

**GENERAL MEETING OF THE BOARD OF DIRECTORS  
OF THE  
CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY**

**RESOLUTION NO. 24-028**

**PROHIBITING THE OPERATION OF CERTAIN MOTOR VEHICLES  
ON MOBILITY AUTHORITY TOLL FACILITIES PURSUANT TO  
THE HABITUAL VIOLATOR PROGRAM**

WHEREAS, Transportation Code, Chapter 372, Subchapter C, authorizes toll project entities, including the Central Texas Regional Mobility Authority (Mobility Authority), to exercise various remedies against certain motorists with unpaid toll violations; and

WHEREAS, Transportation Code §372.106 provides that a “habitual violator” is a registered owner of a vehicle who a toll project entity determines:

- (1) was issued at least two written notices of nonpayment that contained:
  - (A) in the aggregate, 100 or more events of nonpayment within a period of one year, not including events of nonpayment for which: (i) the registered owner has provided to the toll project entity information establishing that the vehicle was subject to a lease at the time of nonpayment, as provided by applicable toll project entity law; or (ii) a defense of theft at the time of the nonpayment has been established as provided by applicable toll project entity law; and
  - (B) a warning that the failure to pay the amounts specified in the notices may result in the toll project entity’s exercise of habitual violator remedies; and
- (2) has not paid in full the total amount due for tolls and administrative fees under those notices; and

WHEREAS, the Mobility Authority previously determined that the individuals listed in Exhibit A are habitual violators, and these determinations are now considered final in accordance with Transportation Code, Chapter 372, Subchapter C; and

WHEREAS, Transportation Code §372.109 provides that a final determination that a person is a habitual violator remains in effect until (1) the total amount due for the person’s tolls and administrative fees is paid; or (2) the toll project entity, in its sole discretion, determines that the amount has been otherwise addressed; and

WHEREAS, Transportation Code §372.110 provides that a toll project entity, by order of its governing body, may prohibit the operation of a motor vehicle on a toll project of the entity if:

- (1) the registered owner of the vehicle has been finally determined to be a habitual violator; and

(2) the toll project entity has provided notice of the prohibition order to the registered owner; and

WHEREAS, the Executive Director recommends that the Board prohibit the operation of the motor vehicles listed in Exhibit A on the Mobility Authority's toll roads, including (1) 183A Toll; (2) 290 Toll; (3) 71 Toll; (4) MoPac Express Lanes; (5) 45SW Toll; and (6) 183 Toll.

NOW THEREFORE, BE IT RESOLVED that the motor vehicles listed in Exhibit A are prohibited from operation on the Mobility Authority's toll roads, effective June 26, 2024; and

BE IT FURTHER RESOLVED that the Mobility Authority shall provide notice of this resolution to the individuals listed in Exhibit A, as required by Transportation Code §372.110; and

BE IT IS FURTHER RESOLVED that the prohibition shall remain in effect for the motor vehicles listed in Exhibit A until the respective habitual violator determinations are terminated, as provided by Transportation Code §372.110.

Adopted by the Board of Directors of the Central Texas Regional Mobility Authority on the 26<sup>th</sup> day of June 2024.

Submitted and reviewed by:

James M. Bass  
Executive Director

Approved:

Robert W. Jenkins, Jr.  
Chairman, Board of Directors

**MEETING OF THE BOARD OF DIRECTORS  
OF THE  
CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY**

**RESOLUTION NO. 24-029**

**ACCEPT THE FINANCIAL STATEMENTS FOR MAY 2024**

WHEREAS, the Central Texas Regional Mobility Authority (Mobility Authority) is empowered to procure such goods and services as it deems necessary to assist with its operations and to study and develop potential transportation projects, and is responsible to insure accurate financial records are maintained using sound and acceptable financial practices; and

WHEREAS, close scrutiny of the Mobility Authority's expenditures for goods and services, including those related to project development, as well as close scrutiny of the Mobility Authority's financial condition and records is the responsibility of the Board and its designees through procedures the Board may implement from time to time; and

WHEREAS, the Board has adopted policies and procedures intended to provide strong fiscal oversight and which authorize the Executive Director, working with the Mobility Authority's Chief Financial Officer, to review invoices, approve disbursements, and prepare and maintain accurate financial records and reports; and

WHEREAS, the Executive Director, working with the Chief Financial Officer, reviewed and authorized the disbursements necessary for May 2024 and caused financial statements to be prepared and attached to this resolution as Exhibit A.

NOW THEREFORE, BE IT RESOLVED, that the Board of Directors accepts the financial statements for May 2024, attached hereto as Exhibit A.

Adopted by the Board of Directors of the Central Texas Regional Mobility Authority on the 26<sup>th</sup> day of June 2024.

Submitted and reviewed by:

  
\_\_\_\_\_  
James M. Bass  
Executive Director

Approved:

  
\_\_\_\_\_  
Robert W. Jenkins, Jr.  
Chairman, Board of Directors

**Central Texas Regional Mobility Authority**  
**Statement of Cash Flow**  
**as of May 2024**

**Cash flows from operating activities:**

Receipts from toll revenues	215,615,778
Receipts from other sources	433,179
Payments to vendors	(65,833,193)
Payments to employees	(6,141,510)
Net cash flows provided by (used in) operating activities	144,074,253

**Cash flows from capital and related financing activities:**

Payment on Intangible assets	(5,815,202)
Interest Expense	(77,349,849)
Issuance Expense	(3,478,621)
Payments on bonds / loans	(43,250,023)
RIF Contribution	(6,000,000)
Acquisition of capital assets - non project	(12,245,743)
Acquisitions of construction in progress	(103,319,246)
Net cash flows provided by (used in) capital and related financing activities	(251,458,684)

**Cash flows from investing activities:**

Interest income	44,457,058
Purchase of investments	(214,710,692)
Net cash flows provided by (used in) investing activities	(170,253,635)

Net increase (decrease) in cash and cash equivalents	(277,638,066)
Cash and cash equivalents at beginning of period	894,023,058
Cash and cash equivalents at end of period	616,384,993

**Reconciliation of change in net assets to net cash provided by operating activities:**

Operating income	74,617,464
Adjustments to reconcile change in net assets to net cash provided by operating activities:	
Depreciation and amortization	62,119,812
Changes in assets and liabilities:	
Decrease in accounts receivable	(2,790,098)
Increase in prepaid expenses and other assets	(174,811)
Decrease in accrued expenses	(19,047,915)
Decrease in Interest expense	73,070,876
Increase in interest receivable	(43,721,075)
Total adjustments	69,456,789
Net cash flows provided by (used in) operating activities	\$ 144,074,253

**Reconciliation of cash and cash equivalents:**

Unrestricted cash and cash equivalents	271,953,478
Restricted cash and cash equivalents	344,431,514
Total	616,384,993

Management Fee Collected	\$ 572,406.06
% of Portfolio Invested Beyond 1 Year	4.50%
Standard & Poor's Current Rating	AAAm

#### May Averages

Average Invested Balance	\$ 11,263,390,382.35
Average Monthly Yield, on a simple basis	5.3078%
Average Weighted Maturity (1)	37 Days
Average Weighted Life (2)	67 Days

#### Definition of Weighted Average Maturity (1) & (2)

(1) This weighted average maturity calculation uses the SEC Rule 2a-7 definition for stated maturity for any floating rate instrument held in the portfolio to determine the weighted average maturity for the pool. This Rule specifies that a variable rate instruction to be paid in 397 calendar days or less shall be deemed to have a maturity equal to the period remaining until the next readjustment of the interest rate.  
 (2) This weighted average maturity calculation uses the final maturity of any floating rate instruments held in the portfolio to calculate the weighted average maturity for the pool.

The maximum management fee authorized for the TexSTAR Cash Reserve Fund is 12 basis points. This fee may be waived in full or in part in the discretion of the TexSTAR co-administrators at any time as provided for in the TexSTAR Information Statement.

Rates reflect historical information and are not an indication of future performance.

### NEW PARTICIPANTS

We would like to welcome the following entities who joined the TexSTAR program in May:

- \* Atascocita Joint Operations Board
- \* City of Godley
- \* City of Pineland
- \* Presidio County
- \* West Sabine Independent School District
- \* City of White Settlement

### HOLIDAY REMINDER

In observance of **Juneteenth National Independence Day, TexSTAR will be closed on Wednesday, June 19, 2024.** All ACH transactions initiated on Tuesday, June 18th will settle on Thursday, June 20th. Please note that on Tuesday, June 18th, TexSTAR will close at its normal time.

In observance of **Independence Day, TexSTAR will be closed on Thursday, July 4, 2024.** All ACH transactions initiated on Wednesday, July 3rd will settle on Friday, July 5th. Notification of any early transaction deadlines on the business day preceding this holiday will be sent by email to the primary contact on file for all TexSTAR participants.

### ECONOMIC COMMENTARY

#### Market review

Weaker economic data in May contrasted with the picture of resilient U.S. growth so far this year. Following three consecutive months of unexpectedly hot inflation and strong employment figures, which sparked concerns that the Federal Reserve (Fed) may need to keep interest rates higher for longer, consumption, employment and inflation moderated, providing some much-needed relief in markets. Recent data suggested that growth is comfortably cooling from last year's robust pace. In the second revision, first quarter GDP growth was adjusted downward from an annual rate of 1.6% to 1.3%. Consumer spending rose by a downwardly revised 2.0% as spending on services more than offset a decline in goods spending, while the volatile trade and inventories components detracted from growth. However, real final sales to private domestic purchasers, which exclude these volatile segments, rose by a solid 2.8%. There were some signs that the consumer was losing momentum in April, with a 0.1% month-over-month (m/m) contraction in real personal spending, as personal income declined. The savings rate lingered well below pre-pandemic norms at 3.6% year-over-year (y/y), and consumers increasingly relied on credit cards for spending. Consumer confidence waned as the University of Michigan Consumer Sentiment Index in May declined to its lowest level in six months.

The April Jobs report was milder than expected and provided welcome assurance that the labor market is not adding to inflationary pressures. Nonfarm payrolls increased by 175,000, falling short of the expected 220,000, with a net downward revision of 22,000 for February and March.

## TEXSTAR VERSUS 90-DAY TREASURY BILL

This material is for information purposes only. This information does not represent an offer to buy or sell a security. The above rate information is obtained from sources that are believed to be reliable; however, its accuracy or completeness may be subject to change. The TexSTAR management fee may be waived in full or in part at the discretion of the TexSTAR co-administrators and the TexSTAR rate for the period shown reflects waiver of fees. This table represents historical investment performance/return to the customer, net of fees, and is not an indication of future performance. An investment in the security is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. Although the issuer seeks to preserve the value of an investment of \$1.00 per share, it is possible to lose money by investing in the security. Information about these and other program details are in the fund's Information Statement which should be read carefully before investing. The yield on the 90-Day Treasury Bill ("T-Bill Yield") is shown for comparative purposes only. When comparing the investment returns of the TexSTAR pool to the T-Bill Yield, you should know that the TexSTAR pool consists of allocations of specific diversified securities as detailed in the respective Information Statements. The T-Bill Yield is taken from Bloomberg Finance L.P. and represents the daily closing yield on the then current 90-Day T-Bill. The TexSTAR yield is calculated in accordance with regulations governing the registration of open-end management investment companies under the Investment Company Act of 1940 as promulgated from time to time by the federal Securities and Exchange Commission.

## ECONOMIC COMMENTARY (cont.)

In the household survey, the labor force was mostly unchanged, and the unemployment rate moved up slightly to 3.9%. Elsewhere, wage growth rose to 0.2% m/m and moderated to 3.9% y/y. This marks the softest y/y increase in wages since June 2021. In addition, labor demand continued to normalize as the Job Openings and Labor Turnover Survey indicated the number of job openings decreased from 8.49 million in March to 8.06 million in April bringing the ratio of job openings to unemployed back to pre-Covid levels.

The April CPI report showed a small but welcome moderation in inflation, prompting many Fed policy makers, including Chair Powell, to express that further rate hikes are unlikely. Headline CPI rose 0.3% m/m and 3.4% y/y, while the core measure rose 0.3% m/m and 3.6% y/y. Energy prices rose due to a 2.8% m/m increase in gasoline prices, which, along with a 0.4% m/m increase in shelter, contributed over 70% of this month's headline inflation number. Core goods disinflation continued, as lower vehicle prices offset higher apparel prices. Core services inflation, boosted by auto insurance, remained elevated, although its 3-month annualized run rate fell to 6.3%. Elsewhere, headline and core PCE both held steady at 2.7% and 2.8% y/y, respectively.

As expected, the Federal Open Market Committee (FOMC) kept the federal funds rate steady at 5.25%-5.50% at its May 1st meeting and announced a slower pace of quantitative tightening beginning in June. The meeting minutes, released later in the month, indicated that many participants remained uncertain about the degree of policy restrictiveness given stronger than expected inflation prints in the first quarter. The Committee remained data dependent and reiterated its need for further evidence that inflation is moving sustainably towards its 2% target in order to consider policy easing. As economic data normalized in May, Treasury yields declined out the curve. The three-month Treasury bill yield barely moved, ending the month modestly up 1 basis point (bp) at 5.41%. Longer Treasury yields declined more dramatically with one- and two-year Treasury yields falling 6 bps and 16 bps, to 5.18% and 4.87%, respectively.

## Outlook

Despite earlier fears about an overheating economy, recent data indicates that the economy is moving towards a soft-landing. Economic growth should continue to moderate from the heady pace in the second half of 2023. Two months into the second quarter, the Atlanta Fed GDPNow estimate for real GDP growth in Q2 is currently 1.8%, down from 2.7%. Given the concerns about a potential reacceleration of inflation in the first quarter, the Fed remains data dependent and will likely need to see a few more months of cooler inflation prints to gain confidence inflation is moving sustainably toward 2%. Overall, the labor market continues to show healthy job growth without renewing concerns about inflation. As the Fed remains on pause, easing pressure from shelter and auto insurance should allow inflation to slowly descend through the summer. We now believe there may be only one rate cut this year, most likely after the presidential election.

**GENERAL MEETING OF THE BOARD OF DIRECTORS  
OF THE  
CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY**

**RESOLUTION NO. 24-030**

**AWARDING CONTRACTS TO FIRMS QUALIFIED TO PERFORM  
TRAFFIC AND REVENUE ENGINEERING SERVICES**

WHEREAS, the Central Texas Regional Mobility Authority (Mobility Authority) has an ongoing need for traffic and revenue engineering services on its existing toll projects and to develop new toll projects; and

WHEREAS, in order to ensure the Mobility Authority has access to professional traffic and revenue engineering services, the Executive Director issued a Request for Qualifications (RFQ) for traffic and revenue engineering services on May 15, 2024; and

WHEREAS, the Mobility Authority received timely responses to the RFQ from C&M Associates, Inc. (C&M), CDM Smith Inc. (CDM smith) and Stantec Consulting Services, Inc. (Stantec); and

WHEREAS, an Evaluation Committee comprised of the Mobility Authority's Chief Financial Officer, Controller, Director of Operations, and an outside financial adviser evaluated the responses based on the criteria set forth in the RFQ and recommended that the Mobility Authority should attempt to negotiate agreements with all three of the responding firms; and

WHEREAS, after reviewing the recommendation of the Evaluation Committee, the Executive Director requests that the Board to authorize him to negotiate separate contracts for traffic and revenue engineering services with C&M, CDM Smith and Stantec; and

NOW THEREFORE, BE IT RESOLVED that the Board hereby authorizes the Executive Director to negotiate separate contracts for traffic and revenue engineering services with C&M Associates Inc., CDM Smith Inc., and Stantec Consulting Services, Inc.; and

BE IT FURTHER RESOLVED that once each agreement is reached, the Executive Director shall present that proposed contract to the Board for its approval.

Adopted by the Board of Directors of the Central Texas Regional Mobility Authority on the 26<sup>th</sup> day of June 2024.

**GENERAL MEETING OF THE BOARD OF DIRECTORS  
OF THE  
CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY**

**RESOLUTION NO. 24-031**

**ADOPT THE FY 2025 CAPITAL PLAN**

WHEREAS, the Central Texas Regional Mobility Authority (“CTRMA”) was created pursuant to the request of Travis and Williamson Counties and in accordance with provisions of the Transportation Code and the petition and approval process established in 43 Tex. Admin. Code § 26.01, *et. seq.* (the “RMA Rules”); and

WHEREAS, pursuant to Texas Transportation Code Section 370.261 and CTRMA Policy Code Section 101.013(a), each even numbered year the Central Texas Regional Mobility Authority is required to prepare a Strategic Plan covering its next five fiscal years; and

WHEREAS, by Resolution No. 22-042, dated September 28, 2022, the board adopted the 2022 Mobility Authority Strategic Plan; and

WHEREAS, an outcome of the adopted 2022 Mobility Authority Strategic Plan includes the development of a Five Year Capital Plan to inform the Board and staff on decision making for investments in the Mobility Authority System roadways, facilities, and the MoPac managed lanes (the FY 2025 Capital Plan); and

WHEREAS, the FY 2025 Capital Plan is being prepared in concurrence with the Mobility Authority’s annual operating budget preparation phase; and

WHEREAS, the Executive Director recommends the board approve the proposed FY 2025 Capital Plan, a copy of which is attached hereto as Exhibit A.

NOW THEREFORE, BE IT RESOLVED that the Board hereby approves and adopts the proposed FY 2025 Capital Plan in the form attached hereto as Exhibit A.

Adopted by the Board of Directors of the Central Texas Regional Mobility Authority on the 26<sup>th</sup> day of June 2024.

# CENTRAL TEXAS ROADWAY SYSTEM MAP

## INTRODUCTION

The Central Texas Regional Mobility Authority (CTRMA or Mobility Authority) was established by Travis and Williamson Counties in 2002 as the state's first regional mobility authority. The agency operates under Chapter 370, Regional Mobility Authorities, of the Texas Transportation Code, representing the Texas Legislature's vision to allow local communities greater flexibility in meeting their transportation needs. Our mission is to develop, deliver, operate, and maintain safe, high-quality roadways and related transportation solutions.

The Central Texas Regional Mobility Authority Five-Year Capital Plan (CTRMA Capital Plan) is developed to plan for the maintenance, renewal, improvement and/or replacement of capital assets. The CTRMA System (System) facilities are the 183A Turnpike Project (Phases I, II and III); the 290E Project (Phases I, II and III); the 183 South Project; the SH 71 Express Project, the 183 North Mobility Project and the SH 45 Southwest Project. The 183A Turnpike Project (Phases I and II), the 290E Project (Phases I, II and III), the 183 South Project, the SH 71 Express Project and the SH 45 Southwest Project are all currently in operation. Both the 183A Phase III Project and the 183 North Mobility Project are under construction. The CTRMA operates and maintains the MoPac Express Lanes (MoPac) currently in operation. However, MoPac is not part of the System.

The CTRMA Capital Plan includes current year estimated expenditures approved through the annual budget process and estimates for the four subsequent years to be used as a tool for planning purposes only. The subsequent years are re-evaluated, updated and/or extended as part of the annual budget process, subject to the prevailing priorities of the Board and fiscal constraints. As a multi-year planning tool, the CTRMA Capital Plan is comprised of projects continued from previous years, projects being initiated in the current year, and those with the potential to be pursued within the next five years.

The CTRMA Capital Plan is adopted annually by the CTRMA Board of Directors as a planning tool to provide a perspective on prospective capital requirements going forward. Only the projects identified in the first year of the capital plan have been formally approved and funded by the Board action through the annual budget process. The projects in the subsequent four years of the CTRMA Capital Plan and projected expenditures are subject to future deliberation by the Board and do not constitute a commitment by the Mobility Authority to approve or fund such projects.

## THE CTRMA STRATEGIC PLAN

The CTRMA Strategic Plan (see graphic below) serves as the guiding document in the operation of the CTRMA, providing a roadmap to help assure alignment with our mission to “implement innovative, multi-modal transportation solutions that reduce congestion and create transportation choices that enhance quality of life and economic vitality.”

## OVERVIEW OF CAPITAL PLANNING PROCESS

As represented on the prior page, the Board’s strategic values and goals are the guidance for decision making, for both operational and capital needs, to allocate limited resources to accomplish the Authority’s objectives. In conjunction with the annual budgeting process, capital planning starts with an internal prioritization of needs by the departments, ranking requests in three categories:

1. Absolutely essential to maintain the integrity of the enterprise,
2. Enhancements that would facilitate operations, processes, and/or driver satisfaction, and
3. Improvements that would yield future benefits if affordable (not a critical need now).

Capital requests are then presented and discussed during annual budget deliberations between the department directors, administration, and finance department. Funding parameters are established, and recommendations formulated within those constraints and in conjunction with the workplans of the departments. Funding for the projects recommended in the first year of the capital plan is allocated in the proposed budget that is presented to the Board for their consideration. The first-year recommended projects of the five-year capital plan constitute the capital budget for the upcoming fiscal year.

The five-year capital plan is considered for adoption by the Board typically at the same time as the operating budget. The capital planning process commences in the spring of each year, usually March, when project additions, deletions, reprioritization, and deferral decisions and recommendations are again deliberated upon to start the cycle.

## DESCRIPTION OF CATEGORIES

Capital Additions – new projects or equipment not currently a component of the System or MoPac

Renewal and Replacement – projects that will refurbish or replace existing System or MoPac capital components

Capital Improvement Projects – major new construction of roadways

## FUNDING SOURCES

The primary funding source for projects in the annual capital budget are net revenues remaining after the payment of operating and maintenance expenses, debt service payments, and any reserves required for payment of debt service. Net revenues are deposited monthly into the Authority's General Fund and capital projects are then expensed from the General Fund or the Renewal and Replacement Fund, depending on their classification.

For capital improvement projects, which are typically the major roadway construction projects, funding is typically provided through capital markets financing in the form of long-term municipal bonds and short-term notes. Once the project is complete and the short-term note proceeds have been expended, upon maturity of the notes, long-term financing for some roadways is provided through U.S. Department of Transportation (USDOT) loans via the Transportation Infrastructure Finance and Innovation Act (TIFIA) loan program. Projects in this category may also be financed by the Authority's General Fund.

# ADMINISTRATION

## ADMINISTRATION

The primary role of the Administration Department is to manage the agency, its departments, programs, and projects in alignment with the Strategic Plan. The Agency's mobility innovation efforts and general support for the Board of Directors is also included in this Department.

With the complexity of the Mobility Authority's roadway toll and technology systems, it is imperative that the toll and roadway systems have the capacity to effectively support both our existing and future facilities. Significant effort will be focused on the modernization of the toll and roadway technology systems and to deploy innovative mobility technologies. This is all part of an ongoing effort to maximize the safety and efficiency of our roadways using technology, to find new ways to communicate with our customers and key stakeholders, and to provide timely and relevant information needed for customers to make effective travel decisions.

### Strategic Goals

- Maintain and enhance our strategic partnerships to advance the common goals we share with our regional partner agencies
- Build, operate and maintain toll and non-toll roads that reduce congestion and connect our region in innovative and safe ways
- Make targeted investments in other transportation solutions that connect to our system and enhance quality of life

# OPERATIONS

## OPERATIONS

The Operations Department supports the Mobility Authority's regional mobility, economic vitality, sustainability, and innovation strategic goals. The Operations Department is responsible for all aspects of revenue collection, customer service and traffic & incident management. The Operations Department serves its internal and external customers through the provision of the following core services:

- Customer Care. Ensure a quality experience for the Mobility Authority's customers. Solve complex customer service issues. Implement efficient solutions that promote self-service and increase efficiency.
- Toll Collection. Oversee the daily operation of collecting toll revenue. Monitor transaction reconciliation revenue metrics. Identify and implement opportunities for collecting revenue earlier and more often.
- Traffic & Incident Management. Coordinate the resources of partner agencies and private sector companies to detect, respond to, and clear traffic incidents as well as debris removal as quickly as possible to reduce the impacts of incidents on safety and congestion.
- Traveler Communication. Alert approaching vehicles to problem areas by updating social media and on road messaging tools to better inform drivers. Provide information regarding alternate routes for vehicles, alleviating the effects of bottlenecks or incidents.
- Violation Enforcement. Oversee the Mobility Authority's violation enforcement program to mitigate revenue leakage and protect our stakeholder's investment.

To tackle the challenges of decreasing instances of non-payment, ensuring a high-quality customer experience, and improving travel on our tolled facilities, a multifaceted approach is essential. Implementing advanced technologies and processes that ensure payment equity and mitigate violations can significantly reduce and shift the region's perspective on the non-payment of tolls. Enhancing customer experience involves providing user-friendly interfaces for payment and responsive customer service channels. Moreover, investing in regional data sharing and communication initiatives and expanding roadside assistance ensures the safety of both customers and staff. By integrating these strategies, the Authority can effectively mitigate non-payment instances, elevate customer satisfaction, and assist customers in navigating travel.

### Strategic Goals

- Make targeted investments in other transportation solutions that connect to our system and enhance quality of life
- Implement financial strategy and policies that prioritize long-term system health and growth, a decreased reliance on debt, and good financial stewardship
- Maintain and enhance our strategic partnerships to advance the common goals we share with our regional partner agencies

<b>Project ID:</b>	33	<b>Budget Fiscal Year (FY):</b>	2028
<b>Project Title:</b>	Roadway Traveler Communications - 183A Phase I & II Dynamic Message Signs	<b>Roadway Impacted:</b>	183A
<b>Fund:</b>	General	<b>Total Project Cost:</b>	\$ 1,900,000.00
<b>Department:</b>	Operations		

**Description:** Installation of front-access, color, full-matrix dynamic message signs (DMS) along the 183A corridor to enable the Mobility Authority to disseminate real-time information related to traffic and roadway conditions (e.g., weather, queues, incidents, detours, work zones) to improve mobility and safety. The project will include new cantilevered structures, displays, cabinet assemblies, power services (120/240V), conduit, ground boxes, and ancillary infrastructure for a complete installation. Small-form verification cameras will be installed using wide-angle lenses providing operational staff the ability to remotely verify current messages in real-time.

**Strategic Plan Alignment:** Safety, Reliability, Innovation, Service

**Project Forecast**

<b>Year (FY)</b>	<b>Forecast</b>

<b>Project ID:</b>	36	<b>Budget Fiscal Year (FY):</b>	2027
<b>Project Title:</b>	Safety Technology - Lane Violation Detection - MoPac MNLN	<b>Roadway Impacted:</b>	MOPAC MNLN
<b>Fund:</b>	MoPac General	<b>Total Project Cost:</b>	\$ 950,000.00
<b>Department:</b>	Operations		

**Description:** Installation of integrated systems to detect illegal “lane diving” maneuvers into and out of the express lanes along the MoPac Expressway and 183N corridors allowing the Mobility Authority to better identify, quantify, prohibit, and enforce these events. The integrated system will include multiple fixed CCTV cameras equipped with embedded video analytics, as well as an edge-compute processor and networking equipment to identify “lane diving” events and trigger the appropriate response (e.g., notify operational staff, collect license plate information). Installation of lane violation detection systems will leverage existing overhead gantries and sign bridges, while the project includes new cabinet assemblies, power services, conduit, ground boxes, and ancillary infrastructure necessary for a complete installation.

<b>Fund:</b>	General	<b>Total Project Cost:</b>	\$ 1,015,000.00
<b>Department:</b>	Operations		

**Description:** A video wall is a unique multi-monitor configuration made up of numerous computer monitors, video projectors, or television sets that have been tiled or layered together to create one big screen. A video wall can display various content on each monitor or it can function as one unified huge display. The majority of video walls use LED technology for individual screens, with LCD monitors, tiles, and cubes following suit. The video wall supports the TIM Center operations allowing staff to have a full view of CTRMA's roadways to manage traffic and respond to incidents as needed.

**Strategic Plan Alignment:** Innovation

**Project Forecast**

<u>Year (FY)</u>	<u>Forecast</u>
Carryover	\$ -
2025	\$ 1,015,000.00
2026	\$ -
2027	\$ -
2028	\$ -
2029	\$ -
	<u>\$ 1,015,000.00</u>

<b>Project ID:</b>	229	<b>Budget Fiscal Year (FY):</b>	2025
<b>Project Title:</b>	TIM Center Furniture, Fixtures, and Equipment (FFE)	<b>Roadway Impacted:</b>	SYSTEM
<b>Fund:</b>	General	<b>Total Project Cost:</b>	\$ 574,000.00
<b>Department:</b>	Operations		

**Description:** Replacement FFE for the renovated or relocated TIM Center.

**Strategic Plan Alignment:** Stewardship

**Project Forecast**

<u>Year (FY)</u>	<u>Forecast</u>
Carryover	\$ -
2025	\$ 574,000.00
2026	\$ -
2027	\$ -
2028	\$ -
2029	\$ -
	<u>\$ 574,000.00</u>

<u>Impact to Future Operating Budget (Y/N)</u>	<u>FTE Needed (Y/N)</u>
No	No

**Project Detail**

<b>Project ID:</b>	232	<b>Budget Fiscal Year (FY):</b>	2025
<b>Project Title:</b>	CTRMA Co-location Buildout	<b>Roadway Impacted:</b>	SYSTEM
<b>Fund:</b>	General	<b>Total Project Cost:</b>	\$ 75,000.00
<b>Department:</b>	Operations		

**Description:** To better serve their mutual customers, the Texas Department of Transportation (TxDOT) and the Mobility Authority have co-located staff at the TxTag Customer Service Center (CSC) to provide walk-up services allowing customers the opportunity to resolve their CTRMA Pay By Mail bills at no additional cost. The project reimburses TxDOT for the buildout of payment windows at an undetermined location; however, the space is expected to include tempered glass service windows with two-way speakers, a commercial door with push bar panic device lock, desk areas, and a security badge reader.

**Strategic Plan Alignment:** Stewardship, Service

**Project Forecast**

<u>Year (FY)</u>	<u>Forecast</u>
Carryover	\$ -
2025	\$ 75,000.00
2026	\$ -
2027	\$ -
2028	\$ -
2029	\$ -
	<u>\$ 75,000.00</u>

**Project Detail**

<b>Project ID:</b>	241	<b>Budget Fiscal Year (FY):</b>	2026-2027
<b>Project Title:</b>	Toll Violation Mitigation - Automated License Plate Reader (ALPR) Technology	<b>Roadway Impacted:</b>	SYSTEM
<b>Fund:</b>	General	<b>Total Project Cost:</b>	\$ 375,000.00
<b>Department:</b>	Operations		

**Description:** Installation of Automated License Plate Reader (ALPR) sensors on existing mainline tolling gantries—one per lane and instrumented shoulders. The system will allow the Mobility Authority to identify toll violators using the new technology, as well as capture real-time data about corridor utilization, traffic volumes, and more. This project will require the installation of new cabinet assemblies, electrical power services, fiber optic communication drops, and underground infrastructure for a complete installation. To the greatest extent possible, the existing infrastructure—including conduit duct bank, junction boxes, fiber optic backhaul communications—will be re-utilized.

**Strategic Plan Alignment:** Stewardship, Service

**Project Forecast**

<u>Year (FY)</u>		<u>Forecast</u>
Carryover	\$	-
2025	\$	-

<b>Project Title:</b>	TIM Center Building Improvements	<b>Roadway Impacted:</b>	SYSTEM
<b>Fund:</b>	General	<b>Total Project Cost:</b>	\$ 1,000,000.00
<b>Department:</b>	Operations		

**Description:** If the TIM Center is relocated to the new CTRMA headquarters, minor repairs must be made to the existing building to maintain this valuable asset. Improvements include weather and sound-proofing the current Kapsch and CTRMA maintenance offices; upgrading the ventilation system in the men's restroom; replacing the fixtures in both restrooms; adding shower facilities to support staff working emergency events; and converting the current Operations Ctr to a multi-purpose training/conference room. A fence surrounding the property may also be added to protect CTRMA maintenance vehicles.

**Strategic Plan Alignment:** Stewardship

**Project Forecast**

<u>Year (FY)</u>	<u>Forecast</u>
Carryover	\$ -
2025	\$ 300,000.00
2026	\$ 700,000.00

# INFORMATION TECHNOLOGY

## INFORMATION TECHNOLOGY

The IT Department is responsible for maintaining the integrity of the agency's toll system, supporting revenue collection activities, and safeguarding the agency's internal and communication network. The IT Department also supports the agency's emerging technology efforts by lending technical expertise and implementing approved initiatives.

The core services provided by the Information Technology Department in support of its internal and external customers are outlined below:

- Information Technology (IT) Ensure the integrity of the Mobility Authority's computers, storage, network and other physical devices, infrastructure and processes used to create, process, store, secure and exchange all forms of electronic data.
- Intelligent Transportation Systems (ITS) Deploy various ITS technologies on Authority roads to detect, manage and report on roadway incidents. ITS technologies also assist in improving safety and the customer experience for our roadways through early detection and notification to public safety agencies.
- Toll Systems Oversee daily operation of the electronic toll collection systems operations. Monitor system performance and transaction reconciliation. Oversee system maintenance to ensure accuracy and dependability. Manage new toll collection system installation while maintaining current operational metrics.
- Transaction Processing. Manage the workflows associated with transaction processing, product management, discount management, billing management and product pricing. Ensure that transactions process in a predictable, consistent manner in compliance with the mobility authority's business rules and within compliance with national interoperability requirements. Monitor the data exchange operations support functions. Manage the Transaction Operations Management Solution (TOMS). Oversee reporting and analytics processes.

The IT Department will continue to set a solid foundation for the Mobility Authority's future. These efforts include continued operation of the Data Platform System, the integration point for all transaction processing and data analytics; managing the replacement of the Authority's aging toll systems; upgrading the agency's communication infrastructure; developing a new traffic management center and supporting regional and national interoperability efforts.

### Strategic Goals

- Deliver on Commitments to our Customers and our Investors, Explore Efforts that Extend Beyond Roadways, Explore Transformative Technology and Adopt Industry Best Practices
- Employ a Collaborative Approach to Implementing Mobility Solutions, Deliver Responsible Mobility Solutions that Respect the Communities We Serve, Deliver on Commitments to our Customers and our Investors

## Five-Year Capital Plan IT Projects by Rank

### Priority Rank #1

Project Title	Total Project Cost	Carryover	2025	2026	2027	2028	2029

<b>Project ID:</b>	215	<b>Budget Fiscal Year (FY):</b>	2025
<b>Project Title:</b>	TIM Center Video Management Software	<b>Roadway Impacted:</b>	SYSTEM
<b>Fund:</b>	General	<b>Total Project Cost:</b>	\$ 596,600.00
<b>Department:</b>	IT		

**Description:** Video wall management software provides a user interface to control or manage your displays, video processors, connected system devices, and source content. The software enables a complete operational overview of critical information, including traffic cameras, data from sensors or other monitoring systems so that they can be displayed and shared anywhere, from the video wall to operator desktops or conference room monitors. The software can also facilitate inter-agency cooperation and coordinate incident response. The result is quicker incident response and resolution, improved performance and a better experience for motorists.

**Strategic Plan Alignment:** Innovation

**ENGINEERING**

## ENGINEERING

The role of the Engineering Department is to plan, develop, construct, and maintain major capital improvement projects in Williamson and Travis counties (from initial concept through final construction acceptance and into long term operations and maintenance).

The Engineering Department works extensively internally and externally to develop projects for the agency and region. These efforts include:

- **Project Inception and Feasibility.** Coordinate with other transportation providers in the region Texas Department of Transportation (TxDOT), Capital Area Metropolitan Planning Organization (CAMPO), City of Austin, City of Cedar Park, Travis County, and Williamson County to assure that all mobility needs are included in the region's Long Range Transportation Plan. Provide feasibility analysis for selected projects to evaluate implementation priority.
- **Project Development and Implementation.** Develop and implement priority projects based upon preliminary designs, appropriate level of environmental study, and input from regional transportation partners. Evaluate and determine the appropriate project delivery method based on complexity, stakeholders, and financial considerations. Manage the construction of all agency projects through project final acceptance.
- **Roadway and Facility Maintenance.** Inspect and manage routine roadway and facility maintenance, including all aspects of the roadway within the limits of the right-of-way, excluding the toll collection and toll systems infrastructure (which is maintained by the Operations Department). Develop, design, and manage repair and replacement projects. Roadway maintenance includes assuming responsibility for vegetative maintenance such as mowing, snow and ice operations, incident response, removal of debris and remedial repairs, as needed. The Mobility Authority takes the lead on managing the Performance Based Maintenance Contract (PBMC) with TxDOT reimbursing the agency for its portion of the maintenance responsibilities for shared facilities. Non-capital improvement initiatives are anticipated, including guardrail, cable barrier, bollard replacement and large sign replacement, to maintain safety.

### Strategic Goals

- Build, operate and maintain toll and non-toll roads that reduce congestion and connect our region in innovative and safe ways
- Develop and adhere to a system-wide capital improvement plan
- Implement financial strategy and policies that prioritize long-term system health and growth, a decreased reliance on debt, and good financial stewardship
- Maintain and enhance our strategic partnerships to advance the common goals we share with our regional partner agencies
- Make targeted investments in other transportation solutions that connect to our system and enhance quality of life

**Five-Year Capital Plan  
ENG Projects by Rank**

Project Title	Total Project Cost	Priority Rank #1

**GENERAL MEETING OF THE BOARD OF DIRECTORS  
OF THE  
CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY**

**RESOLUTION NO. 24-032**

**APPROVING THE BUDGET FOR FISCAL YEAR 2025**

WHEREAS, the Central Texas Regional Mobility Authority (CTRMA) was created pursuant to the request of Travis and Williamson Counties and in accordance with provisions of the Transportation Code and the petition and approval process established in 43 Tex. Admin. Code § 26.01, *et. seq.* (the “RMA Rules”); and

WHEREAS, prudent management and fiscal oversight are overriding objectives of the CTRMA Board of Directors (“Board”); and

WHEREAS, during the course of the year, CTRMA may issue one or more series of revenue bonds for the development of additional projects and issue refunding bonds as market opportunities arise; and

WHEREAS, it is necessary and desirable to develop and adopt a budget for CTRMA operations for each fiscal year; and

WHEREAS, the Executive Director and staff have developed and recommend that the Board approve the budget for fiscal year 2024-2025 (the “FY 2025 Budget”) attached as Exhibit A; and

WHEREAS, the Board has considered adopting a cost-of-living adjustment for retirees receiving a pension as required by Policy Code § 101.0631(b) and has opted to award the cost-of-living adjustment retirees to be effective commencing on January 1, 2025.

NOW THEREFORE, BE IT RESOLVED that the Board hereby approves the FY 2025 Budget attached as Exhibit A; and

BE IT FURTHER RESOLVED that the FY 2025 Budget may be amended from time-to-time by approval of the Board; and

BE IT FURTHER RESOLVED that the Executive Director, or his designee, is hereby authorized to commit funds for non-project related services up to the amounts set forth in the FY 2025 Budget; and

BE IT FURTHER RESOLVED that the Executive Director is directed to provide a copy of this resolution with the attached FY 2025 Budget to Commissioners Courts for Williamson and Travis Counties; and

BE IT FURTHER RESOLVED that, by copy of this resolution, CTRMA hereby provides notice to the Commissioners Courts of Travis County, Texas and Williamson County, Texas of contemplated revenue bond issuances as required by Section 370.261, Texas Transportation Code.

Adopted by the Board of Directors of the Central Texas Regional Mobility Authority on the 26<sup>th</sup> day of June 2024.

## Budget Overview

This document contains revenue estimates and departmental spending plans for the fiscal year beginning July 1, 2024 and ending June 30, 2025. The estimated revenues of \$302.5 million includes Operating Revenue of \$258.8 million and Other Revenue of \$43.7 million. Total estimated operating expenses are \$191.5 million, inclusive of \$109.1 million of bond and loan debt service. After consideration of all other inflows and outflows, sufficient funds remain to meet the cash reserve requirements of the Board policy described in this section.

The CTRMA Strategic Plan. (see graphic below) serves as the guiding document in the operation of the CTRMA, providing a roadmap to help assure alignment with our mission to “implement innovative, multi-modal transportation solutions that reduce congestion and create transportation choices that enhance quality of life and economic vitality”.

## Budget Overview

---

Overview. This budget is influenced by several factors including our Strategic Plan, projects under development, under construction and under operation: the existing and projected growth in the region, the regional economic conditions and projections; and our goal to maintain and improve customer service levels. In addition to the department level budget estimates, this document includes the Authority's Operating Budget, Capital Budget, System Operating Budget and Debt Service Schedule for FY 2025.

The major initiatives anticipated in this budget are to:

- Prepare for the additional roadway and landscape maintenance responsibilities from the opening of the 183A Phase III toll road segment;
- Research, develop and implement opportunities for improving tag revenue and pre-paid account revenue collections;
- Install key intelligent transportation system (ITS) assets to assist customers in making informed decisions and convey future planning efforts;
- Continue working towards a seamless toll experience using one transponder when traveling on toll roads throughout the United States;
- Develop further enhancements to the data platform system to expand capabilities in transaction and revenue processing, integrity, and reporting;
- Expand violation enforcement to mitigate revenue loss and enhance collections;
- Provide added roadway monitoring facilities and equipment for incident clearing and managed lane congestion; and
- Pursue additional marketing efforts to encourage tag usage, safety, and the Authority's brand.

Each department has articulated a Strategic Plan connection between their initiatives and goals for the upcoming year in their narrative section.

### Revenues

The revenue estimate for FY 2025 of \$302.5 million is an approximate 18% increase over the FY 2024 budget. The revenues were projected using the most recent System Transaction and Revenue (T&R) estimates, historic data, and recent transactions. The Authority believes these projections are reasonable. Included, are non-system revenues from MoPac Express of \$17.6 million, interest income, grant revenues, and miscellaneous revenue made up for the overhead remitted to CTRMA for the management and oversight of the Travis County road projects. (Note: the overall revenue estimate is not reflective of a possible FY 2025 Board approved toll rate increase.)

### Expenses

Expense estimates for FY 2025 are \$191.5 million, representing a 14% increase over the FY 2024 budget. In addition to \$109.1 million in debt service, also included are loan payments to the Texas Department of Transportation and contribution amounts to the Capital Area Metropolitan Planning Organization Regional Infrastructure Fund.

### Operating Capital Budget and Capital Improvement Program

The Operating Capital Budget of \$9.3 million includes data platform system enhancements, roadway violator detection technology, roadside tolling equipment retrofits, safety technology and expansion of the traffic incident management center.

## Budget Overview

---

The Renewal and Replacement budget of \$9.2 million includes roadside systems (ETSC) implementation, metal beam guard fence improvements, slab stabilization initiatives, maintenance yard acquisition, expansion and improvements, and safety improvements along the corridors.

The Capital Improvement Program schedule reflects current and future construction projects. Each of these projects are in various stages of planning, development, or construction, and may have various sources of funding.

### Future Projections, Cash Flow and Debt Service Coverage

Cash flow is closely monitored as new projects are studied and vetted prior to becoming active projects. The current cash flow projections result in a net cash inflow sufficient to meet the Board cash reserve policy. The cash flow projections are utilized to anticipate cash flow requirements as well as ensure that we remain in compliance with trust indentures, debt service coverage requirements, and cash reserve policies. The FY 2025 proposed budget provides for debt service coverage levels sufficient to meet the requirements of the trust indentures of 1.25 for Debt Service Senior Lien Bonds and 1.20 for Debt Service Subordinate Lien Bonds.

### Reserve Fund Policy

In 2010, the Board of the Mobility Authority approved the establishment of a reserve fund intended to ensure that the authority maintain adequate funds to satisfy its outstanding financial commitments and operational requirements in the event of unforeseen circumstances or events. The board recognizes that establishment and maintenance of sufficient reserve funds is of particular importance in light of the authority's dependence upon discretionary user fees as its primary revenue stream. The goal of the authority is to maintain twelve months of funds sufficient to pay, maintain, or satisfy all required debt service, debt service coverage, contractual financial commitments, and operational requirements (collectively, "Funding Requirements") as a reserve fund; provided, however, that the executive director shall have the authority to take action resulting in a reduction of the reserve fund to a minimum of nine months of funding sufficient to pay, maintain, or satisfy all Funding Requirements if he determines that such action is necessary, in the best interest of the authority, and will not adversely affect the authority's financial stability. The FY 2025 budget remains in compliance with the Board policy of maintaining unrestricted cash reserves to cover 12 months of cash expenses.

## Administration

---

The primary role of the Administration Department is to manage the agency, its Departments, programs, and projects in alignment with the Strategic Plan. The Agency's mobility innovation efforts and general support for the Board of Directors is also included in this Department.

With the complexity of the Mobility Authority's roadway toll and technology systems, it is imperative that the toll and roadway systems have the capacity to effectively support both our existing and future facilities. Significant effort will be focused on the modernization of the toll and roadway technology systems and to deploy innovative mobility technologies. This is all part of an ongoing effort to maximize the safety and efficiency of our roadways using technology, to find new ways to communicate with our customers and key stakeholders, and to provide timely and relevant information needed for customers to make effective travel decisions.

### **Goals and Initiatives:**

- Champion regional coordination by partnering with major regional mobility providers such as Travis and Williamson Counties, TxDOT, CAMPO, Capital Metro, Austin Transit Partnership, City of Austin, and Capitol Area Council of Governments to promote a coordinated, regional mobility system.

*Strategic Goals: Maintain and enhance our strategic partnerships to advance the common goals we share with our regional partner agencies.*

- Help evaluate and deploy (in collaboration with the Operations and IT Departments) next generation of innovative technologies and mode choice (i.e. connected/automated vehicle systems, etc.) to maximize the safety and efficiency of Mobility Authority roadways.

*Strategic Goals: Build, operate and maintain toll and non-toll roads that reduce congestion and connect our region in innovative and safe ways.*

*Make targeted investments in other transportation solutions that connect to our system and enhance quality of life.*

- Explore research opportunities to evaluate customer interactions and behavior to enhance the customer's experience.

*Strategic Goals: Build, operate and maintain toll and non-toll roads that reduce congestion and connect our region in innovative and safe ways.*

*Make targeted investments in other transportation solutions that connect to our system and enhance quality of life.*

## Finance

---

The primary role of the Finance Department is to provide financial oversight and stewardship of the Mobility Authority. Under direction of the Chief Financial Officer (CFO), the department is responsible for recommending and communicating strategic financial planning to the Executive Director, Board of Directors, and departments of the Authority. The department also provides all accounting, financial, budgeting, treasury, and debt management activities for the Authority. The major functional areas of the Finance Department are:

- Financing. Provide direction and leadership on all Mobility Authority project financing. Identify and research opportunities to capitalize on the ability to leverage market conditions for debt restructuring.
- Budget. Assist each Department in developing, proposing, and managing the annual budget and capital plan. Leads and coordinates the multi-year capital planning efforts.
- Accounting. Responsible for maintaining all accounting records including processing payroll, accounts payable, reconciling records and monthly/annual financial reporting. Timely processes project and operational invoices for payment. Provide all operating and capital project accounting. Assist external auditors with annual financial and compliance audits.
- Treasury. Responsible for cash management and investment of all Authority funds. Work closely with the Trustee to manage cash flow and invest funds in accordance with the Texas Public Funds Investment Act and the Authority's Investment Policy. Manages daily banking activities and maintains productive relationships with banking providers.
- Compliance. Ensure proper and timely reporting to adhere to requirements, best practices, and standards for regulators, investors, and lenders.

### **Goals and Initiatives:**

- Evaluate innovative funding mechanisms for sourcing the Authority's projects and optimizing its debt portfolio.
- Maintain and improve bond ratings, reporting transparency and compliance.
- Develop five-year financial forecast and five-year capital plan.
- Actively and prudently manage Authority funds within established policies.
- Maintain pristine accounting records, reporting, and accounts payable processes.
- Review and recommend best practice financial policies including an appropriate unrestricted cash reserve.
- Maintain and increase Debt Service Coverage ratios.

*Strategic Goals: Implement financial strategy and policies that prioritize long-term system health and growth, a decreased reliance on debt, and sound financial stewardship, Develop and adhere to a system-wide capital improvement plan.*

## Operations

---

The Operations Department supports all five of the Mobility Authority's core values – collaboration, innovation, service, safety, and stewardship. The Operations Department is responsible for all aspects of revenue collection, violation enforcement, customer service and traffic & incident management. The Operations Department serves its internal and external customers through the provision of the following core services:

- **Customer Care.** Ensure a quality experience for the Mobility Authority's customers. Implement solutions that promote self-service and increase efficiency. Solve complex customer service issues.
- **Toll Collection.** Oversee the daily operation of collecting toll revenue. Monitor transaction reconciliation revenue metrics. Identify and implement opportunities for collecting revenue earlier in the billing lifecycle.
- **Traffic & Incident Management.** Coordinate with partner agencies to detect, respond to, and clear traffic incidents as well as remove debris as quickly as possible to reduce safety and congestion impacts.
- **Traveler Communication.** Alert approaching vehicles to problem areas by updating social media and on road technology to better inform drivers and alleviate the effects of bottlenecks or incidents.
- **Violation Enforcement.** Oversee the Mobility Authority's violation enforcement efforts to mitigate revenue leakage and protect our stakeholder's investment.

To tackle the challenges of decreasing instances of non-payment, ensuring a high-quality customer experience, and improving travel on our tolled facilities, a multifaceted approach is essential. Implementing advanced technologies and processes that ensure payment equity and mitigate violations can significantly reduce and shift the region's perspective on the non-payment of tolls. Enhancing customer experience involves providing user-friendly interfaces for payment and responsive customer service channels. Moreover, investing in regional data sharing and communication initiatives and expanding roadside assistance ensures the safety of both customers and staff. By integrating these strategies, the Authority can effectively mitigate non-payment instances, elevate customer satisfaction, and assist customers in navigating travel.

### **Goals and Initiatives:**

- **Customer Care:** Invest in customer support automation. Become an accountability partner with our customers. Implement mobile friendly customer service solutions.

*Strategic Goal: Make targeted investments in other transportation solutions that connect to our system, enhance quality of life and meet the customer where they are.*

## Operations

---

- Key Solicitations: Evaluate back-office solutions as the Authority contemplates the future of its video toll collection program.

*Strategic Goal: Make targeted investments in other transportation solutions that connect to our system and enhance quality of life.*

- Revenue Collection: Explore opportunities to improve pre-paid account revenue collections and mitigate revenue leakage. Implement initiatives to reduce collection costs.

*Strategic Goals: Implement financial strategy and policies that prioritize long-term system health and growth, a decreased reliance on debt, and good financial stewardship.*

- Toll Interoperability: Continue work to provide a seamless toll experience using one transponder when traveling on toll roads throughout United States by increasing the number of electronic toll tags accepted on Mobility Authority facilities, increasing out of state revenue collections.

*Strategic Goals: Make targeted investments in other transportation solutions that connect to our system and enhance quality of life. Maintain and enhance our strategic partnerships to advance the common goals we share with our regional partner agencies.*

- Traveler Communication: Deploy technology that alerts approaching vehicles to incidents and other issues that may impact their travel. Provide information regarding alternate routes for vehicles, alleviating the effects of bottlenecks or incidents.

*Strategic Goals: Make targeted investments in other transportation solutions that connect to our system and enhance quality of life. Maintain and enhance our strategic partnerships to advance the common goals we share with our regional partner agencies.*

- Violation Enforcement: Bolster the Authority's enforcement program to encourage prompt payment and ensure payment equity for all customers.

*Strategic Goals: Implement financial strategy and policies that prioritize long-term system health and growth, a decreased reliance on debt, and good financial stewardship.*

## Information Technology

---

The IT Department is responsible for maintaining the integrity of the agency's toll system, supporting revenue collection activities, and safeguarding the agency's internal and communication network. The IT Department also supports the agency's emerging technology efforts by lending technical expertise and implementing approved initiatives.

The core services provided by the Information Technology Department in support of its internal and external customers are outlined below:

- Information Technology (IT) Ensure the integrity of the Mobility Authority's computers, storage, network and other physical devices, infrastructure and processes used to create, process, store, secure and exchange all forms of electronic data.
- Intelligent Transportation Systems (ITS) Deploy various ITS technologies on Authority roads to detect, manage and report on roadway incidents. ITS technologies also assist in improving safety and the customer experience for our roadways through early detection and notification to public safety agencies.
- Toll Systems Oversee daily operation of the electronic toll collection systems operations. Monitor system performance and transaction reconciliation. Oversee system maintenance to ensure accuracy and dependability. Manage new toll collection system installation while maintaining current operational metrics.
- Transaction Processing. Manage the workflows associated with transaction processing, product management, discount management, billing management and product pricing. Ensure that transactions process in a predictable, consistent manner in compliance with the Mobility Authority's business rules and within compliance with national interoperability requirements. Monitor the data exchange operations support functions. Manage the Transaction Operations Management Solution (TOMS). Oversee reporting and analytics processes.

The IT Department will continue to set a solid foundation for the Mobility Authority's future. These efforts include continued operation of the Data Platform System, the integration point for all transaction processing and data analytics; managing the replacement of the Authority's aging toll systems; upgrading the agency's communication infrastructure; developing a new traffic management center and supporting regional and national interoperability efforts.

### **Goals and Initiatives:**

- Roadside Technology: the main focus for IT next year is the roadside toll collection system. We are in the process of a multiyear migration from the legacy system to the toll collection system on existing roadways. In adding to the existing roadways, we will be installing systems on the newly constructed roads with toll collection systems, fiber optic and communication networks and Intelligent Transportation Systems.

## Information Technology

---

*Strategic Goals: Deliver on Commitments to our Customers and our Investors, Explore Efforts that Extend Beyond Roadways, Explore Transformative Technology and Adopt Industry Best Practices*

- Mobility Technology: Install key intelligent transportation system (ITS) assets to assist customers in making informed decisions and inform future planning efforts. Continue to research new and innovative ways to communicate to the Public and the traffic operators any actionable event on the roadways to deliver a better and safer experience for our customers. The Authority's express lanes are the primary focus for new roadside message signs to further assist the public with roadway conditions so they can make informed decisions.

*Strategic Goals: Deliver on Commitments to our Customers and our Investors, Explore Efforts that Extend Beyond Roadways, Explore Transformative Technology and Adopt Industry Best Practices*

- Toll Interoperability: Continue work to provide a seamless toll experience using one transponder when traveling on toll roads throughout United States. These efforts will increase the number of electronic toll tags accepted on Mobility Authority facilities, increasing the potential for out of state revenue collections. CTRMA is connected to the central and southeast regions and will connect to the Northeast region this coming fiscal year.

*Strategic Goals: Employ a Collaborative Approach to Implementing Mobility Solutions, Deliver Responsible Mobility Solutions that Respect the Communities We Serve, Deliver on Commitments to our Customers and our Investors.*

- Data Platform System (DPS): The Data Platform is now in production, and we will continue to enhance and streamline the Data Platform System for transaction processing. This system is the main transaction processing system to receive the toll transactions from the roads and apply Mobility Authority business rules for sending transactions to various third parties (interoperability and Pay by Mail). The Mobility Authority enjoys access and insights into the toll data in new and innovative ways that will offer further insight into traffic and customer trends.

*Strategic Goals: Employ a Collaborative Approach to Implementing Mobility Solutions*

## Communications

---

The primary role of the Communications Department is the development and facilitation of programs that advance the mission of the agency through strategic interaction with customers, stakeholders, elected officials, and the media. These efforts are generally classified into four general areas of specialization that include public/government relations, community engagement and outreach, and customer service, and marketing/communications.

- Public/Government Relations. The business function of public relations and communications involves the strategic communications process that builds mutually beneficial relationships between the Mobility Authority and its constituents. Constituents include customers, local businesses, strategic partners, governmental organizations, community and civic groups, citizens as well as the driving public. Activities include key message development, media relations, development of communication tools such as publications, presentations, collateral material, videos, websites, and social media to inform and educate customers and stakeholders about the transportation issues in the region and the work of the Mobility Authority.
- Community Development and Outreach. The Mobility Authority provides public outreach direction and support on all Mobility Authority projects under development and in operation, represents the agency's interests in these projects and maintains working relationships with all stakeholders including government entities, neighborhoods, community organizations and the public. Another major communication function is the coordination and promotion of events such as groundbreakings, ribbon cuttings, community appreciation events, and stakeholder presentations.
- Customer Support and Service. Activities in this area revolve primarily around the strategic communication of the Mobility Authority's tolling policies, programs and processes on its facilities including 183A Toll, 290 Toll, 71 Toll, the MoPac Express Lane, 45SW Toll, and 183 Toll. Major activities include educating the public on toll operations, the Pay By Mail program, the Habitual Violator program, the Veterans program, payment options, as well as a heightened effort this year focusing on the benefits of electronic tags. The communication function also handles customer and stakeholder inquiries and assists with dispute resolution related to agency operations.
- Marketing/Communications. Activities in the marketing area revolve primarily around the strategic branding of the value of tolling in infrastructure funding, the tolling landscape in Central Texas, and the Mobility Authority's role in the region. Position Mobility Authority as thought leaders and action implementers of innovative transportation solutions.

## Communications

---

*Strategic Goals: The communications department's role is to support and promote the Agency and individual departments vision and execution of the strategic plan.*

*Build, operate and maintain toll and non-toll roads that reduce congestion and connect our region in innovative and safe ways.*

*Develop and adhere to a system-wide capital improvement plan.*

*Implement financial strategy and policies that prioritize long-term system health and growth, a decreased reliance on debt, and good financial stewardship.*

*Maintain and enhance our strategic partnerships to advance the common goals we share with our regional partner agencies.*

*Make targeted investments in other transportation solutions that connect to our system and enhance quality of life.*

### **Initiatives**

- Develop and implement a comprehensive campaign to increase awareness of payment options, including specifically promoting electronic tags, for Mobility Authority facilities.
- Develop and implement a targeted campaign to educate drivers about the Habitual Violators Program and increased enforcement efforts on Mobility Authority facilities.
- Coordinate communications and comprehensive, effective public outreach for the development phase for projects positioned for potential development.
- Implement community outreach program for construction projects such as the 183A Phase III and the 183 North Mobility Project. The outreach program includes activities designed to establish positive relationships with residents, community leaders, drivers and nearby stakeholders/residents. The outreach strategy will result in faster, more robust responses to community/business/key stakeholder requests/inquiries and ensure that the public is kept informed.
- Remain a valuable resource on regional mobility issues and a steadfast advocate for short- and long-term transportation solutions. The communication strategy will provide a mechanism for keeping Central Texans informed of the latest in transportation technology and solutions that will help relieve congestion and improve quality of life.

## Communications

---

- Continue to implement programs and sponsorships designed to maintain positive relationships with community leaders, drivers, businesses and neighbors regarding construction activities and active congestion management.
- Identify opportunities to enhance awareness of the Mobility Authority and our commitment to customer service, driver safety, construction safety, and congestion management on existing roadways (signage, television and social messaging, customer appreciation activities, etc.).
- Develop, produce and distribute all Agency reports and materials, including the Annual Report, Monthly Board Meeting Updates to the Commissioners Courts, quarterly Governor's Reports, the annual project report to the Texas Transportation Commission, economic development reports and the Strategic Plan.
- Continue multi-media (television, videos, podcasts, print, outdoor, editorial, social media) quality of life campaign to help educate the Central Texas community of who the Mobility Authority is and how we plan to help relieve congestion in the region and improve overall quality of life for Central Texans.
- Expand multi-media (television, videos, podcasts, print, outdoor, editorial, social media) tactical campaign to highlight specific and critical messaging – toll truths, safety, top ten customer inquiry topics, express lanes.

## Engineering

---

The role of the Engineering Department is to plan, develop, construct, and maintain major capital improvement projects in Williamson and Travis counties (from initial concept through final construction acceptance and into long term operations and maintenance).

### Capital Improvement Projects

The Engineering Department works extensively internally and externally to develop projects for the agency and region. These efforts include:

- Project Inception and Feasibility. Coordinate with other transportation providers in the region Texas Department of Transportation (TxDOT), Capital Area Metropolitan Planning Organization (CAMPO), City of Austin, City of Cedar Park, Travis County, and Williamson County to assure that all mobility needs are included in the region's Long Range Transportation Plan. Provide feasibility analysis for selected projects to evaluate implementation priority.
- Project Development and Implementation. Develop and implement priority projects based upon preliminary designs, appropriate level of environmental study, and input from regional transportation partners. Evaluate and determine the appropriate project delivery method based on complexity, stakeholders, and financial considerations. Manage the construction of all agency projects through project final acceptance.

Engineering work currently ongoing in support of the agency goals and objectives includes the following projects.

- Projects Under Development (Feasibility, Environmental, or Design Phase)
  - MoPac South Environmental Study: Environmental study phase, with efforts toward receiving an environmental decision started back up in CY 2021 and continues to progress towards an environmental finding anticipated in CY 2026 (dependent on public process).
  - Travis County Roadway Safety Projects (in design): In design, ROW acquisition and utility relocation phases, provide turnkey project management, design, construction, and construction management services for Travis County. Design completed on portions of Travis County program with continued efforts to coordinate ROW acquisition and utility relocation. Projects within City of Austin extraterritorial jurisdiction is now pursuing City of Austin development permit and transition to construction will require permit issuance.
  - 183A Added Capacity Environmental Study: Environmental study and schematic design for capacity improvements on 183A. Anticipate environmental finding in CY 2025 (dependent on public process).
  - 290 Phase IV: Continue to coordinate with regional partners on next steps.
  - 183A Frontage Roads: Continue to coordinate final design and utility relocations on TxDOT's frontage road project in CY 2024. Anticipated start of construction in CY 2025.
  - 183A Innovative Intersection Improvements:
    - Coordinate environmental and design activities on Cedar Park's intersection at RM 1431 in CY 2024.
    - Coordinate final design on Cedar Park's intersection at New Hope in CY 2024. Anticipated start of construction in CY 2024.

## Engineering

---

- Projects Under Construction

- 183A Phase 3 design-bid-build continues to progress with open to tolling expected by January 1, 2025. Final acceptance of the construction would be in early 2025 as anticipated. The initial phase of the undercrossing at SH 29 is complete and work continues with the final bridge phase, retaining walls and main lane paving for FY25.
- The 183N North Mobility Project continues to progress construction while having completed all elements of design and project permitting. Construction on US 183 has significantly progressed, and a majority of median work is complete. As construction advances, work on the outside of US 183 will occur to accommodate the addition of a fourth general-purpose lane. Additionally, work along the MoPac corridor will begin to increase as preparations for the future direct connector and collector-distributor facility are made. Open to tolling continues to be on track to be January 1, 2026. Final acceptance will occur in early 2026 per plan.
- Travis County Roadway Safety Projects (in construction): Some projects in the design phase will transition to construction in CY 2024 and CY 2025 upon completion of ROW acquisition and utility relocation. Projects within City of Austin extraterritorial jurisdiction is now pursuing City of Austin development permit and transition to construction will require permit issuance.
- In addition to the design and construction projects, maintenance projects continue to provide improvements and rehabilitation to the CTRMA facilities, sign replacements and work to improve safety with new cable barrier and metal beam guard fence.

### Ongoing Operational Efforts

- Roadway and Facility Maintenance. Inspect and manage routine roadway and facility maintenance, including all aspects of the roadway within the limits of the right-of-way, excluding the toll collection and toll systems infrastructure (which is maintained by the Operations Department). Develop, design, and manage repair and replacement projects. Roadway maintenance includes assuming responsibility for vegetative maintenance such as mowing, snow and ice operations, incident response, removal of debris and remedial repairs, as needed. The Mobility Authority takes the lead on managing the Performance Based Maintenance Contract (PBMC) with TxDOT reimbursing the agency for its portion of the maintenance responsibilities for shared facilities. Non-capital improvement initiatives are anticipated, including guardrail, cable barrier, bollard replacement and large sign replacement, to maintain safety.

### **Goals and Initiatives:**

- Asset Management Program (AMP). Continue to collect data that will help inform budget decisions necessary to project and plan for maintenance and renewal/replacement activities. This includes ongoing annual data collection for pavement condition on operating facilities. As additional data collection efforts are completed, data analysis, and planning for future projects is expected to continue through FY25. The program helps provide the Mobility Authority increased ability to plan and implement corridor activities that will help provide higher quality facilities for our users and help improve our forecasting for routine maintenance and repairs.

## Engineering

---

- Performance Based Maintenance Contract. The Engineering department will be focused on continued management of the PBMC contract and providing routine maintenance on all our corridors for FY25.

*Strategic Goal: Build, operate and maintain toll and non-toll roads that reduce congestion and connect our region in innovative and safe ways.*

- Work with regional partners to evaluate potential operational, safety, capacity and access improvements. Continue to work with regional partners such as the City of Austin, Travis and Williamson Counties and CAMPO to develop or assist in the development of toll and non-toll roads for the regional community.

*Strategic Goal: Develop and adhere to a system-wide capital improvement plan.*

- Continue the development of a long range/future projects plan, a five-year Capital Improvement Plan (including safety enhancements on operating facilities), and a two-year letting schedule for regional projects.

*Strategic Goal: Implement financial strategy and policies that prioritize long-term system health and growth, a decreased reliance on debt, and good financial stewardship.*

- Coordinate with the Finance Department and executive leadership to provide needs, estimates and schedules to assist in implementing the financial strategy.

*Strategic Goal: Maintain and enhance our strategic partnerships to advance the common goals we share with our regional partner agencies.*

- In coordination with the Executive Director, continue to coordinate efforts and planning with our regional partners, including TxDOT, CAMPO, Travis and Williamson Counties, Cap Metro and the local municipalities.

*Strategic Goal: Make targeted investments in other transportation solutions that connect to our system and enhance quality of life.*

In coordination with the Executive Director, continue to explore multimodal opportunities with regional partners.

**GENERAL MEETING OF THE BOARD OF DIRECTORS  
OF THE  
CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY**

**RESOLUTION NO. 24-033**

**AUTHORIZING AGREEMENTS WITH THE TRAVIS COUNTY SHERIFF'S OFFICE  
FOR HABITUAL VIOLATOR ROAD ENFORCEMENT SERVICES**

WHEREAS, the Central Texas Regional Mobility Authority (Mobility Authority) requires law enforcement services to enforce the Habitual Violator Program; and

WHEREAS, local law enforcement agencies have programs to allow third-parties to request off-duty services such as toll road enforcement but do not regularly respond to solicitations for these types of services; and

WHEREAS, the Travis County Sheriff's Office has indicated it is interested and willing to provide law enforcement services to the Mobility Authority through its off-duty program; and

WHEREAS, pursuant to Section 401.0061 of the Mobility Authority Policy Code, law enforcement services are exempted from competitive procurement requirements; and

WHEREAS, the Executive Director recommends and requests that he be authorized to take all actions necessary to enter into agreements with the Travis County Sheriff's Office for toll road enforcement services up to a cumulative amount not to exceed \$475,000 through their off-duty employment program.

NOW THEREFORE, BE IT RESOLVED that the Board of Directors hereby authorizes and directs the Executive Director to take all actions necessary to enter into agreements with the Travis County Sheriff's Office for toll road enforcement services up to a cumulative amount not to exceed \$475,000 through their off-duty employment program in support of the Habitual Violator Program.

Adopted by the Board of Directors of the Central Texas Regional Mobility Authority on the 26<sup>th</sup> day of June 2024.

**Agreement With Regard To Use of Vehicle(s) In Connection  
With Off Duty Employment of County Peace Officer(s)**

This Agreement is made and entered into by and between the following parties: Travis County, acting by and through the Travis County Sheriff's Office (hereinafter referred to as "COUNTY"), and \_\_\_\_\_, (hereinafter referred to as "CONTRACTOR").

CONTRACTOR will employ one or more off-duty officers to provide security services/traffic control services, etc. The services to be provided will involve the use of one or more COUNTY vehicles. The Sheriff has determined that the use of the COUNTY vehicle(s) will serve a public purpose (conserve the peace, protect life and property, ensure the public safety, etc.). To ensure that the public purpose is met, the Sheriff will at all times retain control over the vehicle(s). CONTRACTOR will compensate the off-duty officer(s) directly in accordance with a separate agreement or understanding entered into between the CONTRACTOR and the officer(s). CONTRACTOR will reimburse COUNTY \$20.00 per hour for use of the COUNTY vehicle. The parties agree that such reimbursement shall be deemed a donation to the COUNTY under section 81.032 of the Texas Local Government Code.

FROM THIS POINT FORWARD TRAVIS COUNTY SHERIFF'S OFFICE IS REFERRED TO AS TCSO, APPLICANT IS REFERRED TO AS CONTRACTOR.

ALL REQUESTS ARE SUBJECT TO APPROVAL: The Sheriff, acting personally or through a designee, reserves the right to deny any application for secondary employment of law enforcement.

TIMELINE SUBMISSION OF APPLICATION:

- Events under 500 people submit 30 days prior to event.
Events 500 - 1,000 people submit 60 days prior to event.
Events over 1,000 people, foot or bike races, submit 90 days prior to event.

OFFICER RESPONSIBILITIES: A TCSO Deputy's primary responsibility while working in a secondary employment capacity, is the enforcement of Federal and State laws and County ordinances; to protect life and property and to keep the peace.

Officers engaged in a secondary employment job will not refuse to assist any citizen requesting or needing assistance. Officers are expected to take necessary action in an attempt to assist citizens in need of help by calling on-duty officers, taking reports, effecting arrests, or providing any other services related with the duties of a peace officer.

CONTRACTOR'S RESPONSIBILITIES: The Contractor agrees to hold harmless TCSO and all TCSO personnel from losses of any kind caused while at the site of the secondary employment. All traffic control jobs must be approved by the jurisdictional authority, such as and not limited to the Texas Department of Transportation or Travis County Transportation and Natural Resources before we allow our officers to work.

REVOCAION OF APPROVED APPLICATIONS: The application/contract can be canceled at any time by the TCSO or the Contractor for no reason. Cancellation notice must be in writing by letter or email. Examples for revocation are for informational purposes only and are not intended to be exclusive of other reasons not contained therein: a conflict of interest develops between the County and the Contractor; non-payment of officers; Contractor is arrested; the Contractor is under investigation by the District or County Attorney's Office, or any Law Enforcement Agency for violations of law; the Contractor refuses to cooperate with an investigation related to the secondary employment job; the job becomes controversial, such as labor or civil disputes.

RATES: Payment due upon service rendered, or no later than 2- weeks for long-term contracts.

COUNTY-OWNED VEHICLES: \$20 per hour with a 2-hour minimum.

OFFICERS: \$50 per hour: General Security. 4-hour minimum for all rates, except Contract Coordinator.

\$53 per hour: Police Bicycle Certified Officers

\$50 per hour: Contract Coordinator. The coordinator may charge this rate for administrative duties performed.

\$60 per hour: Emergency requests received with less than 2 business days notice.

\$60 per hour: Supervisors when required. Requirement is determined by complexity of request.

\$65 per hour: Holidays: New Years Eve, New Years Day, Martin Luther King Jr. Day, President's Day, Memorial Day, Juneteenth, Independence Day (July 4th), Labor Day, Veteran's Day, Thanksgiving, Christmas Eve, and Christmas Day.

CANCELLATIONS: Any cancellation made after 4:00 PM Central Standard Time on the business day prior to the Contractor's scheduled event will result in a cancellation fee, equal to 4 hours at applicable Officer Pay Rate per scheduled Officer. Contractor must receive confirmation of receipt of cancellation request from TCSO to avoid cancellation fee.

**LIABILITY AGREEMENT FOR  
LAW ENFORCEMENT RELATED SECONDARY EMPLOYMENT**

For and in consideration of the permission given by the Travis County Sheriff's Office (hereinafter TCSO) for \_\_\_\_\_ (hereinafter called CONTRACTOR) to engage as independent contractors employees of the TCSO (hereinafter EMPLOYEES), while said EMPLOYEES are not on duty with and for the TCSO, it is agreed as follows:

1. It is mutually agreed that while the EMPLOYEE performs services for the CONTRACTOR as an independent contractor, said EMPLOYEE is not acting as an employee of TCSO.

2. The CONTRACTOR, binding its heirs, administrators, executors, estate, successors, and assigns, hereby agrees to indemnify, protect, defend, and hold harmless Travis County, TCSO, and their elected officials, officers, employees and agents (the "Releasees") from any and all damages, including without limitation: interest, court costs, attorney's fees and other expenses which the Releasees may incur or become liable for as the result of any claim, demand, obligation, liability suit or cause of action arising in whole or part from the work of said EMPLOYEES for the CONTRACTOR, whether or not such claim, demand, or suit be frivolous, and whether or not it be made or brought by the CONTRACTOR or by a third person or entity.

3. It is understood by CONTRACTOR that TCSO shall retain the right to withdraw at any time its permission for its EMPLOYEES to work in a private capacity. If the permission of TCSO is withdrawn, the CONTRACTOR agrees to terminate its contracting relationships with said EMPLOYEES. The CONTRACTOR, as part of this agreement binds itself to release and hold harmless the Releasees from any liability or claim for damages in the event such permission is withdrawn by the TCSO.

4. The CONTRACTOR shall maintain a comprehensive general liability insurance policy from a company authorized to do business in the State of Texas with minimum amounts of Ten Thousand Dollars (\$10,000) per occurrence for property damage, One Hundred Thousand Dollars (\$100,000) per person and Three Hundred Thousand Dollars (\$300,000) per occurrence for personal injury.

5. This Agreement shall remain in effect for a period of one (1) year from the date of the last signature below.

OF THE  
CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY**

**RESOLUTION NO. 24-034**

**APPROVING AN INTERLOCAL AGREEMENT WITH  
THE TEXAS DEPARTMENT OF TRANSPORTATION TO CO-LOCATE PERSONNEL  
AT TxTAG CUSTOMER SERVICE CENTERS**

WHEREAS, since 2016, the Central Texas Regional Mobility Authority (“Mobility Authority”) and the Texas Department of Transportation (“TxDOT”) have co-located staff at the TxTag Customer Service Center (CSC) to provide walk-up services to their respective customers; and

WHEREAS, the current interlocal agreement between the Mobility Authority and TxDOT for co-located personnel has expired and both agencies wish to continue their co-location arrangement by entering into a new interlocal agreement at no cost to either agency; and

WHEREAS, the Executive Director recommends that the Board of Directors approve a new interlocal agreement with TxDOT for the co-location of personnel at TxTag Customer Service Centers in the form or substantially same form attached hereto as Exhibit A.

NOW THEREFORE, BE IT RESOLVED that the proposed interlocal agreement is hereby approved; and

BE IT FURTHER RESOLVED that the Executive Director is authorized and directed to finalize and execute the interlocal agreement on behalf of the Mobility Authority in the form or substantially same form as Exhibit A hereto.

Adopted by the Board of Directors of the Central Texas Regional Mobility Authority on the 26<sup>th</sup> day of June 2024.

THE STATE OF TEXAS §

THE COUNTY OF TRAVIS §

**INTERLOCAL AGREEMENT**

**THIS CONTRACT** is entered into by the Contracting Parties under Government Code, Chapter 791.

**I. CONTRACTING PARTIES:**

The Texas Department of Transportation	TxDOT
Central Texas Regional Mobility Authority	Local Government

**II. PURPOSE:** To better serve the public, the Texas Department of Transportation desires to share office space with the Local Government at locations managed by TxDOT.

**III. STATEMENT OF SERVICES TO BE PERFORMED:** The Local Government will undertake and carry out services described in **Attachment A**, Scope of Services.

**IV. CONTRACT PAYMENT:** The total amount of this contract shall not exceed **\$0.00** and shall conform to the provisions of **Attachment B**, Budget. Payments shall be billed monthly.

**V. TERM OF CONTRACT:** Payment under this contract beyond the end of the current fiscal biennium is subject to availability of appropriated funds. If funds are not appropriated, this contract shall be terminated immediately with no liability to either party. This contract begins when fully executed by both parties and terminates on **September 01, 2026**, or when otherwise terminated as provided in this Agreement.

**VI. LEGAL AUTHORITY:**

**THE PARTIES** certify that the services provided under this contract are services that are properly within the legal authority of the Contracting Parties

The governing body, by resolution or ordinance, dated \_\_\_\_\_, has authorized the Local Government to provide the scope of services.

This contract incorporates the provisions of **Attachment A**, Scope of Services, **Attachment B**, Budget, **Attachment C**, General Terms and Conditions, **Attachment D**, Resolution or Ordinance and **Attachment E**, Location Map Showing Project.

### **General Terms and Conditions**

#### **Article 1. Additional Work**

- A. If the Local Government is of the opinion that any assigned work is beyond the scope of this contract and constitutes additional work, it shall promptly notify TxDOT in writing. The written notice shall present the relevant facts and show how the work constitutes additional work.
- B. If TxDOT in its sole discretion finds that the work does constitute additional work, TxDOT shall so advise the Local Government and a written amendment will be executed. The Local Government shall not perform any proposed additional work or incur any additional costs before the execution of an amendment.
- C. TxDOT shall not be responsible for actions by the Local Government or for any costs incurred by the Local Government relating to additional work that is performed before an amendment is executed or that is outside the scope of the contract, as amended.

#### **Article 2. Amendments**

This contract may only be amended by written agreement executed by both parties before the contract is terminated.

#### **Article 3. Notice to Proceed**

If Attachment A requires a notice to proceed, the Local Government shall not proceed with any work or incur any costs until TxDOT issues a written notice to the Local Government authorizing work to begin. Any costs incurred by the Local Government before receiving the notice are not eligible for reimbursement.

#### **Article 4. Conflicts Between Agreements**

If the terms of this contract conflict with the terms of any other contract between the parties, the most recent contract shall prevail.

#### **Article 5. Nonconforming Work**

If the Local Government submits work that does not comply with the terms of this contract, TxDOT shall instruct the Local Government to make any revisions that are necessary to bring the work into compliance with the contract. No additional compensation shall be paid for this work.

#### **Article 6. Termination**

This contract terminates at the end of the contract term, when all services and obligations contained in this contract have been satisfactorily completed, by mutual written agreement, or 30 days after either party gives notice to the other party, whichever occurs first. TxDOT shall compensate the Local Government only for those eligible expenses that are incurred during this contract and that are directly attributable to the completed portion of the work covered by this contract and only if the work has been completed in a manner satisfactory and acceptable to TxDOT. The Local Government shall neither incur nor be reimbursed for any new obligations after the date of termination.

#### **Article 7. Funding – Not Applicable**

TxDOT shall pay for services from appropriation items or accounts from which like expenditures would normally be paid. Payments received by the Local Government shall be credited to the current appropriation items or accounts from which expenditures of that character were originally made. If for any reason subcontractors and suppliers, if any, are not paid before TxDOT reimburses the Local Government for their services, the Local Government shall pay the subcontractors and suppliers all

undisputed amounts due for work no more than 10 days after the Local Government receives payment for the work unless a different time is specified by law. This requirement also applies to all lower-tier subcontractors and suppliers and must be incorporated in all subcontracts. If the Local Government fails to comply with this Article, TxDOT may withhold payments and suspend work until the subcontractors and suppliers are paid. The Local Government is authorized to submit requests for reimbursement no more frequently than monthly and no later than ninety (90) days after costs are incurred.

**Article 8. Basis for Calculating Reimbursement Costs – Not Applicable**

TxDOT will reimburse the Local Government for actual costs incurred in carrying out the services authorized in Attachment A, Scope of Services, subject to the cost categories and estimated costs set forth in Attachment B, Budget. TxDOT shall compensate the Local Government for only those eligible expenses incurred during this contract that are directly attributable to the completed portion of the work covered by this contract, provided that the work has been completed in a manner satisfactory and acceptable to TxDOT. The Local Government shall not incur or be reimbursed for any new obligations after the effective date of termination. The Local Government shall bill TxDOT for actual travel expenses, not to exceed the limits reimbursable under state law. Out-of-state or out-of-country travel by the Local Government requires prior approval by TxDOT.

**Article 9. Gratuities**

Any person who is doing business with or who reasonably speaking may do business with TxDOT under this contract may not make any offer of benefits, gifts, or favors to employees of TxDOT.

**Article 10. Conflict of Interest**

The Local Government shall not assign an employee to a project if the employee:

- A. owns an interest in or is an officer or employee of a business entity that has or may have a contract with the state relating to the project;
- B. has a direct or indirect financial interest in the outcome of the project;
- C. has performed services regarding the subject matter of the project for an entity that has a direct or indirect financial interest in the outcome of the project or that has or may have a contract with TxDOT; or
- D. is a current part-time or full-time employee of TxDOT.

**Article 11. Local Government Resources**

All employees of the Local Government shall have adequate knowledge and experience to enable them to perform the duties assigned to them. The Local Government certifies that it currently has adequate qualified personnel in its employment to perform the work required under this contract or will be able to obtain adequate qualified personnel from sources other than TxDOT. On receipt of written notice from TxDOT detailing supporting factors and evidence, the Local Government shall remove from the project any employee of the Local Government who is incompetent or whose conduct becomes detrimental to the work. Unless otherwise specified, the Local Government shall furnish all equipment, materials, supplies, and other resources required to perform the work.

**Article 12. Assignment Subcontracts – Not Applicable**

A subcontract may not be executed by the Local Government without prior written authorization by TxDOT. Subcontracts in excess of \$25,000 shall contain all applicable terms and conditions of this contract. No subcontract will relieve the Local Government of its responsibility under this contract. Neither party shall assign any interest in this agreement.

**Article 13. Responsibilities of the Parties**

Each party acknowledges that it is not an agent, servant, or employee of the other party. Each party is responsible for its own acts and deeds and for those of its agents, servants, or employees.

**Article 14. Disputes**

The Local Government shall be responsible for the settlement of all contractual and administrative issues arising out of procurements entered in support of contract services. TxDOT shall be responsible for the settlement of any dispute concerning this contract unless the dispute involves a subcontract.

**Article 15. No Assignment**

Neither party shall assign, sublet, or transfer any interest in this agreement.

**Article 16. Remedies**

This agreement shall not be considered as specifying the exclusive remedy for any default, but either party may avail itself of any remedy existing at law or in equity, and all remedies shall be cumulative.

**Article 17. License for TxDOT Logo Use**

- A. Grant of License; Limitations: The Local Government is granted a limited revocable non-exclusive license to use the registered TxDOT trademark logo (TxDOT Flying "T") on any deliverables prepared under this contract that are the property of the State. The Local Government may not make any use of the registered TxDOT trademark logo on any other materials or documents unless it first submits that request in writing to the State and receives approval for the proposed use. The Local Government agrees that it shall not alter, modify, dilute, or otherwise misuse the registered TxDOT trademark logo or bring it into disrepute.
- B. Notice of Registration Required: The Local Government's use of the Flying "T" under this article shall be followed by the capital letter R enclosed within a circle (®) that gives notice that the Flying "T" is registered in the United States Patent and Trademark Office (USPTO).
- C. No Assignment or Sublicense: The Local Government may not assign or sublicense the rights granted by this article without the prior written consent of the State.
- D. Term of License: The license granted to the Local Government by this article shall terminate at the end of the term specified by this contract.

**Article 18. Records and Ownership – Not Applicable**

- A. The Local Government agrees to maintain all books, documents, papers, accounting records, and other evidence pertaining to costs at its office during the contract period and for four years from the date of final payment under the contract. These materials shall be made available for inspection and copying by TxDOT, by the State Auditor's Office, and by their authorized representatives. If the contract is federally funded, these materials shall also be made available for inspection and copying by the U.S. Department of Transportation and by the Office of the Inspector General.
- B. After completion or termination of this contract, all documents prepared by the Local Government or furnished to the Local Government by TxDOT shall be delivered to and become the property of TxDOT. All sketches, photographs, calculations, and other data prepared under this contract shall be made available, on request, to TxDOT without restriction or limitation of further use.
- C. TxDOT shall own all title to, all interests in, all rights to, and all intellectual property (including copyrights, trade and service marks, trade secrets, and patentable devices or methods) arising from or developed under this contract.
- D. Except to the extent that a specific provision of this contract states to the contrary, all equipment purchased by the Local Government or its subcontractors under this contract shall be owned by TxDOT and will be delivered to TxDOT at the time the contract is completed or terminated.

- E. The State Auditor may conduct an audit or investigation of any entity receiving funds from TxDOT directly under the contract or indirectly through a subcontract under the contract. Acceptance of funds directly under the contract or indirectly through a subcontract under this contract acts as acceptance of the authority of the State Auditor, under the direction of the legislative audit committee, to conduct an audit or investigation in connection with those funds. An entity that is the subject of an audit or investigation must provide the State Auditor with access to any information the State Auditor considers relevant to the investigation or audit.

### **Article 19. Reference to Costs Principles and Circulars**

Reimbursement with state or federal funds will be limited to costs determined to be reasonable and allowable under cost principles established in OMB Circular A-21, "Cost Principles for Educational Institutions," or 2 CFR 200. The parties shall comply with the requirements of the Single Audit Act of 1984, P.L. 98-502, ensuring that the single audit report includes the coverage stipulated in 2 CFR 200.

### **Article 20. Equal Employment Opportunity**

The Local Government agrees to comply with Executive Order 11246, entitled "Equal Employment Opportunity," as amended by Executive Order 11375 and as supplemented by Department of Labor regulations, 41 CFR Part 60. The Local Government agrees to consider minority universities for subcontracts when the opportunity exists. The Local Government warrants that it has developed and has on file appropriate affirmative action programs as required by applicable rules and regulations of the Secretary of Labor.

### **Article 21. Civil Rights Compliance**

- A. Compliance with Regulations: The Local Government will comply with the Acts and the Regulations relative to Nondiscrimination in Federally-assisted programs of the U.S. Department of Transportation (USDOT), the Federal Highway Administration (FHWA), as they may be amended from time to time, which are herein incorporated by reference and made part of this agreement.
- B. Nondiscrimination: The Local Government, with regard to the work performed by it during the contract, will not discriminate on the grounds of race, color, or national origin in the selection and retention of subcontractors, including procurement of materials and leases of equipment. The Local Government will not participate directly or indirectly in the discrimination prohibited by the Acts and the Regulations, including employment practices when the contract covers any activity, project, or program set forth in Appendix B of 49 CFR Part 21.
- C. Solicitations for Subcontracts, Including Procurement of Materials and Equipment: In all solicitations either by competitive bidding or negotiation made by the Local Government for work to be performed under a subcontract, including procurement of materials or leases of equipment, each potential subcontractor or supplier will be notified by the Local Government of the Local Government's obligations under this contract and the Acts and Regulations relative to Nondiscrimination on the grounds of race, color, or national origin.
- D. Information and Reports: The Local Government will provide all information and reports required by the Acts, the Regulations, and directives issued pursuant thereto, and will permit access to its books, records, accounts, other sources of information, and facilities as may be determined by the State or the FHWA to be pertinent to ascertain compliance with such Acts, Regulations or directives. Where any information required of the Local Government is in the exclusive possession of another who fails or refuses to furnish this information, the Local Government will so certify to the State or the Federal Highway Administration, as appropriate, and will set forth what efforts it has made to obtain the information.

- E. Sanctions for Noncompliance: In the event of the Local Government's noncompliance with the Nondiscrimination provisions of this contract, the State will impose such contract sanctions as it or the FHWA may determine to be appropriate, including, but not limited to:
  - a. withholding of payments to the Local Government under the contract until the Local Government complies and/or
  - b. cancelling, terminating, or suspending of the contract, in whole or in part.
- F. Incorporation of Provisions: The Local Government will include the provisions of paragraphs (A) through (F) in every subcontract, including procurement of materials and leases of equipment, unless exempt by the Acts, the Regulations and directives issued pursuant thereto. The Local Government will take such action with respect to any subcontract or procurement as the State or the FHWA may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided, that if the Local Government becomes involved in, or is threatened with, litigation with a subcontractor or supplier because of such direction, the Local Government may request the State to enter into such litigation to protect the interests of the State. In addition, the Local Government may request the United States to enter into such litigation to protect the interests of the United States.

## **Article 22. Noncollusion**

The Local Government warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the Local Government, to solicit or secure this Agreement, and that it has not paid or agreed to pay any company or person, other than a bona fide employee, any fee, commission, percentage, brokerage fee, gift, or any other consideration contingent upon or resulting from the award or making of this Agreement. If the Local Government breaches or violates this warranty, the Texas Department of Transportation shall have the right to annul this Agreement without liability or, in its discretion, to deduct from the Agreement price or consideration, or otherwise recover the full amount of such fee, commission, brokerage fee, contingent fee, or gift.

## **Article 23. Lobbying Certification**

In executing this agreement, each signatory certifies that:

- A. No federal appropriated funds have been paid or will be paid by or on behalf of the parties to any person for influencing or attempting to influence an officer or employee of any federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.
- B. If any funds other than federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with federal contracts, grants, loans, or cooperative agreements, the signatory for the Local Government shall complete and submit the federal Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.
- C. The parties shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This statement is a material representation of fact upon which reliance was placed when this agreement was made or entered into. Submission of this statement is a prerequisite for making or entering into this agreement imposed by Title 31 U.S.C. §1352. Any person who fails to file the

required statement shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each failure.

By executing this agreement, the parties affirm this lobbying certification with respect to the Project and affirm this certification of the material representation of facts upon which reliance will be made.

**Article 24. Compliance with Laws**

The parties shall comply with all federal, state, and local laws, statutes, ordinances, rules, and regulations and with the orders and decrees of any courts or administrative bodies or tribunals in any manner affecting the performance of this agreement. After receiving a written request from TxDOT, the Local Government shall furnish TxDOT with satisfactory proof of its compliance with this Article.

**Article 25. Signatory Warranty**

Each signatory warrants that the signatory has necessary authority to execute this agreement on behalf of the entity represented.

**Article 26. Notices**

All notices to either party shall be delivered personally or sent by certified U.S. mail, postage prepaid, addressed to that party at the following address:

<b>Local Government:</b>	Central Texas Regional Mobility Authority Director of Operations 3300 North Interstate 35, Suite #300 Austin, Texas 78705
<b>TxDOT:</b>	Texas Department of Transportation Director of Contract Services 125 East 11 <sup>th</sup> Street Austin, Texas 78701

All notices shall be deemed given on the date delivered in person or deposited in the mail. Either party may change the above address by sending written notice of the change to the other party. Either party may request in writing that notices shall be delivered personally or by certified U.S. mail, and that request shall be carried out by the other party.

**Article 27. Pertinent Non-Discrimination Authorities**

During the performance of this contract, the Local Government, for itself, its assignees, and successors in interest agree to comply with the following nondiscrimination statutes and authorities; including but not limited to:

- A. Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d et seq., 78 stat. 252), (prohibits discrimination on the basis of race, color, national origin); and 49 CFR Part 21.
- B. The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, (42 U.S.C. § 4601), (prohibits unfair treatment of persons displaced or whose property has been acquired because of Federal or Federal-aid programs and projects).
- C. Federal-Aid Highway Act of 1973, (23 U.S.C. § 324 et seq.), as amended, (prohibits discrimination on the basis of sex).
- D. Section 504 of the Rehabilitation Act of 1973, (29 U.S.C. § 794 et seq.) as amended, (prohibits discrimination on the basis of disability); and 49 CFR Part 27.
- E. The Age Discrimination Act of 1975, as amended, (42 U.S.C. § 6101 et seq.), (prohibits discrimination on the basis of age).

- F. Airport and Airway Improvement Act of 1982, (49 U.S.C. Chapter 471, Section 47123), as amended, (prohibits discrimination based on race, creed, color, national origin, or sex).
- G. The Civil Rights Restoration Act of 1987, (PL 100-209), (Broadened the scope, coverage and applicability of Title VI of the Civil Rights Act of 1964, The Age Discrimination Act of 1975 and Section 504 of the Rehabilitation Act of 1973, by expanding the definition of the terms “programs or activities” to include all of the programs or activities of the Federal-aid recipients, subrecipients and contractors, whether such programs or activities are Federally funded or not).
- H. Titles II and III of the Americans with Disabilities Act, which prohibits discrimination on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing entities (42 U.S.C. §§ 12131-12189) as implemented by Department of Transportation regulations at 49 C.F.R. parts 37 and 38.
- I. The Federal Aviation Administration’s Nondiscrimination statute (49 U.S.C. § 47123) (prohibits discrimination on the basis of race, color, national origin, and sex).
- J. Executive Order 12898, Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations, which ensures nondiscrimination against minority populations by discouraging programs, policies, and activities with disproportionately high and adverse human health or environmental effects on minority and low-income populations.
- K. Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination because of limited English proficiency (LEP). To ensure compliance with Title VI, the parties must take reasonable steps to ensure that LEP persons have meaningful access to the programs (70 Fed. Reg. at 74087 to 74100).
- L. Title IX of the Education Amendments of 1972, as amended, which prohibits the parties from discriminating because of sex in education programs or activities (20 U.S.C. 1681 et seq.).

**ATTACHMENT B**

**Budget**

No funds shall be exchanged under this agreement.

**ATTACHMENT A**  
**Scope of Services**

- I. TxDOT will house representatives and equipment of the Local Government at locations managed by TxDOT to provide customer service to customers with inquiries on Local Government back-office system.
- II. Local Government shall respond to Local Government billing issues and any and all inquiries with their own equipment and back-office system.
- III. Local Government shall not operate outside of the hours of operations of TxDOT for all locations.
- IV. TxDOT reserves the right to add or delete locations under this contract. TxDOT will coordinate with the Local Government for locations to be added. TxDOT will provide ten business days written notice to the Local Government for locations to be deleted.
- V. Local Government representative(s) shall not be granted access to or use any TxDOT equipment or back-office system. TxDOT employee(s) will not be granted access to or use any Local Government equipment or Local Government back-office system.

**GENERAL MEETING OF THE BOARD OF DIRECTORS  
OF THE  
CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY**

**RESOLUTION NO. 24-035**

**APPROVING A CONTRACT WITH CARAHSOFT TECHNOLOGY CORPORATION FOR  
CERTAIN SOFTWARE FOR BOARD MEETING VIDEOGRAPHY AND STREAMING  
RELATED SERVICES**

WHEREAS, the Central Texas Regional Mobility Authority (Mobility Authority) currently utilizes Avior™ and EASE™ software and related services for certain software for board meeting videography and streaming related services through a contract with Swagit Productions, LLC; and

WHEREAS, the Mobility Authority's current Swagit Productions, LLC agreement expires on June 30, 2024; and

WHEREAS, Avior™ and EASE™ software and related services are offered by Granicus which can be purchased from Carahsoft Technology Corporation through Texas Department of Information Resources (DIR) Contract No. DIR-TSO-4288; and

WHEREAS, the Executive Director has obtained pricing for Avior™ and EASE™ software and related services from Carahsoft Technology Corporation which is attached hereto as Exhibit A; and

WHEREAS, pursuant to Texas Government Code Section 2054.0565 and Mobility Authority Policy Code Section 401.008, the Mobility Authority may use the DIR cooperative contract with Carahsoft Technology Corporation to procure Avior™ and EASE™ software and related services without the need to seek competitive bids; and

WHEREAS, the Executive Director recommends approving the acquisition of Avior™ and EASE™ software and related services in an amount not to exceed \$11,000.00 from Carahsoft Technology Corporation through their DIR cooperative contract.

NOW THEREFORE BE IT RESOLVED the Executive Director is hereby authorized to enter into an agreement with Carahsoft Technology Corporation for Avior™ and EASE™ software and related services for certain software for board meeting videography and streaming related services in an amount not to exceed \$11,000.00 through their cooperative contract with the Texas Department of Information Resources.

Adopted by the Board of Directors of the Central Texas Regional Mobility Authority on the 26<sup>th</sup> day of June 2024.

## Public Records Act Agreement

Contractor acknowledges and agrees that all records, documents, drawings, plans, specifications and other materials in the Authority's possession, including materials submitted by Contractor, are subject to the provisions of the Texas Public Information Act (see Texas Government Code § 552.001). Contractor shall be solely responsible for all determinations made by it under such law, and for clearly and prominently marking each and every page or sheet of materials with "Trade Secret" or "Confidential", as it determines to be appropriate. Contractor is advised to contact legal counsel concerning such law and its application to Contractor.

If any of the materials submitted by the Contractor to the Authority are clearly and prominently labeled "Trade Secret" or "Confidential" by Contractor, the Authority will endeavor to advise Contractor of any request for the disclosure of such materials prior to making any such disclosure. Under no circumstances, however, will the Authority be responsible or liable to Contractor or any other person for the disclosure of any such labeled materials, whether the disclosure is required by law, or court order, or occurs through inadvertence, mistake or negligence on the part of the Authority or its officers, employees, contractors or consultants.

In the event of litigation concerning the disclosure of any material marked by Contractor as "Trade Secret" or "Confidential," the Authority's sole obligation will be as a stakeholder retaining the material until otherwise ordered by a court, and Contractor shall be fully responsible for otherwise prosecuting or defending any action concerning the materials at its sole cost and risk; provided, however, that the Authority reserves the right, in its sole discretion, to intervene or participate in the litigation in such manner as it deems necessary or desirable. All costs and fees, including reasonable attorneys' fees and costs, incurred by the Authority in connection with any litigation, proceeding or request for disclosure shall be reimbursed and paid by Contractor.

**GENERAL MEETING OF THE BOARD OF DIRECTORS  
OF THE  
CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY**

**RESOLUTION NO. 24-036**

**AUTHORIZE THE EXECUTIVE DIRECTOR TO NEGOTIATE AND EXECUTE A  
PURCHASE AND SALE AGREEMENT FOR A NEW HEADQUARTERS BUILDING  
AND TO TAKE OTHER RELATED ACTIONS WITH APPROVAL FROM THE  
CTRMA EXECUTIVE COMMITTEE**

WHEREAS, the Mobility Authority is contemplating the acquisition of a freestanding office building within the Austin area to serve at the Mobility Authority's headquarters (the Headquarters Building); and

WHEREAS, the Executive Director retained the services of a real estate brokerage firm to identify feasible options to serve as the Headquarters Building; and

WHEREAS, the Executive Director has identified a potential property to serve as the Headquarters Building (the Subject Property) and, pursuant to the nonbinding Letter of Intent, dated June 12, 2024, attached hereto as Attachment "A" (the LOI), has agreed to the terms of a transaction to purchase the Subject Property; and

WHEREAS, the terms outlined in the LOI are subject to the negotiation of a definitive and comprehensive Purchase and Sale Agreement (PSA); and

WHEREAS, the Executive Director recommends that the Board authorize him to negotiate and execute a PSA for the Subject Property, consistent with the terms set forth in the LOI; and

WHEREAS, following execution of the PSA, the Mobility Authority will perform due diligence and feasibility assessments to determine whether the Subject Property is suitable for the Mobility Authority's intended use, which may include, but is not limited to, confirming the current zoning and entitlements, evaluating environmental conditions, and conducting other physical inspections and financial investigations as deemed necessary (the Feasibility Investigation); and

WHEREAS, the actions required to complete the Feasibility Investigation are estimated to cost up to \$350,000.00 (the Feasibility Investigation Costs); and

WHEREAS, the Executive Director recommends that the Board authorize: (i) the Executive Director to take all actions necessary to ensure the completion of the Feasibility Investigation, for an amount not to exceed the Feasibility Investigation Costs; (ii) the Executive Committee to approve any necessary expenditures of funds in excess of the Feasibility Investigation Costs; and (iii) the Executive Committee to approve any waiver of provisions of the Mobility Authority Policy Code regarding the procurement of services required to complete the Feasibility Investigation.

NOW, THEREFORE, BE IT RESOLVED, that the Board of Directors hereby authorizes the Executive Director to negotiate and execute a PSA to purchase real property needed for a Mobility Authority headquarters, consistent with the terms set forth in the LOI, attached hereto as Attachment "A"; and

BE IT FURTHER RESOLVED, that the Board of Directors hereby authorizes the Executive Director to take all actions necessary to ensure the completion of the Feasibility Investigation, for an amount not to exceed the Feasibility Investigation Costs; and

BE IT FURTHER RESOLVED, that the Board of Directors hereby authorizes the Executive Committee to approve any necessary expenditures of funds in excess of the Feasibility Investigation Costs; and

BE IT FURTHER RESOLVED, that the Board of Directors hereby authorizes the Executive Committee to approve any waiver of provisions of the Mobility Authority Policy Code regarding the procurement of services required to complete the Feasibility Investigation.

**RESOLUTION NO. 24-037**

**AMENDING MOBILITY AUTHORITY POLICY CODE SECTION 101.038**

WHEREAS, by Resolution No. 12-016 dated February 29, 2012, the Board of Directors adopted the Mobility Authority Policy Code (“Policy Code”); and

WHEREAS, subsequent to its initial adoption, the Board of Directors has amended the Policy Code from time to time in order to modify existing policies and incorporate new policies beneficial to the operation of the Central Texas Regional Mobility Authority (“Mobility Authority”); and

WHEREAS, throughout the Mobility Authority’s ordinary course of business, claims are brought by or against the Mobility Authority; and

WHEREAS, it is desirable to settle claims administratively rather than the judicial process; and

WHEREAS, the Executive Director recommends amending the Policy Code Section 101.038 as shown in Exhibit A to delegate the authority to negotiate and execute settlement claims by or against the Mobility Authority not exceeding \$50,000.00 to the Executive Director.

NOW, THEREFORE, BE IT RESOLVED that the Board hereby amends Section 101.038 of the Mobility Authority Policy Code as shown in Exhibit A attached hereto.

## **101.038 Executive Director**

(a) The executive director will be selected by the board and shall serve at the pleasure of the board, performing all duties assigned by the board and implementing all resolutions adopted by the board.

(b) In addition, the executive director:

(1) shall be responsible for general management, hiring and termination of employees, and day-to-day operations of the authority;

(2) shall be responsible for preparing a draft of the Strategic Plan for the authority's operations, as described in Section 101.013;

(3) shall be responsible for preparing a draft of the authority's written Annual Report, as described in Section 101.013;

(4) at the invitation of a Commissioners Court of a county in the authority, shall appear, with representatives of the board, before the Commissioners Court to present the authority's Annual Report and respond to questions and receive comments regarding the Report or the authority's operations;

(5) may initiate procurements for goods and services, consulting and professional services, and construction services in accordance with the procedures established in this Policy Code, including soliciting proposals and advertising contracts for bids;

(6) may execute inter-agency and interlocal contracts, service contracts, and employment agreements provided that obligations assumed pursuant to such agreements are within limits specified in the most recent budget approved by the board;

(7) may execute contracts, contract supplements, contract change orders, and purchase orders not exceeding amounts established in Resolutions of the board;

(8) may negotiate and execute a settlement and release for a claim:

(a) by or against the authority that does not exceed \$50,000. Except as provided in (b) below, claims by or against the authority in excess of \$50,000 may be compromised or settled only with the approval of the board; or,

(b) by the authority for design errors and omissions that does not exceed the maximum amount for change orders that the executive director is authorized to issue for the project without board approval. The executive director shall report any such settlement in excess of \$50,000 to the board at or prior to the next board meeting following execution of the settlement and release; and

(9) shall have such obligations and authority as may be described in one or more Resolutions enacted from time to time by the board.

(c) The executive director may delegate the foregoing duties and responsibilities as the executive director deems appropriate, provided such delegation does not conflict with applicable law or any express direction of the board.

## 101.038 Executive Director

(a) The executive director will be selected by the board and shall serve at the pleasure of the board, performing all duties assigned by the board and implementing all resolutions adopted by the board.

(b) In addition, the executive director:

(1) shall be responsible for general management, hiring and termination of employees, and day-to-day operations of the authority;

(2) shall be responsible for preparing a draft of the Strategic Plan for the authority's operations, as described in Section 101.013;

(3) shall be responsible for preparing a draft of the authority's written Annual Report, as described in Section 101.013;

(4) at the invitation of a Commissioners Court of a county in the authority, shall appear, with representatives of the board, before the Commissioners Court to present the authority's Annual Report and respond to questions and receive comments regarding the Report or the authority's operations;

(5) may initiate procurements for goods and services, consulting and professional services, and construction services in accordance with the procedures established in this Policy Code, including soliciting proposals and advertising contracts for bids;

(6) may execute inter-agency and interlocal contracts, service contracts, and employment agreements provided that obligations assumed pursuant to such agreements are within limits specified in the most recent budget approved by the board;

(7) may execute contracts, contract supplements, contract change orders, and purchase orders not exceeding amounts established in Resolutions of the board;

(8) may negotiate and execute a settlement and release for a claim:

(a) by or against the authority that does not exceed \$50,000. Except as provided in (b) below, claims by or against the authority in excess of \$50,000 may be compromised or settled only with the approval of the board; or,

(b) may negotiate and execute a settlement, from the provider to the Mobility Authority, by the authority for a claim arising from design errors and omissions that does not exceed the maximum amount for change orders that the executive director is authorized to issue for the project without board approval. The Executive Director shall will must submit a report any such settlement in excess

~~of \$50,000 to the board at or prior to the next board meeting following execution of the settlement and release to the Board on the resolution of any such claim that involved a Change Order requiring the approval of the Board may be compromised or settled by the executive director;~~ and

(98) shall have such obligations and authority as may be described in one or more Resolutions enacted from time to time by the board.

(c) The executive director may delegate the foregoing duties and responsibilities as the executive director deems appropriate, provided such delegation does not conflict with applicable law or any express direction of the board.
