

**GENERAL MEETING OF THE BOARD OF DIRECTORS  
OF THE  
CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY**

**RESOLUTION NO. 23-050**

**PROHIBITING THE OPERATION OF CERTAIN MOTOR VEHICLES  
ON MOBILITY AUTHORITY TOLL FACILITIES PURSUANT TO  
THE HABITUAL VIOLATOR PROGRAM**

WHEREAS, Transportation Code, Chapter 372, Subchapter C, authorizes toll project entities, including the Central Texas Regional Mobility Authority (Mobility Authority), to exercise various remedies against certain motorists with unpaid toll violations; and

WHEREAS, Transportation Code §372.106 provides that a “habitual violator” is a registered owner of a vehicle who a toll project entity determines:

- (1) was issued at least two written notices of nonpayment that contained:
  - (A) in the aggregate, 100 or more events of nonpayment within a period of one year, not including events of nonpayment for which: (i) the registered owner has provided to the toll project entity information establishing that the vehicle was subject to a lease at the time of nonpayment, as provided by applicable toll project entity law; or (ii) a defense of theft at the time of the nonpayment has been established as provided by applicable toll project entity law; and
  - (B) a warning that the failure to pay the amounts specified in the notices may result in the toll project entity’s exercise of habitual violator remedies; and
- (2) has not paid in full the total amount due for tolls and administrative fees under those notices; and

WHEREAS, the Mobility Authority previously determined that the individuals listed in Exhibit A are habitual violators, and these determinations are now considered final in accordance with Transportation Code, Chapter 372, Subchapter C; and

WHEREAS, Transportation Code §372.109 provides that a final determination that a person is a habitual violator remains in effect until (1) the total amount due for the person’s tolls and administrative fees is paid; or (2) the toll project entity, in its sole discretion, determines that the amount has been otherwise addressed; and

WHEREAS, Transportation Code §372.110 provides that a toll project entity, by order of its governing body, may prohibit the operation of a motor vehicle on a toll project of the entity if:  
(1) the registered owner of the vehicle has been finally determined to be a habitual violator; and

(2) the toll project entity has provided notice of the prohibition order to the registered owner; and

WHEREAS, the Executive Director recommends that the Board prohibit the operation of the motor vehicles listed in Exhibit A on the Mobility Authority's toll roads, including (1) 183A Toll; (2) 290 Toll; (3) 71 Toll; (4) MoPac Express Lanes; (5) 45SW Toll; and (6) 183 Toll.

NOW THEREFORE, BE IT RESOLVED that the motor vehicles listed in Exhibit A are prohibited from operation on the Mobility Authority's toll roads, effective December 13, 2023; and

BE IT FURTHER RESOLVED that the Mobility Authority shall provide notice of this resolution to the individuals listed in Exhibit A, as required by Transportation Code §372.110; and

BE IT IS FURTHER RESOLVED that the prohibition shall remain in effect for the motor vehicles listed in Exhibit A until the respective habitual violator determinations are terminated, as provided by Transportation Code §372.110.

Adopted by the Board of Directors of the Central Texas Regional Mobility Authority on the 13<sup>th</sup> day of December 2023.

Submitted and reviewed by:

James M. Bass  
Executive Director

**MEETING OF THE BOARD OF DIRECTORS  
OF THE  
CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY**

**RESOLUTION NO. 23-051**

**ACCEPT THE UNAUDITED FINANCIAL STATEMENTS FOR OCTOBER 2023**

WHEREAS, the Central Texas Regional Mobility Authority (Mobility Authority) is empowered to procure such goods and services as it deems necessary to assist with its operations and to study and develop potential transportation projects, and is responsible to insure accurate financial records are maintained using sound and acceptable financial practices; and

WHEREAS, close scrutiny of the Mobility Authority's expenditures for goods and services, including those related to project development, as well as close scrutiny of the Mobility Authority's financial condition and records is the responsibility of the Board and its designees through procedures the Board may implement from time to time; and

WHEREAS, the Board has adopted policies and procedures intended to provide strong fiscal oversight and which authorize the Executive Director, working with the Mobility Authority's Chief Financial Officer, to review invoices, approve disbursements, and prepare and maintain accurate financial records and reports; and

WHEREAS, the Executive Director, working with the Chief Financial Officer, has reviewed and authorized the disbursements necessary for the month of October 2023 and has caused financial statements to be prepared and attached to this resolution as Exhibit A.

NOW THEREFORE, BE IT RESOLVED, that the Board of Directors accepts the unaudited financial statements for October 2023 attached hereto as Exhibit A.

Adopted by the Board of Directors of the Central Texas Regional Mobility Authority on the 13<sup>th</sup> day of December 2023.

#### Definition of Weighted Average Maturity (1) & (2)

(1) This weighted average maturity calculation uses the SEC Rule 2a-7 definition for stated maturity for any floating rate instrument held in the portfolio to determine the weighted average maturity for the pool. This Rule specifies that a variable rate instruction to be paid in 397 calendar days or less shall be deemed to have a maturity equal to the period remaining until the next readjustment of the interest rate.  
(2) This weighted average maturity calculation uses the final maturity of any floating rate instruments held in the portfolio to calculate the weighted average maturity for the pool.

The maximum management fee authorized for the TexSTAR Cash Reserve Fund is 12 basis points. This fee may be waived in full or in part in the discretion of the TexSTAR co-administrators at any time as provided for in the TexSTAR Information Statement.

Notification of any early transaction deadlines on the day preceding or following this holiday will be sent out by email to the primary contact on file for all TexSTAR participants.

## ECONOMIC COMMENTARY

### Market review

Market events in October were overshadowed by the recent attacks in Israel and Gaza. These atrocities have resulted in a human tragedy for all the families affected, and they are in our prayers at this time. The response to these attacks was an initial rise in the dollar and a move higher in oil prices, however, the overall market movements at this stage as a result of the attacks were minor. Throughout this year, the U.S. economy has been navigating a narrow channel with inflation falling yet still above the Federal Reserve's 2% mandate on one side and the fear of inadvertently sliding into recession on the other. Despite the United States enduring over a year of significant interest rate increases aimed at curbing inflation, the job market and overall economic growth remain robust.

It is clear that the economy was much stronger in the third quarter than markets had feared earlier in the year. The U.S. economy grew at an impressive 4.9% annualized rate in the third quarter, a sharp acceleration compared to last quarter and the swiftest growth the United States has experienced in nearly two years. Many of the underlying details looked strong, as consumption, private inventories, single-family homebuilding and government spending all contributed to growth. Specifically, consumer strength has been one of the great surprises of 2023 with savings cushions still looking supportive even after the wave of pent-up spending last year. Recent comprehensive GDP revisions suggest that consumers still have a sizable excess savings cushion accumulated from government aid during the pandemic. Stronger than expected labor markets have gone hand in hand with stronger than expected GDP growth in 2023. The September Jobs report showed that the labor market remains resilient, with strong hiring momentum and a notable lack of upwards wage pressure.

## *ECONOMIC COMMENTARY (cont.)*

Non-farm payrolls rose by 336K, well above expectations of 170K, with upward revisions of 119K jobs to the prior two months. Job gains were widespread but most significant in the sectors that have had the hardest time finding workers, pointing to a continued normalization in the labor market. Average hourly earnings continued to fall on a year-over-year (y/y) basis down to 4.2%, despite strong job gains. The unemployment rate remained at 3.8% as modest labor force growth was matched with a gain in workers. In the September Job Openings and Labor Turnover Survey (JOLTS), job openings rose for the second straight month. While the ratio of job openings to unemployed workers has fallen from its highest point in early 2022 of 2.0, it has remained stagnant at the elevated level of 1.5 for the past four months. Overall, the data paints a picture of labor market strength.

The overall disinflationary trend that has taken hold in 2023 continued through the third quarter. The September CPI report was mostly in-line with expectations with core inflation continuing to show signs of moderation. Headline CPI rose by 0.4% m/m and 3.7% y/y, slightly hotter than expected, but significantly down from its peak of 8.9% in June 2022. Meanwhile, core CPI rose by 0.3% m/m and 4.1% y/y. In the details, elevated energy prices as well as shelter and transportation costs buffeted headline inflation, whereas lower goods prices allowed some easing in the core measure. Core services inflation ex-shelter also saw continued progress as it cooled to 3.4% y/y from its peak of 6.6% in September 2022, but it remains dominated by the soaring car insurance premiums this year. Similarly, headline and core PCE matched expectations, rising 3.4% and 3.7% y/y, respectively. On November 1st, as expected, the Federal Open Market Committee (FOMC) voted to leave the Federal funds rate unchanged at a target range of 5.25%-5.50%. The statement language was largely unchanged from September, though language around data was firmer. Recent economic activity was upgraded from “solid” to “strong,” and the pace of job gains improved from “slowed” to “moderated,” reflecting the strong 3Q GDP print and uptick in hiring in recent months. The statement maintained the language in “determining the extent of additional policy firming that may be appropriate,” allowing for some flexibility to tighten further. During the press conference, Chairman Powell’s speech remained more well balanced. Powell suggested that risks were now more two-sided, meaning the Federal Reserve (Fed) remains concerned about inflation. This opens the door to the scenario where inflation continues to come down without further hikes from the Fed. Powell emphasized the need to see a trend in the data to feel confident that the labor market is headed further into balance and inflation is continuing toward their 2% objective given the lags in monetary policy and the broader tightening in financial conditions. However, he made clear that the committee is not thinking about rate cuts, suggesting the “higher for longer” mantra remains intact.

Front-end Treasury yields inched up ever-so-slightly in October. Three-month and six-month Treasury bill yields rose by 2 bps each to 5.47% and 5.57%, respectively, while 12-month T-bill yields were unchanged at 5.46%. In contrast, longer-term Treasury yields rose more significantly, with Treasury yields beyond 7 years rising by more than 30 bps, as the Federal Reserve reiterated their plan to keep interest rates higher for longer.

### **Outlook**

In the beginning of 2023, many thought recession was on the horizon given the signals from a variety of historical leading economic indicators. Ten months into the year, the question we must consider is ‘Are we going to experience the elusive soft landing?’. In the place of forecasted GDP declines, we are seeing economic growth surge, and it appears that consumers and labor markets have been largely unaffected by the rapid pace of interest rate hikes. The risks to the overall economy are becoming more balanced, however, there are still clearly risks that need to be considered. Tightening lending standards and resumption of student loan payments may put pressure on the economy. Inflation has continued to cool from its peak in June 2022, however, shelter prices reversed direction in September. Some measures of employment have been trending weaker in 2023 such as voluntary quits and layoffs. Following a month of acrimony, the House of Representatives has a new Speaker. There is still a need to pass a budget or an extension to keep the government open past November 17th. The conflicts in the Middle East and Russia/Ukraine are still unfolding, with the risk that other countries could get drawn more directly into the conflicts with very serious consequences over and above a potential disruption to oil supplies.

*(continued page 5)*

*ECONOMIC COMMENTARY (cont.)*

Nevertheless, we continue to expect the U.S. economy to grow at a tempered pace going forward. While a reacceleration of growth and/or inflation could prompt another rate hike in either December or early next year, short-term bumpiness in a downward trending economy likely will keep the Fed on hold well into 2024. Additionally, as the Fed solidified their views for higher interest rates for longer in their latest FOMC meeting, we do not expect rate cuts to take place until the second half of next year. With risks remaining on the horizon, we still see a 50/50 chance of a mild recession starting by the end of 2024, and a greater chance of a recession in 2025 if one fails to materialize earlier.

**GENERAL MEETING OF THE BOARD OF DIRECTORS  
OF THE  
CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY**

**RESOLUTION NO. 23-052**

**APPROVING AMENDMENT NO. 1 TO THE CONTRACT WITH THE LANE  
CONSTRUCTION CORPORATION FOR CONSTRUCTION OF THE 183A PHASE III  
PROJECT TO INCENTIVIZE SUBSTANTIAL COMPLETION**

WHEREAS, the 183A Phase III Project consists of an approximately 6.6-mile extension of 183A north from Hero Way to north of SH 29 with two initial tolled lanes in each direction that will ultimately be widened to three-tolled lanes in each direction in the future; and

WHEREAS, by Resolution No. 20-063, dated September 30, 2020, the Board of Directors awarded a contract to The Lane Construction Corporation (the "Contract") for construction of the Project; and

WHEREAS, The Lane Construction Corporation has proposed a substantial completion incentive payment for providing the completed main lanes and ramps available for tolling prior to the original contractual deadline; and

WHEREAS, the Executive Director and The Lane Construction Corporation have negotiated Amendment No. 1 to the Contract to add an incentive payment of up to \$2,025,00 if the full incentive is achieved; and

WHEREAS, the Executive Director recommends that the Board of Directors approve Amendment No. 1 to the Contract in the form attached hereto as Exhibit A.

NOW THEREFORE, BE IT RESOLVED that the Board of Directors hereby approves Amendment No. 1 to the contract with The Lane Construction Corporation for the construction of the 183A Phase III Project and authorizes the Executive Director to finalize and execute Amendment No. 1 in the form or substantially the same form attached hereto as Exhibit A.

Adopted by the Board of Directors of the Central Texas Regional Mobility Authority on the 13<sup>th</sup> day of December 2023.

183A EXTENSION - PHASE III  
CONSTRUCTION PROJECT

CONTRACT NO. 19183A24601C

EXTENSION OF A TOLLWAY FACILITY AND ADDITION OF SHARED USE PATH

\*\*\*\*\*

CONTRACT AGREEMENT  
AMENDMENT No. 1

This Amendment to Contract No. 19183A24601C (the “Contract”) is made and entered into to be effective as of \_\_\_\_\_, 2023, between the Central Texas Regional Mobility Authority, 3300 N. I-35, Suite 300, Austin, Texas, 78705, hereinafter called the “Authority” and The Lane Construction Corporation or his, its or their successors, executors, administrators and assigns, hereinafter called the Contractor.

In consideration of the Authority’s acceptance of the covenants and agreements set forth herein, the undersigned parties hereby agree as follows:

- a. General Notes, Item 8 – Prosecution and Progress is amended as attached.
- b. Pay Item “Substantial Completion Incentive Payment” to be added to the Contract at a rate of \$45,000.00 per calendar day. Substantial Completion Incentive Payment item will only be invoiced by and paid to the Contractor in accordance with the terms of the General Notes, Item 8 – Prosecution and Progress, as attached.
- c. Special Provision to Item 4 – Scope of Work is amended as attached.
- d. Effect of Amendment on the Contract – Except as such terms are specifically modified by this Amendment, all terms and conditions of the Contract shall continue in full force and effect.
- e. Counterparts – This Amendment may be executed in two or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.
- f. Entire Agreement – This Amendment constitutes the entire and exclusive agreement between the Parties relating to the specific matters covered herein. All prior or contemporaneous oral or written agreements, understandings, representations and/or practices relative to the foregoing are hereby superseded, revoked and rendered ineffective for any purpose.

- g. Texas Law – This Amendment shall be governed and construed in accordance with the laws of the State without regard to conflict of law principles.

IN WITNESS WHEREOF, the parties hereto have duly executed this Amendment the day and year written above.

### **ITEM 8 – PROSECUTION AND PROGRESS**

Working Days will be charged based on a Five-Day Workweek.

Work is allowed to be performed during the nighttime, with prior approval, per Article 8.3.

Electronic versions of schedules will be saved in native format and delivered in both native and PDF formats.

A CPM schedule in Primavera format and a PSSR is required. Use software fully compatible with Primavera P6. The work performed and in accordance to the schedule requirement will be paid for at a price of \$10,000 for the baseline schedule once it is accepted by the Engineer. An additional \$2,500 will be paid monthly for 41 months, or until Final Acceptance is achieved, whichever occurs first, on all subsequent monthly schedules once they are accepted by the Engineer. The quantity paid under this Item will not exceed the total quantity of 41 months except as modified by Change Order. Contractor will be in noncompliance with this work if the Contractor fails to provide an accepted schedule according to contract requirements within the time frame established by the Engineer. No payment will be made for the month(s) in question and the total final payment will be reduced by the number of month(s) the Contractor was in noncompliance. The remaining unpaid months of schedules less non-compliance months will be paid on final acceptance of the project, if all work is complete and accepted in accordance with Standard Specifications Article 5.12, "Final Acceptance."

Provide via email a current-week plus a 3-week look-ahead schedule in Gantt chart format. Submit weekly prior to the project meeting or by noon on Friday, whichever comes first. Designate each activity as night or day shift and include the name of the foreman or contractor. The chart shall have a specific section dedicated solely to lane closures and detours. Each lane closure and detour shall be an individual item on the schedule.

Maintain a Project Fact Sheet to be reviewed and distributed by the Mobility Authority. Update the fact sheet monthly and submit via email to the Engineer by 10th day of each month. Include a supplemental sheet with pictures of previous month's major items and description of the work shown in the picture. The fact sheet template will be provided by the Mobility Authority.

Segment 3 work shall be completed within 344 working days of the issuance of Segment 3 Notice to Proceed (NTP-S3). Segment 3 work shall be considered complete when all work requiring lane or shoulder closures or obstructions is completed, pavement construction, resurfacing, traffic control devices, and pavement markings are in their final position, and traffic is utilizing the lane arrangement as shown on the plans for the finished roadway. For completion of Segment 3 in

excess of 344 working days from NTP-S3, there will be disincentives assessed at \$12,000 per calendar day. The Contractor will be assessed disincentives if completion of Segment 3 is not achieved within 344 working days from NTP-S3 for any reason other than, prior to 344 working days from NTP-S3, a change order is issued to add working days or working days are suspended under article 8.4. There is no cap on the number of days for the disincentive assessment.

For the Project Substantial Completion Milestone, the Contractor will have 818 days from NTP to have the entire project open to traffic. For every day in excess of 818 days, there will be Liquidated Damages assessed at \$51,000 per day. There is no cap on the number of days for this assessment. There will be an Incentive payment for opening to traffic sooner than 818 days, paid to the Contractor at \$45,000 per calendar day, not to exceed 45 total calendar days. For any incentive payment earned, 66% of the total incentive earned will be released upon Mobility Authority’s issuance of Substantial Completion and the remaining 34% released upon Mobility Authority’s issuance of Final Acceptance. The Mobility Authority may withhold all or a portion of the remaining 34% to offset any Liquidated Damages incurred by the Contractor. Substantial Completion shall be as defined in Special Provision 001-001-RMA.

For attaining Final Acceptance, the Contractor will have 881 days from NTP. For every day in excess of 881 days, there will be Liquidated Damages assessed at \$9,000 per day. There is no cap on the number of days for this assessment.

**Lane Closure Assessment**

Rates for lane closures will be assessed as shown in the **Table 1** below. Unallowable lane closures during specific timeframes will be assessed based on these fees on an hourly basis. For Lane Closure Assessments, the hour will be broken into four 15-minute periods, rounded up to the nearest 15-minute period. These assessments apply to late closure pickup as well.

For example: If the contractor has one southbound lane of traffic closed on US 183 until Monday at 5:32 a.m., the contractor is 32 minutes outside of the allowable lane closure period. Refer to Item 502 for Allowable Lane Closure Times. The late charges will be accrued as follows:

$$1 \text{ lane closed} \times [\$7,500 + \$7,500 + \$7,500] = \$22,500$$

Emergency lane closures are not subject to lane closure charge assessments. Emergency lane closures are defined as closures caused by circumstances other than those caused by the contractor and shall be approved by the authority.

## Special Provision to Item 4

### Scope of Work

---

Item 4, "Scope of Work," of the Standard Specifications, is amended with respect to the clauses cited below. No other clauses or requirements of this Item are waived or changed.

**Article 4.4., "Changes in the Work,"** Delete the following paragraph:

"If the changes in quantities or the alternations do not significantly change the character of the work under the Contract, the altered work will be paid for at the Contract unit price. If the changes in quantities or the alterations significantly change the character of the work, the Contract will be amended by a change order. If no unit price exists, this will be considered extra work and the Contract will be amended by a change order. Provide cost justification as requested, in an acceptable format. Payment will not be made for anticipated profits on work that is eliminated."

and replace with the following:

"The Engineer may require deviations to the Work through a written directive. Payment for the deviations and quantity overruns will be made through the Contingency Allowance. Deviations and quantity overruns will be paid for at the unit prices submitted at the bidding stage. Deviations requiring new unit prices will be negotiated and made through the Contingency Allowance.

Upon completion of the Work, the total contract value will be adjusted to provide for the difference, if any, between the total amount of expenditures from the Contingency Allowance and the original amount of the Contingency Allowance. The Contractor is not entitled to all or any part of an unexpended balance of the Contingency Allowance.

When changes are made that do not fall under the Contingency Allowance, the Contract will be amended by a Change Order. Provide cost justification as requested, in an acceptable format. Payment will not be made for anticipated profits on work that is eliminated."

**Article 4.6., "Requests for Additional Compensation and Damages,"** is supplemented by the following:

"Contractor shall not be eligible for Change Order(s) for additional compensation for additional costs, including costs for developing and executing a Recovery Schedule(s), and delay and disruption damages, or additional Days incurred directly or indirectly from the virus known as severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2) and the disease known as COVID-19, including any disruptions to, and delays or interruptions in, construction of the Project in accordance with the Contract and any approved Baseline Schedule."

"Release and Waiver of Claims:

Contractor represents and agrees that all PCO Notices, Contractor-Requested Change Orders, potential disputes or claims known to Contractor as of execution of this Amendment No. 1 are stated in Exhibit A to this Amendment No. 1. Contractor further warrants that, to the best of its knowledge, no other known changes or potential claims for either time or compensation exist. Except for the items specifically listed in Exhibit A, Contractor hereby waives any and all claims against the Mobility Authority (including, without limitation any and all claims for additional time and/or additional compensation) based on any fact or circumstance known or that could have been known as of the effective date of this Amendment No. 1."
