price Index (CPI) report came largely in line with expectations with headline CPI rising 0.4% month-over-month (m/m) and 6% year-over-year (y/y), marking the eighth consecutive monthly decline in the y/y measure. Core CPI (ex-food and energy) rose by 0.5% m/m, and 5.5% y/y. The lagged effect of shelter inflation, which accounts for a little over a third of CPI, continued to be the primary contributor to elevated inflation, at 0.8% m/m. The headline and core Personal Consumption Expenditures (PCE) Price Index both rose 0.3% m/m, a deceleration from prior month. Year-over-year headline PCE cooled, declining from 5.4% to 5.0%. Furthermore, personal income came in slightly above expectations at 0.3%, but at a decelerated rate from prior month. Real personal spending declined by 0.1%, down from the 1.1% increase we saw in January. The personal savings rate increased to 4.6% in February, up from the 4.4% we saw in January, pointing to a slowdown in consumption.

The February Jobs report highlighted solid gains in payroll employment, but other details were softer than expected. Nonfarm payroll employment rose by 311K, well above consensus estimates of 223K. However, gains for the prior two months were revised down by 34K, and the unemployment rate rose above consensus to 3.6%. The labor market continued to prove its resilience. However, there were also clearer signs that wage data is moderating. Average hourly earnings were below consensus, rising by 0.2% m/m and 4.6% y/y. Overall, the report suggested that the labor market is starting to feel the pressure of tighter policy and provided little evidence that a tight labor market will disrupt the downtrend in consumer inflation.

In a highly anticipated policy decision, the Federal Open Market Committee (FOMC) voted unanimously to raise the federal funds rate by 0.25% to a target range of 4.75%-5.00%. The statement language and press conference were somewhat dovish, acknowledging the potential implications of banking turmoil on the economic outlook but also the need for further progress on inflation. The Fed notably downshifted the phrase "ongoing increases in the target range will be appropriate" to "some additional policy firming may be appropriate," signaling a near end to tightening. At the press conference, Chairman Powell kicked off by addressing banks and affirmed that the overall "banking system is sound and resilient." In the Summary of Economic projections (SEP), the "dot plot" revealed an unchanged median expectation for the federal funds rate at 5.1% for year-end 2023, suggesting an additional 25 bp hike to come. Surprisingly, policymakers projected less easing next year, suggesting an expectation that policy will have to be tighter for longer to combat inflation. Updates to the Fed's economic projections reflected a more dovish picture of slower growth, lower unemployment and slightly higher inflation. Treasury yields fell across the curve during the month. In money markets, the three-month Treasury bill yield decreased by 6 bps to 4.75% and the six-month Treasury bill yield decreased by 26 bps to 4.88%. Longer Treasury yields plummeted, with the two-year yield dropping by 79 bps to 4.03% and the three-year yield dropping by 74 bps to 3.79%.

### **Outlook**

Following recent events across the banking sector and the latest Fed rate hike, investors have materially reassessed their expectations for the future path of interest rates. Prior to recent concerns about the financial sector, the market expected that the Fed would continue to hike with the federal funds rate peaking at 5.5%. Markets are now teetering between the potential for another 25 bp hike or a pause at the May 3 FOMC meeting and anticipate rate cuts by year-end. The front end of the curve is particularly reactive to headline risks and has seen both a material repricing and a high level of volatility. We think that the outcome of the March FOMC meeting was designed to show the markets that the Fed has confidence in the banking system, and that it is willing to be flexible depending upon ongoing developments.

*ECONOMIC COMMENTARY (cont.)*

Bank lending (globally) is very likely to decline rapidly. Credit conditions were already tightening before the regional bank issue, and Chair Powell recognizes that a tightening in lending standards will slow GDP growth and weaken demand for labor, thus substituting for additional rate hikes. The volatility of the past couple of weeks supports our base case of a recession, as tight monetary policy has caused stress in the banking sector while inflation persists. The Fed is in a challenging spot as they need to strike a balance between financial stability and price stability. As a result, we think it is likely that they raise rates in May before pausing. The federal funds futures market is pricing in rate cuts beginning in June. While that may be a bit aggressive, the market is removing policy hikes in anticipation of weakening hard economic data.

**GENERAL MEETING OF THE BOARD OF DIRECTORS  
OF THE  
CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY**

**RESOLUTION NO. 23-015**

**AMENDING THE BUDGET FOR FISCAL YEAR 2023**

WHEREAS, by Resolution No. 22-027 dated June 30, 2022, the Board of Directors adopted the operating budget for fiscal year 2022-2023 (the "FY2023 Budget"); and

WHEREAS, the FY2023 Budget includes funding for Metal Beam Guard Fence Improvements/Cable Barrier Addition and 290E Wall Improvements/Repairs; and

WHEREAS, following the adoption of the FY2023 Budget, bids for the 290E Wall Improvements/Repairs exceeded the budgeted amount; and

WHEREAS, the Executive Director recommends transferring \$701,000 in unexpended funds from the Metal Beam Guard Fence Improvements/Cable Barrier Addition budget to the budget for the 290E Wall Improvements/Repairs to compensate for the shortfall; and

WHEREAS, the Executive Director recommends that the FY2023 Budget be amended as described in Exhibit A hereto, to fund the completion of the 290E Wall Improvements/Repairs project in FY2023.

NOW THEREFORE, BE IT RESOLVED that the Board of Directors hereby amends the FY 2023 Budget as shown in Exhibit A to fund the completion of the 290E Wall Improvements/Repairs project.

Adopted by the Board of Directors of the Central Texas Regional Mobility Authority on the 26th day of April 2023.
