

**MEETING OF THE AUDIT COMMITTEE
OF THE
CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY**

RESOLUTION NO. 24-062

**ACCEPTING THE INDEPENDENT AUDIT REPORTS FROM RSM US LLP
FOR THE FISCAL YEAR ENDING JUNE 30, 2024**

WHEREAS, by Resolution No. 09-50 enacted July 31, 2009, the Board of Directors established the Audit Committee as a standing committee of the Board of Directors, consisting of all of the members of the Board of Directors; and

WHEREAS, under Resolution No. 09-50 and Section 101.036 of the Mobility Authority Policy Code, the Audit Committee is authorized to exercise all powers and authority of the Board of Directors with respect to Mobility Authority finances, and accordingly acts as, and on behalf of, the Board of Directors with respect to the matters addressed by this resolution; and

WHEREAS, the firm of RSM US LLP, has been engaged to provide an independent audit of the finances of the Central Texas Regional Mobility Authority for the fiscal year ending on June 30, 2024, and has presented that audit to the Audit Committee; and

WHEREAS, the Audit Committee has reviewed the “Annual Financial Report” for fiscal year ended June 30, 2024, prepared by RSM US LLP, attached as Exhibit A to this resolution, and has heard and considered the presentation on the audit by RSM US LLP.

NOW THEREFORE, BE IT RESOLVED, that the Audit Committee accepts the independent audit reports of the Central Texas Regional Mobility Authority prepared by RSM US LLP for the fiscal year ending on June 30, 2024, subject to the correction of any errata items; and

BE IT FURTHER RESOLVED that this resolution constitutes approval by the Audit Committee of the investment reports required by 43 *Texas Administrative Code* Rule §26.61(b).

Adopted by the Audit Committee of the Board of Directors of the Central Texas Regional Mobility Authority on the 30th day of October 2024.

Independent Auditor's Report

RSM US LLP

Board of Directors
Central Texas Regional Mobility Authority

Opinions

We have audited the financial statements of the business-type activities and fiduciary activities of Central Texas Regional Mobility Authority (the Authority), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and fiduciary activities of the Authority as of June 30, 2024, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Authority, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the required supplementary information—pension plan, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Authority's basic financial statements. The supplementary information consisting of the indenture cash flow and debt service coverage information is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the indenture cash flow and debt service coverage is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Central Texas Regional Mobility Authority

Management's Discussion and Analysis June 30, 2024

MANAGEMENT DISCUSSION AND ANALYSIS (MD&A)

The Central Texas Regional Mobility Authority (the Authority) presents the following discussion and analysis of the Authority's financial activities during the fiscal year that ended June 30, 2024. This section is intended to be read in conjunction with the Authority's financial statements, which immediately follow this section.

OVERVIEW OF THE FINANCIAL STATEMENTS

The financial section of this annual report consists of four parts: management's discussion and analysis, the basic financial statements, including the notes to the financial statements, the required supplementary information and other supplementary information.

The financial statements provide both long-term and short-term information about the Authority's overall financial status. The financial statements also include notes that explain some of the information in the financial statements and provide more detailed data.

Basic financial statements: The financial statements are designed to provide readers with an overview of the Authority's finances in a manner similar to private-sector business.

The *Statement of Net Position* presents information on all of the Authority's assets and deferred outflows, as well as the Authority's liabilities and deferred inflows with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Authority is improving or deteriorating. The Statement of Net Position can be found on pages 9-10 of this report.

The *Statement of Revenues, Expenses and Changes in Net Position* present information showing how the Authority's net position changed during the fiscal year ended June 30, 2024. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Therefore, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods. The increase or decrease in net position may serve as an indicator of the effect of the Authority's current year operations on its financial position. The Statement of Revenues, Expenses and Changes in Net Position can be found on page 11 of this report.

The *Statement of Cash Flows* summarize all of the Authority's cash flows into three categories as applicable: 1) cash flows from operating activities, 2) cash flows from capital and related financing activities and 3) cash flows from investing activities. The Statement of Cash Flows can be found on page 12 of this report. The Statement of Cash Flows, along with the related notes and information in other financial statements, can be useful in assessing the following:

- The Authority's ability to generate future cash flows
- The Authority's ability to pay its debt as the debt matures
- Reasons for the difference between the Authority's operating cash flows and operating income
- The impact of the Authority's financial position of cash and noncash transactions from investing, capital and financing activities

Central Texas Regional Mobility Authority

Management's Discussion and Analysis (Continued) June 30, 2024

Fiduciary Funds are used to account for resources that a government holds as a trustee or agent on behalf of an outside party that cannot be used to support the government's own programs. The Statement of Fiduciary Net Position and Statement of Changes in Fiduciary Net Position reports the assets, liability and related activity of the Nationwide Retirement Solutions Governmental Profit Sharing Plan and Trust Defined Contribution Plan and custodial funds held in trust for construction projects of other local governments. The fiduciary funds are reported using the economic resources measurement focus and are prepared on the accrual basis of accounting in conformity with U.S. Generally Accepted Accounting Principles. Contributions and income are recorded when earned and benefits and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flow. The Authority is reporting fiduciary fund financial statements in the following two fund categories:

Pension Trust Funds are used to report fiduciary activities that are other employee benefit plans for which resources are held in trust that meet the criteria outlined by the Governmental Accounting Standards Board (GASB).

Custodial funds are used to report fiduciary activities for resources that are held in trust that meet the criteria outlined by GASB and that are not required to be reported in pension trust funds, investment trust funds or private purpose trust funds.

The *Notes to Financial Statements* provide additional information that is essential to a full understanding of the data provided in the basic financial statements. The Notes to Financial Statements can be found starting on page 15 of this report.

FINANCIAL HIGHLIGHTS—Business type activities

- Total operating revenue increased to \$238.6 million in 2024 from \$225.7 million in 2023 or a 5.7% increase.
- Total operating expenses were approximately \$122.7 million and \$106.3 million in 2024 and 2023, respectively.
- Total construction in progress was approximately \$503.3 million and \$351.8 million as of June 30, 2024 and 2023, respectively. Construction in progress increased from June 30, 2023 by approximately \$151.4 million due to the continued construction of the 183 North Project which is nine miles of two variably-priced express lanes in each direction in the existing median along US 183 in northwest Austin. Additionally, the 183A Phase III Project is also under construction which will add six miles of two toll lanes in each direction.
- Total restricted cash and cash equivalents decreased from \$692.6 million in 2023 to \$609.7 million in 2024. The overall decrease in restricted cash and cash equivalents was largely due to spending on ongoing projects and debt service on long term debt.

Central Texas Regional Mobility Authority

Management's Discussion and Analysis (Continued) June 30, 2024

FINANCIAL ANALYSIS OF THE AUTHORITY

Net position: As noted above, net position may serve over time as a useful indicator of the Authority's financial position. The net position reflects an un-expendable and expendable portion of net position. The Authority's assets and deferred outflows exceeded liabilities and deferred inflows by approximately \$769.0 million and \$685.4 million as of June 30, 2024 and 2023, respectively (see Table A-1). As of June 30, 2024 and 2023, the largest portion of the Authority's net position is reflected in its investment in capital assets (the Tolling System infrastructure and related assets) net of any outstanding debt used to acquire those assets. The restricted portion of net position, as of June 30, 2024 and 2023, is restricted for debt service or construction expenditures. Although the Authority's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Table A-1
Condensed Statements of Net Position Information
(In Thousands of Dollars)

	2024	2023
Current assets	\$ 450,797	\$ 391,784
Restricted assets	595,477	721,380
Pension asset	-	1,046
Capital assets	2,320,895	2,203,299
Total assets	3,367,169	3,317,509
Deferred outflows of resources	163,960	170,252
Total assets and deferred outflows of resources	\$ 3,531,129	\$ 3,487,761
Current liabilities	119,573	117,598
Noncurrent liabilities	2,642,508	2,684,664
Total liabilities	2,762,081	2,802,262
Deferred inflows of resources	33	79
Total liabilities and deferred inflows of resources	2,762,114	2,802,341
Net position:		
Net investment in capital assets	313,969	206,821
Restricted for other purposes	167,862	179,426
Unrestricted	287,184	299,173
Total net position	\$ 769,015	\$ 685,420

For fiscal year 2024, the restricted asset decrease is mainly attributable to ongoing projects which include the 183 North Project and 183A Phase III in addition to the servicing of long-term debt.

For fiscal years 2024, excluding accumulated depreciation, depreciable capital assets increased as a result of the ongoing construction and current period additions to \$2.2 billion in fiscal year 2024.

Central Texas Regional Mobility Authority

Management's Discussion and Analysis June 30, 2024

Changes in net position: The operating revenues increased in 2024 compared to 2023. For 2024, the tolling activity increased tolling revenue by \$12.9 million or 6%. For both 2024 and 2023, the tolling activity includes the toll system which is comprised of 183A Turnpike Project (Phases I and II), the 290E Project (Phases I, II and III), the SH 71 Express Project, SH 45 Southwest Project and 183 South Project. The average daily Tolling System transactions increased to approximately 549.1 thousand per day in 2024 from approximately 529.9 thousand per day in 2023 or from an annual transaction total of approximately 193.4 million to 200.4 million from 2023 to 2024. The total revenue increase in 2024 is attributable to sustained economic growth.

Activity in the MoPac Improvement Project is not reflected in the total Tolling System transactions above and is not included in the Authority's Tolling System established by the bond indenture securing the Authority's toll revenue obligations. For fiscal year 2024 and 2023, activity of the MoPac Improvement Project consisted of approximately 12 million and 10.2 million transactions, respectively, and approximately \$16.7 million and \$14.8 million in revenue, respectively.

The chart below includes transactions for the completed projects of the Authority's Tolling System for the period ending June 30, 2024 (which as of June 30, 2024, includes the 183A Turnpike Project (Phases I and II), the 290E Project (Phases I, II and III), the SH 71 Express Project, the SH 45 Southwest Project and 183 South Project).

Total Monthly Tolling System Transactions

As noted in Table A-2, operating expenses increased by \$16.7 million from 2023 to 2024. The increases from 2023 to 2024 are related to the increase in the number of tolling transactions which result in additional expenses for license plate imaging and tag collection fees.

The nonoperating expenses (net) decreased from \$55.1 million in fiscal year 2023 to \$32.7 million in fiscal year 2024. The decrease is related to an increase in interest income in 2024 compared to 2023 offset by the interest expenses.

The change in net position before capital grants and contributions is an increase of \$83.1 million in 2024 and \$64.2 million in fiscal year 2023. See Table A-2.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital assets: As of June 30, 2024 and 2023, the Authority had invested approximately \$503.3 million and \$351.7 million, respectively, in construction in progress. Of the total \$503.3 million in FY 2024, the 183 North Project and the 183A Phase III Project were primary contributors to the additions. See Table A-3 and Note 3.

Table A-3
Capital Assets Information
(Net of Depreciation, in Thousands of Dollars)

	2024	2023
Property and equipment	\$ 14,737	\$ 9,429

**Management’s Discussion and Analysis (Continued)
June 30, 2024**

**Table A-4
Long Term Debt Information
(In Thousands of Dollars)**

	2024	2023
Long-term debt:		
Total bonds and other obligations	\$ 2,670,213	\$ 2,716,100
Long term debt outstanding	\$ 2,670,213	\$ 2,716,100
Debt service payments:		
Principal payments	\$ 40,930	\$ 31,279
Interest payments	84,925	83,143

Additional information on the Authority’s long-term debt can be found in Note 4 of this report.

On May 11, 2023, S&P Global Ratings has upgraded the Authority’s senior lien revenue bonds and the subordinate lien TIFIA bonds to A from A- and the Authority’s remaining subordinate lien revenue bonds to A- from BBB+.

Economic Factors and Next Year’s Budget

The FY 2025 Operating Budget reflects a similar pattern to the prior year budget, with adjustments made considering ongoing economic activity in the region. A significant factor in developing the FY 2025 budget is the opening of the 183A Phase III midway through the fiscal year, affecting both revenues and expenditures. The FY 2025 revenue estimate of \$302.5 million, which consists primarily of toll revenues and interest earnings, is an approximate 17.6% increase from the FY 2024 budget. The revenues were projected using the most recent System Traffic and Revenue estimates and historic data, including a conservative approach on interest earnings which can change quickly. The regional economy has continued to expand, resulting in forecasted transaction and revenue growth. Interest earnings forecasted for FY 2025 show a progressive, slow decline as compared to last fiscal year’s results, particularly in the second half of the fiscal year. This estimate follows the general expectations of the broader fixed income market due in part to the expected actions of the Federal Reserve to gradually lower short term rates.

Expense estimates for FY 2025 are \$191.5 million, representing an increase of 13.5% as compared to the FY 2024 budget. The FY 2025 reflects an approach to meet the service level needs resulting from an active local economy and the new roadway opening. It also addresses escalating debt service schedule while maintaining more than sufficient debt service coverage than is prescribed in the CTRMA indenture covenants. Inflation increases contained in certain contractual arrangements, as well as in materials and labor, have had an impact on maintenance, operating, and capital costs for the organization.

CONTACTING THE AUTHORITY’S FINANCIAL MANAGEMENT

This financial report is designed to provide interested parties with a general overview of the Authority’s finances and to demonstrate the Authority’s accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Central Texas Regional Mobility Authority, 3300 North IH 35, Suite 300, Austin, 78705.

Central Texas Regional Mobility Authority

Notes to Financial Statements June 30, 2024

Note 1. Organization and Summary of Significant Accounting Policies

The financial statements of the Central Texas Regional Mobility Authority (the Authority) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Authority's accounting policies are described below:

A. Reporting entity: The Authority was authorized by the State of Texas in 2002. The Authority is authorized to construct, maintain, repair and operate turnpike projects at locations authorized by the Legislature of the State of Texas and approved by the Texas Department of Transportation (TxDOT). The Authority receives its revenues from tolls, fees and reimbursement grants for the construction of toll projects. The Authority may issue revenue bonds for the purpose of paying the costs of turnpike projects.

The Authority was formed through the joint efforts of Travis and Williamson Counties (the Counties). Their efforts began in September 2002, following the enactment of provisions by the 77th Texas Legislature authorizing the formation of regional mobility authorities (RMAs). The petition to form the Authority was filed by the Counties, and the Texas Transportation Commission granted approval for its formation in October 2002. The initial meeting of the Board of Directors (the Board) of the Authority was held in January 2003. Each County appoints three directors and the Governor appoints the presiding officer. The members are appointed in belief that the composition of the Board and the common interest in the region shared by all Board members will result in adequate representation of all political subdivisions within the geographic area of the RMA and the members will serve without pay for terms of two years. The Authority has full control over all operations, but must comply with certain bond indentures and trust agreements. The Authority employs an Executive Director who manages the day-to-day operations.

In evaluating how to define the Authority for financial reporting purposes, management has determined there are no entities over which the Authority exercises significant influence. Significant influence or accountability is based primarily on operational or financial relationships with the Authority. Since the Authority does not exercise significant influence or accountability over other entities, it has no component units.

In accordance with the provisions of GASB Statement No. 84, *Fiduciary Activities*, the Authority determined that reporting a statement of fiduciary net position and a statement of changes in fiduciary net position in the fiduciary fund financial statements of the basic financial statements would be appropriate for the following funds that meet the outlined criteria:

Pension Trust Funds are used to report fiduciary activities, on a calendar year basis or December 31, for which resources are held in trusts that meet the criteria outlined by GASB. The Other Employee Benefit Trust Fund is administered by Nationwide Retirement Solutions 401(a) Governmental Profit-Sharing Plan and Trust as a Defined Contribution Plan. The Authority offers discretionary contributions to its employees and all contributions made are vested immediately. For the Plan year ended December 31, 2023, the Plan membership consisted of 20 active members and 11 nonactive and the Authority made \$142,000 in discretionary employer contributions.

Custodial funds are used to report fiduciary activities for resources that are held in trust that meet the criteria outlined by GASB and that are not required to be reported in pension trust funds, investment trust funds or private purpose trust funds.

Central Texas Regional Mobility Authority

Notes to Financial Statements June 30, 2024

Note 1. Organization and Summary of Significant Accounting Policies (Continued)

B. Basis of accounting: The operations of the Authority are accounted for within a single proprietary (enterprise) fund through which all non-fiduciary financial activities are recorded. The measurement focus for an enterprise fund is the flow of economic resources. An enterprise fund follows the accrual basis of accounting. With this measurement focus, all assets, liabilities and deferred inflows and outflows of resources associated with the operations are included on the Statement of Net Position. Net position (i.e., total assets and deferred outflows net of total liabilities and deferred inflows) is segregated into amounts of net investment in capital assets, amounts restricted for capital activity and debt service pursuant to the bond indenture and amounts which are unrestricted. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned, expenses are recognized in the period in which the liability is incurred regardless of the timing of related cash flows, and depreciation of capital assets is recognized. Revenue from grants and contracts specifying allowable costs to be incurred are recognized as revenue when all eligibility requirements imposed by the provider are met and qualifying expenditures have been incurred.

The fiduciary fund financial statement of the Pension Plan and the Custodial Fund are reported using the economic resources measurement focus and are prepared on the accrual basis of accounting in conformity with U.S. GAAP. Contributions and income are recorded when earned and benefits and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flow.

C. Pledged revenue: In accordance with the bond indenture, as amended, between the Authority and the trustee named therein, the Authority has designated the following projects as part of the “CTRMA Turnpike System” (the Tolling System) as of June 30, 2024: the 183A Turnpike Project, the 290E Project, the 183 South Project, the SH 71 Express Project and the SH 45 Southwest Project. The trust estate established by the bond indenture is pledged to secure certain outstanding obligations of the Authority, and such trust estate includes the revenues from the Tolling System. The Tolling System may also include any future projects and other roads, bridges or other toll facilities for which the Authority has operational responsibility that the Authority designates as part of the Tolling System by official action of its Board of Directors.

D. Cash, cash equivalents and investments: Cash and cash equivalents include cash on hand, demand deposits, investments in the money market mutual fund and short-term investments with original maturities of 12 months or less from the date of acquisition. Bank deposits are fully collateralized or covered by federal depository insurance. Investments in debt securities are reported at fair value based on pricing service modeling for fixed income securities. Highly liquid debt instruments purchased within 12 months from the date of maturity are reported at cost. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants. Investment in local government investment pools is reported at amortized cost. The net change in fair value of investments is recorded on the Statement of Revenues, Expenses and Changes in Net Position and includes the unrealized and realized gains and losses on investments. The Authority’s investment practices for the enterprise fund and the custodial fund are governed by State statutes, the Authority’s own investment policy and bond indentures and the Texas Public Funds Investment Act. The Pension Trust Fund investments are restricted by investment options provided in the Collective Investment Fund.

E. Compensated absences: Full-time regular employees are eligible for vacation, which accrues monthly. The maximum paid accrual is from 180 hours for one to two years of service and up to 336 hours for 10 plus years of service. Vested vacation leave is recorded as an expense and a liability as the benefits accrue to employees. Except for executive level benefits which allows for vesting, there are no accumulating sick leave benefits that vest for which any liability must be recognized. Accrued vacation leave is \$222,227 and is part of the total accrued expenses on the Statement of Net Position as of June 30, 2024.

Central Texas Regional Mobility Authority

Notes to Financial Statements June 30, 2024

Note 1. Organization and Summary of Significant Accounting Policies (Continued)

F. Capital assets: Capital assets, which include property and equipment, right of way and toll roads, are reported at cost. Capital assets acquired through contributions, such as those from developers or other governments, are recorded at estimated acquisition value at the date of donation. Capital assets are defined as assets with initial, individual costs exceeding \$5,000 to \$100,000, depending on the asset category. Depreciation is computed on the straight-line method over the following estimated useful lives:

Asset Class	Capitalization Threshold	Estimated Useful Lives
Buildings and Toll Facilities	\$ 100,000	10-30 years
Furniture and Equipment	5,000	5 years
Infrastructure	500,000	10-50 years
Vehicles	5,000	7 years
Leasehold improvements	100,000	3 years
Internally Generated Computer Software	1,000,000	5 years
Intangible Right to Use Building	100,000	3 years
Roads and bridges	500,000	40 years

A full month's depreciation is taken in the month an asset is placed in service. When property and equipment are disposed, the cost and accumulated depreciation are removed from the respective accounts, and the resulting gain or loss, if any, is recorded.

The Authority evaluates for impairment of capital assets when significant unexpected decline in service utility occurs. There were no asset impairments in fiscal year 2024.

G. Grants and contributions: Revenues from grants and contributions are cash and noncash which include the following: (1) Capital grants and contributions which are restricted revenues whose resources may only be spent to purchase, build or use capital assets for specified programs or (2) Operating grants and contributions which are restricted in the way they may be spent for operations of a particular program.

The Authority has entered into several construction contracts with TxDOT for the construction of roadways using Highway Planning and Construction federal funding and certain state funding for transportation improvements. During the years ended June 30, 2024, the Authority recognized capital grants and contributions of \$419,630 from TxDOT. Revenues from federal and state cost reimbursement grants and contracts are recognized as earned when all eligibility requirements, including incurring allowable expenditures, have been met.

H. Restricted assets: Certain assets of the Authority are classified as restricted assets in the Statement of Net Position because their use is limited by applicable bond covenants or TxDOT construction contracts. When the proceeds are restricted for the acquisition or construction of noncurrent assets or are restricted for liquidation of long-term debt, they are further classified as noncurrent restricted assets. The Authority's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position are available. In the financial statements, restricted net position is reported for amounts that are externally restricted by creditors (e.g., bond covenants), grantors, contributors or laws and regulations of other governments or law through constitutional provision or enabling legislation.

Central Texas Regional Mobility Authority

Notes to Financial Statements

June 30, 2024

Note 1. Organization and Summary of Significant Accounting Policies (Continued)

I. Income taxes: The Authority is an instrumentality of the state of Texas. As such, income earned in the exercise of its essential government functions is exempt from federal income taxes.

J. Pensions: The net pension liability, deferred outflows and deferred inflows of resources related to pensions, pension expense, information about the fiduciary net position of the Authority's participation in the Texas County and District Retirement System (TCDRS), an Agent Plan, and additions to/deductions from TCDRS's fiduciary net position have been determined on the same basis as reported by TCDRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized in the TCDRS net pension liability calculations when due and payable in accordance with the benefit terms. The investments are stated at fair value.

K. Deferred outflows and inflows of resources: The Authority has classified items as deferred inflows of resources that represent acquisition of net position that applies to future periods and will not be recognized as a revenue until then. The Authority has classified as deferred outflows of resources certain items that represent a consumption of resources that applies to a future period and, therefore, will not be recognized as an expense until then. Bond issuance cost, other than prepaid insurance, is expensed as incurred, in accordance with GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*. Deferred gains/losses on refunding (the difference between the reacquisition price and the carrying value of the existing debt) are recorded as deferred outflows of resources and amortized over the shorter of the life of the original bonds or the life of the refunding bonds.

L. Leases: The Authority follows GASB Statement No. 87, *Leases*, which defines the Authority's leasing arrangement as the right to use an underlying asset as a lessor or lessee.

As lessee, the Authority recognizes a lease liability and an intangible right-of-use lease asset at the beginning of a lease unless the lease is considered a short-term lease or transfers ownership of the underlying asset. The right-of-use lease assets are measured based on the net present value of the future lease payments at inception using the incremental borrowing rate. Remeasurement of a lease liability occurs when there is a change in the lease term and/or other changes that are likely to have a significant impact on the lease liability. The Authority calculates the amortization of the discount on the lease liability and reports that amount as outflows of resources. Payments are allocated first to accrued interest liability and then to the lease liability. As a lessee, the Authority does not consider variable lease payments in the lease liability calculations but are recognized as outflows of resources in the period in which the obligation was incurred.

For lease contracts that are short-term, the Authority recognizes short-term lease payments as outflows of resources (expenses) based on the payment provisions of the lease contract.

M. Long-term obligations: Long-term obligations are reported as liabilities in the statement of net position and consist of notes and bonds payable and related premiums and discounts. The Authority amortizes premiums and discounts over the estimated life of the bonds as an adjustment to interest expense using the effective interest method.

Central Texas Regional Mobility Authority

Notes to Financial Statements June 30, 2024

Note 1. Organization and Summary of Significant Accounting Policies (Continued)

N. Classification of operating and nonoperating revenue and expenses: The Authority defines operating revenues and expenses as those revenues and expenses generated by the Authority's Tolling System and non-System Project (the MoPac Improvement Project). It also includes all revenues and expenses not related to capital and related financing, noncapital financing or investing activities. This definition is consistent with the Codification of Governmental Accounting and Financial Reporting Standards, which defines operating receipts as cash receipts from customers and other cash receipts that do not result from transactions defined as capital and related financing, noncapital financing or investing activities. All revenues and expense not meeting this definition are reported as nonoperating revenue and expenses.

O. Estimates: The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts in the financial statements and the accompanying notes. Actual results could differ from those estimates.

P. Noncash disclosures for statement of cash flows: The Authority's outstanding 2021A TIFIA Bonds and the capital appreciation bonds Series 2010 and 2011 included accreted interest of \$4.4 million and \$8.1 million, respectively for the period ended June 30, 2024.

Q. Issued but not yet effective pronouncements: GASB Statement No. 103, *Financial Reporting Model Improvements*: The objective of this Statement is to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. This Statement continues the requirement of the following: (1) the basic financial statements be preceded by management's discussion and analysis (MD&A), which is presented as required supplementary information (RSI).; (2) the statement also addresses the reporting of unusual or infrequent items as transactions and other events that are either unusual in nature or infrequent in occurrence; (3) the Statement also requires that the proprietary fund statement of revenues, expenses, and changes in fund net position continue to distinguish between operating and nonoperating revenues and expenses; (4) requires governments to present each major component unit separately in the reporting entity's statement of net position and statement of activities if it does not reduce the readability of the statements and (5) also requires governments to present budgetary comparison information using a single method of communication—RSI.

The requirements of this Statement are effective for fiscal years beginning after June 15, 2025, and all reporting periods thereafter. Management has not determined the impact of this Statement.

GASB Statement No. 102, *Certain Risk Disclosures*: The objective of this Statement is to provide users of government financial statements with essential information about risks related to a government's vulnerabilities due to certain concentrations or constraints.

This Statement requires a government to assess whether a concentration or constraint makes the primary government reporting unit or other reporting units that report a liability for revenue debt vulnerable to the risk of a substantial impact. Additionally, this Statement requires a government to assess whether an event or events associated with a concentration or constraint that could cause the substantial impact have occurred, have begun to occur, or are more likely than not to begin to occur within 12 months of the date the financial statements are issued.

Central Texas Regional Mobility Authority

Notes to Financial Statements June 30, 2024

Note 1. Organization and Summary of Significant Accounting Policies (Continued)

If a government determines that those criteria for disclosure have been met for a concentration or constraint, it should disclose information in notes to financial statements in sufficient detail to enable users of financial statements to understand the nature of the circumstances disclosed and the government's vulnerability to the risk of a substantial impact.

The requirements of this Statement are effective for fiscal years beginning after June 15, 2024, and all reporting periods thereafter. Management has not determined the impact of this Statement.

In June 2022, the GASB issued Statement No. 101, *Compensated Absences*. This Statement clarifies the recognition and measurement guidance for compensated absences. This Statement requires that liabilities for compensated absences be recognized for (1) leave that has not been used and (2) leave that has been used but not yet paid in cash or settled through noncash means. The requirements of this Statement are effective for fiscal years beginning after June 15, 2024, and all reporting periods thereafter. Management has not determined the impact of this Statement.

Note 2. Cash and Investments

The Authority's Board has adopted an Investment Policy to set forth the factors involved in the management of investment assets for the Authority. The Authority seeks to mitigate risk by investing in compliance with the investment policy, state statutes and bond indenture provisions by qualifying the broker or financial institution with whom the Authority will transact business, maintaining sufficient collateralization, portfolio diversification and limiting maturities.

TexSTAR Investment Pool, Goldman Sachs Fund and Agency securities balances that mature within one year of the maturity date are carried at amortized cost, which does not require categorization under GASB Statement No. 72, *Fair Value Measurements and Application*. The Authority's enterprise fund had the following investments as of June 30, 2024:

Summary of Investments by Type	
Cash and cash equivalents:	
Cash	\$ 156,605
Goldman Sachs Financial Square Government Fund	495,899,581
TexSTAR Investment Pool	57,393,240
Treasury SLGS	224,544,858
U.S. government sponsored enterprises and treasury notes	237,471,231
Total cash and investments	<u>\$ 1,015,465,515</u>
Unrestricted cash and cash equivalents	\$ 168,239,721
Unrestricted investments	142,948,431
Restricted cash and cash equivalents:	
Current	108,801,407
Noncurrent	500,953,156
Restricted noncurrent investments	<u>94,522,800</u>
Total cash and cash equivalent and investment, as reported on the Statement of Net Position	<u>\$ 1,015,465,515</u>

Central Texas Regional Mobility Authority

Notes to Financial Statements June 30, 2024

Note 2. Cash and Investments (Continued)

The Authority utilizes various methods to measure the fair value of investments on a recurring basis. GASB Statement No. 72, *Fair Value Measurement and Application*, establishes a hierarchy that prioritizes inputs to valuation methods. The three levels of inputs are:

Level 1: Inputs are unadjusted quoted prices in active markets for identical assets and liabilities that the Authority has the ability to access.

Level 2: Inputs are observable other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These inputs may include quoted prices for the identical instrument in an inactive market, prices for similar instruments, interest rates, prepayment speeds, credit risk, yield curves, default rates and similar data.

Level 3: Inputs are unobservable for the asset or liability, to the extent relevant observable inputs are not available, representing the Authority's own assumptions about the assumptions a market participant would use in valuing the asset or liability, and would be based on the best information available.

Hierarchy: The fair value hierarchy gives the highest priority to Level 1 inputs and the lowest priority to Level 3 inputs.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, whether the security is new and not yet established in the marketplace, the liquidity of markets and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety, is determined based on the lowest level input that is significant to the fair value measurement in its entirety. Investments measured at net asset value do not have significant terms or conditions for redemption or commitment for additional funding. The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities.

The following tables summarize the inputs used as of June 30, 2024, for the Authority's investments measured at fair value:

Investment Type	Fair Value Hierarchy at June 30, 2024			Balance
	Level 1	Level 2	Level 3	
Federal Agricultural Mortgage Corp.	\$ -	\$ 59,826,800	\$ -	\$ 59,826,800
Federal Home Loan Bank	-	74,913,900	-	74,913,900
US Treasury Note	-	11,936,710	-	11,936,710
Total U.S. government sponsored enterprise securities and treasury notes	\$ -	\$ 146,677,410	\$ -	146,677,410
US Treasury Note and Agencies at cost				90,793,821
Treasury SLGS at cost				224,544,858
Investments at net asset value (NAV) based on amortized cost:				
Goldman Sachs Financial Square Government Fund				495,899,581
TexSTAR Investment Pool				57,393,240
Total				\$ 1,015,308,910

Central Texas Regional Mobility Authority

Notes to Financial Statements June 30, 2024

Note 2. Cash and Investments (Continued)

Custodial credit risk—deposits: Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the Authority will not be able to recover its deposits or will not be able to recover its collateral securities that are in the possession of an outside party. The Authority has a formal policy specific to custodial credit risk, which requires bank deposit accounts to be collateralized with pledged securities equal to 105% of the carrying value.

The Authority was fully collateralized with pledged securities held by the financial institution in the name of the Authority for amounts in excess of the Federal Deposit Insurance Corporation limit as of June 30, 2024. Cash deposits as of June 30, 2024, were \$156,605.

Custodial credit risk—investments: Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the Authority will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. Investment securities are exposed to custodial risk if the securities are uninsured, are not registered in the name of the Authority and are held by the counterparty, its trust or agent, but not in the Authority's name. The Authority's investment securities are not exposed to custodial credit risk because all securities are held by the Authority's custodial bank in the Authority's name.

Concentration of credit risk: Concentration of credit risk is the risk of loss attributed to the magnitude of the Authority's investment in a single issuer. The Authority is authorized to invest funds in accordance with its investment policy, bond indentures and the Texas Public Funds Investment Act. Authorized investments include, but are not limited to: United States Treasury and federal agency issues, certificates of deposit issued by a state or national bank domiciled in the state of Texas, repurchase agreements collateralized by United States Treasury or federal agency securities, guaranteed investment contracts (GICs), obligations of states and municipalities, Securities and Exchange Commission (SEC) registered no-load money market mutual funds and local government investment pools. The Authority does not have a specific investment policy related to concentration of credit risk. The Authority does have a policy related to portfolio diversification.

With regards to investment composition, the Authority's investment policy currently states that local government investment pools may not exceed 80% of the total investment portfolio less bond funds. Bond funds may be invested at 100% of total investment portfolio. No other parameters for investment composition are stated in the approved investment policy.

The Authority's portfolio consisted of the following as of June 30, 2024 and includes investments in State and Local Government Series, Federal Home Loan Bank and Federal Agricultural Mortgage Corp. (Farmer MAC) which represent 22.1%, 10.3% and 10.9%, respectively, of the total portfolio:

TexSTAR Investment Pool	\$	57,393,240	5.7%
Goldman Sachs Financial Square Government Fund		495,899,581	48.8%
State and Local Government Series (SLGS)		224,544,858	22.1%
Federal Home Loan Bank		104,379,726	10.3%
Federal Agricultural Mortgage Corp.		111,152,420	10.9%
U.S. Treasury Notes		21,939,085	2.2%
Total	\$	<u>1,015,308,910</u>	

Central Texas Regional Mobility Authority

Notes to Financial Statements June 30, 2024

Note 2. Cash and Investments (Continued)

Interest rate risk: Interest rate risk is the risk that the changes in interest rates will adversely affect the fair value of an investment. Interest rate risk may be mitigated by investing operating funds primarily in shorter term securities, money market funds or similar investment pools and limiting the average maturity of the portfolio.

The Authority's investment policy notes that with regard to maximum maturities, the Authority will attempt to match its investments with anticipated cash flow requirements. Unless matched to a specific cash flow, the Authority will not directly invest operating or general funds in securities maturing more than 16 months from the date of purchase, unless approved by the Authority's Board. Investment of bond proceeds shall not exceed the projected expenditure schedule of the related project. Reserve funds may be invested in securities exceeding 12 months if the maturities of such investments are made to coincide as nearly as practicable with the expected use of the funds.

As of June 30, 2024, the Authority's investments in debt securities mature as follows:

Investment Type	Investment Term			Carrying Value
	Less than 1 yr	1 - 5 yrs	6 - 10 yrs	
U.S. Treasury Notes	\$ 9,999,375	\$ 11,939,710	\$ -	\$ 21,939,085
State and Local Government Series (SLGS)	224,544,858	-	-	224,544,858
Federal Home Loan Bank	29,639,926	74,739,800	-	104,379,726
Federal Agricultural Mortgage Corp.	51,152,420	60,000,000	-	111,152,420
Total U.S. government sponsored enterprise securities and treasury notes	\$ 315,336,579	\$ 146,679,510	\$ -	\$ 462,016,089

Local Government Investment Pool: The Texas Short-Term Asset Reserve Fund (TexSTAR) is a public funds investment pool created pursuant to the Interlocal Cooperation Act, Chapter 791, of the Texas Government Code, and the Public Funds Investment Act, Texas Government Code, Chapter 2256. TexSTAR is managed by a five-member board of trustees who has contracted with JPMorgan Investment Management, Inc. and First Southwest Asset Management, Inc. to administer the operations of the fund. TexSTAR is rated AAA by Standard & Poor's and maintains a weighted average maturity of 60 days or less, with a maximum maturity of 13 months for any individual security. The amounts can be withdrawn with limited notice.

The Authority has investments of \$57.4 million in TexSTAR as of June 30, 2024.

Money market mutual fund: The Goldman Sachs Financial Square Government Fund is a government money market fund. The fund values its securities using net asset value and is rated Aaa-mf by Moody's and AAAM by Standard & Poor's Rating Group. The fund has investments of \$495.9 million as of June 30, 2024. The redemption frequency is one day and there are no unfunded commitments.

Central Texas Regional Mobility Authority

Notes to Financial Statements June 30, 2024

Note 2. Cash and Investments (Continued)

Credit risk: Credit risk is the risk than an issuer or other counterparty to an investment will not fulfill its obligations to the Authority. To help mitigate credit risk, credit quality guidelines are incorporated into the investment policy, as follows:

- Limiting investments to the safest types of securities, as listed above under the concentration of credit risk section
- Pre-qualifying the financial institutions, brokers/dealers, intermediaries, and advisors with which the Authority will do business

The Authority's investments had the following credit risk structure as of June 30, 2024, based on Standard & Poor's ratings:

Standard & Poor's		
U.S. Government Sponsored Enterprise	Investment Grade Rating	2024
Federal Home Loan Bank	AA+	\$ 104,379,726
State and Local Government Series (SLGS)	AA+	224,544,858
US Treasury Note	Aaa	21,939,085

Fiduciary Fund Investments

As of June 30, 2024, the investments in the Pension Trust Fund (the Plan) totaled \$1,101,081. The investments are held in Nationwide Collective Investment Fund and are reported at fair value. The investments are Level 2 investments in that the Collective Investment Fund uses observable market data for the underlying investments that support the Collective Investment Fund to determine the fair value net of applicable contract fees.

As of June 30, 2024, the Custodial Fund investment in Goldman Sachs totaled \$7,361,090. The Goldman Sachs Financial Square Government Fund is a government money market fund. The fund values its securities using net asset value. The fund is rated Aaa-mf by Moody's and AAAm by Standard & Poor's Rating Group as of June 30, 2024. The redemption frequency is one day and there are no unfunded commitments.

The following address interest rate risk exposure by investment type, concentration of credit risk, credit risk and foreign currency risk. Investments held by the Plan are recorded at fair value. All assets held by the Plan are held in irrevocable trusts. The Pension Trust Fund investments are restricted by investment options provided in the Collective Investment Fund.

The Custodial Fund assets are invested in accordance with the investment policy of the Authority. Accordingly, the interest rate risk exposure by investment type, concentration of credit risk, credit risk and foreign currency risk are addressed with the Authority's disclosure for amount held in Goldman Sachs.

Central Texas Regional Mobility Authority

Notes to Financial Statements June 30, 2024

Note 2. Cash and Investments (Continued)

Interest rate risk: Interest rate risk is the risk that the changes in interest rates will adversely affect the fair value of an investment. The Plan does not have an interest rate risk policy. However, the investments held in the Plan are in mutual funds invested in equity securities and are not subject to the disclosure requirements as of June 30, 2024.

Credit risk: Credit risk is the risk than an issuer or other counterparty to an investment will not fulfill its obligations to the Plan. The Plan does not have a credit risk policy. However, the investments held in the Plan are mutual funds holding equity securities and the mutual funds are not rated as of June 30, 2024.

Concentration of credit risk: Concentration of credit risk is the risk of loss attributed to the magnitude of the Plan's investment in a single issuer. The Plan does not have a concentration of credit risk policy. However, the Plan does not have concentration of credit risk as of June 30, 2024.

Central Texas Regional Mobility Authority

Notes to Financial Statements June 30, 2024

Note 4. Notes and Bonds Payable (Continued)

The Series 2010 Obligations, the Series 2011 Obligations, the Series 2013 Obligations, the Series 2015 Obligations, the Series 2016 Obligations, the Series 2018 Obligations, the Series 2020 Obligations, and the Series 2021 Obligations each as further described below, were issued or incurred by the Authority pursuant to a bond indenture between the Authority and the trustee named therein, and are secured by and payable from the trust estate established thereby, in the manner described in and subject to the terms and conditions of the bond indenture. The trust estate established by the bond indenture includes the revenues from the Tolling System. The Authority is required to establish and maintain toll rates in connection with the Tolling System as shall be sufficient to satisfy its rate covenant under the bond indenture.

Series 2010 Obligations: The Authority issued its Senior Lien Revenue Bonds, Series 2010 (Series 2010 Bonds or Series 2010 Obligations) on March 11, 2010. The outstanding Series 2010 Bonds were issued as capital appreciation bonds (CABs).

The proceeds of the Series 2010 Bonds were used to (i) finance a portion of the costs of the 183A Phase II Project; (ii) refund and redeem certain outstanding obligations of the Authority; (iii) pay capitalized interest with respect to the Series 2010 Bonds; (iv) make a deposit to the Senior Lien Debt Service Reserve Fund and (v) pay certain issuance costs of the Series 2010 Bonds.

The Series 2010 Bonds are scheduled to mature in 2025 through 2040 at an aggregated maturity amount of \$176.1 million. The principal amount of \$34.9 million of the Series 2010 Bonds represents the total amount of outstanding principal before the accreted and compounded interest as of June 30, 2024.

Interest on the Series 2010 Bonds will accrete from the date of initial delivery to stated maturity at rates ranging from 7.20% to 7.85% and will compound on each July 1 and January 1, commencing July 1, 2010. Such accreted and compounded interest will be paid as part of the maturity amount at stated maturity.

The amount of accumulated accreted interest on the Series 2010 Bonds as of June 30, 2024, was \$66.7 million. The accumulated accreted interest is added to the outstanding principal on July 1 and January 1 of each year beginning July 1, 2010.

Series 2011 Obligations: The Authority issued its Senior Lien Revenue Bonds, Series 2011 (Series 2011 Bonds or Series 2011 Obligations) on June 29, 2011. The outstanding Series 2011 Bonds were issued as capital appreciation bonds (CABs).

The proceeds of the Series 2011 Obligations were used to (i) prepay and redeem certain outstanding obligations of the Authority; (ii) finance a portion of the costs of the 290E Phase II Project and as otherwise authorized in the Indenture; (iii) pay capitalized interest with respect to the Series 2011 Bonds; (iv) make a deposit to the Senior Lien Debt Service Reserve Fund and (v) pay certain issuance costs of the Series 2011 Bonds.

The Series 2011 Bonds are scheduled to mature in 2023 through 2026 at an aggregated maturity amount of \$22.1 million. The principal amount of \$4.3 million for the Series 2011 Bonds represents the total amount of outstanding principal before the accreted and compounded interest as of June 30, 2024.

Interest on the Series 2011 Bonds will accrete from the date of initial delivery to stated maturity at rates ranging from 5.9% to 6.5% and will compound on each July 1 and January 1, commencing July 1, 2011. Such accreted and compounded interest will be paid as part of the maturity amount at stated maturity.

Central Texas Regional Mobility Authority

Notes to Financial Statements June 30, 2024

Note 4. Notes and Bonds Payable (Continued)

The amount of accumulated accreted interest on the Series 2011 Bonds as of June 30, 2024 was \$5.5 million. The accumulated accreted interest is added to the outstanding principal on July 1 and January 1 of each year beginning July 1, 2011.

Series 2015 Obligations: The Authority issued its Senior Lien Revenue Bonds, Series 2015A (Series 2015A Bonds or Series 2015 Obligations) on November 19, 2015.

The proceeds of the Series 2015A Bonds were used to (i) finance and refinance the costs of designing, engineering, developing and constructing the 183 South Project; (ii) refund and redeem certain outstanding obligations of the Authority; (iii) pay capitalized interest with respect to the Series 2015A Bonds; (iv) make a deposit to the Senior Lien Debt Service Reserve Fund and (v) pay certain issuance costs of the Series 2015A Bonds.

The Series 2015A Bonds were issued as current interest bonds and are scheduled to mature in 2025 through 2028. Interest on the Series 2015A Bonds is calculated on the basis of a 360-day year of 12, 30-day months at a rate of 5%. Interest on the Series 2015A Bonds is payable on each July 1 and January 1, commencing January 1, 2016. During fiscal year 2023, \$288.8 million in principal amount of the Series 2015A Bonds was refunded and used to defease the debt with a portion of the proceeds of the Series 2021E Bonds. As of June 30, 2024, the outstanding principal amount of the Series 2015A Bonds was \$10 million.

Series 2016 Obligations: The Authority issued its Senior Lien Revenue Refunding Bonds, Series 2016 (Series 2016 Senior Lien Bonds) on June 1, 2016 and its Subordinate Lien Revenue Refunding Bonds, Series 2016 (Series 2016 Subordinate Lien Bonds) on August 9, 2016, collectively called the Series 2016 Obligations. The proceeds of the Series 2016 Obligations were used to (i) refund and redeem certain outstanding obligations of the Authority; (ii) make a deposit to the Subordinate Lien Debt Service Reserve Fund and (iii) pay certain issuance costs of the Series 2016 Obligations.

The Series 2016 Senior Lien Bonds were issued as current interest bonds and are scheduled to mature in 2023 through 2027 and in 2041. Interest on the Series 2016 Senior Lien Bonds is calculated on the basis of a 360-day year of 12, 30-day months at rates ranging from 3.375% to 5%. Interest on the Series 2016 Senior Lien Bonds is payable on each July 1 and January 1, commencing July 1, 2016. During fiscal year 2022, \$266.9 million in principal amount of the Series 2016 Senior Lien Bonds was refunded with a portion of the proceeds of the Series 2021D Bonds. As of June 30, 2024, the outstanding principal amount of the Series 2016 Senior Lien Bonds was \$47.05 million.

The Series 2016 Subordinate Lien Bonds were issued as current interest bonds and are scheduled to mature in 2023 through 2036 and in 2041. Interest on the Series 2016 Subordinate Lien Bonds is calculated on the basis of a 360-day year of 12, 30-day months at rates ranging from 3.125% to 5%. Interest on the Series 2016 Subordinate Lien Bonds is payable on each July 1 and January 1, commencing January 1, 2017. As of June 30, 2024, the outstanding principal amount was \$69.1 million.

Series 2018 Obligations: The Authority issued its Senior Lien Revenue Bonds, Series 2018 (Series 2018 Senior Lien Bonds) and its Subordinate Lien Revenue Bond Anticipation Notes, Series 2018 (Series 2018 Sub Lien BANs) on November 20, 2018, collectively called the Series 2018 Obligations. The proceeds of the Series 2018 Obligations were used to (i) finance the costs of designing, engineering, developing and constructing the 290 E Phase III Project; (ii) pay capitalized interest with respect to the Series 2018 Senior Lien Bonds and (iii) pay certain issuance costs of the Series 2018 Obligations.

Central Texas Regional Mobility Authority

Notes to Financial Statements June 30, 2024

Note 4. Notes and Bonds Payable (Continued)

The Series 2018 Senior Lien Bonds were issued as current interest bonds and are scheduled to mature in 2025 through 2039 and in 2043 and 2048. Interest on the Series 2018 Senior Lien Bonds is calculated on the basis of a 360-day year of 12, 30-day months at rate of 5%. Interest on the Series 2018 Senior Lien Bonds is payable on each July 1 and January 1, commencing January 1, 2019. As of June 30, 2024, the outstanding principal amount was \$44.3 million.

Series 2020 Obligations: The Authority issued its Senior Lien Revenue Bonds, Series 2020A (Series 2020A Bonds) on January 22, 2020. The Authority issued its Senior Lien Revenue Refunding Bonds, Series 2020B (Series 2020B Bonds), its Senior Lien Revenue Refunding Bonds, Taxable Series 2020C (Series 2020C Bonds) and its Subordinate Lien Revenue Refunding Bonds, Taxable Series 2020D (Series 2020D Bonds) on September 23, 2020. The Authority issued its Senior Lien Revenue Bonds, Series 2020E (Series 2020E Bonds), its Subordinate Lien Revenue Bond Anticipation Notes, Series 2020F (Series 2020F BANs) and its Subordinate Lien Revenue Refunding Bonds, Series 2020G (Series 2020G Bonds) on November 19, 2020. The Series 2020A Bonds, the Series 2020B Bonds, the Series 2020C Bonds, the Series 2020D Bonds, the Series 2020E Bonds, the Series 2020F BANs and the Series 2020G Bonds are collectively referred to as the Series 2020 Obligations.

Series 2020A Senior Lien Revenue Bonds: The proceeds of the Series 2020A Bonds were used to (i) prepay certain outstanding obligations of the Authority and (ii) pay certain issuance costs of the Series 2020A Bonds. The Series 2020A Bonds were issued as current interest bonds and are scheduled to mature in 2026 through 2040 and in 2044 and 2049. Interest on the Series 2020A Bonds is calculated on the basis of a 360-day year of 12, 30-day months at rate of 5%. Interest on the Series 2020A Bonds is payable on each January 1 and July 1, commencing July 1, 2020. As of June 30, 2024, the outstanding principal amount was \$50.26 million.

Series 2020B Senior Lien refunding Bonds: The proceeds of the Series 2020B Bonds were used to (i) refund and redeem certain outstanding obligations of the Authority and (ii) pay certain issuance costs of the Series 2020B Bonds. The Series 2020B Bonds were issued as current interest bonds and are scheduled to mature in 2023 through 2040 and in 2045. Interest on the Series 2020B Bonds is calculated on the basis of a 360-day year of 12, 30-day months at rate of 4% to 5%. Interest on the Series 2020B Bonds is payable on each January 1 and July 1, commencing January 1, 2021. As of June 30, 2024, the outstanding principal amount was \$54.3 million.

Series 2020C Senior Lien refunding Bonds: The proceeds of the Series 2020C Bonds were used to (i) refund and redeem certain outstanding obligations of the Authority and (ii) pay certain issuance costs of the Series 2020C Bonds. The Series 2020C Bonds were issued as current interest bonds and are scheduled to mature in 2024 through 2035 and in 2042. Interest on the Series 2020C Bonds is calculated on the basis of a 360-day year of 12, 30-day months at rate of 1.345% to 3.293%. Interest on the Series 2020B Bonds is payable on each January 1 and July 1, commencing January 1, 2021. As of June 30, 2024, the outstanding principal amount was \$133.2 million.

Series 2020D Sub-lien refunding Bonds: The proceeds of the Series 2020D Bonds were used to (i) refund and redeem certain outstanding obligations of the Authority; (ii) make a deposit to the Subordinate Lien Debt Service Reserve Fund and (iii) pay certain issuance costs of the Series 2020D Bonds. The Series 2020D Bonds were issued as current interest bonds and are scheduled to mature in 2023 through 2031 and in 2035 and 2042. Interest on the Series 2020D Bonds is calculated on the basis of a 360-day year of 12, 30-day months at rate of 1.486% to 3.593%. Interest on the Series 2020D Bonds is payable on each January 1 and July 1, commencing January 1, 2021. As of June 30, 2024, the outstanding principal amount was \$93.4 million.

Central Texas Regional Mobility Authority

Notes to Financial Statements June 30, 2024

Note 4. Notes and Bonds Payable (Continued)

Series 2020E Senior Lien Revenue Bonds: The proceeds of the Series 2020E Bonds will be used to (i) finance the costs of various improvements and extensions of the System, including the costs of the 183A Phase III Project, (ii) pay capitalized interest with respect to the Series 2020E Bonds, (iii) make a deposit to the Senior Lien Debt Service Reserve Fund and (iv) pay certain issuance costs of the Series 2020E Bonds. The Series 2020E Bonds were issued as current interest bonds and are scheduled to mature in 2029 through 2040 and in 2045 and 2050. Interest on the Series 2020E Bonds is calculated on the basis of a 360-day year of 12, 30-day months at rate of 4% to 5%. Interest on the Series 2020E Bonds is payable on each January 1 and July 1, commencing January 1, 2021. As of June 30, 2024, the outstanding principal amount was \$167.1 million.

Series 2020F BANs: The proceeds of the Series 2020F BANs will be used to (i) finance the costs of various improvements and extensions of the System, including the costs of the 183A Phase III Project, and (ii) pay certain issuance costs of the Series 2020F BANs. The Series 2020F BANs were issued as current interest bonds and are scheduled to mature in 2025. Interest on the Series 2020F BANs is calculated on the basis of a 360-day year of 12, 30-day months at rate of 5%. Interest on the Series 2020F BANs is payable on each January 1 and July 1, commencing January 1, 2021. As of June 30, 2024, the outstanding principal amount was \$110.8 million. The Series 2020F BANs will be refunded with the 2021A TIFIA Bonds.

Series 2020G Sub-lien refunding Bonds: The proceeds of the Series 2020G Bonds were used to (i) refund and redeem certain outstanding obligations of the Authority and (ii) pay certain issuance costs of the Series 2020G Bonds. The Series 2020G Bonds were issued as current interest bonds and are scheduled to mature in 2028 through 2040 and in 2045 and 2050. Interest on the Series 2020G Bonds is calculated on the basis of a 360-day year of 12, 30-day months at rate of 4% to 5%. Interest on the Series 2020G Bonds is payable on each January 1 and July 1, commencing January 1, 2021. As of June 30, 2024, the outstanding principal amount was \$61.6 million.

Series 2021 Obligations: The Authority issued its Subordinate Lien Revenue Bonds, Taxable Series 2021A (2021A TIFIA Bonds) on February 26, 2021. The Authority issued its Senior Lien Revenue Bonds, Series 2021B (Series 2021B Bonds) and its Subordinate Lien Revenue Bond Anticipation Notes, Series 2021C (Series 2021C BANs) on April 14, 2021. The Authority issued its Senior Lien Revenue Refunding Bonds, Series 2021D (Series 2021D Bonds) and its Senior Lien Revenue Refunding Bonds, Taxable Series 2021E (Series 2021E Bonds) on October 26, 2021. The 2021A TIFIA Bonds, the Series 2021B Bonds, the Series 2021C BANs, the Series 2021D Bonds and the Series 2021E Bonds are collectively referred to as the Series 2021 Obligations.

2021A TIFIA Bonds: In February 2021, the Authority entered into a secured loan agreement (the 2021A TIFIA Loan Agreement) with the United States Department of Transportation, pursuant to which the Authority is authorized to borrow an aggregate amount not to exceed \$448,383,623 (the 2021A TIFIA Loan), excluding interest that is capitalized, to pay or reimburse the Authority for eligible project costs of the 183 South Project, the 290E Phase III Project and the 183A Phase III Project. The 2021A TIFIA Loan is comprised of the 183-S Tranche (in an aggregate principal amount not to exceed \$302,980,387 relating to the 183 South Project), the Manor Expressway Tranche (in an aggregate principal amount not to exceed \$38,690,346 relating to the 290E Phase III Project) and the 183A Tranche (in an aggregate principal amount not to exceed \$106,712,890 relating to the 183A Phase III Project).

Central Texas Regional Mobility Authority

Notes to Financial Statements June 30, 2024

Note 4. Notes and Bonds Payable (Continued)

The Authority's obligations to repay amounts borrowed under the 2021A TIFIA Loan Agreement are evidenced by the Authority's Subordinate Lien Revenue Bonds, Taxable Series 2021A (the 2021A TIFIA Bonds). The 2021A TIFIA Bonds are comprised of the 183-S TIFIA Bond (which evidences the Authority's obligations with respect to the 183-S Tranche of the 2021A TIFIA Loan), the Manor Expressway TIFIA Bond (which evidences the Authority's obligations with respect to the Manor Expressway Tranche of the 2021A TIFIA Loan) and the 183A TIFIA Bond (which evidences the Authority's obligations with respect to the 183A Tranche of the 2021A TIFIA Loan).

The 183-S TIFIA Bond, the Manor Expressway TIFIA Bond and the 183A TIFIA Bond bear interest at 2.19%, 2.20% and 2.20% per annum, respectively. The final maturity date of the 183-S TIFIA Bond is January 1, 2049. The final maturity date of the Manor Expressway TIFIA Bond is January 1, 2054. The final maturity date of the 183A TIFIA Bond will be the earlier of (a) the date that is thirty-five (35) years from the date of substantial completion of the 183A Phase III Project and (b) January 1, 2055.

Payments of principal and interest on the 2021A TIFIA Bonds are payable on each January 1 and July 1, commencing on July 1, 2024 for the 183-S TIFIA Bond, January 1, 2025 for the Manor Expressway TIFIA Bond, and for the 183A TIFIA Bond, the earlier of (i) January 1, 2029 and (ii) the semiannual payment date immediately preceding the fifth anniversary of the date of substantial completion of the 183A Phase III Project.

The Authority has received loan proceeds from the 183-S Tranche and the Manor Expressway Tranche of the 2021A TIFIA Loan of approximately \$282.2 million and \$38.6 million, respectively, through fiscal year 2023, which were used to refinance certain outstanding obligations of the Authority relating to the 183 South Project and the 290E Phase III Project. The Authority has not received any loan proceeds from the 183A Tranche of the 2021A TIFIA Loan. As of June 30, 2024, the Manor Expressway TIFIA Bond had an outstanding balance of \$41.1 million, which included accreted interest of approximately \$2.5 million, as part of the outstanding balance. As of June 30, 2024, the 183-S TIFIA Bond had an outstanding balance of \$322.4 million which included accreted interest of approximately \$40.2 million as part of the outstanding balance.

Series 2021B Bonds and Series 2021 BANs: A portion of the proceeds of the Series 2021B Bonds and Series 2021C BANs will be used to finance and refinance the costs of designing, engineering, developing and constructing the 183 North Mobility Project. The remaining proceeds of the Series 2021B Bonds and Series 2021C BANs were used to (i) pay capitalized interest with respect to the Series 2021B Bonds and the Series 2021C BANs, (ii) make a deposit to the Senior Lien Debt Service Reserve Fund and (iii) pay certain issuance costs of the Series 2021B Bonds and the Series 2021C BANs.

The Series 2021B Bonds were issued as current interest bonds and are scheduled to mature in 2029 through 2041 and in 2046 and 2051. The Series 2021C BANs were issued as current interest bonds and are scheduled to mature in 2027. Interest on the Series 2021B Bonds and Series 2021C BANs is calculated on the basis of a 360-day year of 12, 30-day months at rates of 4% to 5%. Interest on the Series 2021B Bonds and Series 2021C BANs is payable on each January 1 and July 1, commencing July 1, 2021. As of June 30, 2024, the outstanding principal amount on the Series 2021B Bonds and Series 2021C BANs was \$255.07 million and \$244.18 million, respectively.

Central Texas Regional Mobility Authority

Notes to Financial Statements June 30, 2024

Note 4. Notes and Bonds Payable (Continued)

Series 2021D and Series 2021E Bonds: The proceeds of the Series 2021D and Series 2021E Bonds were used to advance refund \$288,790,000 of the Series 2015A Bonds and \$266,900,000 of the series 2016 Bonds which had rates of 5% and 3.125% to 5%, respectively. Proceeds of \$660,083,871 were deposited in an irrevocable trust with an escrow agent to provide funds for the future debt service on the refunded bonds. As a result, \$288,790,000 of the series 2015A Bonds and \$266,900,000 of the series 2016 Bonds are considered defeased and the liability for those bonds has been removed from the statement of net position.

The reacquisition price exceeded the net carrying amount of the old debt by \$107,825,767. This amount is reported as deferred inflows of resources and is being amortized over the remaining life of the refunding debt. The Authority advance refunded a portion of the 2015A and 2016 Bonds to reduce its total debt service payments by \$80,473,964 and to obtain an economic gain (difference between the present values of the debt service payments on the old and new debt) of \$50,003,238.

The Authority defeased previously issued debt obligations in the current year by placing the proceeds of the new bonds in an irrevocable trust account to provide for all future debt service payments of the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the Authority's financial statements. As June 30, 2024, \$288,790,000 of defeased bonds remain outstanding.

The Series 2021D Bonds and Series 2021E Bonds were issued as current interest bonds and are scheduled to mature in 2023 through 2041, and in 2044, through 2046. Interest on the Series 2021D Bonds and Series 2021E Bonds is calculated on the basis of a 360-day year of 12, 30-day months at rates of 0.221% to 5%. Interest on the Series 2021D Bonds and Series 2021E Bonds is payable on each January 1 and July 1, commencing January 1, 2022. As of June 30, 2024, the outstanding principal amount on the Series 2021D Bonds was \$273.7 million. As of June 30, 2024, the outstanding principal amount on the Series 2021E Bonds was \$329.5 million.

183N TIFIA Note: In December 2021, the Authority entered into a secured loan agreement (the 183N TIFIA Loan Agreement) with the United States Department of Transportation, pursuant to which the Authority is authorized to borrow an amount not to exceed \$250,289,625 (excluding interest that is capitalized) to pay eligible project costs of the 183 North Mobility Project. The Authority's obligation to repay amounts borrowed under the 183N TIFIA Loan Agreement is evidenced by a Subordinate Lien Revenue Promissory Note (the 183N TIFIA Note). The 183N TIFIA Note bears interest at 1.89% per annum and the final maturity date thereof will be the earlier of (i) the date that is 35 years from the date of substantial completion of the 183 North Mobility Project and (ii) January 1, 2056. Payments of principal and interest due on the 183N TIFIA Note are payable in the amounts set forth in the 183N TIFIA Loan Agreement on each January 1 and July 1, commencing on the earlier of (i) January 1, 2029 and (ii) the semiannual payment date on (or immediately preceding) the fifth anniversary of the date of substantial completion of the 183 North Mobility Project. The Authority has not received any loan proceeds pursuant to the 183N TIFIA Loan Agreement. As of June 30, 2024, the outstanding principal amount of the 183N TIFIA Note was \$0.

71E Toll Project Obligation to TxDOT: The Authority, the Capitol Area Metropolitan Planning Organization (CAMPO) and TxDOT approved the execution of a Project Agreement (the SH 71 Agreement) for the development of toll lanes on SH 71 extending from Presidential Boulevard to just east of SH 130, including the realignment of FM 973 where that road intersects with SH 71, which is referred to as the SH 71 Express Project.

Central Texas Regional Mobility Authority

Notes to Financial Statements June 30, 2024

Note 4. Notes and Bonds Payable (Continued)

Pursuant to a resolution adopted by the Authority's Board, the Authority waived and declined to exercise its option to develop, finance, and construct the SH 71 Express Project, and retained (and did not waive) its option to operate any potential toll lanes on the SH 71 Express Project and to retain the revenues generated therefrom. Upon completion of the SH 71 Express Project, the SH 71 Agreement obligates the Authority to operate and maintain the toll lanes and related infrastructure of the SH 71 Express Project developed, financed and constructed by TxDOT. The Authority will retain the revenues generated from the SH 71 Express Project, which will be used to pay operation and maintenance costs of the toll lanes, toll facilities and related equipment. After payment of such operation and maintenance costs, one-half of the remaining revenues from the SH 71 Express Project must be used to reimburse TxDOT for up to \$65.0 million of the costs of the SH 71 Express Project (the TxDOT Reimbursement Amount), plus interest thereon at 3.62% per annum.

The SH 71 Agreement obligates the Authority to repay the TxDOT Reimbursement Amount solely from one-half of the net revenues of the SH 71 Express Project over a 35-year term. The first payment was due on the first anniversary of substantial completion of the SH 71 Express Project and continues every year thereafter for a total of 35 years or until the TxDOT Reimbursement Amount and all accrued interest is paid. The SH 71 Express Project was substantially completed on March 8, 2017, and, accordingly, the first payment payable by the Authority to TxDOT under the SH 71 Agreement was due on March 8, 2018. In the event any annual payment is not sufficient to pay for all accrued interest due, the unpaid amount of accrued interest is added to the TxDOT Reimbursement Amount. Under the SH 71 Agreement, TxDOT is obligated to operate and maintain all other aspects of the SH 71 Express Project, including but not limited to, the general purpose lanes and the FM 973 realigned intersection with SH 71.

As of June 30, 2017, the toll lanes of the SH 71 Express Project were operational and the Authority recorded a capital contribution of \$96.0 million and a note payable to TxDOT of \$65.0 million; however, payments made by the Authority in respect of the TxDOT Reimbursement Amount are paid as, and constitute, Operating Expenses under the terms of the Authority's bond indenture securing its outstanding toll revenue obligations. During fiscal year 2024, the Authority made principal payments on the TxDOT Reimbursement Amount of approximately \$4.7 million. As of June 30, 2024, the outstanding TxDOT Reimbursement Amount was approximately \$47.3 million.

2022 MoPac Note (Private Placement): On May 10, 2022, the Authority borrowed \$24,990,900 pursuant to a secured loan agreement entered into between the Authority and a bank, which is evidenced by a promissory note (the 2022 MoPac Note). The proceeds of the 2022 MoPac Note were used to prepay the 2017 MoPac Note in full. No additional amounts may be borrowed pursuant to the 2022 MoPac Note. Interest on the 2022 MoPac Note is payable on each January 1 and July 1, commencing July 1, 2022. The 2022 MoPac Note bears interest at a fixed rate of 3.18%, which is subject to adjustment in accordance with the terms thereof. The principal amount of the 2022 MoPac Note is payable in annual installments, which vary in amount, on each July 1, beginning on July 1, 2022 and continuing through July 1, 2027.

The 2022 MoPac Note includes an event of default with finance-related consequences. An event of default is considered to occur if the Authority fails to make debt service payments on the 2022 MoPac Note, defaults on other Authority debt obligations, or another creditor of the Authority obtains, or seeks to obtain possession of the net revenues from the MoPac Improvement Project. In the event of default, the 2022 MoPac Note will become immediately payable and the interest rate will be increased by 4%.

The net revenues from the MoPac Improvement Project have been pledged as collateral for the 2022 MoPac Note. As of June 30, 2024, the outstanding principal amount was \$23,765,900.

Central Texas Regional Mobility Authority

**Notes to Financial Statements
June 30, 2024**

Note 4. Notes and Bonds Payable (Continued)

Future payments on debt obligations: Future payments of principal and interest on the Authority's bonds and notes described in this Note 4 (based on the scheduled payments) as of June 30, 2024, are as follows:

	Current Interest Bonds		Capital Appreciation Bonds		Notes Payable	
	Principal	Interest	Principal	Interest	Principal	Interest
2025	\$ 133,345,000	\$ 87,339,222	\$ 6,341,742	\$ 10,113,258	\$ 1,275,000	\$ 715,211
2026	28,690,023	81,535,752	4,636,952	9,118,048	1,400,000	670,691
2027	277,473,345	80,558,714	3,264,322	7,805,678	21,090,900	622,991
2028	36,232,498	67,115,642	3,171,378	8,553,622	-	-
2029	56,142,667	65,725,272	2,932,886	8,907,114	-	-
2030-2034	375,636,838	292,074,093	10,901,927	45,788,073	-	-
2035-2039	450,338,787	220,250,062	6,944,287	46,905,713	-	-
2040-2044	504,695,032	133,740,035	1,110,878	9,914,121	-	-
2045-2049	376,705,638	44,542,416	-	-	-	-
2050-2054	67,898,189	3,384,756	-	-	-	-
	<u>\$ 2,307,158,017</u>	<u>\$ 1,076,265,964</u>	<u>\$ 39,304,372</u>	<u>\$ 147,105,627</u>	<u>\$ 23,765,900</u>	<u>\$ 2,008,893</u>

	Total Debt Service	
	Principal	Interest
2025 *	\$ 140,961,742	\$ 98,167,691
2026	34,726,975	91,324,491
2027	301,828,567	88,987,383
2028	39,403,876	75,669,264
2029	59,075,553	74,632,386
2030-2034	386,538,765	337,862,166
2035-2039	457,283,074	267,155,775
2040-2044	505,805,910	143,654,156
2045-2049	376,705,638	44,542,416
2050-2054	67,898,189	3,384,756
2055-2059	-	-
Total	<u>2,370,228,289</u>	<u>\$ 1,225,380,484</u>
SH 71E Obligation	47,253,090	
Accreted interest—CABs	72,187,248	
	<u>119,440,338</u>	
	<u>\$ 2,489,668,627</u>	

As described above, the Series 2010 Bonds and the Series 2011 Bonds were issued as capital appreciation bonds. The accreted interest on the Series 2010 Bonds and Series 2011 Bonds are reflected on the Statement of Net Position as additional principal and is reflected in the interest column in this table in the amount of \$72,187,248. Additionally, the 2021A TIFIA Bonds also included accreted interest reflected on the Statement of Net Position as additional principal and is reflected in the interest column in this table.

* The Authority has executed an agreement with the U.S. Department of Transportation (2021A TIFIA Bonds) for the refunding 2020F BANs due in 2025 in the amount of \$110.8 million. Accordingly, the related balance is excluded from current portion on the Statement of Net Position.

Central Texas Regional Mobility Authority

Notes to Financial Statements June 30, 2024

Note 5. Deferred Outflow and Inflow of Resources

In accordance with GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources and Net Position*, the Authority has classified the difference between the reacquisition price and the net carrying amount of the defeased debt as a deferred outflow of resources. The deferred outflow of resources is amortized over the term of the defeased bonds and recognized as a component of interest expense annually. The Authority has also deferred outflows and inflows of resources for certain pension related items in accordance with applicable pension standards as noted under Note 7.

The Authority's deferred outflow of resources balance as of June 30, 2024 is composed of the following:

Deferred outflows from bond refundings	\$ 162,735,377
Pension-related amounts:	
Employer pension contribution	389,774
Net difference in pension investment experience	157,166
Experience changes	286,423
Assumption changes	391,107
	<u>\$ 163,959,847</u>

The Authority's deferred inflow of resources balance as of June 30, 2024 is composed of the following:

Pension-related amounts:	
Experience changes	\$ 32,820
	<u>\$ 32,820</u>

Note 6. Risk Management

In conjunction with its normal operations, the Authority is exposed to various risks related to the damage or destruction of its assets from both natural and man-made occurrences; tort/liability claims; errors and omissions claims; and professional liability claims. As a result of these exposures, the Authority carries insurance with a governmental risk pool under an "all risks" policy. All categories of insurance coverage in place were either maintained at current levels or increased as to overall limits of coverage and reduction of self-retained risk so as to reduce the overall exposure of risk to the Authority. There were no settlements in excess of insurance coverage during fiscal year 2024.

Note 7. Employee Retirement Plan

Plan description: The Authority participates in Texas County and District Retirement System (TCDRS). TCDRS is a statewide, agent multiple-employer, public employee retirement system. TCDRS is a nonprofit public trust providing pension, disability and death benefits for the eligible employees of participating counties and districts. TCDRS was established by legislative act in 1967 under authority of Article XVI of the Texas Constitution. The TCDRS Act (Subtitle F, Title 8, Texas Government Code) is the basis for TCDRS administration. TCDRS issues a publicly available annual financial report that includes financial statements and required supplementary information for the plan. That annual report may be downloaded at <http://www.tcdrs.com>.

Central Texas Regional Mobility Authority

Notes to Financial Statements June 30, 2024

Note 7. Employee Retirement Plan (Continued)

Benefits provided: Effective the date of participation, the Authority provides retirement, disability and death benefits. A percentage of each employee's paycheck is deposited into his or her TCDRS account. That percentage has been set by the Authority at 7% and has elected a matching rate of \$2 to \$1. The employee's savings grow at a rate of 7%, compounded annually. At retirement, the employee's account balance is combined with the Authority's matching and converted into a lifetime monthly benefit. Employees receive a month of service time for each month that they make a deposit into their account. The amount of service an employee needs to earn a future benefit is called the vesting requirement. When an employee is vested, he or she has the right to a monthly benefit, which includes the employer matching contribution, at age 60 or older.

The Authority adopted a five year/Age 60 Retirement Eligibility described in Section 844.207 of the TCDRS Act, under which: (a) any TCDRS member who has 5 or more years of service credit with the District and other subdivisions that have adopted the provisions of Section 844.207 or 844.210, is a vested member and shall have the right to retire and receive a service retirement annuity after attaining age 60. In addition, employees may retire before age 60 if they meet one of the following requirements: vested employees may retire if their age plus years or service time add up to at least 75 or employees are allowed to retire at any age when they have at least 30 years of service time.

Any TCDRS member who is a vested member may terminate employment with all participating subdivisions prior to attaining age 60 and remain eligible to retire and receive a service retirement annuity after attaining age 60 provided his or her membership is not terminated other than by retirement.

Any TCDRS member who is a vested member under Section 844.207(d) may retire and receive a disability retirement annuity if he or she is certified as disabled, as defined by the plan.

Any TCDRS member who has four or more years of service credit with the District and other subdivisions is eligible for purposes of the Survivor Annuity Death Benefit.

Retirees elect to receive their lifetime benefit by choosing one of seven actuarially equivalent payment options. Prior service gives employees monetary credit for time worked for an eligible organization before it joined the system. Buybacks allow current employees to re-establish a closed TCDRS account from previous service with an employer. Partial lump sum payments at retirement allow employees to withdraw part of their TCDRS account balance as a lump sum at retirement with a reduced monthly benefit. In addition, the Authority may choose to adopt a cost-of-living adjustment (COLA) for its retirees. This adjusts retiree benefits to restore purchasing power lost due to the effects of inflation.

Employees covered by benefit terms: The following employees were covered by the benefit terms as of the valuation date December 31, 2023:

	<u>2023</u>
Inactive employees or beneficiaries currently receiving benefits	12
Inactive employees entitled to, but not yet receiving benefits	15
Active employees	<u>29</u>
Total	<u><u>56</u></u>

Contributions: Plan members and the Authority are required to contribute at a rate set by statute. The contribution requirements of plan members and the Authority are established and may be amended. For 2023, the contribution rate for the plan members was 7% of gross pay. The Authority pays a matching portion to the pension plan totaling 18% of gross pay for 2023, which totaled \$1,481,929.

Central Texas Regional Mobility Authority

Notes to Financial Statements June 30, 2024

Note 7. Employee Retirement Plan (Continued)

Net pension liability: The Authority's net pension asset was measured as of December 31, 2023, and the total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of that date.

Actuarial assumptions: The actuarial assumptions that determined the total pension liability as of December 31, 2023, were based on the results of an actuarial experience study for the period January 1, 2017 through December 31, 2020, except where required to be different by GASB Statement No. 68.

The total pension liability in the December 31, 2023, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

	<u>2023</u>
Inflation	2.50%
Salary increases (excluding inflation—varies by age and service—average over career)	1% to 5.25%
Investment rate of return	7.6%

Mortality rates were based on the following:

Depositing members: For the December 31, 2023, valuation, 135% of Pub-2010 General Employees Amount-Weighted Mortality Table for males and 120% Pub-2010 General Employees Amount-Weighted Mortality Table for females, both projected with 100% of the MP- 2021 Ultimate scale after 2010.

Service retirees, beneficiaries and nondepositing members: For the December 31, 2023, valuation, 135% of Pub-2010 General Healthy Retirees Amount-Weighted Mortality Table for males and 120% Pub-2010 General Healthy Retirees Amount-Weighted Mortality Table for females, both projected with 100% of the MP-2021 Ultimate scale after 2010.

Disabled retirees: For the December 31, 2023, valuations, 160% of the Pub-2010 General Disabled Retirees Amount-Weighted Mortality Table for males and 125% of the Pub-2010 General Disabled Retirees Amount-Weighted Mortality Table for females, both projected with 100% of the MP-2021 Ultimate scale after 2010.

Long-term rate of return on assets: The long-term expected rate of return on TCDRS assets is determined by adding expected inflation to expected long-term real returns and reflecting expected volatility and correlation. The capital market assumptions and information shown below are provided by TCDRS' investment consultant. The valuation assumption for long-term expected return is re-assessed at a minimum of every four years, and the most recent analysis was performed in 2021.

Central Texas Regional Mobility Authority

Notes to Financial Statements June 30, 2024

Note 7. Employee Retirement Plan (Continued)

The capital market assumptions and information shown below are provided by TCDRS' investment consultant based on December 31, 2023, information for a seven- to 10-year time horizon.

Asset Class	Benchmark	Target Allocation (1)	Geometric Real Rate of Return (Expected Minus Inflation) (2)
United States Equities	Dow Jones U.S. Total Stock Market Index	11.5%	4.75%
Global Equities	MSCI World (net) Index	2.5%	4.75%
International Equities—Developed	MSCI World Ex USA (net)	5.0%	4.75%

- (1) Target asset allocation adopted at the March 2024 TCDRS Board meetings.
- (2) Geometric real rates of return equal the expected return for the asset class minus the assumed inflation rate of 2.2%, per Cliffwater's 2024 capital market assumptions.
- (3) Includes vintage years 2005-present of Quarter Pooled Horizon IRRs.
- (4) Includes vintage years 2007-present of Quarter Pooled Horizon IRRs.
- (5) Includes vintage years 2006-present of Quarter Pooled Horizon IRRs.

Discount rate: The discount rate used to measure the total pension liability was 7.6% for December 31, 2023. In order to determine the discount rate to be used by the employer, the TCDRS used an alternative method to determine the sufficiency of the fiduciary net position in all future years. The alternative method reflects the funding requirements under the employer's funding policy and the legal requirements under the TCDRS Act.

- (1) TCDRS has a funding policy where the Unfunded Actuarial Accrued Liability shall be amortized as a level percent of pay over 20-year closed layered periods.
- (2) Under the TCDRS Act, the employer is legally required to make the contribution specified in the funding policy.
- (3) The employer's assets are projected to exceed its accrued liabilities in 20 years or less. When this point is reached, the employer is still required to contribute at least the normal cost.
- (4) Any increased cost due to the adoption of a COLA is required to be funded over a period of 15 years, if applicable.

Central Texas Regional Mobility Authority

**Notes to Financial Statements
June 30, 2024**

Note 7. Employee Retirement Plan (Continued)

Changes in net pension liability (asset): Based on the above, the projected fiduciary net position is determined to be sufficient compared to projected benefit payments. Based on the expected level of cash flows and investment returns to the system, the fiduciary net position as a percentage of total pension liability is projected to increase from its current level in future years.

Since the projected fiduciary net position is projected to be sufficient to pay projected benefit payments in all future years, the discount rate for purposes of calculating the total pension liability and net pension liability of the Authority is equal to the long-term assumed rate of return on investments. This long-term assumed rate of return should be net of investment expenses, but gross of administrative expenses for GASB Statement No. 68 purposes. Therefore, the system has used a discount rate of 7.6%. This rate reflects the long-term assumed rate of return on assets for funding purposes of 7.5%, net of all expenses, increased by 0.1% to be gross of administrative expenses.

Changes in Net Pension Liability (Asset) 2023			
Changes in Net Pension Liability (Asset)	Increase (Decrease)		
	Total Pension Liability (a)	Fiduciary Net Position (b)	Net Pension Liability (Asset) (a) - (b)
Balances as of December 31, 2022	\$ 14,393,683	\$ 15,440,317	\$ (1,046,634)
Changes for the year:			
Service cost	699,095	-	699,095

Note 7. Employee Retirement Plan (Continued)

Sensitivity analysis: The following presents the net pension asset/liability of the Authority as of December 31, 2023, calculated using the discount rate of 7.6%, as well as what the net pension asset/liability would be if it were calculated using a discount rate that is percentage point lower (6.6%) or one percentage point higher (8.6%) than the current rate.

	December 31, 2023		
	1.0% Decrease	Current Discount Rate	1.0% Increase
	6.6%	7.6%	8.6%
Total pension liability	\$ 23,188,279	\$ 20,267,374	\$ 17,851,369
Fiduciary net position	18,295,748	18,295,747	18,295,748
Net pension liability (asset)	4,892,531	1,971,627	(444,379)

Pension plan fiduciary net position: Detailed information about the pension plan's fiduciary net position is available in the separate issued TCDRS report.

Pension expense: the Authority recognized the following pension related expense for the periods ending December 31, 2023:

Pension Expense (Income)	2023
Service cost	\$ 699,095
Interest on total pension liability (1)	1,121,730
Effect of plan changes	4,495,140
Administrative expenses	9,553
Member contributions	(292,994)
Expected investment return net of investment expenses	(1,216,277)
Recognition of deferred inflows/outflows of resources	
Recognition of economic/ demographic gains or losses	33,456
Recognition of assumption changes or inputs	93,108
Recognition of investment gains or losses	(192,304)
Other (2)	(61,068)
Pension expense	<u>\$ 4,689,439</u>

(1) Reflects the change in the liability due to the time value of money. TCDRS does not charge fees or interest.

(2) Relates to allocation of system-wide items.

Central Texas Regional Mobility Authority

**Notes to Financial Statements
June 30, 2024**

Note 7. Employee Retirement Plan (Continued)

Deferred inflows and outflows of resources: the deferred inflows and outflows of resources are as follows:

Deferred Inflows/ Outflows of Resources	December 31, 2023	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 286,423	\$ 32,820
Changes of assumptions	391,107	-
Net difference between projected and actual earnings	157,166	-
Contributions made subsequent to measurement date	389,774	-
	<u>\$ 1,224,470</u>	<u>\$ 32,820</u>

Contributions made subsequent to the measurement date are eligible employer contributions made from January 1, 2024 through June 30, 2024 and will reduce the net pension liability for the year ended June 30, 2025. Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions, excluding contributions made subsequent to the measurement date, will be recognized in pension expense as follows:

Years ending December 31:

2025	\$ 76,133
2026	133,014
2027	487,300
2028	31,595
2029	73,834
	<u>\$ 801,876</u>

Note 8. Disaggregation of Receivable and Payable Balances

Due from other agencies are comprised of current intergovernmental receivables for maintenance and construction reimbursements and amounts due from other entities related to toll tag transactions on the Authority's toll roads. The Authority does not issue toll tags; however, the Authority has contracted with TxDOT and other tolling entities located both within and outside the State of Texas to handle customer service and operations related to the toll tag transactions at June 30, 2024 and 2023. Accounts payable balances are comprised of 100% current payables to contractors and vendors at June 30, 2024.

As of June 30, 2024, the receivable from TxDOT comprises 57.2%. The total balances are as follows:

	2024
TxDOT	\$ 16,876,779
Gross billed tolls net of allowance (allowance of \$50.3 million)	8,167,796
Other governments	4,442,219
Total	<u>\$ 29,486,794</u>

Central Texas Regional Mobility Authority

Notes to Financial Statements June 30, 2024

Note 9. Commitments and Contingent Liabilities

Commitments: The Authority has a capital improvement program for roadway construction projects extending into future years. As of June 30, 2024, the Authority has the 183 North Project and the 183A PH III Project which are significant ongoing toll projects with capital budgets of approximately \$612 million and \$259 million, respectively. The Authority's construction commitments related to its 183 North and 183A PH III toll projects are approximately \$324.4 million and \$185.2 million, respectively as of June 30, 2024. All contracts contain a termination for convenience clause in which such contracts may be terminated, in whole or in part, for the convenience of the Authority.

CAMPO Interlocal Agreement: Capital Area Metropolitan Planning Organization (CAMPO) is the designated metropolitan planning organization for Central Texas. As part of the designated planning organization, CAMPO received approximately \$136 million in grant funds of which \$130 million was allocated to the MoPac Improvement Project. The funding received was made available for transportation projects in the Austin area. As part of the construction of the MoPac Improvement Project, the Authority executed an agreement with CAMPO. The executed agreement calls for the sharing of surplus revenue generated from the MoPac Improvement Project by setting up a Regional Infrastructure Fund (RIF) account. The RIF account was created upon execution of the agreement with CAMPO. The Authority contributed deposits into the RIF account from the surplus revenue from the MoPac Improvement Project. The amounts placed in the RIF account in accordance with the agreement are to be used to fund other CAMPO identified transportation projects in the region. As of June 30, 2024, the Authority has contributed inception to date amounts of \$21,206,000, which is deposited in the RIF account. The commitment to the RIF account is dependent upon there being surplus revenue of the MoPac Improvement Project in the future such that the remaining amount payable to the RIF account pursuant to the CAMPO agreement of \$230 million, may be paid through fiscal year 2041. The Authority's contribution into the RFI is done annually on September 1 and resulted in RIF contribution of \$6.0 million for fiscal year ended June 30, 2024.

Leases: The Authority has obtained office space with fixed periodic payments over a lease term of three years. The Right to use asset is reported as part of property and equipment net of accumulated amortization. As of June 30, 2024, lease payments consistent of the following:

	Principal	Interest
2025	\$ 539,329	\$ 26,465
2026	410,575	6,196
	<u>\$ 949,904</u>	<u>\$ 32,661</u>

Litigation: As of June 30, 2024, the Authority is involved in various contract disputes on its construction projects. Based on the status of the claims and the information available, the Authority believes that a liability has not been incurred as of the date of the financial statements. The Authority believes it has substantial defenses against these claims and the resolution of these matters will not have a material adverse effect on its financial statements.

Central Texas Regional Mobility Authority

Notes to Financial Statements June 30, 2024

Note 10. Authority's Tolling System and Segment Disclosure

During fiscal year 2024, the Authority had non-System assets, the MoPac Improvement Project, which generated approximately 12 million transactions, and approximately \$16.3 million in revenue.

Governments that report enterprise funds or that use enterprise fund accounting and reporting standards to report their activities are required to present segment information for defined activities in the notes to the financial statements. For purposes of this disclosure, a segment is an identifiable activity reported as or within an enterprise fund or other stand-alone entity for which one or more revenue bonds or other revenue-backed debt instruments outstanding with a revenue pledge to support that debt. In addition, the activities, revenue, expenses, gains and losses, assets and liabilities are required to be accounted for separately.

The requirement for separate accounting for the Authority's Tolling System is also imposed by the bond indenture. A segment has a specific identifiable revenue stream pledged in support of revenue bonds or other revenue backed debt and has related expenses, gains and losses, assets, and liabilities that can be identified.

The following is condensed financial information for the Authority's Tolling System activities:

Statement of Net Position

Assets and Deferred Outflows	2024
Current assets	\$ 427,354,760

(1) TCDRS calculates actuarially determined contributions on a calendar year basis. GASB No. 68 indicates the Authority should report contribution amounts on a fiscal year basis.

(2) Payroll is calculated based on contributions as reported for the fiscal year to TCDRS.

Central Texas Regional Mobility Authority

**Required Supplementary Information—Pension Plan (Continued)
Notes to Schedule of Employer Contributions and Net Pension Liability
June 30, 2024**

Actuarial methods and assumptions used: Following are the key assumptions and methods used in determining the actuarially determined contribution:

Valuation Timing	Actuarially determined contribution rates are calculated as of December 31, two years prior to the end of the fiscal year in which the contributions are reported.
Actuarial Cost Method	Individual entry age normal cost method, as required by GASB Statement No. 68, used for GASB calculations. A slightly different version of the entry age normal cost method is used for the funding actuarial valuation.
Asset Valuation Method Smoothing period Recognition method Corridor	5 years Non-asymptotic None
Economic Assumptions Inflation Salary increases Investment rate of return COLAs	2.50% 3.00% (made up of 2.5% inflation and 0.50% productivity increase assumptions) and a merit, promotion and longevity component that on average approximates 1.70% per year for a career employee. 7.50% (net of administrative and investment expenses, including inflation) COLAs for the Authority is considered to be substantively automatic under GASB Statement No. 68. Therefore, an annual 100% CPI cost-of-living adjustments is included in the GASB calculations. No assumption for future cost-of-living adjustments is included in the funding valuation.

*For all eligible members ages 75 and later, retirement is assumed to occur immediately.

Other terminations of employment: The rate of assumed future termination from active participation in the plan for reasons other than death, disability or retirement vary by length of service, entry-age group (age at hire), and sex. No termination after eligibility for retirement is assumed.

**Required Supplementary Information—Pension Plan (Continued)
Notes to Schedule of Employer Contributions and Net Pension Liability
June 30, 2024**

Withdrawals: Members who terminate may either elect to leave their account with TCDRS or withdraw their funds. The probability that a member elects a withdrawal varies by length of service and vesting schedule. Rates applied to your plan are shown in table below. For nondepositing members who are not vested, 100% are assumed to elect a withdrawal.

Probability of Withdrawal			
Years of Service	Probability	Years of Service	Probability
0	100%	15	26
1	100	16	25
2	100	17	24

CENTRAL TEXAS REGIONAL
MOBILITY AUTHORITY

3300 NORTH IH-35, SUITE 300
AUSTIN, TX 78705

MOBILITYAUTHORITY.COM

**GENERAL MEETING OF THE BOARD OF DIRECTORS
OF THE
CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY**

RESOLUTION NO. 24-063

**PROHIBITING THE OPERATION OF CERTAIN MOTOR VEHICLES
ON MOBILITY AUTHORITY TOLL FACILITIES PURSUANT TO
THE HABITUAL VIOLATOR PROGRAM**

WHEREAS, Transportation Code, Chapter 372, Subchapter C, authorizes toll project entities, including the Central Texas Regional Mobility Authority (Mobility Authority), to exercise various remedies against certain motorists with unpaid toll violations; and

WHEREAS, Transportation Code §372.106 provides that a “habitual violator” is a registered owner of a vehicle who a toll project entity determines:

(1) was issued at least two written notices of nonpayment that contained:

(A) in the aggregate, 100 or more events of nonpayment within a period of one year, not including events of nonpayment for which: (i) the registered owner has provided to the toll project entity information establishing that the vehicle was subject to a lease at the time of nonpayment, as provided by applicable toll project entity law; or (ii) a defense of theft at the time of the nonpayment has been established as provided by applicable toll project entity law; and

(B) a warning that the failure to pay the amounts specified in the notices may result in the toll project entity’s exercise of habitual violator remedies; and

(2) has not paid in full the total amount due for tolls and administrative fees under those notices; and

WHEREAS, the Mobility Authority previously determined that the individuals listed in Exhibit A are habitual violators, and these determinations are now considered final in accordance with Transportation Code, Chapter 372, Subchapter C; and

WHEREAS, Transportation Code §372.109 provides that a final determination that a person is a habitual violator remains in effect until (1) the total amount due for the person’s tolls and administrative fees is paid; or (2) the toll project entity, in its sole discretion, determines that the amount has been otherwise addressed; and

WHEREAS, Transportation Code §372.110 provides that a toll project entity, by order of its governing body, may prohibit the operation of a motor vehicle on a toll project of the entity if: (1) the registered owner of the vehicle has been finally determined to be a habitual violator; and

(2) the toll project entity has provided notice of the prohibition order to the registered owner; and

WHEREAS, the Executive Director recommends that the Board prohibit the operation of the motor vehicles listed in Exhibit A on the Mobility Authority's toll roads, including (1) 183A Toll; (2) 290 Toll; (3) 71 Toll; (4) MoPac Express Lanes; (5) 45SW Toll; and (6) 183 Toll.

NOW THEREFORE, BE IT RESOLVED that the motor vehicles listed in Exhibit A are prohibited from operation on the Mobility Authority's toll roads, effective October 30, 2024; and

BE IT FURTHER RESOLVED that the Mobility Authority shall provide notice of this resolution to the individuals listed in Exhibit A, as required by Transportation Code §372.110; and

BE IT IS FURTHER RESOLVED that the prohibition shall remain in effect for the motor vehicles listed in Exhibit A until the respective habitual violator determinations are terminated, as provided by Transportation Code §372.110.

Adopted by the Board of Directors of the Central Texas Regional Mobility Authority on the 30th day of October 2024.

Submitted and reviewed by:

James M. Bass
Executive Director

Approved:

Robert W. Jenkins, Jr.
Chairman, Board of Directors

RESOLUTION NO. 24-064

ACCEPT THE UNAUDITED FINANCIAL STATEMENTS FOR SEPTEMBER 2024

WHEREAS, the Central Texas Regional Mobility Authority (Mobility Authority) is empowered to procure such goods and services as it deems necessary to assist with its operations and to study and develop potential transportation projects, and is responsible to insure accurate financial records are maintained using sound and acceptable financial practices; and

WHEREAS, close scrutiny of the Mobility Authority's expenditures for goods and services, including those related to project development, as well as close scrutiny of the Mobility Authority's financial condition and records is the responsibility of the Board and its designees through procedures the Board may implement from time to time; and

WHEREAS, the Board has adopted policies and procedures intended to provide strong fiscal oversight and which authorize the Executive Director, working with the Mobility Authority's Chief Financial Officer, to review invoices, approve disbursements, and prepare and maintain accurate financial records and reports; and

WHEREAS, the Executive Director, working with the Chief Financial Officer, has reviewed and authorized the disbursements necessary for the month of September 2024 and has caused financial statements to be prepared and attached to this resolution as Exhibit A; and

NOW THEREFORE, BE IT RESOLVED, that the Board of Directors accepts the unaudited financial statements for September 2024, attached hereto as Exhibit A.

Adopted by the Board of Directors of the Central Texas Regional Mobility Authority on the 30th day of October 2024.

Submitted and reviewed by:

James M. Bass
Executive Director

Approved:

Robert W. Jenkins, Jr.
Chairman, Board of Directors

Central Texas Regional Mobility Authority

Statement of Cash Flow

as of September 2024

Cash flows from operating activities:

Receipts from toll revenues	68,419,016
Receipts from other sources	438,837
Payments to vendors	(50,849,058)
Payments to employees	(1,282,502)
Net cash flows provided by (used in) operating activities	16,726,294

Cash flows from capital and related financing activities:

Payment on Intangible assets	(1,654,119)
Interest Expense	(44,364,111)
Payments on bonds / loans	(745,582)
RIF Contribution	(10,000,000)
Acquisition of capital assets - non project	(1,327,688)
Acquisitions of construction in progress	(25,867,757)
Net cash flows provided by (used in) capital and related financing activities	(83,959,257)

Cash flows from investing activities:

Interest income	8,482,593
Purchase of investments	(182,422,587)
Net cash flows provided by (used in) investing activities	(173,939,994)

Net increase (decrease) in cash and cash equivalents	(241,172,958)
Cash and cash equivalents at beginning of period	817,680,594
Cash and cash equivalents at end of period	576,507,637

Reconciliation of change in net assets to net cash provided by operating activities:

Operating income	6,279,201
Adjustments to reconcile change in net assets to net cash provided by operating activities:	
Depreciation and amortization	16,658,087
Changes in assets and liabilities:	
Decrease in accounts receivable	7,815,915
Increase in prepaid expenses and other assets	241,428
Decrease in accrued expenses	(30,542,042)
Decrease in Interest expense	24,872,837
Increase in interest receivable	(8,599,132)
Total adjustments	10,447,093
Net cash flows provided by (used in) operating activities	\$ 16,726,294

Reconciliation of cash and cash equivalents:

Unrestricted cash and cash equivalents	249,429,537
Restricted cash and cash equivalents	327,078,100
Total	576,507,637

Definition of Weighted Average Maturity (1) & (2)

(1) This weighted average maturity calculation uses the SEC Rule 2a-7 definition for stated maturity for any floating rate instrument held in the portfolio to determine the weighted average maturity for the pool. This Rule specifies that a variable rate instruction to be paid in 397 calendar days or less shall be deemed to have a maturity equal to the period remaining until the next readjustment of the interest rate.
 (2) This weighted average maturity calculation uses the final maturity of any floating rate instruments held in the portfolio to calculate the weighted average maturity for the pool.

The maximum management fee authorized for the TexSTAR Cash Reserve Fund is 12 basis points. This fee may be waived in full or in part in the discretion of the TexSTAR co-administrators at any time as provided for in the TexSTAR Information Statement.

NEW PARTICIPANTS

We would like to welcome the following entities who joined the TexSTAR program in September:

- * City of Ballinger * Cypress Springs Special Utility District * Fort Bend County Municipal Utility District No. 232
- * Fort Bend County Municipal Utility District No. 246 * Jefferson County Emergency Service District No. 3
- * Montgomery County Municipal Utility District No. 197 * City of Mount Vernon * City of Omaha

HOLIDAY REMINDER

In observance of **Columbus Day**, **TexSTAR will be closed on Monday, October 14, 2024**. All ACH transactions initiated on Friday, October 11th will settle on Tuesday, October 15th. Standard transaction deadlines will be observed on Friday, October 11th. Please plan accordingly for your liquidity needs.

ECONOMIC COMMENTARY

Market review

The third quarter provided further evidence that the Federal Reserve (Fed) has successfully cooled down the post-pandemic supercharged economy, aligning it with their dual mandate of price stability and full employment. The disinflationary trend has made significant progress, as the core Personal Consumption Expenditures Price Index (PCE), the Fed's preferred measure for inflation, has declined to a three-month annualized run rate of 2.1% as of August, a substantial drop from 6.6% in 2021. The labor market has also shown signs of cooling, with unemployment rising from a low of 3.4% to 4.2%. Despite these adjustments, the Fed has managed to keep the economy on a stable footing. The economy grew at a 3.0% seasonally adjusted annualized rate in the second quarter, well above first quarter's 1.6%, bringing average GDP growth for the first half of the year to a solid 2.3%, which is in line with trend growth. In a highly anticipated decision, the Federal Open Market Committee (FOMC) voted to lower the federal funds rate by 50 basis points (bps), a larger-than-expected move and their first move lower since March 2020. During his press conference, Powell described the move as a policy "recalibration," suggesting the Fed is proactively managing economic risk.

While the August jobs report was stronger than the downwardly revised weak July report, it didn't represent a full rebound, but it did alleviate some concerns about a hard landing. The establishment survey showed fewer-than-expected job gains of 142,000, primarily concentrated in the construction, leisure and hospitality, and healthcare industries, bringing the three-month moving average down to 116,000. Additionally, July's job gains were revised down to 89,000. On a positive note, the unemployment rate ticked lower from 4.25% to 4.22%, providing some relief after the recent increase.

TEXSTAR VERSUS 90-DAY TREASURY BILL

This material is for information purposes only. This information does not represent an offer to buy or sell a security. The above rate information is obtained from sources that are believed to be reliable; however, its accuracy or completeness may be subject to change. The TexSTAR management fee may be waived in full or in part at the discretion of the TexSTAR co-administrators and the TexSTAR rate for the period shown reflects waiver of fees. This table represents historical investment performance/return to the customer, net of fees, and is not an indication of future performance. An investment in the security is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency. Although the issuer seeks to preserve the value of an investment of \$1.00 per share, it is possible to lose money by investing in the security. Information about these and other program details are in the fund's Information Statement which should be read carefully before investing. The yield on the 90-Day Treasury Bill ("T-Bill Yield") is shown for comparative purposes only. When comparing the investment returns of the TexSTAR pool to the T-Bill Yield, you should know that the TexSTAR pool consists of allocations of specific diversified securities as detailed in the respective Information Statements. The T-Bill Yield is taken from Bloomberg Finance L.P. and represents the daily closing yield on the then current 90-Day T-Bill. The TexSTAR yield is calculated in accordance with regulations governing the registration of open-end management investment companies under the Investment Company Act of 1940 as promulgated from time to time by the federal Securities and Exchange Commission.

ECONOMIC COMMENTARY (cont.)

Wages grew by 0.4% month-over-month (m/m) and 3.8% year-over-year (y/y), slightly higher than July's monthly increase. The Job Openings and Labor Turnover Survey (JOLTS) indicated an uptick in labor demand in August, with job openings rising from an upwardly revised 7.7 million to 8.0 million, the highest since May. Conversely, the quit rate ticked down again, from 2.0% to a new cycle low of 1.9%, and the hires rate, which had increased from 3.3% to 3.4% between June and July, pulled back to 3.3%.

The August CPI report came in as expected, providing further evidence that inflation is on a steady path lower. Headline inflation rose 0.2% m/m and 2.5% y/y, while core inflation rose 0.3% m/m and 3.2% y/y. In the details, food and energy prices were well behaved with energy prices falling by 0.8% m/m. Elsewhere, core goods prices eased for a sixth straight month, led lower by used vehicle prices, although tobacco prices rose by a strong 1.2% m/m. Elsewhere, shelter inflation remained elevated at 0.5% m/m, which alongside a 3.9% m/m increase in airfares, kept core services inflation elevated at 0.5%. Auto insurance prices moderated but rose by a still-warm 0.6% m/m and 16.5% y/y. Headline PCE and Core PCE both rose 0.1% m/m, bringing the y/y figures to 2.2% and 2.7%, respectively. With shelter still driving the bulk of inflation, broad disinflationary tailwinds remain well established, suggesting that inflation is on a steady path back to 2%, enabling the Fed to begin normalizing monetary policy.

While inflation and the labor market have come into better balance, the federal funds rate has remained at a highly restrictive level. With market expectations roughly split between a 25 basis point and a 50 basis point cut, the FOMC voted to reduce the federal funds rate target range by 50 bps to 4.75% – 5.00% at its September meeting, with one dissent in favor of a 25 bp cut. The economic assessment was amended to recognize that job growth has “slowed” rather than merely “moderated,” and the statement noted that the committee has gained greater confidence in inflation returning to target. The risks to employment and inflation are now considered balanced, compared to a previous tilt towards inflation. The ‘dot plot’ provided a refreshed view of the Committee’s expectations for the path of the fed funds rate. The median member now expects the policy rate to fall to 4.375% by year-end 2024, equivalent to an additional 50 bps of rate cuts this year, with an additional 100 bps of cuts anticipated in 2025 and 50 bps in 2026. The long-run dot shifted higher to 2.875%, reflecting discussions among Fed members about the possibility that the neutral policy rate is higher than previously anticipated.

In sum, the Fed delivered the message that policy normalization has begun, more cuts are coming and, despite a slightly larger cut to begin with, easing will still be gradual, barring a more material slowdown in the economy. Markets saw mixed and choppy price action following the Fed decision with short term Treasury yields falling more sharply than longer-term Treasury yields over the month. Three- and six-month Treasury bill yields fell by 49 bps and 45 bps to 4.63% and 4.41%, respectively, while one- and two-year Treasury yields declined 40 bps and 28 bps to 4.01% and 3.64%, respectively.

Outlook

More than two years and 11 rate hikes later, the Fed has begun to normalize policy, with more cuts projected on the horizon. Cooling inflation in recent months has allowed the Fed to shift its focus towards supporting the labor market; while they are not overly concerned about its current state, their goal is to maintain its strength. With slowing inflation and rising unemployment, we anticipate additional front-loaded cuts to bring the Fed closer to a neutral policy stance by 2025. We believe the Fed is on track to deliver two 25 bp rate cuts by year-end and will likely continue easing in 2025. However, as Powell emphasized during the press conference, policy decisions will be contingent on evolving economic data.

The need for restrictive policy has diminished as the risks between employment and inflation have come into balance. With U.S. economic activity broadly looking healthy and the summer growth scare behind us, the Fed's decision to pre-emptively cut more aggressively likely extends the current economic cycle. This increases our conviction in a soft-landing outcome, with only a moderate rise in the unemployment rate as the base case.

**GENERAL MEETING OF THE BOARD OF DIRECTORS
OF THE
CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY**

RESOLUTION NO. 24-065

**MODIFYING THE ANNUAL TOLL RATE ESCALATION ON MOBILITY
AUTHORITY TOLL FACILITIES AND APPROVING A TOLL RATE ADJUSTMENT
FOR CERTAIN LOCATIONS**

WHEREAS, Section 301.003 of the Mobility Authority Policy Code provides for the calculation and implementation of a percentage increase in the toll rates charged on all toll facilities in the Mobility Authority Turnpike System, to become effective on January 1 of each year; and

WHEREAS, absent action from the Board, the toll rates on all toll facilities in the Mobility Authority Turnpike System will increase by the percentage shown in Exhibit A attached hereto (the “Toll Rate Escalation Percentage”); and

WHEREAS, the Mobility Authority Traffic and Revenue Study 2021 Update, dated September 29, 2021 (the “T&R Update”), identified certain tolling locations on the Mobility Authority Turnpike System (the “Tolling Locations”) which require a toll rate increase above the Toll Rate Escalation Percentage; and

WHEREAS, on February 28, 2024, in Resolution No. 24-011, the Board of Directors approved and adopted tolls for the 183A Phase III Toll (the “183A Phase III Toll Rates”); and

WHEREAS, Mobility Authority staff recommends that the Board of Directors modify the Toll Rate Escalation Percentage to exclude the 183A Phase III Toll Rates from the Toll Rate Escalation Percentage and adopt the tolls for the Tolling Locations consistent with the tolls identified in the T&R Update and shown in Exhibit A.

NOW THEREFORE BE IT RESOLVED, that the Board of Directors hereby adopts the recommendation of Mobility Authority staff to exclude the 183A Phase III Toll Rates from the Toll Rate Escalation Percentage and adopt the tolls for the Tolling Locations consistent with the tolls identified in the T&R Update and shown in Exhibit A; and

BE IT FURTHER RESOLVED, that, other than as set forth herein, the toll rates in Exhibit A attached hereto shall become effective January 1, 2025 pursuant to Section 301.003 of the Mobility Authority Policy Code.

Adopted by the Board of Directors of the Central Texas Regional Mobility Authority on the 30th day of October 2024.

Exhibit A

TRAFFIC CONSULTANT CERTIFICATION
(October 2024 Toll Modification for January 1, 2025)

The undersigned is a duly authorized officer of Stantec Consulting Services Inc. serving as traffic consultant (the "Traffic Consultant") to the Central Texas Regional Mobility Authority ("Authority") pursuant to that certain Master Trust Indenture, dated as of February 1, 2005, between the Authority and Regions Bank, as successor in trust to JPMorgan Chase Bank, National Association, as Trustee (the "Master Trust Indenture"), relating to the issuance of Obligations thereunder. Any capitalized terms not otherwise defined herein have the respective meaning given to such terms in the Master Trust Indenture.

1. In accordance with Section 502 of the Master Trust Indenture, the Authority has provided us the proposed change to the Toll Rate Schedule set forth in Exhibit "A" attached hereto. In our opinion, the adoption of such proposed Toll Rate Schedule set forth in Exhibit "A" will not adversely affect the ability of the Authority to comply with its covenants in Section 502 of the Master Trust Indenture.

2. Our certification herein is based upon our opinion as to Revenues to be derived by the Authority from the ownership and operation of the System (which Revenues include investment and other income not related to Tolls that constitute the Revenues of the System as estimated by an Authorized Representative), and, to the extent necessary, a certificate of the Authorized Representative filed with the Trustee, stating the opinion of the Authority as to the amount of Operating Expenses paid or accrued during any pertinent Annual Period, assuming the proposed Toll rate schedule had been in effect during such pertinent Annual Period.

EXECUTED THIS 25th day of October, 2024.

**GENERAL MEETING OF THE BOARD OF DIRECTORS
OF THE
CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY**

RESOLUTION NO. 24-066

AMENDING MOBILITY AUTHORITY POLICY CODE SECTION 301.002

WHEREAS, by Resolution No. 12-016 dated February 29, 2012, the Board of Directors adopted the Mobility Authority Policy Code (“Policy Code”); and

WHEREAS, subsequent to its initial adoption, the Board of Directors has amended the Policy Code from time to time in order to modify existing policies and incorporate new policies beneficial to the operation of the Central Texas Regional Mobility Authority (“Mobility Authority”); and

WHEREAS, staff recommends amending Section 301.002 of the Policy Code to (1) clearly distinguish between the provisions of the Policy Code applicable only to the MoPac Express Lanes and those that apply to all Mobility Authority express lane toll facilities, including the future 183 Express Lanes, and (2) clarify that the applicable minimum toll rate per segment will be charged when technical issues prevent the toll rate from being posted on the changeable message signs; and

WHEREAS, the Executive Director recommends amending Section 301.002 of the Policy Code as shown in Exhibit A, implementing the staff recommendations described herein.

NOW, THEREFORE, BE IT RESOLVED that the Board hereby amends Section 301.002 of the Policy Code as shown in Exhibit A attached hereto.

Adopted by the Board of Directors of the Central Texas Regional Mobility Authority on the 30th day of October 2024.

Submitted and reviewed by:

James M. Bass
Executive Director

Approved:

Robert W. Jenkins, Jr.
Chairman, Board of Directors

Exhibit A

301.002 Toll Rates

(a) The authority shall establish toll rates for each tolled facility operated by the authority. Each toll established by this section is subject to an adjustment on January 1 of each year under the procedure set forth in Section 301.003 (Annual Toll Rate Escalation). The executive director is authorized and directed to edit a toll established by this section to update and certify any change to a toll made pursuant to Section 301.003.

(b) The toll charge for each tolled facility operated by the authority shall be published on the authority website.

(c) The toll charged for use of the MoPac Express Lanes shall be comprised of both a minimum toll, as well as a variable component that is activated during higher traffic volumes. The minimum toll rate per segment will be adjusted annually by \$0.07 per segment for calendar 2024, \$0.08 per segment for calendar 2025, and \$0.08 for calendar 2026 until the minimum toll rate is \$0.73, which will coincide with the expected minimum toll rate for the 183N ~~managed-Express Lanes~~ at the time it opens for tolling. Once the MoPac Express Lanes minimum toll rate reaches \$0.73 per segment it will be adjusted annually in accordance with the methodology for toll rate escalation provided in Section 301.003.

~~(d) There shall be no maximum toll rate on Express Lane facilities.~~

~~(e) To maximize throughput and maintain free flowing conditions, the toll rate for each MoPac Express-express Lane-lane segment shall change on a real-time basis based on traffic volumes. When traffic volumes increase, the minimum toll rate shall be increased as much as necessary to prevent the MoPac Express-express Lane-lane(s) from becoming congested. When traffic volumes decrease, the toll rate shall be reduced to encourage use of the MoPac Express-express Lane-lane(s).~~

~~(f) The primary goals of the variable toll rates is-are to minimize congestion on the MoPac Express-express Lanes-lanes and to encourage more people to ride public transit or join a registered vanpool.~~

~~(g) Changeable message signs shall be located prior to the entrance of each MoPac Express-express Lane-lane segment to notify customers of the current toll rate. A customer shall never pay more than the toll rate information shown on the sign located near the vehicle's entry point, but point may be charged less. If a technical issue prevents a toll rate from being posted, then a customer shall be charged the minimum toll rate per segment.~~

~~(h) The Mobility Authority may reduce toll rates if it determines that operational issues warrant such an adjustment.~~

301.002 Toll Rates

- (a) The authority shall establish toll rates for each tolled facility operated by the authority. Each toll established by this section is subject to an adjustment on January 1 of each year under the procedure set forth in Section 301.003 (Annual Toll Rate Escalation). The executive director is authorized and directed to edit a toll established by this section to update and certify any change to a toll made pursuant to Section 301.003.
- (b) The toll charge for each tolled facility operated by the authority shall be published on the authority website.
- (c) The toll charged for use of the MoPac Express Lanes shall be comprised of both a minimum toll, as well as a variable component that is activated during higher traffic volumes. The minimum toll rate per segment will be adjusted annually by \$0.07 per segment for calendar 2024, \$0.08 per segment for calendar 2025, and \$0.08 for calendar 2026 until the minimum toll rate is \$0.73, which will coincide with the expected minimum toll rate for the 183N Express Lanes at the time it opens for tolling. Once the MoPac Express Lane minimum toll rate reaches \$0.73 per segment it will be adjusted annually in accordance with the methodology for toll rate escalation provided in Section 301.003.
- (d) There shall be no maximum toll rate on express lane facilities.
- (e) To maximize throughput and maintain free flowing conditions, the toll rate for each express lane segment shall change on a real-time basis based on traffic volumes. When traffic volumes increase, the minimum toll rate shall be increased as much as necessary to prevent the express lane(s) from becoming congested. When traffic volumes decrease, the toll rate shall be reduced to encourage use of the express lane(s).
- (f) The primary goals of the variable toll rates are to minimize congestion on express lanes and to encourage more people to ride public transit or join a registered vanpool.
- (g) Changeable message signs shall be located prior to the entrance of each express lane segment to notify customers of the current toll rate. A customer shall never pay more than the toll rate information shown on the sign located near the vehicle's entry point. If a technical issue prevents a toll rate from being posted, then a customer shall be charged the minimum toll rate per segment.
- (h) The Mobility Authority may reduce toll rates if it determines that operational issues warrant such an adjustment.

**GENERAL MEETING OF THE BOARD OF DIRECTORS
OF THE
CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY**

RESOLUTION NO. 24-067

**APPROVING AN AMENDMENT TO THE INTERLOCAL AGREEMENT
WITH THE TEXAS DEPARTMENT OF TRANSPORTATION FOR THE
HIGHWAY EMERGENCY RESPONSE OPERATION (HERO) PROGRAM**

WHEREAS, the Central Texas Regional Mobility Authority (the "Mobility Authority") was created pursuant to the request of Travis and Williamson Counties and in accordance with provisions of the Transportation Code and the petition and approval process established in 43 Tex. Admin. Code § 26.01, et. seq. (the "RMA Rules"); and

WHEREAS, the Board of Directors of the Mobility Authority has been constituted in accordance with the Transportation Code and the RMA Rules; and

WHEREAS, Chapter 791 of the Texas Government Code provides that any one or more public agencies may contract with each other for the performance of governmental functions or services in which the contracting parties are mutually interested; and

WHEREAS, § 370.033 of the Transportation Code provides that regional mobility authorities may enter into interlocal agreements with other governmental entities for project development related services; and

WHEREAS, by Resolution No. 23-030, dated August 16, 2023, the Board of Directors approved an interlocal agreement with the Texas Department of Transportation (TxDOT) for the administration the Highway Emergency Responders Operators (HERO) program to assist first responders with traffic incidents, clear large debris from the roadway, and provide free roadside assistance to stranded motorists in Central Texas including Mobility Authority facilities through; and

WHEREAS, the Mobility Authority desires the expansion of HERO services on 45SW, 183 Toll, 183A Phase II and 183N Express Lanes; and

WHEREAS, TxDOT has proposed an amendment to the interlocal agreement in an amount not to exceed \$5,862,732.36 to expand HERO services on Mobility Authority facilities to include 45SW, 183 Toll, 183A Phase II and 183N Express Lanes through August 31, 2028; and

WHEREAS, the Executive Director recommends that the Board of Directors approve the proposed amendment to the interlocal agreement with TxDOT for HERO services on Mobility Authority facilities in an amount not to exceed \$5,862,732.36, bringing the total interlocal agreement not to exceed amount to \$11,904,408.00 through August 31, 2028 and in the form or substantially the same form as is attached hereto as Exhibit A.

NOW THEREFORE, BE IT RESOLVED that the Board of Directors authorizes the Executive Director to execute the amendment to the interlocal agreement with TxDOT, in the form or substantially the same form as is attached hereto as Exhibit A, for an amount not to exceed \$5,862,732.36 to expand HERO services on Mobility Authority facilities to include 45SW, 183 Toll, 183A Phase II and 183N Express Lanes.

Adopted by the Board of Directors of the Central Texas Regional Mobility Authority on the 30th day of October 2024.

STATE OF TEXAS §

COUNTY OF TRAVIS §

AMENDMENT TO INTERLOCAL CONTRACT

Amendment Number 1

THIS INTERLOCAL AMENDMENT is made by and between the State of Texas acting by and through the Texas Department of Transportation, (TxDOT), and Central Texas Regional Mobility Authority (CTRMA) (Local Government), and shall become effective when fully executed by both parties.

BACKGROUND

The TxDOT and the Local Government executed a contract on August 25, 2023 concerning TxDOT, the Performing Agency, will provide Safety Service Patrol, the common term for HERO of the four highway segments identified by the Project Location Maps attached as Tx 1/Loop1/Mopac; 290 East Toll Rd/Manor Expressway; 183A Toll Road; and SH 71 Express Toll Road. CTRMA will contribute to the costs TxDOT incurs to provide that service.

It is mutually understood and agreed by and between the undersigned contracting parties to the above numbered Interlocal Contract to amend the contract as follows:

AGREEMENT

II. PURPOSE: TxDOT, the Performing Agency, will provide Safety Service Patrol, the common term for HERO of the eight highway segments identified by the Project Location Maps attached as Tx 1/Loop1/Mopac; 290 Toll; 183A Toll (Phase I-II); 71 Toll Lane; 45SW Toll; 183 Toll; 183A Toll (Phase III); and 183 Express Lanes. CTRMA will contribute to the costs TxDOT incurs to provide that service.

IV. CONTRACT PAYMENT: The total amount of this contract shall not exceed \$11,904,480 and shall conform to the provisions of **Attachment B**, Budget. Payments shall be billed monthly.

VI. LEGAL AUTHORITY:

THE PARTIES certify that the services provided under this contract are services that are properly within the legal authority of the Contracting Parties.

The governing body, by resolution or ordinance, dated October 30, 2024, has authorized the Local Government to obtain the services described in **Attachment A**.

This amendment incorporates the revisions to provisions of **Attachment B**, Budget, **Attachment D**, Resolution or Ordinance and **Attachment E**, Location Map Showing Project.

All other terms and conditions of the above-numbered Interlocal Contract not hereby amended remain in full force and effect.

**GENERAL MEETING OF THE BOARD OF DIRECTORS
OF THE
CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY**

RESOLUTION NO. 24-068

**APPROVE AN AGREEMENT WITH PENN CREDIT TO PROVIDE PROCESS
SERVERS TO SUPPORT THE MOBILITY AUTHORITY'S HABITUAL VIOLATOR
PROGRAM**

WHEREAS, Section 372.112 of the Texas Transportation Code authorizes the Mobility Authority to impound motor vehicles observed by a peace officer to be operated in violation of a prohibition order issued by the Mobility Authority as part of the Mobility Authority's Habitual Violator Program; and

WHEREAS, the Mobility Authority requires process servers to serve personal notice to the registered owner of a vehicle of the Mobility Authority's intent to have a vehicle impounded, as required under Section 372.112 of the Texas Transportation Code; and

WHEREAS, the Mobility Authority extended an invitation to bid ("ITB") to five (5) qualified firms to provide process servers to support the Mobility Authority's Habitual Violator Program; and

WHEREAS, the Mobility Authority received one (1) response to the ITB from Penn Credit Corporation ("Penn Credit"); and

WHEREAS, the response was reviewed by the Executive Director and staff, and all expectations of the ITB were met with the response; and

WHEREAS, the Executive Director recommends that the Board of Directors approve an agreement with Penn Credit to provide process servers to support the Mobility Authority's Habitual Violator Program for an initial term of one (1) year with an optional one (1) year extension, and a not to exceed amount of \$150,000, in the form or substantially the same form as set forth in Exhibit A attached hereto.

NOW, THEREFORE, BE IT RESOLVED that the Board of Directors hereby approves the agreement with Penn Credit to provide process servers to support the Mobility Authority's Habitual Violator Program for an initial term of one (1) year with an optional one (1) year extension, and a not to exceed amount of \$150,000 in the form or substantially the same form as set forth in Exhibit A attached hereto; and

BE IT FURTHER RESOLVED that the Executive Director is authorized to execute the agreement with Penn Credit on behalf of the Mobility Authority.

Adopted by the Board of Directors of the Central Texas Regional Mobility Authority on the 30th day of October 2024.

Exhibit A

**CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY
UNPAID TOLLS ENFORCEMENT PROCESSING SERVICES AGREEMENT**

THIS AGREEMENT FOR UNPAID TOLLS ENFORCEMENT PROCESSING SERVICES (the “Agreement”) is made and entered into effective as of the [____] day of October, 2024 (the “Effective Date”), by and between the Central Texas Regional Mobility Authority (the “CTRMA”), and Penn Credit Corporation (the “Contractor”) (collectively, the “Parties”), for the purposes described herein.

WITNESSETH

WHEREAS, the CTRMA desires to obtain the services of a firm to provide Unpaid Tolls Enforcement Processing Services; and

WHEREAS, on July 12, 2024, the CTRMA issued an invitation to bid (the “ITB”) from firms interested in providing Unpaid Tolls Enforcement Processing Services; and

WHEREAS, the CTRMA received one (1) proposal in response to the ITB; and

WHEREAS, the CTRMA Board of Directors selected Contractor as the most qualified firm and authorized the CTRMA Executive Director to negotiate and execute this Agreement.

NOW, THEREFORE, the CTRMA and the Contractor, in consideration of the mutual covenants and agreements herein contained, do hereby agree as follows:

**ARTICLE 1
SCOPE OF SERVICES**

The CTRMA hereby retains the Contractor, as an independent contractor, and the Contractor agrees to provide processing services to support the CTRMA’s toll violation enforcement program, as more fully described in Attachment “A” (the “Services”). Contractor will perform the Services in accordance with the Scope of Services set forth in Attachment “A”.

**ARTICLE 2
TERM AND TERMINATION**

1. **Term.** This Agreement becomes effective on the Effective Date and shall be for an initial term of one (1) year, concluding on October 31, 2025, unless this Agreement is terminated in accordance with Article 2, section 2 below. At the discretion of the CTRMA, there may be one (1) successive one (1) year renewal terms following the expiration of the initial one (1) year period.

2. **Termination.** This Agreement may be terminated with or without cause by either party upon the giving of at least sixty (60) days’ prior written notice to the other party of its intention to terminate, specifying in such notice the effective date of such termination. However, any termination for cause by CTRMA is effective immediately upon the delivery of notice of termination to Contractor. The CTRMA may terminate this Agreement for cause if the Contractor

fails to satisfactorily perform or adhere to any provisions of this Agreement, breaches the confidentiality requirements, or otherwise engages in activity that, in the CTRMA's sole judgment, would subject the CTRMA in any manner to damages, liability, or damage to the CTRMA's reputation. Upon any termination, the CTRMA shall pay any undisputed fees and reimbursable expenses, including non-cancelable expenses, approved by the CTRMA in accordance with the terms of this Agreement which are incurred before the termination date provided that Contractor has made reasonable efforts to mitigate all costs or other damages associated with the termination.

ARTICLE 3 COMPENSATION AND USE/PAYMENT OF SUBCONTRACTORS

1. **Commencement of Service.** Upon the issuance of a Notice to Proceed, Contractor shall proceed with the Services as described in Attachment "A".

2. **Compensation.** Contractor shall be compensated for performance of the Services at the rates shown in Attachment "B", and pursuant to Article 4 below. The maximum amount payable to Contractor under this Agreement is \$150,000.

3. **Prior Approval.** The Contractor shall not assign, subcontract or transfer any portion of Services under this Agreement without prior written approval from the CTRMA. Any attempted assignment in violation of this provision is void and without effect.

4. **Contractor Payment of Subcontractors.** No later than ten (10) business days after receiving payment from the CTRMA, the Contractor shall pay all subcontractors for work performed under a subcontract authorized hereunder. The CTRMA may withhold all payments that have or may become due if the Contractor fails to comply with the ten-day payment requirement. The CTRMA may also suspend the work under this Agreement until subcontractors are paid.

5. **Contractor Responsibilities.** No subcontract relieves the Contractor of any responsibilities under this Agreement.

ARTICLE 4 INVOICING FOR SERVICES AND PAYMENT REQUIREMENTS

1. **Invoicing and Payment.** The Contractor shall submit a monthly itemized billing statement in a form acceptable to the CTRMA. The billing statement shall show the total amount earned to the date of submission based on the Fee Schedule (Attachment "B"), and the amount due and payable as of the date of the current billing. The CTRMA shall pay undisputed amounts owed to the Contractor within thirty (30) business days of receipt of an invoice from Contractor, or sooner, if possible. In the event an invoice is disputed by the CTRMA, representatives of each Party shall meet to resolve the dispute or to correct the error.

2. **Withholding Payments.** The CTRMA reserves the right to withhold payment of the Contractor's billing statement in the event of any of the following: (1) if a dispute over the work or costs thereof is not resolved within a thirty (30) calendar day period; or (2) pending verification of satisfactory work performed. In the event that payment is withheld, the CTRMA shall notify the Contractor and describe actions required that would allow the CTRMA to release the payment.

**ARTICLE 5
RELATIONSHIP BETWEEN THE PARTIES**

The parties recognize that the CTRMA, through the Executive Director and assigned staff, shall manage the day-to-day business and affairs of the CTRMA and that only an independent contractor relationship, and no other type of relationship, exists between the CTRMA and the Contractor. The Contractor acknowledges and agrees that neither it, nor any of the Contractor's employees, officers, agents, or contractors, shall be considered an employee of the CTRMA for any purpose.

The Contractor has no authority to enter into any contract binding upon the CTRMA, or to create any obligation on behalf of the CTRMA. Under no circumstances may the Contractor represent to suppliers, contractors, subcontractors, or any other parties that the Contractor, its employees, and affiliates are employed by the CTRMA or serve the CTRMA in any capacity other than as independent contractors. The Contractor shall clearly inform others that it has no authority to bind the CTRMA.

In the performance of the Services, the Contractor as an independent contractor possesses the sole right to supervise, manage, operate, control, and direct the performance of the details incident to the Services. The Contractor is not entitled to any insurance, pension, vacation, sick leave, or other benefits customarily afforded to employees of the CTRMA. Nothing in this Agreement is deemed or construed to create a partnership, joint venture, or joint enterprise; relationship of employee-employer or principal-agent; or to otherwise create any liability for the CTRMA whatsoever with respect to the liabilities, obligations, or acts of the Contractor or any other person. The employees of Contractor performing the Services shall abide by all applicable laws and the rules and regulations of the CTRMA.

**ARTICLE 6
REPRESENTATIONS AND WARRANTIES**

The Contractor represents and warrants to the CTRMA that the Contractor (a) is under no contractual or other restriction or obligation, the compliance with which is inconsistent with or would hinder the execution of this Agreement, the performance of the Contractor's obligations hereunder or of the rights of the CTRMA hereunder; (b) without limiting the representation in preceding clause, and except has otherwise been disclosed to the CTRMA, to its knowledge, after exercising reasonable diligence, each of the employees of Contractor performing the Services hereunder is not an employee, contractor, or representative of, or Contractor for any other firm currently under contract with the CTRMA or intending to bid for any contract; (c) is under no financial constraints at this time that would hinder the full performance of the obligations under this Agreement; and (d) to its knowledge, after exercising reasonable diligence, each of the employees of Contractor performing the Services hereunder is not under contract, and must not without the CTRMA's prior written consent contract, with any company, organization, or person that the Contractor reasonably believes to be in opposition or hostile to the CTRMA's operation and mission as such contract may relate to the subject matter in opposition to the CTRMA's operation and mission. The Contractor further represents and warrants that employees of Contractor intended to perform the Services have disclosed, to its knowledge, any

business relationship with CTRMA board members, employees, or agents, and that the employees of Contractor intended to perform the Services have, to its knowledge, no other business relationship with CTRMA board members, employees, or agents that would disqualify the Contractor from providing the requested Services.

ARTICLE 7 CONFIDENTIAL INFORMATION

All materials and ideas developed during the performance of this Agreement in whole or in part by the Contractor is proprietary and confidential information and is owned by the CTRMA, and the CTRMA will retain ownership of all work-in-progress. The Confidential Information of CTRMA and information may only be used by the Contractor during the term of this Agreement as necessary to carry out the purposes of this Agreement. “Confidential Information” means all non-public information that is marked as “confidential” or “proprietary” or that otherwise should be understood by a reasonable person to be confidential in nature that is obtained by Contractor from CTRMA. The Contractor shall return all Confidential Information of CTRMA in the Contractor’s possession to the CTRMA upon termination of this Agreement except for (a) copies retained in work paper files retained to comply with Contractor’s professional or legal obligations and (b) such Confidential Information retained in accordance with Contractor’s normal data back-up procedures; provided that any such Confidential Information so retained shall remain subject to the confidentiality obligations as set forth in this Article 7. The Contractor agrees not to disclose during the period of retention under this Agreement or at any time thereafter to any unauthorized person, association, firm, corporation, or other party any Confidential Information of the CTRMA, and the Contractor confirms that such Confidential Information constitutes the exclusive property of the CTRMA.

The parties agree that each of the provisions in this Article 7 are important and material, and significantly affect the successful conduct of the CTRMA’s business, as well as its reputation and goodwill. Any breach of the terms of this Agreement, including but not limited to the provisions of this Article 7, is a breach of this Agreement, from which CTRMA may seek that the Contractor may be enjoined and for which CTRMA may seek that the Contractor also shall be liable to the CTRMA for all damages arising or resulting from the breach. The Contractor understands and acknowledges that the Contractor’s responsibilities under this Article 7 continue in full force and effect after the Contractor’s contractual relationship with the CTRMA ends for any reason.

Notwithstanding anything in this Agreement to the contrary, the Contractor has no obligation of confidentiality with respect to information that (a) is or becomes part of the public domain through no act or omission of the Contractor; (b) was in the Contractor’s lawful possession prior to the disclosure and had not been obtained by the Contractor either directly or indirectly from the CTRMA; (c) is lawfully disclosed to the Contractor by a third party without restriction on disclosure; (d) is independently developed by the Contractor without use of or reference to the CTRMA’s confidential information; or (e) is required to be disclosed by law or judicial, arbitral or governmental order or duly executed process, provided the Contractor gives the CTRMA prompt written notice of the requirement sufficient to permit the CTRMA a reasonable opportunity to seek a protective order or other appropriate relief. Notwithstanding anything to the contrary herein, Contractor shall retain exclusive ownership to and in its (i) work papers (e.g. its internal

documentation to substantiate the Services) and (ii) professional methodologies, techniques, processes and procedures or general know-how.

ARTICLE 8 INDEMNIFICATION

THE CONTRACTOR SHALL INDEMNIFY AND HOLD HARMLESS THE CTRMA AND ITS OFFICERS, DIRECTORS, AND EMPLOYEES FROM ANY CLAIMS, COSTS OR LIABILITIES OF ANY TYPE OR NATURE AND BY OR TO ANY PERSONS WHOMSOEVER, TO THE EXTENT CAUSED BY THE CONTRACTOR'S NEGLIGENCE, FRAUD OR INTENTIONAL MISCONDUCT BY THE CONTRACTOR OR ANY OF ITS EMPLOYEES, AGENTS OR REPRESENTATIVES IN THE PERFORMANCE OF THE SERVICES. IN SUCH EVENT, THE CONTRACTOR SHALL ALSO INDEMNIFY AND HOLD HARMLESS THE CTRMA, ITS OFFICERS, DIRECTORS, AND EMPLOYEES FROM ANY AND ALL REASONABLE AND NECESSARY EXPENSES, INCLUDING REASONABLE ATTORNEYS' FEES INCURRED BY THE CTRMA IN LITIGATING OR OTHERWISE RESISTING SUCH SAID CLAIMS, COSTS OR LIABILITIES. IN THE EVENT THE CTRMA, ITS OFFICERS, DIRECTORS, OR EMPLOYEES, IS/ARE FOUND TO BE PARTIALLY AT FAULT, THE CONTRACTOR SHALL, NEVERTHELESS, INDEMNIFY THE CTRMA FROM SUCH SAID CLAIMS FROM AND AGAINST THE PERCENTAGE OF FAULT ATTRIBUTABLE TO THE CONTRACTOR, ITS OFFICERS, DIRECTORS, EMPLOYEES, AND AGENTS IN THE PERFORMANCE OF THE SERVICES.

ARTICLE 9 PERSONNEL, EQUIPMENT AND MATERIAL, GENERALLY

Contractor shall provide personnel and equipment as follows:

1. **Adequate Personnel, Etc.** The Contractor shall furnish and maintain, at its own expense, adequate and sufficient personnel (drawn from its own employees or from approved subcontractors) and equipment, in the reasonable opinion of the CTRMA, to perform the Services with due and reasonable diligence customary of a firm providing similar services and enjoying a favorable national reputation. All persons, whether employees of the Contractor or of an approved subcontractor, providing the Services shall be fully licensed to the extent required by their professional discipline associations' codes or otherwise by law.

2. **Removal of Personnel.** All persons providing the Services, whether employees of the Contractor or of an approved subcontractor, shall have such knowledge and experience as will enable them, in the Contractor's reasonable belief, to perform the duties assigned to them. Any such person who, as determined by the CTRMA in its sole discretion, is incompetent or by his/her conduct becomes detrimental to the provision of the Services shall, upon request of the CTRMA, immediately be removed from the Services. The Contractor shall furnish the CTRMA with a fully qualified candidate for the removed person within ten (10) days thereafter, provided, however, said candidate shall not begin work under this Agreement unless and until approved by the CTRMA.

3. **Contractor Furnishes Equipment, Etc.** Except as otherwise specified or agreed to by the CTRMA, the Contractor shall furnish all equipment, transportation, supplies, and materials required for its performance of Services under this Agreement.

ARTICLE 10 GENERAL PROVISIONS

1. **Compliance with Laws.** The Contractor shall comply with all applicable federal, state, and local statutory and regulatory laws, ordinances, codes, and regulations, and with the applicable orders and decrees of any courts, administrative bodies, or tribunals, in each case as applicable to the performance of Services under this Agreement, which may include, without limitation, workers' compensation laws, antidiscrimination laws, minimum and maximum salary and wage statutes and regulations, health and safety codes, and licensing laws and regulations.

2. **Audit.** The CTRMA may audit the records of the Contractor directly related to the Services to verify the costs or expenses incurred in the performance of this Agreement. Materials, documentation, and work products produced must be archived for a period of four (4) years by the Contractor and made available to the CTRMA upon reasonable prior written request. In the event an audit conducted by the CTRMA reveals material overcharges by the Contractor for any statement, the Contractor shall pay the reasonable, documented and out of pocket costs incurred by the CTRMA in connection with the audit.

3. **Entire Agreement.** This Agreement is the entire agreement of the parties, and supersedes any and all oral representations, warranties, understandings, stipulations, agreements, or promises pertaining to this Agreement that are not incorporated in writing in this Agreement.

4. **Choice of Law.** This Agreement shall be construed and given effect in accordance with the laws of the State of Texas.

5. **Venue.** The parties acknowledge that venue is proper in Travis County, Texas, for all disputes.

6. **Severability.** In the event any one or more of the provisions contained in the Agreement shall for any reason, be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provision thereof and the Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

7. **Modification.** This Agreement may not be changed, altered, or modified unless in writing and signed by the parties.

8. **Binding Effect.** The rights and benefits of the Contractor under this Agreement are personal to each of CTRMA and the Contractor and may not be subject to voluntary or involuntary alienation, assignment, subletting, or transfer without the written consent of the other party.

9. **Waiver.** Waiver by either party of any breach of this Agreement by the other party is not effective unless in writing, and no such waiver operates as a waiver of any subsequent breach.

10. **Acknowledgment.** Each party hereto agrees by its signature to this Agreement that it (a) fully understands this Agreement's purposes, terms, and provisions and (b) expressly acknowledges receipt of a copy of this Agreement.

11. **Dispute Resolution.** The parties shall make every reasonable effort to communicate and cooperate with each other to resolve any disputes. Should informal resolution fail, the parties may attempt to resolve the dispute through mediation, using a mediator mutually agreed upon by the Contractor and the CTRMA, prior to initiating litigation. EACH PARTY HERETO IRREVOCABLY WAIVES, TO THE FULL EXTENT PERMITTED BY LAW, ALL RIGHT TO TRIAL BY JURY IN ANY ACTION, PROCEEDING OR COUNTERCLAIM ARISING OUT OF OR RELATING TO THIS AGREEMENT OR ANY OF THE TRANSACTIONS CONTEMPLATED HEREBY OR THEREBY.

12. **Benefits Inured.** This Agreement is solely for the benefit of the parties and their permitted successors and assigns. Nothing contained in this Agreement is intended to, nor shall be deemed or construed to, create or confer any rights, remedies, or causes of action in or to any other persons or entities, including the public in general.

13. **Survival.** Articles 5, 6, 7, 8 and 10 survive the expiration or termination of this Agreement for any reason.

14. **Availability of Funds.** The awarding of this Agreement is dependent upon the availability of funding. In the event that funds do not become available, this Agreement may be terminated, or the scope may be amended; provided that Contractor shall have no obligation to perform services unless the parties have mutually agreed upon the terms as to such services. A thirty (30) day written notice shall be issued to the Contractor, and there will be no penalty or removal of charges incurred by the CTRMA. Notwithstanding the foregoing, if any Services have been provided by the Contractor to the CTRMA under this Agreement prior to such termination, the CTRMA will be liable for the undisputed fees incurred.

15. **Notices.** Notice is deemed given under this Agreement (a) when delivered by hand; (b) one business day after being deposited with a reputable overnight air courier service; or (c) three business days after being mailed by United States mail, registered or certified mail, return receipt requested, and postage prepaid. Any notices provided under this Agreement must be sent or delivered to:

In the case of the Contractor:

Penn Credit Corporation
2800 Commerce Dr.
Harrisburg, PA 17110

In the case of the CTRMA:

Central Texas Regional Mobility Authority
3300 N IH-35, Suite 300
Austin, TX 78705
Attn: Executive Director

16. **Third-Parties and Use.** All Services hereunder shall be solely for the CTRMA's use and benefit pursuant to the client relationship hereunder. This engagement does not create privity between the Contractor and any person or party other than the CTRMA and is not intended for the express or implied benefit of any third party. Although the CTRMA may disclose the Contractor's advice, opinions, reports, or other services (but not the work papers) to any person without limitation, no third party is entitled to rely, in any manner or for any purpose, on the Services or deliverables of the Contractor hereunder.

17. **Data and Information.** Contractor shall be entitled to rely on and assume, without independent verification, that all representations, assumptions, information and data supplied by CTRMA, its personnel, representatives, and agents shall be complete and accurate. Unless otherwise agreed to by the parties, Contractor shall not assume any responsibility for any financial reporting with respect to the Services.

18. **Email Communications.** The Contractor disclaims and waives, and the CTRMA releases the Contractor from, any and all liability for the interception or unintentional disclosure of e-mail transmissions or for the unauthorized use or failed delivery of e-mails transmitted or received by the Contractor in connection with the performance of the Services.

19. **Force Majeure.** If a Force Majeure Event occurs, the Nonperforming Party is excused from performance of its obligations under this Agreement but only for the time and to the extent that such performance is prevented by the Force Majeure Event. During a Force Majeure Event that prevents Contractor from delivering Services, Contractor's entitlement to compensation under this Agreement is suspended.

When the Nonperforming Party is able to resume performance of its obligations under this Agreement, it will immediately give the Performing Party (defined below) written notice to that effect and promptly resume performance under this Agreement.

The relief offered by this Force Majeure provision is the exclusive remedy available to the Nonperforming Party with respect to a Force Majeure Event.

The Performing Party may terminate this Agreement if:

- (a) the Nonperforming Party's failure to perform under this Agreement due to a Force Majeure Event impairs material benefits of this Agreement to the other party (the "Performing Party"); and
- (b) the Nonperforming Party does not resume performance in accordance with this Agreement within 30 days following the giving of notice to the Nonperforming Party of the Performing Party's intent to terminate this Agreement.

In this Agreement, “Force Majeure Event” means any act, event, or condition not foreseeable by a party (the “Nonperforming Party”) that: (A) prevents the Nonperforming Party from performing its obligations under this Agreement; (B) is beyond the control of, not caused in whole or in part by, and not otherwise the fault of the Nonperforming Party; and (C) is not able to be overcome or avoided by the Nonperforming Party’s exercise of diligence or preventative measures. Provided, however, economic hardship, changes in market conditions, or insufficiency of funds do not constitute a Force Majeure Event.

20. **Public Records Act.** Contractor acknowledges and agrees that all records, documents, drawings, plans, specifications and other materials in the CTRMA’s possession, including materials submitted by Contractor, are subject to the provisions of Chapter 552, Texas Government Code (the “Public Information Act”). Contractor shall be solely responsible for all determinations made by it under such law, and for clearly and prominently marking each and every page or sheet of materials with “Trade Secret” or “Confidential”, as it determines to be appropriate. Contractor is advised to contact legal counsel concerning such law and its application to Contractor.

If any of the materials submitted by the Contractor to the CTRMA are clearly and prominently labeled “Trade Secret” or “Confidential” by Contractor, the CTRMA will endeavor to advise Contractor of any request for the disclosure of such materials prior to making any such disclosure. Under no circumstances, however, will the CTRMA be responsible or liable to Contractor or any other person for the disclosure of any such labeled materials, whether the disclosure is required by law, or court order, or occurs through inadvertence, mistake or negligence on the part of the CTRMA.

In the event of litigation concerning the disclosure of any material marked by Contractor as “Trade Secret” or “Confidential,” the CTRMA’s sole obligation will be as a stakeholder retaining the material until otherwise ordered by a court, and Contractor shall be fully responsible for otherwise prosecuting or defending any action concerning the materials at its sole cost and risk; provided, however, that the CTRMA reserves the right, in its sole discretion, to intervene or participate in the litigation in such manner as it deems necessary or desirable. All costs and fees, including attorneys’ fees and costs, incurred by the CTRMA in connection with any litigation, proceeding or request for disclosure shall be reimbursed and paid by Contractor.

Compliance with Subchapter J of the Public Information Act. The requirements of Subchapter J of the Public Information Act may apply to this Agreement, and the Contractor agrees that the Agreement can be terminated if the Contractor knowingly or intentionally fails to comply with a requirement of that subchapter.

Notwithstanding any other provision of the Agreement, within five (5) business days of a request by the CTRMA, the Contractor shall provide any records related to this Agreement that are in the custody or possession of the Contractor that are subject to a pending request for information received by the CTRMA.

Not later than 180 days following the completion of the term of this Agreement, or as specified in the succession plan upon the termination of the Agreement, the Contractor shall provide the CTRMA with all records related to this Agreement in the custody or possession of the

Contractor. The cost of complying with Subchapter J of the Public Information Act are not subject to reimbursement by the CTRMA.

21. **Contractor Certifications**

a. Entities that Boycott Israel. The Contractor represents and warrants that (1) it does not, and shall not for the duration of this Agreement, boycott Israel or (2) the verification required by Section 2271.002 of the Texas Government Code does not apply to this Agreement. If circumstances relevant to this provision change during the course of the contract, the Contractor shall promptly notify the CTRMA.

b. Entities that Boycott Energy Companies. The Contractor represents and warrants that: (1) it does not, and will not for the duration of this Agreement, boycott energy companies or (2) the verification required by Section 2274.002 of the Texas Government Code does not apply to this Agreement. If circumstances relevant to this provision change during the course of this Agreement, the Contractor shall promptly notify the CTRMA.

c. Entities that Discriminate Against Firearm Entities or Trade Associations. The Contractor verifies that: (1) it does not, and will not for the duration of this Agreement, have a practice, policy, guidance, or directive that discriminates against a firearm entity or firearm trade association or (2) the verification required by Section 2274.002 of the Texas Government Code does not apply to this Agreement. If circumstances relevant to this provision change during the course of this Agreement, the Contractor shall promptly notify the CTRMA.

IN WITNESS WHEREOF, the parties have executed this Agreement effective on the date and year first written above.

ATTACHMENT A

Scope of Services

CTRMA toll facilities utilize modern toll collection technology to capture data from passing vehicles enabling CTRMA to collect tolls electronically. CTRMA employs all electronic tolling technology in which roadside equipment identifies radio frequency transponders when present and mounted in customers' vehicles with transponder-based accounts.

The remainder of customers are video tolled through the Authority's Pay By Mail system. In this process the roadside toll system captures images of the vehicle's license plate(s). After license plate transcription is performed, these transactions, along with the transactional information (location, date/time, classification of the vehicle, toll amount, license plate information, etc.) are sent to the Pay By Mail service provider for matching against DMV registration records, invoicing, and pursuit of toll and administrative fee revenues.

Under Section 370.177 of the Texas Transportation Code, all violators are eligible to be pursued in criminal court for Failure to Pay Toll.

The Transportation Code offers additional remedies under the Habitual Violator legislation (*Transportation Code Sec. 372.106. et. seq.*). These remedies include denial of motor vehicle registration, prohibition of operation of the subject vehicle on the toll facility, and impoundment of a motor vehicle found to be in violation of the prohibition order. The impoundment services are the subject of this bid invitation.

Unpaid Tolls Enforcement Processing Services include:

- the identification and location of registered vehicle owners,
- serving a *Notice of Intent to Impound* to these vehicle owners,
- and providing a sworn declaration to the Authority that the *Notice* was served.

ATTACHMENT B

Fee Schedule

DESCRIPTION	UNIT COST
Up to three (3) personal service attempts of CTRMA's <i>Notice of Intent to Impound</i> for identified registered passenger vehicle owners	Service in Travis/Williamson Counties: \$95.00

	Service in all other Texas Counties: \$50.00

Central Texas Regional Mobility Authority

Invitation to Bid for Unpaid Tolls Enforcement Processing Services

Procurement Executive Summary

CTRMA and AtkinsRéalis prepared the Invitation to Bid (ITB) from qualified Contractors to provide processing services to support CTRMA's toll violation enforcement program. These services include the identification and location of registered vehicle owners, serving a *Notice of Intent to Impound* to these vehicle owners, and providing a sworn declaration to the Authority that the *Notice* was served.

The initial term for these services is one (1) year and may be extended for one additional 1-year renewal. The maximum contract value is \$150,000 annually.

Information provided in the ITB

- Contractor will be required to submit a sworn Declaration confirming delivery of the impound notice or provide information if the service attempt is unsuccessful. A sample Process Server Declaration was included in the ITB.
- Contractor must be certified by the Texas Judicial Branch Certification Commission and eligible to serve notices in Bastrop, Bell, Burnet, Hays, Travis, and Williamson counties.
- Preference is given to firms who can receive notices and submit delivery confirmation and status updates electronically. A copy of CTRMA's Impoundment Remedy Workflow was included with the ITB.

Requested Responses from Proposers

- Letter from proposer confirming their understanding of the request and confirmation of their ability to deliver.
- Company profile information (form with specific questions)
- Bid Tabulation Sheet (form to complete)
 - Unit cost for up to three (3) personal service attempts of CTRMA's Notice of Intent to Impound for identified registered passenger vehicle owners
 - Unit cost for each additional registered passenger vehicle owner attempt
 - Unit cost for up to five (5) personal service attempts of CTRMA's Notice of Intent to Impound for identified registered commercial vehicle owners
 - Unit cost for each additional registered commercial vehicle owner attempt
- Signed Conflict of Interest Form

Schedule Two updates were made to the ITB, and one clarification email was provided to proposers of Events

- 7/12/2024 – ITB v1.0 sent to three vendors
- 8/15/2024 – ITB V1.1 sent to four vendors with Updated updated due date and simplified response form
- 8/20/2024 – ITB V1.2 sent to five vendors with Updated due date
- 8/23/2024 – Clarification meeting held with Penn Credit to hear their questions
- 8/23/2024 – Clarifications sent to five vendors via email
- 9/5/2024 – Due date for responses

One response was received from Penn Credit, listing Sparre Processing as a subcontractor. All expectations of the proposers were met with the response.

Primary Contact Fax Number	717-238-8441
Number of Years in Business	37 years
Major Business Lines/Markets Served	<p>Penn Credit is a leading provider of debt collection services for toll road Pay-By-Mail invoices, toll violations and toll road property damage as well as DMV registered owner skip tracing services to toll agencies throughout the country. In addition to the tolling industry, Penn Credit provides debt collection services to State, county and local governments, courts, utilities and healthcare entities. Our first-party division, Penn Billing, also provides a range of customer contact and billing solutions.</p> <p>For this opportunity, Penn Credit is proposing as a subcontractor, Sparre Process Serving, LLC (Sparre). Based in Austin (TX), Sparre’s primary business line is process serving; they also offer mobile notary services.</p>
Company History	<p>Penn Credit was established in 1987 and has been providing services to the tolling industry since 1998. As a subcontractor on CTRMA’s Pay-By-Mail contract with ViaPlus, Penn Credit has been providing DMV registered owner skip tracing services since late 2018 and debt</p>

	<p>collection services for delinquent Pay-By-Mail toll invoices since April 2019.</p> <p>Sparre Process Serving was founded in Austin in 2008 by Corin Sparre and has grown organically throughout the past 16 years. Their commitment to reliability, effectiveness, and superior customer service has generated a word-of-mouth campaign that has become their most valuable and effective means of advertising. Today, the firm operates not only in the Austin metro area but throughout the country.</p>
Relevant Operating Segments	<p>Penn Credit provides third party debt collection services, first party collection and contact center services (in the name of our client) as well as DMV registered owner skip tracing.</p> <p>Sparre provides process serving as well as mobile notary services.</p>
Office Locations	<p><i>Penn Credit Headquarters:</i> 2800 Commerce Dr., Harrisburg, PA 17110</p> <p><i>Sparre Process Serving Headquarters:</i> 500 E. 4th St., #143, Austin, TX 78701</p>
Any Joint Venture Partners	Penn Credit is not proposing a joint venture.
List of specific officers who are authorized to execute agreements on behalf of the Respondent	Richard Templin (President) and Thomas Foley, Jr. (CEO) are authorized to executive agreements on behalf of Penn Credit.
Confirmation of counties eligible to serve notices as certified by the Texas Judicial Branch Certification Commission	<p><i>Please answer Yes or No to each:</i></p> <p>Bastrop County - Yes Bell County - Yes Burnet County - Yes Hays County - Yes Travis County - Yes Williamson County - Yes</p> <p><i>Please list other areas eligible to serve:</i></p> <p>Sparre is able to provide process services throughout Texas and if needed, nationally. Sparre and all of its servers are certified with the Texas Judicial Branch Certification Commission.</p>

<p>Respondent's understanding of CTRMA's intent and objectives.</p>	<p>Penn Credit is knowledgeable of CTRMA's habitual violator program and the need to collect tolls from all motorists, particularly those who incur a high number of tolls on a regular basis. One of the enforcement options available to CTRMA is to impound a vehicle that continues to drive on CTRMA facilities without payment. For this to occur, personal notice must be given to the habitual violator either by a peace officer during a vehicle stop or by process service.</p> <p>CTRMA's intent through this ITB is to procure a process service and have the selected vendor establish an efficient/accurate exchange of data with CTRMA's Pay-By-Mail vendor, ViaPlus. This will include receiving details for the habitual violator to be served and receive back from the selected vendor, result of the process service and affidavit of service.</p>
<p>Respondent's plan to achieve objectives.</p>	<p>Penn Credit will establish an efficient exchange of data with ViaPlus following Attachment D:</p> <ul style="list-style-type: none"> - Receive letter records from ViaPlus and Penn Credit will then create the letters to be served as a PDF. - PDF letters for process service will be electronically submitted to our proposed Austin based subcontractor, Sparre Process Serving. - Process service attempts will be made in accordance with CTRMA requirements (e.g. 3 attempts for passenger vehicles and 5 attempts for commercial vehicles). - If delivery is successful, Penn Credit will receive an Affidavit of Service from Sparre or notification that delivery was unsuccessful. - These results will be processed by Penn Credit and exported to ViaPlus in the Acknowledgment File format listed in Attachment D. - Penn Credit's system will generate delivery result reports and invoices for

	<p>services at the frequency requested by CTRMA.</p>
<p>Respondent’s plan for implementing the described services, including any proposed approach to project management, strategies, and any additional factors that may be beneficial to CTRMA in achieving its goals.</p>	<p>Once the agreement is finalized and approved, Penn Credit will have an initial meeting with CTRMA/ViaPlus staff to review the Interface Control Document, Affidavit of Service and the timeline to start services. From there, conference calls between Penn Credit and ViaPlus’ technology teams will be established to ensure a secure exchange of data is in place and thoroughly tested before the go-live date.</p> <p>The project will be managed by the following staff at Penn Credit:</p> <ul style="list-style-type: none"> - Donald Burkhart, VP of Information Technology; Don has been with Penn Credit for nearly 35 years and has personally handled all data file exchange and custom reports requested by ViaPlus on our current CTRMA debt collection/DMV look-up subcontract. - Tim Foley, VP of Collections; Tim has been with Penn Credit for 30 years and currently oversees all debt collection operations for our work with CTRMA/ViaPlus. - Rhett Donagher, Chief Revenue Officer; Rhett has served as a project manager for Penn Credit’s subcontract with ViaPlus since the program began in 2018 and is highly experienced with all facets of our services to CTRMA. - Richard Carrier, SVP of ETC & Parking Solutions; Richard has also served as a project manager for Penn Credit’s subcontract with ViaPlus since the program began in 2018, he will be available to provide additional support for the project as needed. <p>Once all data exchange testing and impoundment letter creation processes are finalized and approved, Penn Credit will be</p>

	<p>prepared for live production. Given our over 5 years of experience working with ViaPlus' programming and information technology staff, we anticipate a quick and efficient setup for this program. All programming and data exchange work will be handled internally by Penn Credit's technology staff – these functions are not outsourced. Should CTRMA or ViaPlus request changes to processes, data files or reports during the contract, these will be quickly implemented as requested.</p>
<p>Estimated Resources Required from CTRMA for Proposed Plan Implementation – Including Facilities, Equipment, Personnel, Communication Technologies and Other Resources</p>	<p>As discussed previously, we will request an initial kick-off meeting with CTRMA/ViaPlus to review and confirm the Interface Control Document, Affidavit of Service and the timeline to start services. Thereafter, our setup/testing work will be with ViaPlus' staff and the involvement needed from CTRMA personnel should be minimal; we do not have any facilities or equipment needs from CTRMA. We would like to have an operational level contact at CTRMA that we can direct inquiries to if needed during the term of the contract; we are also agreeable to routing those through our existing ViaPlus management contacts as well.</p>

**GENERAL MEETING OF THE BOARD OF DIRECTORS
OF THE
CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY**

RESOLUTION NO. 24-069

**APPROVING AN AGREEMENT WITH DELOITTE CONSULTING LLP FOR TOLL
OPERATIONS AND MAINTENANCE SERVICES RELATED TO THE DATA
PLATFORM SYSTEM**

WHEREAS, the Mobility Authority staff has developed a data platform which transitions all the toll transaction data processing and data management capabilities after the point of transaction creation from a third-party vendor to the Mobility Authority (the “Data Platform System”); and

WHEREAS, by Resolution No. 23-036, dated September 27, 2023, the Board approved a contract with Deloitte Consulting LLP for a Tolling Operations Management Solution (“TOMS”) as a function of the Data Platform System; and

WHEREAS, the Mobility Authority’s contract with Deloitte Consulting LLP expired in September 2024; and

WHEREAS, the Mobility Authority desires ongoing support to monitor the Data Platform System and reconciliation processes through a TOMS as a function of the Data Platform System; and

WHEREAS, the Executive Director has negotiated a scope of work with Deloitte Consulting LLP in an amount not to exceed \$3,844,800.00 for a TOMS as a function of the Data Platform System which is attached hereto as Exhibit A; and

WHEREAS, pursuant to Texas Government Code Section 2054.0565 and Mobility Authority Policy Code Section 401.008, the Mobility Authority may utilize procedures established by the Texas Department of Information Resources (DIR) to procure goods and services through DIR cooperative contracts; and

WHEREAS, the Executive Director recommends entering into an agreement with Deloitte Consulting LLP for a TOMS as a function of the Data Platform System in an amount not to exceed \$3,844,800.00 through their DIR cooperative contract.

NOW THEREFORE BE IT RESOLVED that the Board of Directors hereby approves the scope of work for a TOMS as a function of the Data Platform System which is attached hereto as Exhibit A; and

BE IT FURTHER RESOLVED, that the Executive Director is hereby authorized to enter into an agreement with Deloitte Consulting LLP for operation and maintenance services related to the

Data Platform System in an amount not to exceed \$3,844,800.00 through their cooperative contract with the Texas Department of Information Resources.

Adopted by the Board of Directors of the Central Texas Regional Mobility Authority on the 30th day of October 2024.

1. Definitions and Abbreviations

Term	Definition
CTRMA	Central Texas Regional Mobility Authority
CUSIOP Hub	Central United States Interoperability Hub
TOMS	Tolling Operations Management Solution includes ecosystem components of front end application, toll transaction processing, database, data exchanges, reporting & analytics
DPS	Data Platform System for toll transaction processing. It is part of TOMS ecosystem
ETCS / TCS	Electronic Transaction Collection System / Toll Collection System
PBM	Pay by Mail Back Office System / PBM Provider
SME	Subject Matter Expert
TSI	Toll System Integrator / ETCS Provider
POT	Parallel Operations Testing

1.1. DEFINITIONS.

“Acceptance” or “Accepted” means written confirmation by CTRMA or their Authorized Representative that Vendor has completed a Deliverable according to the Acceptance Criteria and the Deliverable is accepted for purposes of payment.

“CTRMA Data” means information created and information stored by DPS / TOMS through the System and the Services, including Personal Information, and information created and collected by Vendor regarding CTRMA and its clients during the course of providing the Services.

“Authorized Representative” means a person representing a party to this Contract who is authorized to make commitments and decisions on behalf of the party regarding the performance of this Contract. Vendor’s Authorized Representative is the person so identified in Exhibit A. CTRMA’s Authorized Representative is the person so identified in Exhibit B.

“Baseline System” means the TOMS Ecosystem currently in production and beyond any contracted Warranty Period(s).

“Change Request” means a formal document that defines a proposed change to the Baseline System that will be delivered by Vendor as per the Services with the SOW.

“Contract” means all terms and conditions in this document and all its attachments and exhibits, including as amended.

“Data Error” – means errors in data or failures attributable to a Solution, the System, or Services. Data entry errors are not Data Errors.

“Defect” means a reproducible failure of the System or a Solution to operate in accordance with its current Requirements including as elaborated in the current Accepted System Documentation Deliverable(s) or a Service Level Agreement, despite the proper use of the System.

Data Errors are Defects.

Defects fall into the following categories:

Level 1 – Catastrophic means the System or a main subsystem is unavailable, preventing the System or a core function from operating or causing core functions or major functionality to operate with grossly incorrect results, such as material Data Errors. There is no workaround.

Level 2 – Major. Use of the System or a subsystem is interrupted, or a failure otherwise causes major functions to not operate or to operate with significantly incorrect results that cause severe operational impacts to CTRMA e.g. CTRMA staff unable to complete work or significant Data Errors. There is no CTRMA-acceptable workaround. This also includes security / privacy issue where the identifiable information about one or more individuals that is created, processed, or stored by the System is not protected by security and privacy measures that comply with applicable state and federal laws and regulations governing CTRMA Data.

Level 3 – Minor. Does not qualify as a Level 1 Defect, or Level 2 Defect but which nonetheless prevents minor functionality from operating or causes minor functions to operate with incorrect results. There is a clear business need to have the System repaired, but CTRMA-acceptable workarounds exist for business operations.

Level 4 – Cosmetic. Does not affect functionality of the System. Low priority with no direct impact on clients or CTRMA staff. Cosmetic or nonessential in nature.

“Deliverable(s)” means all items that Vendor is required to provide to CTRMA under this Contract and identified in the applicable Statement of Work as a Deliverable.

“Documentation” means all documents, including documents that are Deliverables described in an applicable Statement of Work and which may include operator’s and user’s manuals, JIRA listings and commentary, user stories and other materials for use in conjunction with and for the operation of the System and its components. Documentation includes documents in electronic form.

“Effective Date” means the date specified in Section 2.1 or the date on which this Contract is fully executed and approved according to applicable laws, rules and regulations, whichever is later.

“Enhancements” means changes made to the Baseline System for the purpose of modifying existing TOMS Ecosystem functionality or adding additional features, and, are not covered by the Services provided within the SOW.

“Go-Live” means the date identified in a Statement of Work or Change Order on which a Solution will be available for CTRMA and its users in a Production Environment for the processing of transactions in accordance with Requirements and Service Level Agreements. A Go-Live date may be associated with

the initial Implementation of the Services, a specific phase or Enhancement under a Statement of Work, a Change Order, or an Enhancement order.

“Implementation” or “Implement” means the process of Vendor preparing and deploying a Solution to the stated environment (i.e., testing or Production). Implementation includes all Services required to provide a complete and functioning System inclusive of the Solution, and to prepare CTRMA to use it effectively.

“Incident” means an unplanned interruption to a System or Solution service or a reduction in the quality of a service. Incidents can be caused by a variety of factors, such as hardware failures, software Defects, or human errors.

“Production Environment” means the setting where the System is operational for its intended use by CTRMA and its end users.

“Requirements” are the functions and elements required for the System or Services, as applicable for the Service Bundle.

“Roll-out” means the phased Implementation of a Solution in the Production Environment with CTRMA Data that is accessible to a subset of end users selected by CTRMA.

“Services” means all effort to be expended by Vendor under the Contract, including as applicable for the Service Bundle, maintenance and support of the System, compliance with Service Level Agreements, development and Implementation of Solutions, completion of Tasks, and development and delivery of Deliverables.

“Service Level Agreement” or “SLA” means an agreement that defines specific elements of the Services, periods of time for completing the defined Services, measurable conditions for determining successful completion or performance of the System, Services, or both, and consequences for not meeting the SLA. The SLA may contain conditions for starting, stopping, and pausing the measurement of the relevant time period. SLAs are in Section 4.

“Service Order” means a type of Change Order under which CTRMA authorizes Services and Deliverables described in a Statement of Work that are specified as being subject to a Service Order.

“Software” means any computer programs, routines, or subroutines, including operating software, programming aids, application programs, and software products.

“Solution” means the sum total of Services, developments, Work Product, Deliverables, Vendor Intellectual Property, Third Party Intellectual Property, Software, and Documentation that Vendor may configure, develop, implement to effect a change in the System. A Solution may be a System change described in a Change Order or other form of Contract amendment.

“Support Services” means Vendor activities that assist System users to effectively and efficiently use the System, as applicable for the Services.

“Statement of Work” or **“SOW”** means the document(s) that describe the Services to be provided by Vendor, including the Tasks, Deliverables, the attributes (including requirements and specifications) of each Deliverable, identification of the Deliverables and Services that are associated with each Task, and a completion date for each Deliverable, and any other items as agreed by the parties and attached hereto as a Statement of Work, including as amended.

“Task” means a segment of the Services to be provided by Vendor under this Contract.

“TOMS Ecosystem” includes components and its features as available in the Baseline System and identified by the architectural diagram in Appendix A.

“Warranty Period” means a contracted period of time after the Go-Live date for services or deliverables provided by a SOW or Change Request in which the contracted service provider shall use reasonable efforts to correct Defects or non-conformities identified after the Go-Live date and prior to an end date defined within the Warranty Period.

2. Statement of Work Purpose and Overview

The Tolling Operations Management Solution (“TOMS”) is an aggregate of multiple integrated solutions that support the CTRMA transaction to cash lifecycle. TOMS fully or partially automates business processes across several operational domains including Transaction Management, Product Management, Payment Path Management, Discount Management, Billing Management, Data Exchange Management, and Reporting & Analytics Management.

The purpose of this Statement of Work (“SOW”) is to define a suite of services necessary to support and maintain the successful daily availability, capacity, and functionality of the integrated TOMS architecture. This SOW is intended to serve as a basis of understanding between CTRMA and a 3rd party service provider (“Vendor”) of the services and their respective performance levels (“SLAs”).

The Operations & Maintenance Scope of Services is defined Section 3.

2.1. TERM

The Effective Date of this Contract is October 1, 2024, or the date on which this Contract is fully executed and approved according to applicable laws, rules, and regulations, whichever is later. This Contract terminates on June 30, 2026, unless otherwise terminated or extended in accordance with its terms.

2.2. General Assumptions

- 2.2.1. Support, as referenced in this SOW, does not include Call Center Services.
- 2.2.2. Vendor is only responsible for operating systems that are managed by Vendor for TOMS Ecosystem (see Appendix A).
- 2.2.3. Vendor technical support for regulatory or compliance audits is limited to providing access to TOMS Ecosystem which may include standing up staging environments and loading instances of current or archived TOMS application, TOMS data schemas, TOMS reporting architecture, and/or historical transaction data. Any additional environment creation requests shall be handled as an Enhancement SOW or Change Request to the TOMS Ecosystem.
- 2.2.4. Virus protection is limited to the specific TOMS Ecosystem referenced in this SOW. Vendor is not responsible for end-user system virus protection.

3. TOMS Support & Maintenance Scope of Services

3.1. TOMS Ecosystem

Vendor will maintain and operate the TOMS Ecosystem for the period of performance as specified in Section 2.1 - Term.

- 3.1.1. Application with its user interfaces, codebase, and above operating systems application components
- 3.1.2. Database with its data architecture, data storage, and above operating systems database components
- 3.1.3. Data Exchanges (DEXs) with its exchange code, and 3rd party integration points
- 3.1.4. Reporting & Analytics architecture with its reporting cache databases, master record integrations, data use governance compliance, reporting data, and related components

3.2. Maintenance and Operations Services

The maintenance and operations will consist of the following services across all TOMS Ecosystem, unless otherwise specified.

- 3.2.1. Manage component administration, availability, performance and if applicable, capacity
- 3.2.2. Assist in incident triage as a representative of the TOMS ecosystem per details provided below
- 3.2.3. Manage and track component inventory
- 3.2.4. Install, maintain, monitor, and provide for the ongoing operation of production, development, and test environment instances
- 3.2.5. Manage break/fix services for TOMS ecosystem components Defects
- 3.2.6. Maintain, create, and delete user roles that depend on CTRMA IT security processes and tools in accordance with Security Policies and Procedures
- 3.2.7. Refresh TOMS components, as required
- 3.2.8. Support the development, maintenance, and audit of disaster recovery procedures
- 3.2.9. Provide technical support for regulatory and compliance audits
- 3.2.10. Manage and maintain virus protection

3.3. Incident Support & Triage Management

Vendor will provide support for the TOMS Ecosystem. This service covers all break-fix defects for TOMS where SLAs are affected. Typical delivery of these services involves the problem diagnosis, resolution determination and implementation of the solution covering TOMS Ecosystem These include following services –

- 3.3.1. Perform 24 * 7 * 365 semi-automated monitoring of all critical TOMS architecture elements that drive availability, capacity, and throughput.
- 3.3.2. Serve as a first point of contact and primary stakeholder for incidents identified within the TOMS application, TOMS database, TOMS data exchange, and TOMS reporting & analytics architectures.
- 3.3.3. Participate in service request logging, categorization, escalation, and closure of incidents in the CTRMA IT incident management system.

- 3.3.4. Conduct triage and analysis for incidents dependent upon, or directly impacting the TOMS application, TOMS database, TOMS data exchange, and TOMS reporting & analytics architectures.
- 3.3.5. Identify, communicate, and resolve defects within the TOMS application, TOMS database, TOMS data exchange, and TOMS reporting & analytics architectures, per SLAs.
- 3.3.6. Provide notification of problems and service outages to appropriate CTRMA stakeholders, per SLAs.
- 3.3.7. Provide and maintain defects analysis and resolution documentation for defects identified within the TOMS application, TOMS database, TOMS data exchange, and TOMS reporting & analytics architectures.
- 3.3.8. Administrate TOMS application, TOMS database, TOMS data exchange, TOMS reporting & analytics, and TOMS data backups using CTRMA-defined backup schedule, tools, and approaches.
- 3.3.9. Assist CTRMA with TOMS application, TOMS database, TOMS data exchange, TOMS reporting & analytics, and TOMS data recovery from available backups.
- 3.3.10. Coordinate with the Cloud Service Provider (CSP) for any TOMS Ecosystem components failures that are attributed to CSP service outages or network issues

3.4. Out of Scope Services

As such, any services not included in the above list will be considered out of scope. Any system changes or Enhancements to the Accepted Deliverables will need to go through Change Request process based on the cost and schedule impact analysis.

4. Service Level Agreement (SLA)

4.1. General Provisions

The vendor shall meet defined levels of performance in the execution of the Scope of Work. The vendor is responsible for demonstrating that the service measurement is met consistently.

4.2. Service Measurement

Service Measurements are specified in the below Service Measurement tables and includes measurement mechanism. The monthly deliverable fee shall be subject to the monthly assessment of service measurement, as well as other criteria as outlined in the Performance Level tables, and applicable damages for failure to meet such criteria.

- i. Vendor will not be liable for any non-conformance or failure to meet SLAs or for associated liquidated damages resulting in whole or in part from events, causes, or responsibilities that are outside of Contractor's direct control, including, but not limited to Client's (or its personnel, other Agencies, or other third party contractors) actions or inactions, failure by Client to meet its responsibilities, or as a result of events of force majeure as described in the Contract.
- ii. In furtherance and not in limitation of paragraph (i) above, planned downtime during maintenance window or unscheduled downtime or delayed responses time resulting from infrastructure beyond Vendor's control including cloud component service breakdown from Cloud Service Provider will not be considered as a measured SLA event. Vendor is not accountable for the availability of hardware and software licensed and managed by CTRMA employees or CTRMA Authorized Representatives.
- iii. For each incident of non-conformance or failure to meet SLA requirements, only one of the applicable SLAs shall be utilized to calculate penalties. The SLA that results in the largest total performance credit shall apply.
- iv. The maximum aggregate annual amount of any liquidated damages and penalties or performance credits that may be assessed under this Contract is the equivalent of the Monthly Price of Core O&M Services outlined in Section 7.

4.3. Service Failures

Service failures include any erroneous behavior of TOMS Ecosystem within the Baseline System. These failures will be logged as Incidents and triaged to determine whether it is a Defect or a new System Requirement or an Enhancement. If it is not a Defect, a Change Request or SOW process will be followed. The Services Failures will be quantified using Service Measurement Requirements defined in Section 4.4.

4.4. Service Measurement Requirements

Service measurement requirements are specified in the tables for the following:

- Availability
- Maximum Outage
- Average Outage

- Time to Recover

Service Component / Scope	Service Measurement	Performance Credits
<u>TOMS Application Availability</u> TOMS Application Code TOMS Application User Interfaces (Uis) TOMS Application Integration with TOMS Data	Available 24x7x365, >=99% of available time Source: Host monitoring systems, Service Center reports and Outage Calculator Output	Every 1% below the SLA, the vendor shall be subject to liquidated damages in the amount of \$100 of the monthly maintenance fee
<u>TOMS Application Backup</u> TOMS Application Code TOMS Application User Interfaces (Uis) TOMS Application Integration with TOMS Data	Daily, weekly, monthly, quarterly, and annual backups Recovery available 24x7x365, >=99% of available time Time to recover < 24 hours Scheduled recovery audits	Every 1% below the SLA, the vendor shall be subject to liquidated damages in the amount of \$100 of the monthly maintenance fee
<u>TOMS Database Availability</u> TOMS Database Tables, Relationships, and Schema TOMS Database Code TOMS Data	Available 24x7x365, >=99% of available time Source: Host monitoring systems, Service Center reports and Outage Calculator Output	Every 1% below the SLA, the vendor shall be subject to liquidated damages in the amount of \$100 of the monthly maintenance fee
<u>TOMS Database Backup</u> TOMS Database Tables, Relationships, and Schema TOMS Database Code TOMS Data	Daily, weekly, monthly, quarterly, and annual backups Recovery available 24x7x365, >=99% of available time Time to recover < 24 hours Scheduled recovery audits	Every 1% below the SLA, the vendor shall be subject to liquidated damages in the amount of \$100 of the monthly maintenance fee
<u>TOMS Application Transaction Processing</u> TOMS Database Tables, Relationships, and Schema TOMS Database Code TOMS Data	<p>100% of all transactions must be processed within 4 days of their transaction timestamp subject to a daily maximum of 1,000,000 inbound transactions through RTRAN files or APIs.</p> <p>A transaction qualifies as “processed “if the transaction has reached its final destination within the DPS Transaction processing workflow.</p> <p>The transaction processing workflow will be measured independently (not cumulative) based on stages of the workflow within DPS control.</p> <p>This will not apply in the following cases:</p> <ol style="list-style-type: none"> 1. Transactions placed on Hold due to an ACTIVE HOLD 2. Transactions whose workflow is manually moved to a different workflow state, particularly to one of the prior statuses 3. Automatic retry of image download which could potentially move transactions from Do not pursue queue back to pricing 4. Transaction stuck in processing state because of cloud service provider incidents 5. Transactions stuck in transient state because of any non-DPS incident 	<ol style="list-style-type: none"> 1. Damages for Lost or uncollectable Transactions: Actual toll revenue 2. Damages for Transactions processed > 4 days and <= 30 days, AND result in revenue generation for CTRMA: 10% of actual toll revenue 3. Damages for transactions older than 30 calendar days: Actual toll revenue <p>Actual toll revenue will be calculated by considering 100% of AVI and i-Toll transactions, and PBM transactions will be considered using the liquidation rate (to be validated every new fiscal year).</p> <p>The sum of these damages shall not exceed the monthly maintenance fee amount.</p>

Service Component / Scope	Service Measurement	Performance Credits
<u>TOMS Data Exchange Availability</u> TOMS Data Exchange Architecture TOMS Data Exchange Code TOMS Data Exchange Integrations	Available 24x7x365, >=99% of available time Source: Host monitoring system, Service Center reports and Outage Calculator Output	Every 1% below the SLA, the vendor shall be subject to liquidated damages in the amount of 1% of the monthly maintenance fee
<u>TOMS Data Exchange Backup</u> TOMS Data Exchange Architecture TOMS Data Exchange Code TOMS Data Exchange Integrations	Daily, weekly, monthly, quarterly, and annual backups Recovery available 24x7x365, >=99% of available time Time to recover < 24 hours Scheduled recovery audits	Every 1% below the SLA, the vendor shall be subject to liquidated damages in the amount of 1% of the monthly maintenance fee
<u>TOMS Reporting & Analytics Availability</u> TOMS Reporting Cache Tables, Relationships, and Schema TOMS Reporting Cache Code TOMS Reporting Cache Reports	Available 24x7x365, >=99% of available time Source: Host monitoring systems, Service Center reports and Outage Calculator Output	Every 1% below the SLA, the vendor shall be subject to liquidated damages in the amount of \$100 of the monthly maintenance fee
<u>TOMS Reporting & Analytics Backup</u> TOMS Reporting Cache Tables, Relationships, and Schema TOMS Reporting Cache Code TOMS Reporting Cache Reports TOMS Reporting Cache Data (TBD)	Daily, weekly, monthly, quarterly, and annual backups Recovery available 24x7x365, >=99% of available time Time to recover < 24 hours Scheduled recovery audits	Every 1% below the SLA, the vendor shall be subject to liquidated damages in the amount of \$100 of the monthly maintenance fee
Weekly Standup Meeting	Weekly meeting at a mutually agreeable time with documentation and topics to be determined. Suggested topics include: <ul style="list-style-type: none"> • recap accomplishments and incidences from previous week • Plans for the coming week 	Weekly Standup Meeting
Monthly Report	Monthly report and meeting at a mutually agreeable time with documentation and topics to be determined. Suggested topics include: <ul style="list-style-type: none"> • SLA Reporting by Area • Availability, Capacity, Throughput Measures • Count of incidents reported • Count and duration of outages • Estimated hours consumed • Past and Planned Maintenance Outages 	Monthly Report
Quarterly Performance Retrospective	Quarterly retrospective meeting at a mutually agreeable time with documentation and topics to be determined. Suggested topics include: <ul style="list-style-type: none"> • Performance to Date • Enhancements suggested or planned 	Quarterly Performance Retrospective

4.5. Calculation of Damages

To calculate liquidated damages, details in the Performance Credits column of the following charts shall be calculated and assessed. For example, and without limitation, if availability for TOMS Data Exchange Availability results in a score of 96%, failing to meet the 99% required availability, then the liquidated damages assessed for failure to meet this SLA will be 1% + 1% + 1% (3%) of the monthly maintenance fee. The example below assumes a monthly maintenance fee of \$100,000 for illustration purposes.

SLA	Result	Difference	Penalty	Example
99.00%	96%	3% below required SLA	Every 1% below the SLA, damages of 1% of the monthly maintenance fee.	Monthly Maintenance Fee X 3% or \$100,000 X 3% = \$3,000

4.5.1. Single Event Causing Cumulative Liquidated Damages

If the vendor can provide to the reasonable satisfaction of CTRMA that a single event causes the vendor to fail to meet more than one SLA, cumulative liquidated damages shall not be imposed. Instead, the highest applicable liquidated damages relative to such occurrence shall apply.

4.5.2. Calculation of Damages for Consecutive Failures

Recurring and consecutive failure to comply with the SLAs provided in this agreement will result in substantial harm to CTRMA, but damages from such harm are difficult to quantify. Damages will increase for prolonged periods, and therefore for any SLA that is missed for three consecutive months, the liquidated damages for that SLA will be doubled based on the current monthly penalty for each subsequent month where the SLA is missed. The liquidated damages will revert to the original value upon the SLA being met for one month.

For example, for an SLA of 99% with a penalty calculation of “every 1% below the SLA, damages of 1% of the monthly maintenance fee”, the following would be the monthly progression. The example below assumes a monthly maintenance fee of \$100,000 for illustration purposes.

Month	Result	Difference	Example Calculation	Penalty
Month 1	96%	3% below required SLA	\$100,000 X 3% = \$3,000	\$3,000
Month 2	96%	3% below required SLA	\$100,000 X 3% = \$3,000	\$3,000
Month 3	95%	4% below required SLA	\$100,000 X 4% = \$4,000	\$4,000
Month 4	96%	3% below required SLA	\$100,000 X 3% = \$3,000 x 2 = \$6,000	\$6,000
Month 5	95%	4% below required SLA	\$100,000 X 4% = \$4,000 x 2 = \$8,000	\$8,000
Month 6	99%	Meets SLA	No Penalty incurred	\$0
Month 7	96%	3% below required SLA	\$100,000 X 3% = \$3,000	\$3,000

5. Enhancements & Change Requests

Enhancements to the Baseline System shall be defined and incorporated into a separate SOW by CTRMA. Vendor shall be responsible for identifying, defining, and conducting any regression testing necessary to transition staged Enhancements into the production environment. This regression testing is in addition to any unit, system, UAT, and/or other testing performed by the contracted enhancement provider. Vendor shall also be responsible for providing the estimate for completing the additional regression testing /certification process for each Enhancement as part of enhancement/release prioritization process. The necessary effort and costs for the testing and certification activities will either be included in the Enhancement SOW or a separate Change Request to O&M SOW.

Once the contracted enhancement Warranty Period has passed, the enhancement features shall become part of the Baseline System and will be supported by Vendor as per the scope of services defined within this agreement. Any changes to the TOMS ecosystem functionality/ scope or any additional performance considerations due to these Enhancements will be documented and SLA agreement will be amended, as required.

For Defects or non-conformities attributed to an Enhancement or Change Order that are identified in the Baseline System after the Warranty Period has expired, Vendor shall work with CTRMA to determine whether an additional Enhancement SOW or Change Request is needed to resolve the concern.

6. Roles and Responsibilities

The Scope of Work assumes that one vendor will be supporting and maintaining the TOMS / DPS environment. In the event that additional vendors are engaged to support, the Scope of Work may be amended to clarify the roles and responsibilities of the Operations and Management vendor, including but not limited to potential changes to SLAs and penalties.

7. Deliverables and Pricing

The Monthly Report will be the formal deliverable delivered tentatively at the end of 1st week after completion of a calendar month within the contract Term. The format and content of the Monthly Report will be mutually agreed and will be governed by the Service Measurement Requirements as described in Section 4.4. This deliverable will be tied to the Monthly Payment Milestones.

The below table provides monthly pricing for the O&M services within the contract Term.

Sr. No.	Service Area	Monthly Price
1	Core O&M Services per Scope in Section 3 and SLAs in Section 4 (October 1, 2024 through June 30, 2025)	\$180,000
2	Core O&M Services per Scope in Section 3 and SLAs in Section 4 (July 1, 2025 through June 30, 2026)	\$185,400

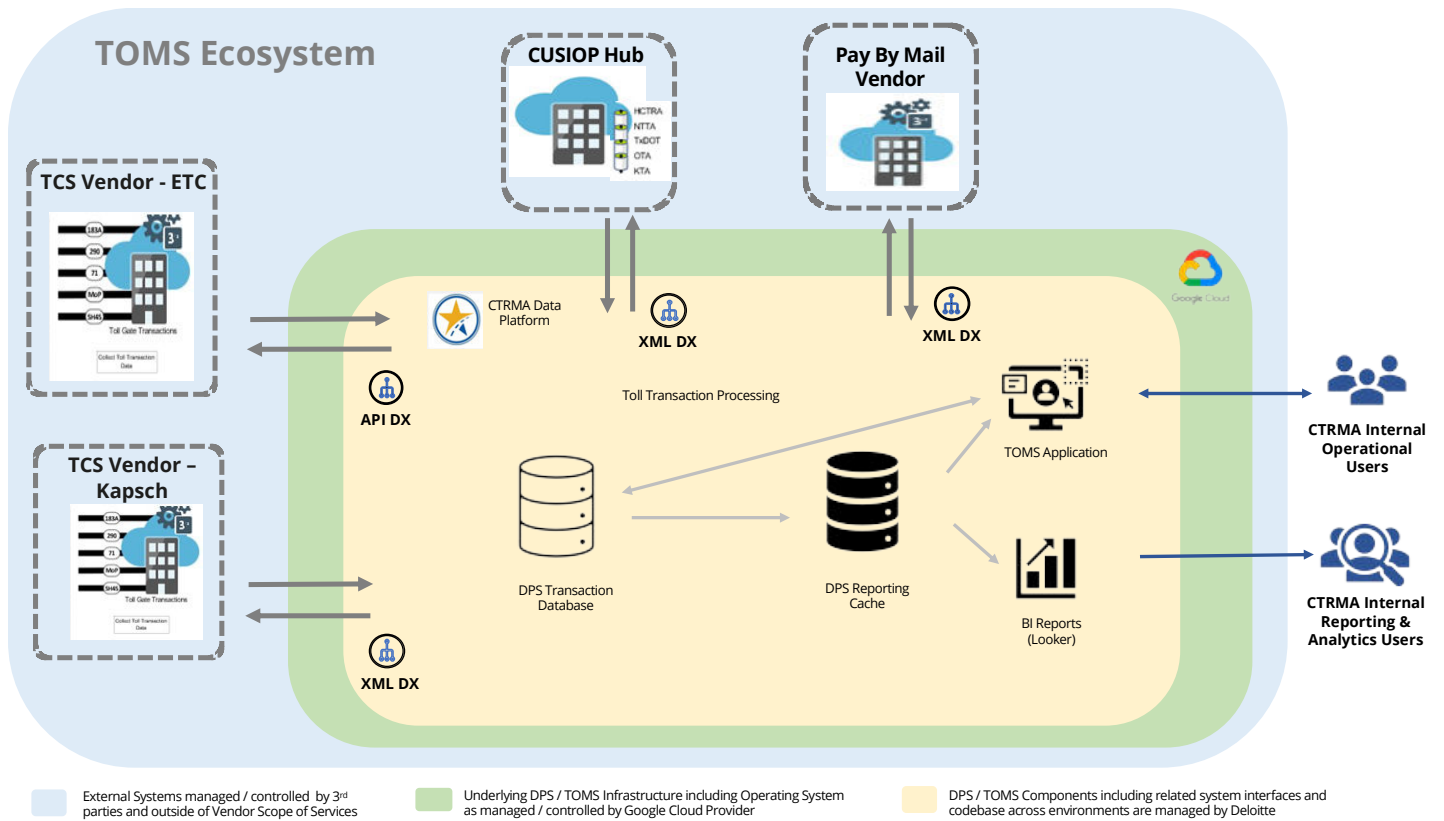

The payment amount will be invoiced every month based on the defined schedule. This amount will be adjusted for any Performance Credits or Liquidated Damages.

This pricing is subject to and governed by the DBITS terms and conditions as set forth in DBITS # DIR-CPO-4919. CTRMA will purchase any additional required software, hardware, and hosting in support of the agreed upon Scope of Work. All Google Cloud Platform services are available on Texas DIR contract # DIR-TSO-4162, via Google Cloud's exclusive government distributor, Carahsoft Technology Corporation.

APPENDIX A

Supporting References

The following architectural diagrams outline TOMS Ecosystem components that are involved in end-to-end toll transaction processing. It further categorizes components that are covered by the Scope of Services in this SOW and the ones that are outside the control of the Vendor.

IN WITNESS WHEREOF, the parties have caused this SOW to be executed as of the date signed by the Central Texas Regional Mobility Authority and written below.

Public Records Act Agreement

Contractor acknowledges and agrees that all records, documents, drawings, plans, specifications and other materials in the Authority's possession, including materials submitted by Contractor, are subject to the provisions of the Texas Public Information Act (see Texas Government Code § 552.001). Contractor shall be solely responsible for all determinations made by it under such law, and for clearly and prominently marking each and every page or sheet of materials with "Trade Secret" or "Confidential", as it determines to be appropriate. Contractor is advised to contact legal counsel concerning such law and its application to Contractor.

If any of the materials submitted by the Contractor to the Authority are clearly and prominently labeled "Trade Secret" or "Confidential" by Contractor, the Authority will endeavor to advise Contractor of any request for the disclosure of such materials prior to making any such disclosure. Under no circumstances, however, will the Authority be responsible or liable to Contractor or any other person for the disclosure of any such labeled materials, whether the disclosure is required by law, or court order, or occurs through inadvertence, mistake or negligence on the part of the Authority or its officers, employees, contractors or consultants.

In the event of litigation concerning the disclosure of any material marked by Contractor as "Trade Secret" or "Confidential," the Authority's sole obligation will be as a stakeholder retaining the material until otherwise ordered by a court, and Contractor shall be fully responsible for otherwise prosecuting or defending any action concerning the materials at its sole cost and risk; provided, however, that the Authority reserves the right, in its sole discretion, to intervene or participate in the litigation in such manner as it deems necessary or desirable. All costs and fees, including reasonable attorneys' fees and costs, incurred by the Authority in connection with any litigation, proceeding or request for disclosure shall be reimbursed and paid by Contractor.

OF THE
CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY**

RESOLUTION NO. 24-070

**APPROVE AN AGREEMENT WITH ATKINSRÉALIS USA, INC. FOR GENERAL
ENGINEERING CONSULTANT SERVICES**

WHEREAS, the Mobility Authority issued a request for qualifications to firms interested in providing general engineering consulting services to the Mobility Authority on March 7, 2024; and

WHEREAS, the Mobility Authority received three responses to the request for qualifications and, following evaluation of the responses, recommended that AtkinsRéalis USA, Inc. be selected to provide general engineering consulting services to the Mobility Authority; and

WHEREAS, by Resolution No. 24-027, dated May 29, 2024, the Board approved the selection of AtkinsRéalis USA, Inc. to provide general engineering consulting services to the Mobility Authority and authorized the Executive Director to negotiate a general engineering consulting services agreement with AtkinsRéalis USA, Inc.; and

WHEREAS, the Executive Director and AtkinsRéalis USA, Inc. have negotiated a proposed agreement for general engineering consulting services; and

WHEREAS, the proposed agreement is attached hereto as Exhibit A and sets forth the scope of services, compensation, and other terms and conditions.

NOW, THEREFORE, BE IT RESOLVED that the Board of Directors hereby approves the agreement with AtkinsRéalis USA, Inc. for general engineering consulting services in the form or substantially the same form attached hereto as Exhibit A; and

BE IT FURTHER RESOLVED that the Executive Director is authorized to execute the agreement with AtkinsRéalis USA, Inc. on behalf of the Mobility Authority.

Adopted by the Board of Directors of the Central Texas Regional Mobility Authority on the 30th day of October 2024.

Exhibit A

**CONTRACT FOR PROFESSIONAL SERVICES
with Work Authorizations**

THIS CONTRACT FOR PROFESSIONAL SERVICES is made by and between the Central Texas Regional Mobility Authority, 3300 N Interstate 35 Frontage Rd #300, Austin, Texas 78705, hereinafter called "Mobility Authority," and AtkinsRéalis USA, Inc., having its principal business address at 11801 Domain Boulevard Suite 500 Austin, Texas 78758, hereinafter called "Engineer," for the purpose of contracting for professional services.

WITNESSETH

WHEREAS, the Mobility Authority desires to contract for services generally described as professional services, and more specifically described in Article 1; and

WHEREAS, pursuant to a qualifications-based selection conducted in accordance with the Professional Services Procurement Act (Tex. Gov't Code Sec. 2254.001, et. seq.), and the Mobility Authority's Policy Code regarding the procurement of professional services, the Mobility Authority has selected the Engineer to provide the needed Services; and

WHEREAS, the Engineer has agreed to provide the Services subject to the terms and conditions hereinafter set forth.

NOW, THEREFORE, the Mobility Authority and the Engineer, in consideration of the mutual covenants and agreements herein contained, do hereby mutually agree as follows.

AGREEMENT

ARTICLE 1. SCOPE OF SERVICES. The Mobility Authority and the Engineer will furnish items and perform those services for fulfillment of this Contract as identified in Attachment B, Services to be provided by the Mobility Authority and Attachment C, Services to be provided by the Engineer. All services provided by the Engineer will conform to standard engineering practices and applicable rules and regulations of the Texas Engineering Practices Act and the rules of the Texas Board of Professional Engineers and Land Surveyors. This Contract does not obligate the Mobility Authority to proceed with the Services or authorize the performance of work through a Work Authorization. The Engineer shall represent, advance, and further the interests of the Mobility Authority throughout all aspects and phases of the Mobility Authority's activities and shall, as requested by the Mobility Authority, fully support the Mobility Authority in its dealings with contractors, suppliers, other engineers, consultants, rating agencies, governmental entities, and the public, all in accordance with the standards customarily observed by a professional engineering firm performing the same or similar services.

ARTICLE 2. CONTRACT PERIOD. This Contract becomes effective on January 1, 2025 and it shall terminate on December 31, 2027 (the "Contract Period") unless the Contract Period is: (1) extended as agreed by both parties, up to two (2) individual terms, each term being for a period of up to two (2) years; (2) modified by written supplemental agreement prior to the date of termination as set forth in Attachment A, General Provisions, Article 6, Supplemental Agreements; (3) as amended by the parties due to a work suspension as provided for in Attachment A, Article 3, Paragraph C; or (4) otherwise terminated in accordance with Attachment A, General Provisions, Article 15, Termination. A Work Authorization issued prior to expiration of this Contract may remain in effect until such time as the Services authorized under that Work Authorization are complete and accepted by the Mobility Authority. The terms of this Contract shall continue in effect solely in respect to a Work Authorization remaining in effect following the expiration of this Contract. No new Services may be added to a Work Authorization remaining in effect following the expiration of this Contract, and no new Work Authorization may be issued after the termination date of this Contract.

ARTICLE 3. COMPENSATION.

A. Amount Payable. The amount payable under this Contract will be determined by the individual work authorizations authorized over the Contract Period.

B. Basis of Payment. The basis of payment is identified in Attachment E, Fee Schedule. Reimbursement of costs incurred under a work authorization shall be in accordance with Attachment E, Fee Schedule. The amount presented in Attachment E, Fee Schedule is the amount the Mobility Authority will agree to pay, and the Engineer will agree to accept as full and sufficient compensation and reimbursement, for the performance of all services as set forth in this Contract and work authorizations.

C. Reimbursement of Eligible Costs. To be eligible for reimbursement, the Engineer's costs must (1) be incurred in accordance with the terms of a valid work authorization; (2) be in accordance with Attachment E, Fee Schedule; and (3) comply with cost principles set forth at 48 CFR Part 31, Federal Acquisition Regulation (FAR 31). Satisfactory progress of work shall be maintained as a condition of payment.

D. Engineer Payment of Subconsultants. No later than ten (10) days after receiving payment from the Mobility Authority, the Engineer shall pay all subconsultants for work performed under a subcontract authorized hereunder. The Mobility Authority may withhold all payments that have or may become due if the Engineer fails to comply with the ten-day payment requirement. The Mobility Authority may also suspend the work under this Contract or any work authorization until subconsultants are paid. This requirement also applies to all lower tier subconsultants, and this provision must be incorporated into all subcontracts.

E. Non-compensable Time. Time spent by the Engineer's personnel or subconsultants in an administrative or supervisory capacity not related to the performance of the Services is not compensable and shall not be billed to the Mobility Authority. Time spent on work in excess of what would reasonably be considered appropriate under industry standards for the performance of such Services is not compensable, unless that additional time spent resulted from the Mobility Authority's delay in providing information, materials, feedback, or other necessary cooperation to the Engineer. The Mobility Authority will not pay any hourly compensation to the Engineer for Services or deliverables required due to an error, omission, or fault of the Engineer.

F. Consistency of Classification/Duties and Hourly Rates. Time spent by the Engineer's personnel or subconsultants to perform services or functions capable of being carried out by other, subordinate personnel with a lower hourly rate shall be billed at a rate equivalent to that of the applicable qualified subordinate personnel.

G. Taxes. All payments to be made by the Mobility Authority to the Engineer pursuant to this Contract are inclusive of federal, state, or other taxes, if any, however designated, levied, or based. The Mobility Authority acknowledges and represents that it is a tax-exempt entity under Sections 151.309, et seq., of the Texas Tax Code. A "Texas Sales and Use Tax Exemption Certificate" is available from the Mobility Authority for use toward project-related expenses upon request. Title to any consumable items purchased by the Engineer in performing this Contract shall be deemed to have passed to the Mobility Authority at the time the Engineer takes possession or earlier, and such consumable items shall immediately be marked, labeled, or physically identified as the property of the Mobility Authority, to the extent practicable.

F. The Engineer represents that at all times throughout the term of this Agreement that it shall not use an auditable overhead rate that exceeds the rate determined in accordance with FAR 31 (or successor regulations); that the Direct Labor Costs shall not exceed the ranges reflected in Attachment E and shall be based on actual salary amounts for the individuals performing the work; and that, except as previously described in writing, neither auditable overhead rate nor the profit percentage used under this Agreement shall exceed the auditable overhead rate or profit percentage utilized by the Engineer in its agreement(s) with, or subcontracts for, Engineer (or comparable) work for the Texas Department of Transportation, the North Texas Tollway Authority, any other regional mobility authority, or similar transportation authority in the State of Texas.

ARTICLE 4. INVOICE REQUIREMENTS

A. Monthly Invoices. The Engineer shall request reimbursement of costs incurred by submitting an itemized invoice in a form acceptable to the Mobility Authority. If the work is eligible for payment through an agreement

with another entity, the invoice shall be in a form and include such detail as that entity may require, including a breakdown of Services provided on a Project-by-Project basis, together with other Services requested by the Mobility Authority. The Engineer is authorized to submit requests for reimbursement no more frequently than monthly and no later than ninety (90) days after costs are incurred, with the exception of the closing of the Mobility Authority's fiscal year. Notwithstanding the ninety (90) day submittal deadline, all requests for reimbursement of costs incurred during the Mobility Authority's fiscal year (ending June 30th) must be submitted no later than 15 days after June 30th, or the next business day if that date should occur on a weekend or holiday.

B. Form of Invoice. The invoice shall show the work authorization number for each work authorization included in the billing, the total amount earned to the date of submission, and the amount due and payable as of the date of the current billing statement for each work authorization. The invoice shall indicate if the work has been completed or if the billing is for partial completion of the work. The fixed fee will be paid in proportion to the percentage of work completed per work authorization.

C. Overhead Rates. The Engineer shall use the provisional overhead rate indicated in Attachment E, Fee Schedule. If a periodic escalation of the provisional overhead rate is specified in Attachment E, Fee Schedule, the effective date of the revised provisional overhead rate must be included. The Engineer represents that at all times throughout the term of this Contract that it shall not use an auditable overhead rate that exceeds the rate determined in accordance with FAR 31 (or successor regulations).

D. Thirty Day Payments. Upon receipt of an invoice that complies with all invoice requirements set forth in this Article, the Mobility Authority shall make a good faith effort to pay the amount which is due and payable within thirty (30) days. If the Mobility Authority disputes a request for payment by the Engineer, the Mobility Authority agrees to pay any undisputed portion of the invoice within this 30-day window. The Mobility Authority shall notify the Engineer of the disputed amount no later than the 21st day after the date the Mobility Authority receives the monthly invoice.

E. Withholding Payments. The Mobility Authority reserves the right to withhold payment of up to 110% of the disputed amount of the Engineer's invoice in the event of any of the following: (1) If a dispute over the work or costs thereof is not resolved within a thirty day period; (2) pending verification of satisfactory work performed; or (3) required reports (including third-party verifications, if any) are not received. In the event that payment is withheld, the Mobility Authority shall notify the Engineer and give a remedy that would allow the Mobility Authority to release the payment.

F. Invoice and Progress Report Submittal Process.

(1) The invoice submittal shall include:

- Progress report
- Forecast for completion of the scope
- Invoice (in the required format provided by the Mobility Authority)
- Disadvantaged Business Enterprise (DBE)/Historically Underutilized Business (HUB) Forms, as required
- Supporting documents as requested

(2) A progress report shall be submitted to the Mobility Authority at least once each calendar month;

(3) An update to the Project schedule (using critical path method analysis) indicating the Project's overall status versus the baseline schedule (originally submitted with the Project Management Plan) shall be submitted to the Mobility Authority at least once each calendar month;

(4) In the event that invoices are not submitted on a monthly basis, a monthly submittal of the progress report and Project schedule information will be required nevertheless;

(5) The invoice submittal shall not be later than the 10th day of the month following service unless otherwise directed; if submitted after the 10th day, it will be processed the following month;

(6) As it relates to the Mobility Authority's end of fiscal year closeout efforts, the Engineer shall submit the invoice including their services through June 30th for a given year no later than 15 days after June 30th, or the next business day if that date should occur on a weekend or holiday;

(7) The Mobility Authority's Director of Engineering will review the invoices to confirm that supporting documentation is included, and for compliance with the Contract and consistency with the submitted progress report; and

(8) The Mobility Authority's Director of Engineering will either recommend approval of the invoice by the Executive Director or return it to the Engineer for required correction.

G. Effect of Payments. No payment by the Mobility Authority shall relieve the Engineer of its obligation to perform on a timely basis the Services required under this Contract. In addition to all other rights provided in this Contract, the Mobility Authority shall have the right to set off any amounts owed by the Engineer pursuant to the terms of this Contract upon providing the Engineer prior written notice thereof. If the Executive Director determines any Service, product or deliverable does not satisfy the requirements of this Contract, the Executive Director may reject same and require the Engineer to correct or cure same within a reasonable period of time and at no additional cost to the Mobility Authority.

H. Audit. The Mobility Authority shall have the right to examine the books and records of the Engineer. The Engineer shall maintain all books, documents, papers, accounting records and other evidence pertaining to cost incurred and shall make such materials available at its office during the Contract Period and for four (4) years from the date of final payment under this Contract or until any pending litigation has been completely and fully resolved, and the Executive Director approves of the destruction of records, whichever occurs last. The Mobility Authority or any of its duly authorized representatives, TxDOT, Texas State Auditor, the Federal Highway Administration ("FHWA"), the United States Department of Transportation Office of Inspector General and the Comptroller General shall have access to any and all books, documents, papers and records of the Engineer which are directly pertinent to this Contract for the purpose of making audits, examinations, excerpts and transcriptions.

ARTICLE 5. WORK AUTHORIZATIONS. The Executive Director will issue work authorizations to authorize all other work under this contract. Refusal to accept a work authorization in the form prescribed by the Mobility Authority may be grounds for termination of the Contract. The Mobility Authority shall not be responsible for actions by the Engineer or any costs incurred by the Engineer relating to work not directly associated with or prior to the full execution of a work authorization. Terms and conditions governing the use of work authorizations are set forth in Attachment A, General Provisions, Article 1. Work authorization Nos. 24_01, 21_02, 21_01, 16, 15, 14, 12, and 2.5 and Letter Agreement 18 which were approved under the GEC agreement between the Mobility Authority and Atkins North America, Inc. effective January 1, 2018 are hereby incorporated into this Contract for all purposes and shall remain in full force and effect until terminated as provided herein.

ARTICLE 6. SIGNATORY WARRANTY. The undersigned signatory for the Engineer hereby represents and warrants that he or she is an officer of the organization for which he or she has executed this Contract and that he or she has full and complete authority to enter into this Contract on behalf of the firm. These representations and warranties are made for the purpose of inducing the Mobility Authority to enter into this Contract.

ARTICLE 7. NOTICES. A notice, demand, request, report, and other communication required or permitted under this Contract, or which any party may desire to give, shall be in writing and shall be deemed to have been given on the sooner to occur of (i) receipt by the party to whom the notice is hand-delivered, with a written receipt of notice provided by the receiving party, or (ii) two days after deposit in a regularly maintained express mail receptacle of the United States Postal Service, postage prepaid, or registered or certified mail, return receipt requested, express mail delivery, addressed to such party at their address set forth below, or to such other address as a party may from time to time designate under this article, or (iii) receipt of an electronic mail transmission (attaching scanned documents in a format such as .pdf or .tif) for which confirmation of receipt by the other party has been obtained by the sending party:

<p>Engineer:</p> <p>Gregory S. Blake AtkinsRéalis USA, Inc. 3300 N Interstate 35 Frontage Rd #300 Austin, Texas 78705</p>	<p>Mobility Authority:</p> <p>Director of Engineering Central Texas Regional Mobility Authority 3300 N Interstate 35 Frontage Rd #300 Austin, Texas 78705</p>
---	---

ARTICLE 8. INCORPORATION OF PROVISIONS. Attachments A through H are attached hereto and incorporated into this Contract as if fully set forth herein.

ARTICLE 9. ENTIRETY OF AGREEMENT. This writing, including attachments and addenda, if any, embodies the entire agreement and understanding between the parties hereto, and there are no agreements and understandings, oral or written, with reference to the subject matter hereof that are not merged herein and superseded hereby. No alteration, change or modification of the terms of the Contract shall be valid unless made in writing signed by both parties hereto.

ARTICLE 10. PRIORITY OF DOCUMENTS/ORDER OF PRECEDENCE. In the event of any conflict between the Contract and other documents, the order of precedence shall be as set forth below: A) Supplemental Work Authorization; B) Work Authorization; C) Contract Amendments; D) Contract; E) RFP/ RFQ; F) Engineer's Response to RFP/RFQ.

Each party is signing this agreement on the date stated under that party's signature.

ATTACHMENT A**GENERAL PROVISIONS****ARTICLE 1. WORK AUTHORIZATIONS**

A. Use. The Engineer shall not begin any work until the Executive Director and the Engineer have signed a Work Authorization and the Engineer has received a Notice to Proceed as defined in the Work Authorization. Costs incurred by the Engineer before a Work Authorization is fully executed or after the completion date specified in the Work Authorization are not eligible for reimbursement. The Executive Director will issue Work Authorizations to authorize all other work under this Contract. All work must be completed on or before the completion date specified in the Work Authorization.

B. Contents. Each Work Authorization shall include: (1) scope of Services including types of Services to be performed and a full description of the work required to perform those Services (2) a full description of general administration tasks exclusive to that Work Authorization (3) a work schedule (including beginning and ending dates) with milestones; (4) the basis of payment whether cost-plus, unit cost, lump sum, or specified rate; (5) a Work Authorization budget using fees set forth in Attachment E, Fee Schedule.; and (6) DBE/HUB Requirements. The Engineer shall not include additional contract terms and conditions in the Work Authorization. In the event of any conflicting terms and conditions between the Work Authorization and the Contract, the terms and conditions of the Contract shall prevail and govern the work and costs incurred.

C. Work Authorization Budget. A Work Authorization budget shall be prepared by the Engineer and set forth in detail (1) the computation of the estimated cost of the work as described in the Work Authorization, (2) the estimated time (hours/days) required to complete the work at the hourly rates established in Attachment E, Fee Schedule; (3) a work plan that includes a list of the work to be performed, (4) a stated maximum number of calendar days to complete the work, and (5) a cost-not-to-exceed-amount or unit or lump sum cost and the total cost or price of the Work Authorization. The Mobility Authority will not pay items of cost that are not included in or rates that exceed those approved in Attachment E.

D. No Guaranteed Work. Work Authorizations are issued at the sole discretion of the Executive Director. While it is the Executive Director's intent to issue Work Authorizations hereunder, the Engineer shall have no cause of action conditioned upon the lack or number of Work Authorizations issued.

E. Incorporation into Contract. Each Work Authorization shall be signed by both parties and become a part of the Contract. No Work Authorization will waive the Mobility Authority's or the Engineer's responsibilities and obligations established in this Contract. The Engineer shall promptly notify the Mobility Authority of any event that will affect completion of the Work Authorization.

F. Supplemental Work Authorizations. Before additional work may be performed or additional costs incurred beyond those authorized in a Work Authorization, a change in a Work Authorization shall be enacted by a written Supplemental Work Authorization executed within the period of performance specified in the Work Authorization. The Mobility Authority shall not be responsible for actions by the Engineer, or any costs incurred by the Engineer relating to additional work not directly associated with the performance or prior to the execution of the Supplemental Work Authorization. The Engineer shall allow adequate time for review and approval of the Supplemental Work Authorization by the Executive Director prior to expiration of the Work Authorization. Any Supplemental Work Authorization must be executed by both parties within the Contract Period established in Article 2 of the Contract.

F-1. More Time Needed. If the Engineer determines or reasonably anticipates that the work authorized in a Work Authorization cannot be completed before the specified completion date, the Engineer shall promptly notify the Executive Director. The Executive Director may, at his sole discretion, extend the Work Authorization period by execution of a Supplemental Work Authorization.

F-2. Changes in Scope. Changes that would modify the scope of the work authorized in a Work Authorization must be enacted by a written Supplemental Work Authorization. If the change in scope affects the amount payable under the Work Authorization, the Engineer shall prepare a revised Work Authorization budget for the Executive Director's approval. The Engineer must allow adequate time for the Executive Director to review, negotiate, and approve any request for a Supplemental Work Authorization prior to expiration of the Work Authorization.

G. Deliverables. Upon satisfactory completion of the Work Authorization, the Engineer shall submit a letter of completion along with the deliverables as specified in the executed Work Authorization to the Executive Director for review and acceptance.

ARTICLE 2. PROGRESS

A. Progress meetings. As required and detailed in the Work Authorizations or as otherwise directed by the Executive Director, the Engineer shall from time to time during the progress of the work confer with the Executive Director. The Engineer shall prepare and present such information as may be pertinent and necessary or as may be requested by the Executive Director in order to evaluate features of the work.

B. Conferences. At the request of the Executive Director and as required and detailed in the Work Authorizations, conferences shall be held at the Engineer's office, the office of the Mobility Authority, or at other locations designated by the Executive Director. These conferences may also include evaluation of the Engineer's Services and work when requested by the Executive Director.

C. Inspections. If federal funds are used to reimburse costs incurred under this Contract, the work and all reimbursements will be subject to periodic review by the U. S. Department of Transportation.

D. Reports. The Engineer shall promptly advise the Executive Director in writing of events that have a significant impact upon the progress of a Work Authorization, including:

1. problems, delays, adverse conditions that will materially affect the ability to meet the time schedules and goals, or preclude the attainment of project work units by established time periods; this disclosure will be accompanied by statement of the action taken or contemplated, and any State or federal assistance needed to resolve the situation; and
2. favorable developments or events which enable meeting the work schedule goals sooner than anticipated.

E. Corrective Action. Should the Executive Director determine that the progress of work does not satisfy the work schedule or other deadlines set forth in a Work Authorization, the Executive Director shall review the work schedule with the Engineer to determine the nature of corrective action needed. The Executive Director's participation in reviewing the work schedule and determining corrective actions needed will not, in any way, excuse the Engineer from any responsibility or costs associated with the failure to timely perform the Services.

ARTICLE 3. SUSPENSION OF WORK AUTHORIZATION

A. Notice. Should the Executive Director desire to suspend a Work Authorization but not terminate the Contract, the Executive Director may provide written notification to the Engineer, giving ten (10) business days prior notice. Both parties may waive the ten (10) business day notice requirement in writing.

B. Reinstatement. All or part of a Work Authorization may be reinstated and resumed in full force and effect within thirty (30) days of receipt of written notice from the Executive Director to resume the work. Both parties may waive the thirty-day notice in writing.

C. Contract Period Not Affected. If the Executive Director suspends a Work Authorization, the Contract Period as determined in Article 2 of the Contract is not affected and the Contract and the Work Authorization will terminate on the date specified unless the Contract is amended to authorize additional time.

D. Limitation of Liability. The Engineer shall not be entitled to any damages or other compensation of any form in the event that the Mobility Authority exercises its rights to suspend or modify the Services pursuant to

this Article 3. The Mobility Authority shall have no liability for work performed or costs incurred prior to the date authorized by the Executive Director to begin work, during periods when work is suspended, or after the completion of the Contract or Work Authorization.

ARTICLE 4. ADDITIONAL WORK

A. Notice. If the Engineer is of the opinion that any assigned work is beyond the scope of a Work Authorization and constitutes additional work beyond the Services to be provided under the Work Authorization, it shall promptly notify the Executive Director and submit written justification presenting the facts of the work and demonstrating how the work constitutes supplementary work.

B. Supplemental Agreement. If the Executive Director finds that the work does constitute additional work, the Executive Director shall so advise the Engineer, and a written supplemental agreement will be executed as provided in General Provisions, Article 6, Supplemental Agreements.

C. Limitation of Liability. The Mobility Authority shall not be responsible for actions by the Engineer or any costs incurred by the Engineer relating to additional work not directly associated with or prior to the execution of a supplemental agreement.

ARTICLE 5. CHANGES IN WORK

A. Work Previously Submitted as Satisfactory. If the Engineer has submitted work in accordance with the terms of this Contract and Work Authorization(s) but the Executive Director requests changes to the completed work or parts thereof which involve changes to the original scope of Services or character of work under the Contract and Work Authorization(s), the Engineer shall make such revisions as requested and as directed by the Executive Director, provided the work is reflected in a Supplemental Work Authorization.

B. Work Does Not Comply with Contract. If the Engineer submits work that does not comply with the terms of this Contract or Work Authorization(s), the Executive Director shall instruct the Engineer to make such revision as is necessary to bring the work into compliance with the Contract or Work Authorization(s). No additional compensation shall be paid for these revisions or re-work.

C. Errors/Omissions. The Engineer shall make revisions to the work authorized in this Contract which are necessary to correct errors or omissions appearing therein, when required to do so by the Executive Director. No additional compensation shall be paid for this work.

ARTICLE 6. SUPPLEMENTAL AGREEMENTS

A. Need. The terms of this Contract may be modified if the Executive Director determines that there has been a significant increase or decrease in the duration, scope, cost, complexity or character of the services to be performed. A supplemental agreement will be executed to authorize such significant increases or decreases.

B. When to Execute. Both the Engineer and the Executive Director must execute a supplemental agreement within the Contract Period specified in Article 2 of the Contract.

ARTICLE 7. DATA OWNERSHIP

A. Work for Hire. All services provided under this Contract are considered work for hire and as such all data, basic sketches, charts, calculations, plans, specifications, models, animations, and other documents and files created or collected under the terms of this Contract are the property of the Mobility Authority.

B. Ownership of Plans. Notwithstanding any provision in this Contract or in common law or statute to the contrary all of the plans, tracings, estimates, specifications, computer records, discs, tapes, proposals, sketches, diagrams, charts, calculations, correspondence, memoranda, survey notes, and other data and materials, and any part thereof, created, compiled or to be compiled by or on behalf of the Engineer, including all information prepared for or posted on the Mobility Authority's website and together with all materials and data furnished to it by the Mobility Authority, are and at all times shall be and remain the property of the Mobility Authority and shall not be subject to any restriction or limitation on their further use by or on behalf of the Mobility Authority. Engineer

hereby assigns any and all rights and interests it may have in the foregoing to the Mobility Authority, and Engineer hereby agrees to provide reasonable cooperation as may be requested by the Mobility Authority in connection with the Mobility Authority's efforts to perfect or protect rights and interests in the foregoing; and if at any time demand be made by the Mobility Authority for any of the above materials, records, and documents, whether after termination of this Contract or otherwise, such shall be turned over to the Mobility Authority without delay. The Mobility Authority hereby grants the Engineer a revocable license to retain and utilize the foregoing materials for the limited purpose of fulfilling Engineer's obligations under this Contract, said license to terminate and expire upon the earlier to occur of (a) the completion of Services described in this Contract or (b) the termination of this Contract, at which time the Engineer shall deliver to the Mobility Authority all such materials and documents. If the Engineer or a subconsultant desires later to use any of the data generated or obtained by it in connection with any Project or any other portion of the work product resulting from the Services, it shall secure the prior written approval of the Executive Director. The Engineer shall retain its copyright and ownership rights in its own back-office databases and computer software that are not developed for the Mobility Authority or for purposes of this Contract. Intellectual property developed, utilized, or modified in the performance of Services for which the Engineer is compensated under the terms of this Contract shall remain the property of the Mobility Authority, Engineer hereby agrees to provide reasonable cooperation as may be requested by the Mobility Authority in connection with the Mobility Authority's efforts to perfect or protect such intellectual property. The Mobility Authority retains an unrestricted license for software packages developed in whole or in part with Mobility Authority funds.

C. Separate Assignment. If for any reason the agreement of the Mobility Authority and the Engineer set forth in subarticle 7.B regarding the ownership of work product and other materials is determined to be unenforceable, either in whole or in part, the Engineer hereby assigns and agrees to assign to the Mobility Authority all right, title, and interest that Engineer may have or at any time acquire in said work product and other materials, without royalty, fee or additional consideration of any sort, and without regard to whether this Contract has terminated or remains in force. The Mobility Authority hereby acknowledges, however, that all documents and other work product provided by the Engineer to the Mobility Authority and resulting from the Services performed under this Contract are intended by the Engineer solely for the use for which they were originally prepared. Notwithstanding anything contained herein to the contrary, the Engineer shall have no liability for the use by the Mobility Authority of any work product generated by the Engineer under this Contract on any Project other than for the specific purpose and Project for which the work product was prepared.

D. Disposition of Documents. All documents prepared by Engineer and all documents furnished to Engineer by the Mobility Authority shall be delivered to the Mobility Authority upon request. Engineer, at its own expense, may retain copies of such documents or any other data which it has furnished the Mobility Authority under this Contract, but further use of the data is subject to permission by the Mobility Authority.

E. Release of Design Plan. The Engineer (1) will not release any roadway design plan created or collected under this Contract except to its subconsultants as necessary to complete the Contract; (2) shall include a provision in all subcontracts which acknowledges the Mobility Authority's ownership of the design plan and prohibits its use for any use other than the project identified in this Contract; and (3) is responsible for any improper use of the design plan by its employees, officers, or subconsultants, including costs, damages, or other liability resulting from improper use. Neither Engineer nor any subconsultant may charge a fee for any portion of the design plan created by the Mobility Authority."

ARTICLE 8. PUBLIC INFORMATION AND CONFIDENTIALITY

A. Public Information. The Mobility Authority will comply with Government Code, Chapter 552, (the "Public Information Act") in the release of information produced under this Contract. The requirements of Subchapter J, of the Public Information Act, may apply to this Contract and the Engineer agrees that the Contract can be terminated if the Engineer knowingly or intentionally fails to comply with a requirement of that subchapter.

B. Confidentiality. The Engineer shall not disclose information obtained from the Mobility Authority under this Contract without the express written consent of the Executive Director. All employees of the Engineer and its subconsultants working on the Project may be required to sign a non-disclosure and confidentiality agreement.

C. Access to Information. The Engineer is required to make any information created or exchanged with the Mobility Authority pursuant to this Contract, and not otherwise excepted from disclosure under the Texas Public Information Act, available in a format that is accessible by the public at no additional charge to the Mobility Authority.

ARTICLE 9. PERSONNEL, EQUIPMENT AND MATERIAL

A. Engineer Resources. The Engineer shall furnish and maintain an office for the performance of all services, in addition to providing adequate and sufficient personnel and equipment to perform the services required under the Contract. The Engineer certifies that it presently has adequate qualified personnel in its employment for performance of the services required under this Contract, or it will be able to obtain such personnel from sources other than the Mobility Authority.

B. Removal of Employee. All employees of the Engineer assigned to this Contract shall have such knowledge and experience as will enable them to perform the duties assigned to them. The Director of Engineering may instruct the Engineer to remove any employee from association with work authorized in this Contract if, in the sole opinion of the Director of Engineering, the work of that employee does not comply with the terms of this Contract or if the conduct of that employee becomes detrimental to the work; or for any other reason identified by the Director of Engineering.

C. Mobility Authority Approval of Replacement Personnel. The Engineer may not replace any Key Personnel, as designated in the applicable Work Authorization or identified in Attachment D, without prior written approval of the Director of Engineering. Throughout the term of the applicable Work Authorization, the Engineer agrees that the identified individual(s), whether employee(s) of the Engineer or of an approved sub-consultant, will remain in charge of the performance of the Services and shall devote substantial and sufficient time and attention thereto, to the extent indicated by the applicable Work Authorization. His/her failure or inability to devote sufficient time and attention to the Services shall, at the Mobility Authority's sole option, require the Engineer promptly to replace said individual with a qualified replacement acceptable to the Mobility Authority. In no event shall the Engineer remove, transfer, or reassign any individual identified on applicable Work Authorization or in Attachment D except as instructed by, or with the prior written consent of, the Mobility Authority.

If any Key Personnel cease to work on this Contract, the Engineer must notify the Director of Engineering in writing as soon as possible, but in any event within (3) three business days. The notification must give the reason for removal. The Engineer must receive written approval from the Director of Engineering of proposed replacement Key Personnel. The Director of Engineering's approval will be based upon the proposed replacement Key Personnel qualifications to provide the required Services. Approval will not be unreasonably withheld.

D. Liquidated Damages. The selection of the Engineer to provide the Services under this Contract was based, in part, on the Key Personnel identified in Engineer's proposal. Because of the importance and unique nature of the Services to be provided by Key Personnel as identified in Attachment D or the applicable Work Authorization it is impractical to calculate the actual losses that would be suffered by the Mobility Authority by the loss of Key Personnel from the Contract. Therefore, the Engineer agrees to compensate the Mobility Authority for its losses by paying liquidated damages in the amount of \$2,500 per day per Key Personnel position identified in Attachment D or the applicable Work Authorization if any Key Personnel is removed by the Engineer without prior written approval from the Director of Engineering. Liquidated damages will accrue from the date the Engineer removes the Key Personnel in Attachment C from the Contract if the parties do not agree on a replacement within (14) calendar days after the Key Personnel are removed from the Contract. If a replacement is agreed upon within that fourteen (14) calendar day period the liquidated damages will be waived. Liquidated damages shall cease when the parties agree on a substitute or when the Contract is terminated.

E. Ownership of Acquired Property. Except to the extent that a specific provision of this Contract states to the contrary, and as provided in subarticle 7.B, the Mobility Authority shall own all intellectual property acquired or developed under this Contract and all equipment purchased by the Engineer or its subconsultants under this Contract. All intellectual property and equipment owned by the Mobility Authority shall be delivered to the Director of Engineering when the Contract terminates, or when it is no longer needed for work performed under

this Contract, whichever occurs first. In the event that a capital item is purchased for the sole use of the Mobility Authority, title shall pass or transfer to the Mobility Authority upon acquisition and prior to any use of the item by the Engineer.

ARTICLE 10. SUBCONTRACTING

A. Prior Approval. The Engineer shall not assign, subcontract, or transfer any portion of Services related to the work under this Contract unless specified in an executed Work Authorization or otherwise without first obtaining the prior written approval from the Executive Director. Request for approval should include a written description of the proposed services, and proposed rates.

B. DBE/HUB Compliance. The Engineer's subcontracting program shall comply with the DBE/HUB requirements described in the Work Authorization(s).

C. Required Provisions. All subcontracts for professional services shall include the provisions included in Attachment A, General Provisions, and any provisions required by law.

D. Invoice Approval and Processing. All subconsultants shall prepare and submit their invoices on the same billing cycle and format as the Engineer (so as to be included in invoices submitted by the Engineer).

E. Engineer Responsibilities. No subcontract shall relieve the Engineer of any of its responsibilities under this Contract and of any liability for work performed under this Contract, even if performed by a subconsultant or other third party performing work for or on behalf of the Engineer.

ARTICLE 11. INSPECTION OF WORK

A. Review Rights. Under this Contract, the Mobility Authority, TxDOT, and the U.S. Department of Transportation, and any authorized representative of the Mobility Authority, TxDOT, or the U.S. Department of Transportation, shall have the right at all reasonable times to inspect, review or otherwise evaluate the work performed hereunder and the premises in which it is being performed.

B. Reasonable Access. If any review or evaluation is made on the premises of the Engineer or a subconsultant under this Article, the Engineer shall provide and require its subconsultants to provide all reasonable facilities and assistance for the safety and convenience of the persons performing the review in the performance of their duties.

ARTICLE 12. SUBMISSION OF REPORTS

All applicable study reports shall be submitted in preliminary form for approval by the Director of Engineering before a final report is issued. The Director of Engineering's comments on the Engineer's preliminary report must be addressed in the final report. Draft reports shall be considered confidential unless otherwise indicated by the Director of Engineering.

ARTICLE 13. VIOLATION OF CONTRACT TERMS

A. Increased Costs. Violation of Contract terms, breach of Contract, or default by the Engineer shall be grounds for termination of the Contract, and any increased or additional cost incurred by the Mobility Authority arising from the Engineer's default, breach of Contract or violation of Contract terms shall be paid by the Engineer.

B. Remedies. This agreement shall not be considered as specifying the exclusive remedy for any default, and all remedies existing at law and in equity may be availed of by either party and shall be cumulative.

ARTICLE 14. TERMINATION

A. Causes. The Contract may be terminated before the stated completion date by any of the following conditions.

1. By mutual agreement and consent, in writing from both parties.
2. By the Executive Director by notice in writing to the Engineer as a consequence of failure by the Engineer to perform the Services set forth herein in a satisfactory manner or if the Engineer violates the provisions of Article 20, Gratuities, or DBE/HUB Requirements.

3. By either party, upon the failure of the other party to fulfill its obligations as set forth herein, following thirty (30) days written notice and opportunity to cure.
4. By the Executive Director for his convenience and in his sole discretion, not subject to the consent of the Engineer, by giving thirty (30) days written notice of termination to the Engineer.
5. By satisfactory completion of all services and obligations described herein.

B. Measurement. Should the Executive Director terminate this Contract as herein provided, no fees other than fees due and payable at the time of termination shall thereafter be paid to the Engineer. In determining the value of the work performed by the Engineer prior to termination, the Executive Director shall be the sole judge. Compensation for work at termination will be based on a percentage of the work completed at that time. Should the Executive Director terminate this Contract under subarticles 14.A.3 & 4, the Engineer shall not incur costs during the thirty-day notice period in excess of the amount incurred during the preceding thirty (30) days.

C. Value of Completed Work. If the Engineer defaults in the performance of this Contract or if the Executive Director terminates this Contract for fault on the part of the Engineer, the Executive Director will give consideration to the following when calculating the value of the completed work: (1) the actual costs incurred (not to exceed the rates set forth in the applicable Work Authorization) by the Engineer in performing the work to the date of default; (2) the amount of work required which was satisfactorily completed to date of default; (3) the value of the work which is usable to the Mobility Authority; (4) the cost to the Mobility Authority of employing another firm to complete the required work; (5) the time required to employ another firm to complete the work; (6) delays in opening a revenue-generating Project and costs (including lost revenues) resulting therefrom; and (7) other factors which affect the value to the Mobility Authority of the work performed.

D. Excusable Delays. Except with respect to defaults of subconsultants, the Engineer shall not be in default by reason of any failure in performance of this Contract in accordance with its terms (including any failure to progress in the performance of the work) if such failure arises out of causes beyond the reasonable control and without the default or negligence of the Engineer. Such causes may include, but are not restricted to, acts of God or the public enemy, acts of the Government in either its sovereign or Contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather.

E. Surviving Requirements. The termination of this Contract and payment of an amount in settlement as prescribed above shall extinguish the rights, duties, and obligations of the Mobility Authority and the Engineer under this Contract, except for those provisions that establish responsibilities that extend beyond the Contract Period, including without limitation the provisions of Article 16.

F. Payment of Additional Costs. If termination of this Contract is due to the failure of the Engineer to fulfill its Contract obligations, the Mobility Authority may take over the project and prosecute the work to completion, and the Engineer shall be liable to the Mobility Authority for any additional cost to the Mobility Authority.

ARTICLE 15. COMPLIANCE WITH LAWS

The Engineer shall comply with all applicable federal, state and local laws, statutes, codes, ordinances, rules and regulations, and the orders and decrees of any court, or administrative bodies or tribunals in any manner affecting the performance of this Contract, including, without limitation, worker's compensation laws, minimum and maximum salary and wage statutes and regulations, nondiscrimination, licensing laws and regulations, the Mobility Authority's enabling legislation (Chapter 370 of the Texas Transportation Code), and all amendments and modifications to any of the foregoing, if any. The Engineer shall comply with all applicable Mobility Authority policies and procedures as outlined in the Mobility Authority Policy Code handbook available on the Mobility Authority's website (<https://www.mobilityauthority.com/about/policy-disclaimers/code>). When required, the Engineer shall furnish the Mobility Authority with satisfactory proof of its compliance therewith.

ARTICLE 16. INDEMNIFICATION

A. Indemnification. THE ENGINEER SHALL INDEMNIFY AND HOLD HARMLESS THE MOBILITY AUTHORITY AND ITS OFFICERS, DIRECTORS, EMPLOYEES, AGENTS AND CONSULTANTS WHICH, FOR THE PURPOSES OF THIS CONTRACT, SHALL INCLUDE THE MOBILITY AUTHORITY'S GENERAL COUNSEL, BOND COUNSEL, FINANCIAL ADVISORS, TRAFFIC AND REVENUE ENGINEERS, TOLL

OPERATIONS/COLLECTIONS FIRMS, AND UNDERWRITERS (COLLECTIVELY THE "INDEMNIFIED PARTIES") FROM ANY CLAIMS, COSTS, OR LIABILITIES OF ANY TYPE OR NATURE AND BY OR TO ANY PERSONS WHOMSOEVER, TO THE EXTENT CAUSED BY THE NEGLIGENT ACTS, ERRORS, OR OMISSIONS OF THE ENGINEER OR ITS OFFICERS, DIRECTORS, EMPLOYEES, SUBCONSULTANTS AND AGENTS WITH RESPECT TO THE ENGINEER'S PERFORMANCE OF THE WORK TO BE ACCOMPLISHED UNDER THIS CONTRACT OR ACTIONS RESULTING IN CLAIMS AGAINST THE INDEMNIFIED PARTIES. IN SUCH EVENT, THE ENGINEER SHALL ALSO INDEMNIFY AND HOLD HARMLESS THE MOBILITY AUTHORITY AND ITS OFFICERS, DIRECTORS, AND EMPLOYEES AND THE INDEMNIFIED PARTIES FROM ANY AND ALL REASONABLE AND NECESSARY EXPENSES, INCLUDING REASONABLE ATTORNEYS' FEES, INCURRED BY THE MOBILITY AUTHORITY OR ANY OF THE INDEMNIFIED PARTIES IN LITIGATING OR OTHERWISE RESISTING SAID CLAIMS, COSTS OR LIABILITIES. IN THE EVENT THE MOBILITY AUTHORITY AND ITS OFFICERS, DIRECTORS, AND EMPLOYEES AND/OR ANY OF THE INDEMNIFIED PARTIES, IS/ARE FOUND TO BE PARTIALLY AT FAULT, THE ENGINEER SHALL, NEVERTHELESS, INDEMNIFY THE MOBILITY AUTHORITY AND ITS OFFICERS, DIRECTORS, AND EMPLOYEES AND/OR ANY OF THE INDEMNIFIED PARTIES FROM AND AGAINST THE PERCENTAGE OF FAULT ATTRIBUTABLE TO THE ENGINEER OR ITS OFFICERS, DIRECTORS, EMPLOYEES, SUBCONSULTANTS AND AGENTS OR TO THEIR CONDUCT.

ARTICLE 17. ENGINEER'S RESPONSIBILITY

A. Accuracy. The Engineer shall have total responsibility for the accuracy and completeness of all work prepared and completed under this Contract and shall check all such material accordingly. The Engineer shall promptly make necessary revisions or corrections resulting from its errors, omissions, or negligent acts without additional compensation.

- B. Errors and Omissions.** The Mobility Authority and Engineer will address errors and omissions as follows:
1. The Engineer's responsibility for all questions and/or clarification of any ambiguities arising from errors and omissions will be determined by the Executive Director.
 2. A problem resulting from an error and omission may be identified during any phase of project development. The Engineer will be responsible for errors and omissions before, during, and after construction of a Project, as well as before and after Contract termination.
 3. The phrase error and omission is used throughout to mean an error, an omission, or a combination of error and omission.
 4. When an apparent error and omission is identified in work provided by the Engineer, the Executive Director will notify the Engineer of the problem and involve the Engineer in efforts to resolve it and determine the most effective solution, provided that the Executive Director shall ultimately determine the solution that is chosen.
 5. Errors and omissions identified prior to Project construction will be corrected at the Engineer's expense with no additional cost to the Mobility Authority.
 6. During and after construction, errors and omissions can potentially result in significant additional costs to the Mobility Authority that they would not have incurred if the construction plans had been correct. The resulting additional costs are considered damages that the Mobility Authority will collect from the Engineer, including through offset to amounts owed to the Engineer.
 7. After a Project is constructed and is in use, there is a possibility of a Contractor claim that may involve a previous error and omission by the Engineer identified during construction; it is also possible the Engineer could be responsible for some or all of the cost of the Contractor claim. If there is a possibility of Engineer responsibility, upon notice of the Contractor claim, the Executive Director must notify the Engineer of the situation and provide the Engineer the opportunity to contribute any information to the Executive Director that may be useful in addressing the Contractor claim. The Engineer will not be involved in any discussions or negotiations with the Contractor during the claims process. Upon settlement of all previous claims with the Contractor, if additional costs are identified, the Executive Director should consider the same factors as during construction in determining the Engineer's level of responsibility.
 8. The additional costs which are considered damages to the Mobility Authority and are to be recovered should represent actual cost to the Mobility Authority.
 9. The Executive Director will not accept in-kind services from the Engineer as payment for additional costs owed.

10. The Engineer is responsible for promptly correcting errors and omissions without compensation. In the situation of a dispute concerning whether or not the work is compensable, the Engineer shall not delay the work.
11. A letter will be transmitted by the Executive Director formally notifying the Engineer of payment required for the error and omission and will indicate the Engineer's apparent liability for the identified additional costs. The letter will include an outline of the errors and omissions, along with the additional costs, and references to any previous points of coordination and preliminary agreements. Within 30 calendar days of the date of the letter, a response is required from the Engineer with: (a) payment, (b) a request for a meeting, or (c) a request for the Executive Director to reconsider whether the Executive Director should pursue reimbursement for the identified error and omission. If a response or payment is not received from the Engineer, the Mobility Authority may pursue legal action against the Engineer, in addition to offset of payments to the Engineer, claims against insurance and other remedies available under the Contract.
12. It is the Executive Director's responsibility to identify errors and omissions and fairly evaluate the responsibility for additional cost when applicable. It is the responsibility of the Mobility Authority staff to ensure that the Mobility Authority's business practices are professional, fair, equitable, and reasonable.

C. Professionalism. The Engineer shall perform the services it provides under the Contract: (1) with the professional skill and care ordinarily provided by competent engineers practicing under the same or similar circumstances and professional license and (2) as expeditiously as is prudent considering the ordinary professional skill and care of a competent engineer.

D. Seal. The responsible Engineer shall sign, seal and date all appropriate engineering submissions to the Mobility Authority in accordance with the Texas Engineering Practice Act and the rules of the Texas Board of Professional Engineers and Land Surveyors.

E. Resealing of Documents. Once the work has been sealed and accepted by the Director of Engineering, the Mobility Authority, as the owner, will notify the party to this Contract, in writing, of the possibility that a Mobility Authority engineer, as a second engineer, may find it necessary to alter, complete, correct, revise or add to the work. If necessary, the second engineer will affix his seal to any work altered, completed, corrected, revised or added. The second engineer will then become responsible for any alterations, additions or deletions to the original design including any effect or impacts of those changes on the original engineer's design.

ARTICLE 18. NON-COLLUSION

A. Warranty. The Engineer warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the Engineer, to solicit or secure this Contract and that it has not paid or agreed to pay any company or Engineer any fee, commission, percentage, brokerage fee, gifts, or any other consideration, contingent upon or resulting from the award or making of this Contract.

B. Liability. For breach or violation of this warranty, the Mobility Authority shall have the right to annul this Contract without liability or, in its discretion, to deduct from the Contract compensation, or otherwise recover, the full amount of such fee, commission, percentage, brokerage fee, gift or contingent fee.

ARTICLE 19. INSURANCE

The Engineer shall furnish the Mobility Authority a properly completed Certificate of Insurance approved by the Executive Director prior to beginning work under the Contract and shall maintain such insurance through the Contract Period. The Engineer shall provide proof of insurance (and the Professional Liability Insurance discussed herein) in a form reasonably acceptable by the Executive Director. The Engineer certifies that it has and will maintain insurance coverages as follows:

A. Workers Compensation Insurance. In accordance with the laws of the State of Texas and employer's liability coverage with a limit of not less than \$1,000,000. This policy shall be endorsed to include a waiver of subrogation in favor of the Mobility Authority.

B. Comprehensive General Liability Insurance. With limits not less than \$1,000,000 for bodily injury, including those resulting in death, and \$1,000,000 for property damage on account of any one occurrence, with an aggregate limit of \$1,000,000.

C. Comprehensive Automobile Liability Insurance. Applying to owned, non-owned, and hired automobiles in an amount not less than \$1,000,000 for bodily injury, including death, to any one person, and \$1,000,000 on account on any one occurrence, and \$1,000,000 for property damage on account of any one occurrence. This policy shall not contain any limitation with respect to a radius of operation for any vehicle covered and shall not exclude from the coverage of the policy any vehicle to be used in connection with the performance of the Engineer's obligations under this Contract.

D. Excess Liability Insurance. In an amount of \$5,000,000 per occurrence and aggregate.

E. Valuable Papers Insurance. In an amount sufficient to assure the full restoration of any plans, drawings, field notes, logs, test reports, diaries, or other similar data or materials relating to the Services provided under this Contract in the event of their loss or destruction, until such time as the work has been delivered to the Mobility Authority.

F. Architects and/or Engineers Professional Liability insurance. Engineer shall provide and maintain professional liability coverage, with limits not less than \$5,000,000 per claim and \$5,000,000 aggregate. The professional liability coverage shall protect against any negligent act, error or omission arising out of design or engineering activities, including environmental related activities, with respect to the Project, including coverage for negligent acts, errors or omissions by any member of the Engineer and its subconsultants (including, but not limited to design subconsultants and subconsultants) of any tier. The policy must provide that coverage extends a minimum of three (3) years beyond the Engineer's completion of the Services. This policy shall be endorsed to include a waiver of subrogation in favor of the Mobility Authority.

G. General for All Insurance. The Engineer shall promptly, upon execution of this Contract, furnish certificates of insurance to the Executive Director indicating compliance with the above requirements. Certificates shall indicate the name of the insured, the name of the insurance company, the name of the agency/agent, the policy number, the term of coverage, and the limits of coverage.

All policies are to be written through companies (a) authorized to transact that class of insurance in the State of Texas; (b) rated (i), with respect to the companies providing the insurance under subarticles 18.A. through D., above, by A. M. Best Company as "A-X" or better (or the equivalent rating by another nationally recognized rating service) and (ii) with respect to the company providing the insurance under subarticle 18.E., a rating by A. M. Best Company or similar rating service satisfactory to the Mobility Authority and/or its insurance consultant; and (c) otherwise acceptable to the Executive Director.

All policies are to be written through companies authorized to transact that class of insurance in the State of Texas. Such insurance shall be maintained in full force and effect during the life of this Contract or for a longer term as may be otherwise provided for hereunder. Insurance furnished under subarticles 18.B., C., and D., above, shall name the Mobility Authority as additional insured and shall protect the Mobility Authority, its officers, employees, and directors, agents, and representatives from claims for damages for bodily injury and death and for damages to property arising in any manner from the negligent or willful acts or failures to act by the Engineer, its officers, employees, directors, agents, and representatives in the performance of the Services rendered under this Contract. Certificates shall also indicate that the Contractual liability assumed in Article 16, above, is included.

The insurance carrier shall include in each of the insurance policies required under subarticles 18.A. through F., the following statement: "This policy will not be canceled or materially changed during the period of coverage without at least thirty (30) days prior written notice addressed to the Central Texas Regional Mobility Authority, 3300 N. IH-35, Suite 300, Austin, Texas 78705, Attn: Executive Director"

H. Subconsultant. The Engineer shall be liable for work performed by the subconsultant and Engineer's insurance shall cover the work, actions, errors and omissions of the subconsultant.

ARTICLE 20. GRATUITIES

A. Employees Not to Benefit. Mobility Authority policy mandates that the director, employee or agent of the Mobility Authority shall not accept any gift, favor, or service that might reasonably tend to influence the director, employee or agent in making of procurement decisions. The only exceptions allowed are ordinary business lunches and items that have received the advance written approval of the Executive Director.

B. Liability. Any person doing business with or who reasonably speaking may do business with the Mobility Authority under this Contract may not make any offer of benefits, gifts or favors to Mobility Authority employees, except as mentioned above. Failure on the part of the Engineer to adhere to this policy may result in the termination of this Contract.

ARTICLE 21. DISADVANTAGED BUSINESS ENTERPRISE OR HISTORICALLY UNDERUTILIZED BUSINESS REQUIREMENTS

The Engineer agrees to comply with the DBE/HUB requirements and reporting guidelines set forth in the Work Authorization(s). The DBE/HUB Goal established for this Project is as set forth in the Work Authorization. The Engineer also agrees to comply with the DBE/HUB subcontracting plan that was included in the response that the Engineer submitted to the Mobility Authority's Request for Qualifications or Request for Proposals.

ARTICLE 22. MAINTENANCE, RETENTION AND AUDIT OF RECORDS

A. Retention Period. The Engineer shall maintain all books, documents, papers, accounting records and other evidence pertaining to costs incurred and Services provided (hereinafter called the Records). The Engineer shall make the Records available at its office during the Contract Period and for four (4) years from the date of final payment under this Contract, until completion of all audits, or until pending litigation has been completely and fully resolved, whichever occurs last.

B. Availability. The Mobility Authority shall have the exclusive right to examine the books and records of the Engineer for the purpose of checking the amount of work performed by the Engineer. The Engineer shall maintain all books, documents, papers, accounting records and other evidence pertaining to cost incurred and shall make such materials available at its office during the Contract Period and for four (4) years from the date of final payment under this Contract or until pending litigation has been completely and fully resolved, whichever occurs last. The Mobility Authority or any of its duly authorized representatives, TxDOT, FHWA, the United States Department of Transportation Office of Inspector General, and the Comptroller General shall have access to any and all books, documents, papers and records of the Engineer which are directly pertinent to this Contract for the purpose of making audits, examinations, excerpts and transcriptions.

ARTICLE 23. CERTIFICATE OF INTERESTED PARTIES

If applicable, the Engineer must comply with the Certificate of Interested Parties (Form 1295) adopted by the Texas Legislature as House Bill 1295, which added section 2252.908 of the Government Code, available for review at the Texas Ethics Commission website: <https://www.ethics.state.tx.us/>.

ARTICLE 24. CIVIL RIGHTS COMPLIANCE

A. Compliance with Regulations: The Engineer shall comply with the Acts and Regulations relative to Nondiscrimination in Federally assisted programs of the U.S. Department of Transportation (USDOT), the Federal Highway Administration (FHWA), as they may be amended from time to time, which are herein incorporated by reference and made part of this Contract.

B. Nondiscrimination: The Engineer, with regard to the work performed by it during the Contract, will not discriminate on the grounds of race, color, sex, or national origin in the selection and retention of subconsultants, including procurement of materials and leases of equipment. The Engineer will not participate directly or indirectly

in the discrimination prohibited by the Acts and the Regulations, including employment practices when the Contract covers any activity, project, or program set forth in Appendix B of 49 CFR Part 21.

C. Solicitations for Subcontracts, Including Procurement of Materials and Equipment: In all solicitations either by competitive bidding or negotiation made by the Engineer for work to be performed under a subcontract, including procurement of materials or leases of equipment, each potential subconsultant or supplier will be notified by the Engineer of the Engineer's obligations under this Contract and the Acts and Regulations relative to Nondiscrimination on the grounds of race, color, sex, or national origin.

D. Information and Reports: The Engineer will provide all information and reports required by the Acts and Regulations, and directives issued pursuant thereto, and will permit access to its books, records, accounts, other sources of information, and facilities as may be determined by the Mobility Authority or the FHWA to be pertinent to ascertain compliance with such Acts and Regulations or directives. Where any information required of the Engineer is in the exclusive possession of another who fails or refuses to furnish this information, the Engineer will so certify to the Mobility Authority or the Federal Highway Administration, as appropriate, and will set forth what efforts it has made to obtain the information.

E. Sanctions for Noncompliance: In the event of the Engineer's noncompliance with the Nondiscrimination provisions of this Contract, the Mobility Authority will impose such Contract sanctions as it or the FHWA may determine to be appropriate, including, but not limited to:

- (1) withholding of payments to the Engineer under the Contract until the Engineer complies and/or
- (2) cancelling, terminating, or suspending of the Contract, in whole or in part.

F. Incorporation of Provisions: The Engineer will include the provisions of paragraphs (A) through (E) in every subcontract, including procurement of materials and leases of equipment, unless exempt by the Acts and Regulations and directives issued pursuant thereto. The Engineer will take such action with respect to any subcontract or procurement as the Mobility Authority, TxDOT, or the FHWA may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided, that if the Engineer becomes involved in, or is threatened with, litigation with a subcontractor or supplier because of such direction, the Engineer may request the Mobility Authority to enter into such litigation to protect the interests of the Mobility Authority.

ARTICLE 25. PATENT RIGHTS

The Mobility Authority shall have the royalty free, nonexclusive and irrevocable right to use and to authorize others to use any patents developed by the Engineer under this Contract.

ARTICLE 26. SECTION NOT USED

ARTICLE 27. CHILD SUPPORT CERTIFICATION

Under Section 231.006, Texas Family Code, the Engineer certifies that the individual or business entity named in this Contract, bid, or application is not ineligible to receive the specified grant, loan, or payment and acknowledges that this Contract may be terminated and payment may be withheld if this certification is inaccurate. If the above certification is shown to be false, the Engineer is liable to the state for attorney's fees, the cost necessary to complete the Contract, including the cost of advertising and awarding a second Contract, and any other damages provided by law or the Contract. A child support obligor or business entity ineligible to receive payments because of a payment delinquency of more than thirty (30) days remains ineligible until: all arrearages have been paid; the obligor is in compliance with a written repayment agreement or court order as to any existing delinquency; or the court of continuing jurisdiction over the child support order has granted the obligor an exemption from Subsection (a) of Section 231.006, Texas Family Code, as part of a court-supervised effort to improve earnings and child support payments.

ARTICLE 28. DISPUTES

A. Disputes Not Related to Contract Services. The Engineer shall be responsible for the settlement of all contractual and administrative issues arising out of any procurement made by the Engineer in support of the services authorized herein.

B. Disputes Concerning Work or Cost. The Executive Director shall decide all questions, difficulties and disputes of any nature whatsoever that may arise under or by reason of this Contract, and his decision upon all claims, questions and disputes shall be final. The Engineer shall comply with the decision of the Executive Director with regard to the resolution of any such disputes.

ARTICLE 29. SUCCESSORS AND ASSIGNS

The Engineer and the Mobility Authority do each hereby bind themselves, their successors, executors, administrators and assigns to each other party of this Contract and to the successors, executors, administrators and assigns of such other party in respect to all covenants of this Contract. The Engineer shall not assign, subcontract or transfer its interest in this Contract without the prior written consent of the Executive Director.

ARTICLE 30. SEVERABILITY

In the event any one or more of the provisions contained in this Contract shall for any reason be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect any other provision thereof and this Contract shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein.

ARTICLE 31. PRIOR CONTRACTS SUPERSEDED

This Contract, including all attachments, constitutes the sole agreement of the parties hereto for the Services authorized herein and supersedes any prior understandings or written or oral Contracts between the parties respecting the subject matter defined herein.

ARTICLE 32. CONFLICT OF INTEREST

A. Representation by Engineer.

The Engineer represents that it has no conflict of interest that would in any way interfere with its or its employees' performance of Services for the Mobility Authority or which in any way conflicts with the interests of the Mobility Authority and certifies that it is in full compliance with the Mobility Authority's Policy Code related to Conflicts of Interest. The Engineer shall prevent any actions or conditions that could result in a conflict with the Mobility Authority's interests.

B. Certification Status. The Engineer certifies that it is not:

1. a person required to register as a lobbyist under Chapter 305, Government Code;
2. a public relations firm; or
3. a government consultant.

C. Environmental Disclosure. If the Engineer will prepare an environmental study under this Contract, the Engineer certifies by executing this Contract that it has no financial or other interest in the outcome of the Project on which the environmental study is prepared.

D. Engineering Services for the Construction Contractor. Specific to the Project for which the Services are being provided under this Contract, the Engineer shall not provide services directly to the contractor responsible for constructing the Project unless approved by the Executive Director.

ARTICLE 33. AUDIT REQUIREMENTS

The parties shall comply with the requirements of the Single Audit Act of 1984, P.L. 98-502, ensuring that the single audit report includes the coverage stipulated in 2 CFR 200.

ARTICLE 34. DEBARMENT CERTIFICATIONS

The parties are prohibited from making any award at any tier to any party that is debarred or suspended or otherwise excluded from or ineligible for participation in Federal Assistance Programs under Executive Order 12549, "Debarment and Suspension." By executing this Contract, the Engineer certifies that it is not currently debarred, suspended, or otherwise excluded from or ineligible for participation in Federal Assistance Programs under Executive Order 12549. The parties to this Contract shall require any party to a subcontract or purchase order awarded under this Contract to certify its eligibility to receive Federal funds and, when requested by the

Executive Director, to furnish a copy of the certification.

ARTICLE 35. PERTINENT NON-DISCRIMINATION AUTHORITIES

During the performance of this Contract, the Engineer, for itself, its assignees, and successors in interest agree to comply with the following nondiscrimination statutes and authorities; including but not limited to:

- A.** Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d et seq., 78 stat. 252), (prohibits discrimination on the basis of race, color, national origin); and 49 CFR Part 21.
- B.** The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, (42 U.S.C. § 4601), (prohibits unfair treatment of persons displaced or whose property has been acquired because of Federal or Federal-aid programs and projects).
- C.** Federal-Aid Highway Act of 1973, (23 U.S.C. § 324 et seq.), as amended, (prohibits discrimination on the basis of sex).
- D.** Section 504 of the Rehabilitation Act of 1973, (29 U.S.C. § 794 et seq.) as amended, (prohibits discrimination on the basis of disability); and 49 CFR Part 27.
- E.** The Age Discrimination Act of 1975, as amended, (42 U.S.C. § 6101 et seq.), (prohibits discrimination on the basis of age).
- F.** Airport and Airway Improvement Act of 1982, (49 U.S.C. Chapter 471, Section 47123), as amended, (prohibits discrimination based on race, creed, color, national origin, or sex).
- G.** The Civil Rights Restoration Act of 1987, (PL 100-209), (Broadened the scope, coverage and applicability of Title VI of the Civil Rights Act of 1964, The Age Discrimination Act of 1975 and Section 504 of the Rehabilitation Act of 1973, by expanding the definition of the terms “programs or activities” to include all of the programs or activities of the Federal-aid recipients, subrecipients and contractors, whether such programs or activities are Federally funded or not).
- H.** Titles II and III of the Americans with Disabilities Act, which prohibits discrimination on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing entities (42 U.S.C. §§ 12131-12189) as implemented by Department of Transportation regulations at 49 C.F.R. parts 37 and 38.
- I.** The Federal Aviation Administration’s Nondiscrimination statute (49 U.S.C. § 47123) (prohibits discrimination on the basis of race, color, national origin, and sex).
- J.** Executive Order 12898, Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations, which ensures nondiscrimination against minority populations by discouraging programs, policies, and activities with disproportionately high and adverse human health or environmental effects on minority and low-income populations.
- K.** Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination because of limited English proficiency (LEP). To ensure compliance with Title VI, the parties must take reasonable steps to ensure that LEP persons have meaningful access to the programs (70 Fed. Reg. at 74087 to 74100).
- L.** Title IX of the Education Amendments of 1972, as amended, which prohibits the parties from discriminating because of sex in education programs or activities (20 U.S.C. 1681 et seq.).

ARTICLE 36. BOYCOTT ISRAEL

The Contractor represents and warrants that (1) it does not, and shall not for the duration of this Contract, boycott Israel or (2) the verification required by Section 2271.002 of the Texas Government Code does not apply to this Contract.

ARTICLE 37. FIREARM ENTITIES AND TRADE ASSOCIATIONS DISCRIMINATION

The Engineer verifies that:

1. It does not, and will not for the duration of this Contract, have a practice, policy, guidance, or directive that discriminates against a firearm entity or firearm trade association; or
2. The verification required by Section 2274.002 of the Texas Government Code does not apply to the Contract.

If circumstances relevant to this provision change during the course of this Contract, Engineer shall promptly notify the Executive Director.

ARTICLE 38. ENERGY COMPANY BOYCOTT

The Engineer verifies that:

1. It does not, and will not for the duration of the Contract, boycott energy companies; or
2. The verification required by Section 2274.002 of the Texas Government Code does not apply to the Contract.

If circumstances relevant to this provision change during the course of this Contract, the Engineer shall promptly notify the Executive Director.

ARTICLE 39. ABBREVIATIONS AND DEFINITIONS

Acts and Regulations	Federal, state, and local acts and regulations which are applicable to the Contract
Agreement	This Contract
Business Days	Any day the Mobility Authority is open for business
CFR	Code of Federal Regulations
Contract	This Contract document and its attachments
Days	Calendar days
DBE	Disadvantaged Business Enterprise
Engineer	The service provider performing the services under this Contract
Executive Director	The Executive Director of the Mobility Authority, or anyone to whom he has delegated the authority to act on his behalf
FAR	Federal Acquisition Regulations
FHWA	Federal Highway Administration
HUB	Historically Underutilized Business
Mobility Authority	The Central Texas Regional Mobility Authority
OMB	Office of Management and Budget
Project	Any capital improvement, rehabilitation, repair, maintenance, or other work in conjunction with the Mobility Authority's or other entity's facilities.
PS&E	Plans, specifications, and estimate
Services	Any work assigned under this Contract
TxDOT	Texas Department of Transportation
USDOT	United States Department of Transportation

Work Authorization	Any work authorization arising from this Contract
Year	When not otherwise clarified, "year" refers to a 12-month period

ATTACHMENT B

SERVICES TO BE PROVIDED BY THE MOBILITY AUTHORITY

To be determined in each work authorization.

ATTACHMENT C

SERVICES TO BE PROVIDED BY THE ENGINEER

The work authorization scopes will be derived from this attachment.

The services to be provided to the Mobility Authority are the usual broad, expert general civil engineering, and general professional services provided to multimodal transportation agencies such as the Mobility Authority. The general elements of work that will be required by the Mobility Authority are shown below.

1. Program Management

The Engineer shall furnish a Program Manager, Deputy Program Manager, and project managers to provide overall management of assigned projects through all stages of development beginning with the feasibility stage through construction of the project. The Program Manager will manage all activities assigned to the Engineer and coordinate their activities with the staff of the Mobility Authority. The Program Manager will be responsible for ensuring the Engineering services are provided on time, on schedule and meet quality standards. This Key Personnel position must be able to convert technical information to understandable public messaging. The Program Manager must coordinate projects through all departments of the Mobility Authority, and ensure all aspects of project are properly documented and managed by their staff.

2. Preparation or Management of Preliminary/Feasibility Project Details

Engineering services shall be inclusive of all services required to identify potential routes to the extent necessary to estimate and evaluate the cost, environmental impacts and technical feasibility of alternate routes. The projects may consist of new location or expansion of existing facilities including managed lanes projects.

Fiscal feasibility analyses of the potential of financing from capital created by the issuance of turnpike revenue bonds or other sources will be conducted jointly among the Mobility Authority, the Engineer, the traffic and revenue engineers, financial advisors, general counselors, bond counselors, and investment bankers separately retained by the Mobility Authority. Indications of potential revenue bond financing feasibility can lead to more intensive services being required of the Engineer and will be tailored to fit each turnpike prospect.

3. Preparation or Management of Environmental Documents

For all projects the Engineer may produce the Environmental Documents necessary for environmental clearance based on NEPA requirements. For larger projects, the Engineer in coordination with The Mobility Authority staff may procure, manage and monitor a third-party consultant who will perform the services required to obtain environmental clearance for the project. The Engineer will be expected to provide oversight services for all required disciplines. The Engineer will be responsible for ensuring compliance with all applicable regulations, permitting requirements, and be capable of preparing risk assessments of various alternatives.

4. Preparation or Management of PS&E Documents

For smaller projects the Engineer may prepare PS&E and architectural documents necessary for the bidding and construction of projects ranging from roadway to small structures required for the Mobility

Authority to perform its operations and maintenance activities. For larger projects, the Engineer in coordination with the Mobility Authority staff will procure, manage and monitor a third party who will be responsible for designing and bidding the project if it is to be delivered in a traditional design/bid/build method. The Engineer will be expected to provide oversight services for all technical services required to design the complete project.

The projects may be delivered using the design/build or public/private/partnership method in which case the Engineer will actively manage the procurement activities.

The Engineer will need to ensure compliance with TxDOT's LGPP requirements, the Texas Administrative Code and other applicable State and Federal regulations.

5. Procurement Services

The Engineer will assist the Mobility Authority in the procurement of a variety of contractors including Design/Build, 3P, Design, Environmental, Construction, CE&I, Geotechnical, Surveying, Maintenance and other professional services as required. All contracts will be procured in conformance with The Mobility Authority's Procurement Policy. The Engineer will need to be able to provide a team that is capable of actively managing the entire procurement process, and ensure that the Mobility Authority is managing the risk register appropriately.

6. Tolling & ITS System Services

The Engineer should be knowledgeable of All Electronic Tolling (AET) and dynamically priced tolling systems, including toll system and communication infrastructure requirements. Their toll systems capability should include design, maintenance requirements, integration oversight and testing.

The Engineer should be knowledgeable of Traffic Management Centers and ITS systems and communication infrastructure including traffic detection, CCTV and DMS. Their ITS capability should include design, maintenance requirements, integration oversight and testing.

7. Public Involvement Services

Proposer's primary responsibility will be the oversight and implementation of robust and proactive community outreach as well as other communication initiatives. They will be a strategic, forward-thinking contractor, immersed in all Mobility Authority projects and programs, accountable to success metrics, working for and with the Communications Department and be able to fully collaborate with other communications consultants. Specific roles are shown below.

During the environmental phase, the Engineer will provide oversight and implementation of public involvement activities per NEPA requirements and Mobility Authority standards for an elevated and unique commitment to community outreach and informed consent building.

During the Construction phase, the Engineer will provide oversight and implementation of construction communications as directed by the Communications Department, including a robust Good Neighbor program.

During the Open-to-Tolling and Operations phase, the Engineer will assist the Communications Department with payment marketing, maintenance outreach and any other need specific to the assigned corridor.

The Engineer will also support the Communications Department with public involvement, outreach and other communication services including but not limited to agency branding, marketing, graphic design, website development and management, social media, communication tool creation and management, copy creation and management, and industry relations.

8. Scheduling Services

The Engineer will provide scheduling services for both specific projects as well as a programmatic master schedule, consisting of multiple projects using all available scheduling resources ranging from spreadsheets to P6. The Engineer should be able to utilize schedules in the actual management and oversight of projects. Oversight will include the independent verification of contractor schedule including development of early indicators of potential schedule slippage. Schedules will include all aspects of total project including T&R, ROW, utilities and finance. The Engineer should provide improvements for the scheduling system utilized by the Mobility Authority.

9. Toll & Traffic Operations Services

The Engineer should be knowledgeable in regard to revenue collection including; AVI processing and reconciliation, interoperability, back office processing, video billing, violation processing, enforcement, collections and call center operations.

The Engineer should be knowledgeable in the operations of Traffic Management Centers and ITS including incident detection and response, dispatch, tracking, incident clearance and reporting.

The Engineer should be knowledgeable of Traffic Management Centers and ITS systems and communication infrastructure including traffic detection, CCTV and DMS. Their ITS capability should include design, integration and testing.

The Engineer should also be capable of performing all standard traffic performance and capacity models including simulation models. They should be experienced in presenting results in both tabular and visual format to technical and lay audiences.

The Engineer should be capable of analyzing large amounts of data to look for trends, groupings, or other relationships between different types of data. The Engineer should also be capable of visualizing that data to support interpretation and decision-making.

10. CE&I Services

For smaller projects, the Engineer may provide complete CE&I services. For larger projects, the Engineer in coordination with Mobility Authority staff may procure, manage and monitor a third party who will be responsible for some or all of the CE&I services. The Engineer will be responsible for any coordination required between the CE&I contractor and the design contractor. The Engineer will be required to provide auditing capabilities to verify contractor compliance, as well as CE&I compliance with the applicable contractual requirements.

11. Renewal/Replacement Maintenance Support Services

The Engineer shall assist in a systematic management process to plan and budget for known cyclic repair and replacement requirements that extend the life and retain usable condition of facilities and systems that are not normally contained in the annual operating budget.

The Engineer shall be knowledgeable with the design of plans, specifications, competitive bidding and the required oversight to accomplish major maintenance projects.

12. Maintenance Oversight Services

The Engineer should be knowledgeable of maintenance operation support and oversight for all maintenance operations programs including but not limited to maintenance of roads, bridges and drainage systems, facility maintenance, vegetation management, emergency operations such as, snow and de-icing efforts.

The Engineer shall be knowledgeable with the design of plans, specifications, competitive bidding and the required oversight to accomplish routine maintenance.

13. Utility Coordination Services

The Engineer will provide a Utility Coordination Manager who will assist the Mobility Authority in the relocation of utilities required by construction of its projects and review of utility permits submitted by utility owners. Services may include identification of utilities to be relocated from existing records, procurement and oversight of SUE contractors, procurement and oversight of specialty utility design consultants and preparation and negotiation of utility agreements with affected utility owners.

14. ROW Services

The Engineer will provide a ROW Manager who will assist the Mobility Authority in the procurement of ROW services by a third-party contractor and will assist the Mobility Authority staff in the management, coordination with other project team members and the oversight of the ROW contractor. The Engineer may provide full ROW services on small or special projects. All ROW will be acquired and any relocations made according to TxDOT and FHWA standards.

15. Programmatic Services

The Engineer may provide programmatic services which include coordination, monitoring and providing input to the MPO and TxDOT planning activities including the UTP, TIP and other long-range planning including financial considerations and limitations.

16. Administrative Support Services

The Engineer may provide administrative support on an as need basis to the various departments of the Mobility Authority which consist of Engineering, Finance, Operations, ITS/Tolling, Communications, Legal and IT.

17. Asset Management Services

The Engineer may provide support services regarding inspecting, inventorying, and reporting on the condition and status of the Mobility Authority's assets as required by the Government Accounting Standards Board or the Mobility Authority's policy. The Engineer will be integrally involved in the

implementation, operation, and management of an asset management system, and provide recommendations and expertise to the Mobility Authority.

18. Contract/LGPP Support Services

The Engineer may provide support services regarding tracking and reporting the various requirements that the Mobility Authority is required to meet from agreements such as Bond Covenants, Loan Agreements and TxDOT LGPP requirements. The Engineer will provide services to ensure that reimbursement from other agencies is maintained at all times.

ATTACHMENT E

FEE SCHEDULE (Final Cost Proposal)

This attachment provides the basis of payment and fee schedule. **The basis of payment for this contract is indicated by an “X” in the applicable box.** The basis shall be supported by the Final Cost Proposal (FCP) included with each Work Authorization. If more than one basis of payment is used, each one must be supported by a separate FCP.

“X”	Basis	
<input checked="" type="checkbox"/>	Lump Sum	<p>The lump sum shall be equal to the maximum amount payable. The lump sum includes all direct and indirect costs and profit. For payment the Engineer is not required to provide evidence of actual hours worked, travel, overhead rates or other evidence of cost, but must submit billing information in a form acceptable to the Mobility Authority as required by Article 4 A & B including classifying work, partial or completed, according to the Table of Deliverables.</p> <p>The Mobility Authority will agree to pay Engineer, and the Engineer will agree to accept as full and sufficient compensation and reimbursement for the performance of all Services as set forth in this Contract and the Work Authorization, a Lump Sum amount for the specified category of services.</p> <p>The Lump Sum will include compensation for Engineer's services and services of subconsultants, if any. Appropriate amounts will be incorporated in the Lump Sum to account for labor, overhead, profit, and reimbursable expenses.</p> <p>The portion of the Lump Sum amount billed for Engineer's Services will be based upon Engineer's estimate, as approved by the Mobility Authority's Director of Engineering, of the proportion of the total Services completed during the billing period to the Lump Sum amount.</p>

<input checked="" type="checkbox"/>	<p>Unit Cost</p>	<p>The unit cost(s) for each type of unit and number of units are shown in the FCP. The unit cost includes all direct and indirect costs and profit. For payment, the Engineer is not required to provide evidence of actual hours worked, travel, overhead rates or any other cost data. The FCP may include special items, such as equipment which are not included in the unit costs. Documentation of these special costs may be required. The maximum amount payable equals the total of all units times their respective unit cost plus any special direct items shown.</p> <p>The Mobility Authority will agree to pay the Engineer, and the Engineer will agree to accept as full and sufficient compensation and reimbursement for the performance of all Services as set forth in this Contract and the Work Authorization, an agreed upon unit price multiplied by the number of units completed for each billing.</p> <p>Each invoice submitted shall identify the specific Contract task(s) and completed work product/deliverable for the agreed upon price outlined in the Work Authorization.</p>
<input checked="" type="checkbox"/>	<p>Specified Rate Basis</p>	<p>The specified rates for each type of labor are shown in the FCP below. The FCP may include special items, such as equipment which are not included in the specified rates. The specified rate includes direct labor and indirect cost and profit. The Mobility Authority may request documentation of reimbursable direct costs including hours worked. Documentation of special item costs may be required. The specified rate is not subject to audit. Revisions to the specified rates may be proposed no more frequently than once per calendar year, and no sooner than 12 months after the Effective Date and are subject to written approval of the Executive Director.</p> <p>The Mobility Authority will agree to pay the Engineer, and the Engineer will agree to accept as full and sufficient compensation and reimbursement for the performance of all Services as set forth in this Contract and the Work Authorization, an amount equal to the cumulative hours charged to the specific Project by each class of Engineer's employees multiplied by the Standard Hourly Rates for each applicable billing class for all Services performed on the specific Project, plus reimbursable expenses and sub consultant's charges, if any.</p>
<input checked="" type="checkbox"/>	<p>Cost Plus</p>	<p>The Mobility Authority will agree to pay, and the Engineer will agree to accept as full and sufficient compensation and reimbursement for the performance of all Services as set forth in this Contract and the Work Authorization, hourly rates for the staff working on the assignment computed as follows: <i>Direct Labor Cost x (1.0 + Overhead Rate) x (1.0 + 10 %, in decimal form).</i></p> <p>The invoice must itemize labor rates, hours worked, other direct costs and indirect costs. The Engineer may be required to provide documentation of hours worked and any eligible direct costs claimed. The provisional overhead rate charged is subject to audit and adjustment to actual rates incurred. The FCP below shows the hourly rates for labor, other direct expenses including but not limited to travel and allowable materials, and provisional overhead rate. Actual wages must be within the allowable range shown on the Final Cost Proposal.</p>

Without prior approval by the Executive Director, the Mobility Authority shall not reimburse the Engineer for expenses associated with relocating personnel to complete the services described by this Contract. Roadway tolls incurred by the Engineer or any of its subconsultants in connection with performance of the Services will not be reimbursable under this Contract. Reimbursement shall be limited to the terms of any financial assistance or Project agreements with TxDOT or other third parties. Travel expenses will be limited to the rates published by the Texas Comptroller of Public Accounts.

Engineer acknowledges that all expenses and costs paid or reimbursed by the Mobility Authority using federal or state funds shall be paid or reimbursed in accordance with, and subject to, applicable policies of the Mobility Authority and other applicable state and federal laws, including the applicable requirements of OMB Circular A-87, which may reduce the amount of expenses and costs reimbursed to less than what was incurred.

* The **AMOUNT PAYABLE** will be established by work authorizations authorized over the Contract Period

The amount payable is based on the following rate data shown below. Rates will be adjusted on an annual basis starting no sooner than 12 months following the Effective Date. Annual rate adjustments will be capped at a 5% per annual increase.

The overhead rate will be adjusted annually and effective upon approval by the Chief Financial Officer.

* The maximum amount payable must be based on the contract scope. The work authorization fee schedules will be derived from this attachment.

ATTACHMENT G

Form of Work Authorization

WORK AUTHORIZATION NO. _____

This Work Authorization is made as of this _____ day of _____, 202_, under the terms and conditions established in the **CONTRACT FOR PROFESSIONAL SERVICES**, dated as of _____, 2024 (the “Agreement”), between the **Central Texas Regional Mobility Authority** (the “Authority”) and **AtkinsRéalis USA, Inc.** (the “Contractor”). This Work Authorization is made for the following purpose, consistent with the services defined in the Agreement:

[Brief description of the Project elements to which this Work Authorization applies]

Section A. - Scope of Services

A.1. The Contractor shall perform the following Services:

[Enter description of the Scope of Services here for which this Work Authorization applies, or make reference to an attached Appendix]

A.2. The following Services are not included in this Work Authorization, but shall be provided as Additional Services if authorized or confirmed in writing by the Authority:

A.3. In conjunction with the performance of the foregoing Services, the Contractor shall provide the following submittals/deliverables (Documents) to the Authority:

Section B. - Schedule

The Contractor shall perform the Services and deliver the related Documents (if any) according to the following schedule:

Section C. - Compensation

C.1. In return for the performance of the foregoing obligations, the Authority shall pay to the Contractor the amount not to exceed \$ _____, based on the attached fee estimate. Compensation shall be in accordance with the Agreement.

C.2. Compensation for Additional Services (if any) shall be paid by the Authority to the Contractor according to the terms of a future Work Authorization.

Section E. Key Personnel

[Enter list of Key Personnel]

Section F. Authority’s Responsibilities

The Authority shall perform and/or provide the following in a timely manner so as not to delay the Services of the Contractor. Unless otherwise provided in this Work Authorization, the Authority shall bear all costs incident to compliance with the following:

Section G. - Other Provisions

The parties agree to the following provisions with respect to this specific Work Authorization:

Except to the extent expressly modified herein, all terms and conditions of the Agreement shall continue in full force and effect.

Authority: Central Texas Regional Mobility
Authority

ATTACHMENT I

Information Resources and Security Requirements

TYPES OF DATA

“Mobility Authority Data” means Mobility Authority information, data, records, and information to which the Engineer has access, has possession, or is otherwise provided to the Engineer by the Mobility Authority, whether or not intended under or for the purposes of the agreement, including, without limitation, data generated or collected under this agreement, intellectual property created as a work for hire under this agreement, and Personal Identifying Information (as defined below).

Mobility Authority Data is classified into the four categories that control applicability of security standards: Public, Sensitive, Confidential, and Regulated. See Section 4 for Definitions.

Any data that the Engineer accesses and downloads from a Mobility Authority system, for use, manipulation, storage, or management is considered Confidential Data unless otherwise specified in writing by the Executive Director.

DATA REQUIREMENTS

Data Transfer

At the completion of a deliverable, the Engineer shall transfer all Mobility Authority Data generated and stored for that deliverable to the Director of Engineering in a manner and format acceptable to the Director of Engineering.

All metadata associated with the Mobility Authority Data transferred must remain attached to that data.

The Engineer shall maintain the appropriate level of data security throughout the transfer of the Mobility Authority Data.

Backup and Disaster Recovery

The Engineer shall implement business continuity procedures to fulfill all requirements of this agreement that address, as a minimum, fire, theft, natural disaster, technical difficulty, workforce problems equipment failure, or other disruption of business.

The Engineer shall maintain a disaster recovery plan. The Engineer is responsible for all project related costs of disaster recovery during the project except for costs associated with disasters beyond the Engineer’s reasonable control, and for those costs included as part of the Mobility Authority infrastructure responsibilities.

Open Records Requests

The Engineer shall not release Information in response to an open record request related to this agreement request unless the Executive Director has approved the release in writing.

INFORMATION RESOURCE AND SECURITY REQUIREMENTS

Information Security Safeguards

Contractor shall implement appropriate administrative, physical, and technical safeguards, in accordance with good industry practice, that reasonably and appropriately protects the confidentiality, integrity, and availability of Mobility Authority Data.

Potential Cybersecurity Incident or Breach Notification

The Engineer shall immediately report to the Mobility Authority any potential cybersecurity incident or breach involving Mobility Authority Data (See Section 4, Definitions).

Demonstrating Compliance with Information Security Requirements

Prior to contract award, at renewal, on a recurring basis as documented in the contract, upon reasonable notice to the Engineer, and if the Executive Directory determines that the Engineer has violated this agreement, the Executive Director, directly or through its agent, may request an attestation and evidence that the Engineer is in compliance with applicable laws, regulations, and standards outlined in 3.4.

Information Resources Technology

Any proposed information resources technology that will be installed on any Mobility Authority-owned equipment or that will access any Mobility Authority network must be reviewed and approved by the Executive Director prior to any development, design, delivery, or implementation.

Prohibition on Certain Telecommunications and Video Surveillance Services or Equipment

In accordance with 2 CFR §§ 200.216 and 200.471, Contractor shall not provide services, equipment, or systems for telecommunications or video surveillance that (a) are provided or manufactured by or (b) have components provided or manufactured by any of the following business entities:

- Huawei Technologies Company
- ZTE Corporation
- Hyatera Communications Corporation
- Hangzhou Hikvision Digital Technology Company
- Dahua Technology Company
- Any subsidiary or affiliate of an entity listed above

DEFINED TERMS

“Breach” means “breach of system security” as defined in Section 521.053(a) of the Texas Business and Commerce Code, which defines breach of system security as “the unauthorized acquisition of computerized data that compromises the security, confidentiality, or integrity of sensitive personal information maintained by a person, including data that is encrypted if the person accessing the data has the key required to decrypt the data.”

“Confidential Information” has the meaning provided in 1 Texas Administrative Code § 202.1(5), which states the confidential information means “information that must be protected from unauthorized disclosure or public release based on published laws or legal agreements.” Information that is Confidential Information under this definition includes:

- Dates of birth of living persons
- Driver’s license numbers
- License plate numbers
- Credit card numbers
- Insurance policy numbers
- Attorney-Client communications
- Drafts of policymaking documents
- Information related to pending litigation
- Audit working papers
- Competitive bidding information before contract awarded.

Personal Identifiable Information

Sensitive Personal Information

Regulated data

Information excepted from disclosure requirements of Chapter 552 of the Texas Government Code ("Texas Public Information Act") or other applicable state or federal law

Compliance reports for which the Texas Attorney General has granted permission to withhold

Investigative working papers and draft reports excepted from disclosure under Section 552.116 of the Texas Government Code

"Data" means the representation of facts; as the raw material of information that is used as a basis for reasoning, decision-making, discussion, or calculation.

"Information" means data, regardless of form, that is created, contained in, or processed by information resources facilities, communications networks, or storage media.

"Information Resources Technology" means data processing and telecommunications hardware, software, services, supplies personnel, facility resources, maintenance and training that are employed, designed, built, operated, and maintained to collect, record, process, store, retrieve, display, and transmit information.

"Personal Identifying Information" means information that alone or in conjunction with other information identifies an individual, including an individual's:

Name, social security number, date of birth, or government-issued identification number;

Mother's maiden name;

Unique biometric data, including the individual's fingerprint, voice print, and retina or iris image; and

Unique electronic identification number, address, or routing code.

"Potential Cybersecurity Incident" means an event which may result in the accidental or deliberate unauthorized access, loss, disclosure, modification, disruption, or destruction of information or information resources.

"Regulated Data" means information for which the use and protection of is dictated by a state or federal agency or by third party agreements.

"Sensitive Personal Information" has the meaning provided by Section 521.002(2) of the Texas Government Code, which defines sensitive personal information as:

An individual's first name or first initial and last name in combination with any one or more of the following items, if the name and item are not encrypted:

Social Security Number

Driver's license number or government-issued identification number; or

Account number or credit or debit card number in combination with any required security code, access code, or password that would permit access to an individual's financial account;
or

Information that identifies an individual and relates to:

The physical or mental health or condition of the individual;

The provision of health care to the individual; or

Payment for the provision of health care to the individual.

**GENERAL MEETING OF THE BOARD OF DIRECTORS
OF THE
CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY**

RESOLUTION NO. 24-071

AUTHORIZING THE EXECUTIVE DIRECTOR TO HIRE OUTSIDE COUNSEL

WHEREAS, by Resolution No. 20-063 dated September 30, 2020, the Central Texas Regional Mobility Authority (Mobility Authority) Board of Directors (Board) awarded a contract to The Lane Construction Corporation for construction of the 183A Phase III Project; and

WHEREAS, by Resolution No. 21-011 dated February 24, 2021, the Board approved a contract with Great Hills Constructors, a joint venture between Archer Western Construction, LLC and Sundt Construction Inc., for the design and construction of the 183 North Mobility Project; and

WHEREAS, based on reports by the Mobility Authority's construction oversight team, both projects are currently tracking behind schedule; and

WHEREAS, in order to be prepared in the event that claims or other legal issues arise on either of these projects, the Executive Director has negotiated a proposed contract for legal services with Carrington, Coleman, Slothman & Blumenthal LLP which is attached hereto as Exhibit A; and

WHEREAS, the Executive Director requests that the Board approve the contract with Carrington, Coleman, Slothman & Blumenthal LLP and authorize him to spend up to \$500,000 for legal services associated with the 183A Phase III Project and/or the 183 North Project.

NOW, THEREFORE, BE IT RESOLVED that the Board hereby approves the contract with Carrington, Coleman, Slothman & Blumenthal LLP for legal services associated with the 183A Phase III Project and/or the 183 North Project in the form or substantially the same form attached hereto as Exhibit A; and

BE IT FURTHER RESOLVED, that the Executive Director is hereby authorized to spend up to \$500,000 for legal services associated with the 183A Phase III Project and/or the 183 North Project.

Adopted by the Board of Directors of the Central Texas Regional Mobility Authority on the 30th day of October 2024.

Submitted and reviewed by:

James M. Bass
Executive Director

Approved:

Robert W. Jenkins, Jr.
Chairman, Board of Directors

Exhibit A

CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY

LEGAL SERVICES CONTRACT

This Legal Services Contract (this "Contract") by and between Central Texas Regional Mobility Authority, whose address is 3300 North IH-35, Suite 300, Austin, Texas 78705 ("CTRMA") and Carrington Coleman, Sloman & Blumenthal LLP whose address is 901 Main Street, suite 5500, Dallas, Texas 75202 (the "Firm") is entered into as of May 16, 2022 (the "Effective Date"). CTRMA and the Firm may also individually be referred to herein as a "Party" and collectively, as the "Parties."

RECITALS

WHEREAS, CTRMA is a regional mobility authority under Chapter 370 of the Texas Transportation Code ("Act") and is authorized to enter into agreements necessary or incidental to its duties and powers; and

WHEREAS, to carry out its duties and powers under the Act, CTRMA requires the legal services described in this Contract;

NOW, THEREFORE, in consideration of the payments and mutual promises hereinafter stipulated, the receipt and sufficiency of which are hereby acknowledged, the Parties do hereby agree as follows:

1. **Legal Services.**

A. **Scope of Services.** The Firm shall provide legal services ("Services"), which may include without limitation both litigation and transactional work, as requested by CTRMA, on matters relating to CTRMA's 183A Phase III Project and/or 183 North Project. All Services shall be of the highest quality and performed in compliance with The Texas Lawyer's Creed.

B. **Assignment of Specific Tasks.** Upon oral or written directive from CTRMA, the Firm will commence work on specific tasks within the scope of services described above, including preparation of a budget (if requested) and identification of legal issues and defenses for such task in accordance with Section 3 hereof. The Firm will update its assessment of legal issues and defenses if there is a material change during the course of the Firm's work on the matter or upon request of CTRMA.

C. **Litigation Practices.** No appeals of any case may be taken without the written approval of CTRMA's General Counsel. The Firm shall not add or remove parties from a matter without the prior approval of CTRMA's General Counsel. Except for formal discovery, no information or photocopies should be released from CTRMA files to any litigant or other third party without a subpoena or court order from a court of competent jurisdiction. Opportunities for settlement or for alternative dispute resolution must be identified early in the litigation and promptly and fully communicated to CTRMA's General Counsel. The Firm must clearly communicate to any mediator and all other parties to a proposed settlement that settlements are contingent upon and may not be publicized prior to approval by CTRMA's Board of Directors.

D. Defensive Litigation Matters. The Firm will notify CTRMA's General Counsel immediately of any claims, counterclaims, or litigation against CTRMA in connection with cases or matters the Firm is handling. The Firm is not authorized and must never accept service on behalf of CTRMA unless expressly authorized to do so in writing by CTRMA's General Counsel.

E. Modifying the Engagement. Neither the Firm nor CTRMA may unilaterally change or expand this Contract. If the Firm determines that the scope of the Contract needs to be changed, the Firm must notify CTRMA's General Counsel and submit an amended proposal for written approval of the amended scope, which, if approved, may result in other adjustments to the Contract. No work should be done on an expanded engagement unless the amended proposal has been approved by CTRMA in writing. The Firm agrees that CTRMA may withhold payment for additional work performed without advance approval by CTRMA's General Counsel.

2. **Compensation.**

A. Rates. The maximum hourly rates that the Firm will charge CTRMA for Services performed pursuant to this Contract are set forth on Exhibit A attached hereto and made a part hereof for all purposes. At Firm's request, these rates may be increased by up to 5% annually, typically at the beginning of each calendar year. The Firm will notify CTRMA before any changes take effect. For clarification, CTRMA shall not pay secretarial costs, overtime costs, or other costs for administrative or support staff for the Firm

B. Billing Guidelines. For hourly billing, the Firm must:

- o bill by 1/10 of an hour;
- o itemize time entries by each task;
- o charge only actual costs of document management, copies, faxes, and delivery/courier charges;
- o for all travel and expense reimbursement follow CTRMA's requirements for Business Travel and Expenses set forth in Exhibit B attached hereto and made a part hereof for all purposes;
- o meals and food charges other than food service at business meetings shall not be reimbursable;
- o obtain authorization for more than one lawyer to attend a witness interview, deposition, hearing, mediation, conference call, or meeting;
- o not bill CTRMA for electronic legal research resources (i.e., Lexis, Westlaw, or Bloomberg Law);
- o use or employ expert witnesses or outside consultants only after written approval of CTRMA's General Counsel;
- o obtain pre-approval in writing from CTRMA's General Counsel of outside expenditures greater than \$5,000;
- o not bill CTRMA for opening/updating/closing files;
- o not bill CTRMA for clerical tasks (e.g., collating or stapling documents);
- o submit invoices and update status of assigned matters using an electronic format acceptable to CTRMA;
- o submit monthly invoices no later than the 10th day of the month after the end of the billing period;
- o use courier services only when necessary; and
- o keep to a minimum any fees for communications between attorneys within the firm.

Invoices not prepared in accordance with these guidelines may be returned to the Firm without being processed for payment. Billing procedures for alternative fee arrangements shall be separately established.

C. Invoice Review. CTRMA reviews and approves legal services and disbursements on invoices when submitted by the Firm. If CTRMA objects to or requires additional information concerning the invoiced amounts, CTRMA may withhold the questioned amounts, and CTRMA will notify the Firm in writing regarding such objections or request for additional information. The Firm is requested to respond to such notice within 30 days of receipt. Failure by the Firm to provide adequate and timely support for the questioned amounts will result in denial of such charges. After CTRMA reviews the Firm's support for the questioned items, the Firm will receive payment for approved amounts or CTRMA will provide a written reason for the continued non-payment.

D. Audit Rights. The Firm will make available to CTRMA for review, copying, and auditing for the duration of the Firm's work on a specific matter, and for three years after completion of its work on such matter, any and all books and records as may be necessary for CTRMA or its representatives to determine compliance with this Section 2. The Firm's obligations under this subsection shall survive the termination or expiration of this Contract.

3. **Management of Legal Matters.**

A. Communications. All communication regarding any matter handled by the Firm must be directed to CTRMA's General Counsel, unless otherwise directed in writing. CTRMA's General Counsel must be copied on material written communications between Firm and all other parties to the matter, whether adverse or not. The Firm must take care to protect the attorney/client and work product privileges. Accordingly, all memoranda and opinions submitted to CTRMA should contain conspicuous notice that the writing is protected under the applicable privileges.

The Firm shall not discuss any matter handled by the Firm or share information about CTRMA obtained through its work for CTRMA with third parties without express written authorization from CTRMA. The Firm will refer all media inquiries concerning CTRMA to CTRMA's General Counsel. The Firm's obligations under this subsection shall survive the termination or expiration of this Contract.

B. Budgets. If CTRMA requires a budget for an assigned matter, the Firm shall update such budget whenever there is a material change to the budget or at CTRMA's request and, in any event, no less than annually.

C. Compliance with Applicable Law. The Firm is expected to assist CTRMA in complying with all applicable laws and regulations related to a specific legal matter on which the Firm is working.

4. **Insurance**. The Firm will, at its own cost and expense, obtain insurance coverage in the amounts specified in Exhibit C attached hereto and made a part hereof for all purposes. The Firm agrees that it will maintain any and all required insurance in full force and effect while performing any Services for CTRMA. Prior to beginning its performance of the Services, the Firm will furnish

certificates of insurance in a form acceptable to CTRMA and evidencing compliance with the requirements of this Section 4.

5. **Termination.** Either Party may terminate this agreement upon written notice to the other Party at the address set forth in Section 9, below. Upon termination, the Firm shall (a) cease all representation of CTRMA, (b) take appropriate action or advise CTRMA's General Counsel of any action needed to be taken to protect any interest of CTRMA, and (c) withdraw from the matter as required by law. All files, materials, work product, and attorney-client matters will be returned to CTRMA. The Firm may keep copies of legal materials it deems necessary. The Firm will cooperate with the transfer of all matters to CTRMA's General Counsel or another law firm at no cost to CTRMA. The Firm's obligations under this Section 5 shall survive the termination or expiration of this Contract.

6. **Conflicts of Interest.** The Firm represents to CTRMA, as of the Effective Date and throughout the duration of any Services provided hereunder, that it, and each of its employees: (a) has no financial or other beneficial interest in any contractor, engineer, consultant, product, or service evaluated or recommended by the Firm, except as expressly disclosed in writing to CTRMA, (b) will discharge its responsibilities under this Contract professionally, impartially, and independently, and after considering all relevant information related thereto, and (c) is under no contractual or other restriction or obligation, the compliance with which is inconsistent with the execution of this Contract or the performance of its obligations hereunder. Conflicts of interest may only be waived in writing by CTRMA's General Counsel.

7. **Open Records.** The Firm acknowledges that although attorney-client communications are expected to be kept confidential and may be protected from disclosure, this Contract and the Firm's work product under this Contract may be subject to disclosure under the Texas Public Information Act (Texas Government Code Chapter 552).

8. **Representations and Warranties**

A. Firm represents, warrants, and covenants to CTRMA that (a) its signatory to this Contract has the full right, power, capacity, and legal authority to enter into and bind the Firm; (b) Firm has the full right, power, capacity, and legal authority to fully perform all obligations required of it under this Contract in accordance with its terms; (c) the execution, delivery, and performance of this Contract has been duly authorized by the Firm and does not and will not violate or cause a breach of any other agreement or obligation to which it is a party or by which it is bound; and (d) no approval or other action by any third party is required in connection herewith.

B. Firm represents, warrants, and covenants that (i) it does not, and will not during the Term, boycott Israel in violation of Texas Government Code, Chapter 2271 and (ii) it is not identified on any list of scrutinized companies or companies known to have interactions with a foreign terrorist organization as described in Texas Government Code, Chapter 2252, Subchapter F, and (iii) it does not, and will not during the Term, have a practice, policy, guidance, or directive that discriminates against a firearm entity or firearm trade association in violation of Texas Government Code, Chapter 2274.

C. Upon CTRMA's request, Firm will timely furnish CTRMA's General Counsel with satisfactory proof of its compliance with these warranties, covenants, and representations.

9. **Miscellaneous.**

A. **Notice.** All notices required to be given hereunder must be in writing and must be sent by certified mail, return receipt requested, hand delivered, or via reputable overnight air courier, addressed as follows:

a) If to CTRMA:

Central Texas Regional Mobility Authority
Attn: General Counsel
3300 North IH-35, Suite 300
Austin, Texas 78705

b) If to the Firm:

Carrington, Coleman, Sloman & Blumenthal LLP
Attn: Cathy Altman
901 Main Street, Suite 5500
Dallas, Texas 75202

or to such other address as either Party may provide in writing pursuant to the requirements of this subsection. All written notices, demands, and other papers or documents served upon CTRMA or the Firm will be deemed served or delivered for all purposes either (a) three days following the U.S. Postal Service's postmarked date if mailed, registered or certified mail and return receipt requested, or (b) immediately upon actual delivery or refusal of delivery if transmitted by courier or overnight delivery service.

B. **Assignment.** The Firm has no right or authority to assign its rights and/or obligations or to delegate its duties under this Contract without CTRMA's prior written approval, and such approval may be granted or withheld at CTRMA's sole discretion. Any attempted assignment or delegation without such approval will be void and constitute a material breach of this Contract. This Contract and all of the terms and provisions hereof will be binding upon, and will inure to the benefit of, the Parties and their respective successors and approved assigns. Notwithstanding anything to the contrary in this subsection, the Firm may not, under any circumstance, subcontract out any Services it has been engaged to perform hereunder. For clarity, the Firm may subcontract other miscellaneous, non-legal tasks such as document management, photocopying, courier services, or court reporter services.

C. **Waiver.** The failure of either Party to object to or to take affirmative action with respect to any conduct of the other Party that is in violation of the terms hereof will not be construed as a waiver thereof, nor of any subsequent breach or wrongful conduct. The rights and remedies set forth herein are intended to be cumulative, and the exercise of any right or remedy by either Party will not preclude or waive its exercise of any other rights or remedies hereunder or pursuant to law or equity.

D. **Governing Law; Venue.** This Contract will be governed and construed in accordance with the laws of the State of Texas, without regard to its conflict of laws rules. The Parties acknowledge that venue is proper in Travis County, Texas, for all disputes arising hereunder and waive the right to sue or be sued elsewhere.

E. Attorney's Fees. Attorney's fees are recoverable in an action to enforce this Contract.

F. Counterparts. This Contract may be executed in two or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

[Signature page follows.]

IN WITNESS WHEREOF, the Parties have executed this Contract effective on the date and year first written above.

EXHIBIT B

BUSINESS TRAVEL AND EXPENSES

It is the policy of the CTRMA to reimburse reasonable business travel expenses. All business travel must be approved in advance by the General Counsel. When approved, the actual costs of travel, lodging and other expenses (excluding meals) directly related to accomplishing business travel objectives will be reimbursed by the CTRMA. The Firm should always ensure that expenses are limited to reasonable amounts, and that the CTRMA receives good value in return.

Travel expenses should be itemized on the Firm's monthly invoice. The monthly invoice must be accompanied by receipts for each expense, and must be submitted within 60 days of the completion of the business travel. Any items over the 60 days will be denied reimbursement.

The CTRMA will not reimburse travel expenses incurred by a spouse or other individual accompanying a consultant on business.

Sales tax on goods purchased will not be reimbursed. Sales tax for food service and hotel stays are the only sales taxes that will be reimbursed. Please request a sales tax exemption form from the General Counsel before purchasing goods.

The Firm shall be responsible for repayment of inappropriately reimbursed expenses whenever an audit or subsequent review of the travel expense reimbursement documentation finds that such expenses were reimbursed contrary to these guidelines.

The following are reimbursement guidelines for business travel:

- **Transportation Services**

- Air travel arrangements should be made as far in advance as possible and should represent the lowest available fare in coach or economy class. Last minute flights (reservations made within two weeks of event) must be approved prior to purchase by the General Counsel.
- Reasonable fares for shuttle service, bus service, van pool, taxi service or other public transportation will be reimbursed.
- Car rental fees (a compact or mid-size vehicle for one person; a full-size vehicle for two or more persons) will only be reimbursed if approved in advance by the General Counsel.
- When renting vehicles, consultants should elect loss damage waiver insurance coverage.
- Gasoline should be refilled in any rental vehicle prior to returning it at the conclusion of business travel.

- **Lodging**

- Accommodations in approved hotels or motels will be reimbursed, using the GSA rate as a guideline. Exceptions to the GSA rate will require an explanation such as:
- (1) when the cost of the hotel would reduce total travel costs, such as eliminating the need for a rental car; (2) when the cost of the hotel is a conference rate; (3) when time constraints associated with business meetings require lodging at a closer hotel.

- **Food Service at Business Meetings**
 - Food service at business meetings required for the performance of CTRMA business (such as workshops, strategy sessions, and other official business as determined by the General Counsel) will be reimbursed.
 - The Firm's monthly invoice should include: purpose of the meeting; time and location of the meeting; and names of principal attendees.

- **Mileage Reimbursement**
 - Use of a personal vehicle on CTRMA business will be reimbursed using the current Internal Revenue Service rate. The Firm's monthly invoice should include: purpose of the travel; points of travel; dates of travel; and miles eligible for reimbursement.
 - If a personal vehicle is used, the maximum reimbursement will be at the lower of the IRS rate times the number of miles driven, or the lowest quoted airfare at the time of travel for overnight stay.

- **Other Business/Travel Expenses**
 - Parking and toll fees will be reimbursed, with receipts.
 - Other minor expenditures should have a receipt and justification.
 - There will be no reimbursement for any of the following: parking or traffic violations; entertainment, including in-hotel movies; and alcoholic beverages of any kind. In addition, there will be no reimbursement of sales tax incurred on the purchase of goods. Instead, consultants who are authorized to purchase approved goods on behalf of the CTRMA should use a tax-exempt form, available from the General Counsel.
 - Cancellation fees associated with business travel will be reimbursed only if it is in the best interest of the CTRMA.
 - Incremental expenses for any non-consultant companion traveling with the consultant will not be reimbursed by the CTRMA.

If a consultant is involved in a motor vehicle or other accident, or if a consultant sustains an injury while traveling on business, the Firm must promptly report the incident to the General Counsel. If a vehicle owned, leased or rented by the CTRMA is involved in an accident, causes any injury or damage, or incurs any damage, the Firm must promptly report the incident to the General Counsel. Vehicles owned, leased or rented by the CTRMA may not be used for personal business.

If a consultant needs guidance or assistance with any procedures related to business travel, travel arrangements, expense reports, or reimbursement for any specific expense, then the consultant should check with the General Counsel.

Consultants are reminded to ensure that travel records, expense reports and receipts are accurate and complete. Falsification of any records, including but not limited to expense reports; or falsification or alteration of any documentation, such as receipts, may lead to corrective action, up to and including termination of the Contract.

EXHIBIT C

INSURANCE REQUIREMENTS

[See attached.]

INSURANCE REQUIREMENTS

Prior to beginning the Services described in this Contract, the Firm shall obtain and furnish certificates to the CTRMA for the following minimum amounts of insurance:

a. **WORKERS' COMPENSATION INSURANCE.** In accordance with the laws of the State of Texas covering all of Contractor's employees and employer's liability coverage with a limit of not less than \$1,000,000. A "Waiver of Subrogation" in favor of the CTRMA shall be provided.

b. **COMMERCIAL GENERAL LIABILITY INSURANCE.** On an "occurrence basis" with limit a limit of not less than \$1,000,000 combined single limit per occurrence for bodily injury, including those resulting in death; and property damage on an "occurrence basis" with an aggregate limit of not less than \$2,000,000. A "Waiver of Subrogation" in favor of the CTRMA shall be provided.

c. **BUSINESS AUTOMOBILE LIABILITY INSURANCE.** Applying to owned, non-owned, and hired automobiles in an amount not less than \$1,000,000 for bodily injury, including death, to anyone person, and for property damage on account of anyone occurrence. The policy shall insure any vehicle used in connection with the Contractor's obligations under this Contract. A "Waiver of Subrogation" in favor of the CTRMA shall be provided.

d. **PROFESSIONAL LIABILITY INSURANCE.** With minimum limits of not less than \$10,000,000 per claim and \$20,000,000 annual aggregate covering the Services being performed under this Contract.

e. **EXCESS UMBRELLA LIABILITY.** With minimum limits of \$6,000,000 per claim and in the aggregate, annually, as applicable excess of the underlying policies required at a. - c. above. The Umbrella Policy shall contain the provision that it will continue in force as an underlying insurance in the event of exhaustion of underlying aggregate policy limits.

f. **GENERAL FOR ALL INSURANCE.** The Firm shall promptly, upon execution of this Contract, furnish certificates of insurance to the CTRMA indicating compliance with the above requirements. Certificates shall indicate the name of the insured, the name of the insurance company, the name of the agency/agent, the policy number, the term of coverage, and the limits of coverage

All policies are to be written through companies (a) registered to do business in the State of Texas; (b) rated by A. M. Best Company as "A -" or better (or the equivalent rating by another nationally recognized rating service); and (c) otherwise acceptable to the CTRMA. Such insurance shall be maintained in full force and effect during the life of this Contract or for a longer term as may be otherwise provided for hereunder. Insurance furnished under subsections b., c., d., e. and f. above, shall name the CTRMA as additional insureds and shall protect the CTRMA, the Firm, their officers, employees, directors, agents, and representatives from claims for damages for bodily injury and death and for damages to property arising in any manner from the negligent or willful wrongful acts or failures to act by the Firm, its officers, employees, directors, agents, and representatives in the performance of the Services rendered under this Contract.

The insurance carrier shall include in each of the insurance policies required under subsections a., b., c., d., e., and f. the following statement: "This policy will not be canceled or non-renewed during the period of coverage without at least thirty (30) days prior written notice addressed to the Central Texas Regional Mobility Authority, 3300 N. IH 35, Suite 300, Austin, TX 78705, Attention: General Counsel."

**GENERAL MEETING OF THE BOARD OF DIRECTORS
OF THE
CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY**

RESOLUTION NO. 24-072

**APPROVING A PROJECT DEVELOPMENT AGREEMENT
WITH THE TEXAS DEPARTMENT OF TRANSPORTATION FOR THE
US 183A GENERAL PURPOSE LANE PROJECT**

WHEREAS, the Mobility Authority operates pursuant to Chapter 370 of the Texas Transportation Code (the "RMA Act") and 43 TEX. ADMIN. CODE (TAC) § 26.11 *et seq.* (the "RMA Rules"), as well as its own policies and procedures; and

WHEREAS, the Mobility Authority is charged with funding and developing transportation projects throughout the Central Texas region to provide innovative transportation solutions, promote economic development, and improve the quality of life for residents of the region; and

WHEREAS, in pursuit of its mission, the Mobility Authority developed and operates a system of toll roads that currently includes the 183A Toll, 290 Toll, 183 Toll, 71 Toll Lane, 45SW Toll and 183N (the "CTRMA System"). The CTRMA System will also include any future project for which the Authority has operational responsibility and is designated as part of the CTRMA System by official action of the Authority's Board of Directors (Board); and

WHEREAS, the Mobility Authority owns and operates an 11-mile toll facility from RM 620 through Cedar Park and Leander consisting of tolled lanes from RM 620 to Hero Way and non-tolled frontage roads from RM 1431 to Bryson Ridge Trail ("183A Toll"); and

WHEREAS, the Texas Department of Transportation (TxDOT) plans to design, construct, operate and maintain two frontage road through lanes adjacent to 183A Toll from Avery Ranch Blvd to RM 1431 on Mobility Authority-owned property, and to take over operation and maintenance of the existing 183A Toll frontage lanes and signals from RM 1431 to Bryson Ridge Trail, with the entire frontage road system redesignated as US 183 (the "US 183 General Purpose Lane Project"); and

WHEREAS, the Executive Director has negotiated a proposed project development agreement (Project Development Agreement) with TxDOT to establish each agency's rights and obligations with respect to the development, operation and maintenance of the US 183 General Purpose Lane Project which is attached hereto as Exhibit A; and

WHEREAS, TxDOT is authorized to enter into the Project Development Agreement pursuant to Transportation Code, Sections 201.103 and 222.052; and the Mobility Authority is authorized to enter into the Project Development Agreement pursuant to Transportation Code, Sections 370.033 and 370.172; and

WHEREAS, the Board hereby finds and determines that the execution and delivery of the Project Development Agreement and the use of the US 183 General Purpose Lane Project by TxDOT as

contemplated by and in accordance with the Project Development Agreement will not materially and adversely affect the operation of the CTRMA System or the ability of the Mobility Authority to comply with its outstanding debt agreements and covenants; and

WHEREAS, the Project Development Agreement has been provided to and reviewed by the United States Department of Transportation (USDOT), as lender pursuant to certain outstanding TIFIA loan agreements between USDOT and the Mobility Authority, and USDOT has no objection to the execution and delivery of the Project Development Agreement; and

WHEREAS, the Executive Director recommends that the Board approve the Project Development Agreement with TxDOT for the US 183 General Purpose Lane Project in the form or substantially the same form attached hereto as Exhibit A.

NOW THEREFORE, BE IT RESOLVED, that the Board hereby approves the Project Development Agreement with TxDOT for the US 183 General Purpose Lane Project; and

BE IT FURTHER RESOLVED that the execution and delivery of the Project Development Agreement and the use of the US 183 General Purpose Lane Project by TxDOT as contemplated by and in accordance with the Project Development Agreement will not materially and adversely affect the operation of the CTRMA System or the ability of the Mobility Authority to comply with its outstanding debt agreements and covenants; and

BE IT FURTHER RESOLVED that the Executive Director is hereby authorized to finalize and execute the Project Development Agreement with TxDOT for the US 183 General Purpose Lane Project on behalf of the Mobility Authority in the form or substantially the same form attached hereto as Exhibit A.

Adopted by the Board of Directors of the Central Texas Regional Mobility Authority on the 30th day of October 2024.

**US 183 GENERAL PURPOSE LANE PROJECT
PROJECT DEVELOPMENT AGREEMENT FOR DESIGN, CONSTRUCTION,
OPERATION, AND MAINTENANCE**

THIS AGREEMENT, by and between the **TEXAS DEPARTMENT OF TRANSPORTATION**, an agency of the State of Texas, as authorized by the Texas Transportation Commission, hereinafter identified as “TxDOT,” and the **CENTRAL TEXAS REGIONAL MOBILITY AUTHORITY**, a political subdivision of the State of Texas, hereinafter identified as the “Authority” (each a “Party” and jointly referred to as the “Parties”), is executed to be effective this day of _____, 2024 (the “Effective Date”).

WITNESSETH

WHEREAS, TxDOT may enter into an agreement with a local government for the design, construction, and operation of a highway on the state highway system pursuant to Transportation Code, Section 201.103 and Transportation Code 222.052; and

WHEREAS, Transportation Code, Section 370.033 and 370.172 authorize the Authority to enter into an agreement with TxDOT; and

WHEREAS, the Authority operates pursuant to Chapter 370 of the Texas Transportation Code (the “RMA Act”) and 43 TEX. ADMIN. CODE (TAC) § 26.11 *et seq.* (the “RMA Rules”), as well as its own policies and procedures; and

WHEREAS, the Authority is charged with funding and developing transportation projects throughout the Central Texas region to provide innovative transportation solutions, promote economic development, and improve the quality of life for residents of the region; and

WHEREAS, in pursuit of its mission, the Authority developed and operates a system of toll roads that currently includes the 183A Toll, 290 Toll, 183 Toll, 71 Toll Lane, 45SW Toll and 183N (the “CTRMA System”). The CTRMA System will also include any future project for which the Authority has operational responsibility and is designated as part of the CTRMA System by official action of the Authority’s Board of Directors ; and

WHEREAS, the Authority owns and operates an 11-mile toll facility from RM 620 through Cedar Park and Leander consisting of tolled lanes from RM 620 to Hero Way and non-tolled frontage roads from RM 1431 to Bryson Ridge Trail (“183A Toll”); and

WHEREAS, TxDOT plans to design, construct, operate and maintain two general purpose through lanes adjacent to 183A Toll from Avery Ranch Blvd to RM 1431 on Authority-owned property, and to take over operation and maintenance of the existing 183A Toll frontage lanes and signals from RM 1431 to Bryson Ridge Trail, with the entire frontage road system redesignated as US 183 (the “Project”) as shown in Exhibit A; and

WHEREAS, the Authority and TxDOT are entering into this Agreement to designate the roles and responsibilities of the Parties for development, operation and maintenance of the Project, . -

A G R E E M E N T

NOW, THEREFORE, in consideration of these premises and of the mutual covenants and agreements of the Parties hereto to be by them respectively kept and performed as hereinafter set forth, TxDOT and the Authority agree as follows:

- 1. Incorporation of Recitals.** The foregoing recitals are incorporated in this Agreement as if the same had been set forth in this Agreement in their entirety.
- 2. Performance of Obligations.** TxDOT acknowledges and fully accepts responsibility for the design, construction, operation and maintenance of the Project, including all preliminary engineering, final design, environmental studies, and other required activities. TxDOT may subcontract to third parties all or part of the design, construction, maintenance, and/or operation of the Project; however, TxDOT shall retain ultimate responsibility for the obligations, responsibilities, and liabilities assumed in this Agreement. The Authority has no obligations with respect to the Project except as expressly set forth herein. The Authority may conduct any and all oversight activities it deems necessary in connection with the performance of its responsibilities under this Agreement.
- 3. Acquisition of Right-of-Way; Lane Assignment.** While the majority of the Project will be located within right-of-way currently owned by the Authority, TxDOT shall be responsible for acquiring any additional right-of-way necessary for the construction, operation and maintenance of the Project. No acquisition of additional right-of-way is anticipated.

During such time that TxDOT or any contractor working on TxDOT's behalf is designing, developing, constructing, operating, or maintaining the Project, TxDOT shall have, and the Authority hereby grants to TxDOT, a license and right of entry and possession on, over, and under the Authority property depicted on Exhibit A (the "Property") as necessary to enable TxDOT to cause the Project to be constructed, maintained, and operated (such grant of a license and right of entry and possession constituting and being referred to herein as the "Lane Assignment"). The Lane Assignment shall be deemed granted upon the Effective Date of this Agreement and shall remain in effect for so long as TxDOT has the right or obligation to construct, maintain, or operate the Project. In the event a third-party requests evidence of authorization for TxDOT to use the Property pursuant to this Agreement, the Authority agrees to execute a license, right-of-entry, easement, or other document in a form reasonably acceptable to TxDOT and the Authority, and which evidences the rights granted herein.

With respect to all Property to which TxDOT is granted use and access hereunder for design, construction, operation, and maintenance purposes, TxDOT acknowledges that it enters the Property "AS IS" with all faults, including but not limited to any and all pollutants, asbestos,

underground storage tanks and/or any other hazardous materials, and that the Authority has not made any representations or warranties as to the condition of the Property. TxDOT acknowledges and agrees that it has fully exercised the right to inspect the Property for any defects as to its suitability for the purpose to which TxDOT intends to put it. This Agreement is subject to all covenants, easements, reservations, restrictions and other matters applicable to the Property, and TxDOT's use of the Property is subject to rights, if any, of any other persons or entities, including utilities authorized to be on or in the Property.

- 4. Control of Access.** Notwithstanding anything else in this Agreement, and without otherwise limiting the rights of TxDOT to access and utilize the Property for the purposes described in Section 3 above, the Authority shall maintain ownership of its existing right-of-way and control of access points to 183A Toll. The Authority will retain its permitting authority in granting new access requests to the US 183 general purpose lanes within the Project limits. The Authority shall review access requests to the 183A Toll corridor and determine if access should be granted, any conditions or requirements for granting access, and costs to be borne by the party requesting access. If such access impacts the maintenance and operations of the Project, the Authority shall coordinate with TxDOT to mitigate the impacts prior to the Authority's approval of any request for access. The Authority shall be under no obligation to grant access requests which it determines, in its sole discretion, have adverse effects or potential adverse effects on the current or future operations or revenues of the CTRMA System.
- 5. Compensation for Lost Revenues and Damages.** The Authority is not required to waive tolls under any circumstances for purposes related to design, construction, maintenance or operation of the Project. If the Authority incurs a loss of CTRMA System revenue due to any action or inaction of TxDOT or contractors working on behalf of TxDOT in the construction, operation or maintenance of the Project, including lane or ramp closures, then TxDOT shall make payment to the Authority as compensation for lost revenue and road user impacts. TxDOT shall reimburse the Authority promptly upon receipt of an invoice, but in no event more than thirty (30) days after receipt. In the event that the Authority is unable to determine the amount of lost revenue because the data is lost or otherwise unavailable, then the Parties agree that lost revenue shall be based on the Authority's good faith estimate using historical figures (e.g. traffic, payments) maintained by the Authority.

In the event that damage to the CTRMA System occurs due to any action or inaction of TxDOT or contractors working on behalf of TxDOT in the construction, operation or maintenance of the Project, the Authority may take any action necessary to correct the damage. The Authority shall determine the cost of correcting the damage and shall send an invoice, along with supporting documentation, to TxDOT. TxDOT shall reimburse the Authority promptly upon receipt of an invoice, but in no event more than thirty (30) days after receipt.

- 6. Environmental Permits and Compliance.** Environmental clearance was achieved for the Project through the issuance of a Categorical Exclusion on October 9th, 2023. TxDOT shall be solely responsible for all environmental permits, issues and commitments ("EPIC") and the inclusion of applicable requirements of state law regarding EPIC in the final design plans. The cost of any environmental re-evaluation work for the Project shall be borne by TxDOT.

After a draft environmental review document is prepared, and reviewed for completeness by

TxDOT, TxDOT shall submit the document to the Authority for its review and written concurrence. TxDOT shall not approve or carry out an environmental commitment for the Project that negatively impact the Authority's ability to carry out its environmental commitments. The Authority may conduct any and all oversight activities it deems necessary to monitor for compliance with all commitments and conditions of approval stated in the environmental review documents. The Parties shall cooperate in conducting such activities and shall make good faith efforts to minimize or avoid any delay in the development of the Project. Any such visits or oversight activities conducted by the Authority shall be in accordance with TxDOT and its contractor's safety procedures and policies. TxDOT shall remain fully responsible for complying with its obligations assumed under this Agreement, notwithstanding, and regardless of, any oversight undertaken by the Authority.

7. **Procurement and Contracting.** TxDOT shall, in accordance with its approved procurement procedures, procure any contracts it deems necessary for completion, operation, and maintenance of the Project. Except as hereinafter provided, TxDOT shall have responsibility for the selection of consultants, engineers, architects, surveyors, design engineers, testing engineers and laboratories, inspecting engineers, geotechnical engineers and scientists, contractors, and other parties retained in connection with the design of the Project. The Authority shall in no way be liable for any claims, protests, or causes of action arising out of TxDOT's procurement processes.

TxDOT shall use its approved contract letting and award procedures to let and award a construction contract for the Project (the "Construction Contract"). Prior to advertising the Construction Contract for bids, TxDOT shall provide the Construction Contract to the Authority for review and written concurrence. TxDOT shall ensure the contractor's compliance with the provisions of this Agreement.

The Construction Contract shall provide that any and all (i) express or implied warranties, representations in the nature of warranties, and warranty bonds, (ii) insurance coverages, and (iii) indemnities provided by the contractor shall be jointly made to or for the benefit of both TxDOT and the Authority. TxDOT shall have primary responsibility for prosecuting any warranties under the Construction Contract. The Authority shall be an express third-party beneficiary under the Construction Contract for purposes of enforcing the indemnities, warranties, and lost revenue provisions described in this Agreement. TxDOT shall cooperate with the Authority in causing the contractor to comply with all such warranty, indemnity and lost revenue provisions.

The Construction Contract shall provide that the Authority, TxDOT, the State of Texas, the Commission and their respective successors, assigns, officeholders, officers, directors, commissioners, consultants and employees shall be listed as "additional insureds" with respect to any insurance for which the contractor must obtain an "additional insured" rider or amendment.

The Construction Contract shall provide for milestones including Substantial Completion and Final Acceptance. For purposes of this Agreement, "Substantial Completion" shall have the meaning provided in the Construction Contract and "Final Acceptance" means the mutual determination by the Authority and TxDOT that all requirements for Final Acceptance as set forth in the Construction Contract have been fully satisfied (including the completion or other satisfaction of punch list items) and TxDOT has issued a Certificate of Final Acceptance to the contractor. TxDOT shall not issue the Certificate of Final Acceptance until it has received the

Authority's written acknowledgement that all requirements for Final Acceptance have been satisfied. TxDOT shall provide a copy of the Certificate of Final Acceptance to the Authority.

- 8. Project Design.** TxDOT shall not design the Project in a way to negatively impact the Authority's ability to operate or modify the CTRMA System. TxDOT will hold and invite the Authority to regularly scheduled design meetings. TxDOT will hold and invite the Authority to plan review meetings for the design at the 30%, 60%, and 90% design phases. During the preliminary and final design phases, Authority personnel will participate and provide comments on the design work. TxDOT shall be fully responsible for all aspects of design quality control and design quality assurance procedures. Any potential future TxDOT improvements to the Project require coordination with and prior written concurrence by the Authority. Any proposed connection or modification to the Authority's facility must be approved by the Authority. TxDOT shall submit to the Authority for review and written concurrence all design submittals including, but not limited to, plans, specifications, calculations, reports, aesthetic design, pavement design and water quality requirements.

When TxDOT receives a preliminary or final design package from its design engineers, and after each design package has been reviewed by TxDOT for completeness, TxDOT shall submit the final design package to the Authority for review and written concurrence. TxDOT shall certify that the Authority's comments from the preliminary submittals have been addressed in the final design package.

- 9. Construction.** TxDOT must provide to the Authority written 30-day advance notification of commencement of construction. TxDOT shall be responsible for the construction, operation and maintenance of the Project in compliance with applicable law and relevant provisions of this Agreement, and any trust agreement(s) or similar documentation, if any.

TxDOT will not allow oversized loads on the CTRMA System for purposes related to construction of the Project unless approved by the Authority in writing.

TxDOT and the Authority agree to the lane and shared use path closure restrictions ("Lane Closure Restrictions") set forth in Exhibit B, that will apply to any work performed by TxDOT or their contractors through Final Acceptance of the Project. The Lane Closure Restrictions include a lane assessment fee that may be assessed against the contractor or TxDOT for failure to meet the closure restrictions. The Parties will meet and agree to new lane closure restrictions for any future construction or maintenance work performed by TxDOT or its contractors for so long as TxDOT has the right or obligation to construct, maintain, or operate the Project.

TxDOT and Authority will meet within 10 days upon failure of the contractor or TxDOT to meet the Lane Closure Restrictions to discuss the assessment or possible waiver by the Authority of the lane assessment fee. If the Authority decides to assess the lane assessment fee, the Authority will submit an invoice to TxDOT for payment of the lane assessment fee. TxDOT shall reimburse the Authority promptly upon receipt of an invoice, but in no event more than thirty (30) days after receipt.

Except for agreed upon closures, TxDOT shall maintain bicycle and pedestrian access at all times within the limits of the existing shared use path. Temporary detours directly adjacent and parallel

to the existing shared use path may be provided during construction.

TxDOT shall provide written notice to the Authority of lane closures at least 24 hours in advance of the closures and associated detours. The Authority shall review and concur in writing with such closure plan of lanes not included in the agreed upon lane closure window restrictions prior to the occurrence of any such closure, and the Authority may decline such plan in the event it determines the closure will adversely impact tolling operations. In the event of an emergency lane closure, TxDOT may permit the closure without the prior approval of Authority, and in that case, shall notify Authority of the closure within one hour after TxDOT learns of the need for the closure. Lane closures for an emergency or those not included in the agreed upon lane closure window restrictions will be subject to the lane assessment fee language above.

All change orders modifying the basic configuration of the Project must be reviewed and concurred with in writing by the Authority prior to TxDOT's issuance of the change order. Corrections of plan errors that do not impact the basic configuration will not require Authority concurrence. The basic configuration consists of the following: number of through lanes, auxiliary lanes, shoulders, vertical and horizontal geometry, toll sites, water quality features, and roadway and ramp alignments.

The Authority must complete its review and response to change orders modifying the basic configuration of the Project within ten (10) Business Days. In the event Authority does not concur, it shall give TxDOT the opportunity to cure the issue. The Authority shall respond to a re-submittal within five (5) Business Days.

Within two (2) Business Days of receiving notice from the contractor of the date it expects to achieve Substantial Completion of the Project (but not less than ten (10) Business Days prior to such date), TxDOT shall provide written notice of the anticipated Substantial Completion date to the Authority. TxDOT and the Authority shall then meet, confer and exchange information on a regular basis with the goal being the Parties' orderly and timely inspection and review of the Project for substantial compliance with the plans, standards and specifications in the Construction Contract, identification of any patent defects, and the joint preparation of a written punch list mutually agreeable to both Parties. TxDOT shall cause punch list items, including patent defects identified by the Parties, to be diligently completed following Substantial Completion of the Project and to the satisfaction of both TxDOT and the Authority. Upon completion of the punch list work, TxDOT shall issue and sign a notification of completion acknowledging that the Project is complete. The newly constructed general purpose lanes shall not open to traffic until written agreement between the Authority and TxDOT. TxDOT shall not issue Final Acceptance to the contractor until TxDOT receives written concurrence from the Authority on completion of the punch list. Should TxDOT issue Final Acceptance without the written concurrence of the Authority, TxDOT will be responsible for the cost of addressing any item(s) remaining on the punch list.

If the Construction Contract includes incentives or disincentives for early completion, TxDOT will be responsible for payment of incentives and/or will be the recipient of the disincentives. The Authority will not be entitled to funds received from the contractor for disincentives.

The Construction Contract shall provide for the assessment of liquidated damages against the

contractor in the event the contractor does not meet the contract duration. TxDOT will be the recipient of the liquidated damages. The Authority will not be entitled to funds received from the contractor for liquidated damages.

The delineation of areas for which each Party is responsible for operations and maintenance during construction of the Project will be detailed in an arrangement that is separate from this Agreement. The Project will not be advertised for bid until both parties have agreed to their responsibilities for maintenance during construction of the Project. The responsibilities for operations and maintenance during construction will begin upon contractor setting construction barricades and traffic control and continue through Substantial Completion of the Project.

- 10. Maintenance and Operations.** Following TxDOT's issuance of a Certificate of Substantial Completion to the contractor, TxDOT shall be solely responsible for the maintenance and operation of the Project for so long as TxDOT has the right or obligation to construct, maintain, or operate the Project. In addition, TxDOT is responsible for the regulation, signage, and overall operation of the Project. TxDOT shall carry out the maintenance and operations requirements in accordance with (a) the requirements, terms and conditions set forth in this Agreement; and (b) at a minimum, in accordance with the same maintenance standards applicable to and required of facilities on the state highway system. Operational requirements relative to the Project shall include the continuous and fully functional operation of the Authority's Electronic Toll Collection System and any system components thereof, and the continuous and fully functional operation of the Authority's Intelligent Transportation System (ITS) and any system components thereof, as both may be updated or modified from time to time by the Authority.

The division of operations and routine maintenance obligations for TxDOT and the Authority is defined in the Interlocal Agreement with the Texas Department of Transportation for Routine Maintenance Services on Texas Department of Transportation Right of Way Adjacent to Mobility Authority Facilities ("ILA") executed on August 1, 2020, between the Parties as the same may be updated from time to time. The delineation of areas for which each Party is responsible for operations and maintenance obligations is depicted in Exhibit A attached hereto and included as part of this Agreement.

- 11. Utility Relocations.** TxDOT is responsible for causing all utility adjustments necessary to accommodate construction, operation, maintenance and/or use of the Project. Any utility relocations required for the Project shall be the responsibility of TxDOT. The Authority shall not be responsible for any utility relocations for the Project. The Authority acknowledges that utility relocation activities may be undertaken on TxDOT's behalf by its contractor, in which case TxDOT shall be responsible for ensuring that such contractor carries out all such relocation activities in a manner consistent with applicable laws and administrative regulations. TxDOT shall pay utility owners for relocations required by construction of the Project pursuant to Section 203.092 of the Transportation Code, if applicable. The relocation of any utility shall be subject to the written concurrence by the Authority, which shall not be unreasonably withheld and provided without delay. The Authority agrees to perform such actions as may reasonably be necessary for TxDOT to accomplish the relocation of utilities as provided herein. TxDOT will cooperate with the Authority in securing the performance of all necessary utility relocations; however, other than as provided herein, and except as may be required by utility owners in

connection with the Project, nothing herein shall require the Authority to (i) join or undertake any proceeding with regard to utility relocation or (ii) enter into any agreements with any utility owners.

TxDOT will coordinate with the Authority regarding the placement or relocation of any existing or future utility within or on the Property so as to minimize and mitigate any disruption to the existing or future facilities.

- 12. Toll Collection System.** TxDOT shall be responsible for installation and payment of all costs of the relocation or installation of any Authority tolling system components or infrastructure that are required by the construction of the Project, and are required for continuous operation of the existing facilities and for operation and maintenance of any non-tolled facilities and equipment incorporated within the Project. The Authority's system integrator shall complete all integration work related to the toll collection system. TxDOT must include in the Construction Contract the required timelines and access requests for the Authority's system integrator to complete the installation and testing for the toll collection system. TxDOT shall reimburse the Authority for such work promptly upon receipt of an invoice for such, but in no event more than thirty (30) days after receipt.
- 13. Hazardous Materials.** TxDOT shall be responsible, as may be required by any applicable state or federal law, for promptly and diligently addressing, through clean-up or other appropriate and lawful steps, any hazardous materials that are encountered in or on the Property by TxDOT or any contractors working on the Project. If soil excavated within the right-of-way in the course of TxDOT's construction, operation or maintenance of the Project is identified as containing hazardous materials, TxDOT or its contractors shall accept delivery of the identified soil and handle it properly in accordance with applicable law.
- 14. Responsibility for Litigation.** TxDOT fully accepts responsibility for the design, construction, operation and maintenance of the Project and hereby contracts to accept said responsibility in any litigation. TxDOT shall immediately notify the Authority, and thereafter keep the Authority fully informed, of any incident, potential claim, claim or other matter of which TxDOT becomes aware that involves or appears likely to involve or impact the Authority. The Authority has the right to participate in any litigation involving matters for which liability may be imposed on the Authority, and the Authority's General Counsel and outside counsel retained for such matter shall concur in, or manage, as agreed, the defense strategy for, and settlement of, any such litigation to which the Authority is a party or which could result in liability for the Authority. The Authority and its outside counsel shall not unreasonably withhold consent to the strategy and plan communicated to them by TxDOT and the Texas Office of the Attorney General. Neither TxDOT nor the Authority waives, relinquishes, limits or conditions its governmental immunity or any other right to avoid liability which it otherwise might have to third parties.
- 15. GOVERNMENTAL IMMUNITY. NEITHER TXDOT NOR THE AUTHORITY WAIVES, RELINQUISHES, LIMITS OR CONDITIONS ITS GOVERNMENTAL IMMUNITY OR ANY OTHER RIGHT TO AVOID LIABILITY WHICH IT OTHERWISE MIGHT HAVE TO THIRD PARTIES. NOTHING IN THIS AGREEMENT SHALL BE CONSTRUED AS CREATING ANY LIABILITY IN FAVOR OF ANY THIRD PARTY OR PARTIES**

AGAINST EITHER TXDOT OR THE AUTHORITY, NOR SHALL IT EVER BE CONSTRUED AS RELIEVING ANY THIRD PARTY OR PARTIES FROM ANY LIABILITIES OF SUCH THIRD PARTY OR PARTIES TO TXDOT OR THE AUTHORITY. IN THE EVENT OF ANY ACTION BY A THIRD PARTY AGAINST THE PARTIES, REGARDING THE PROJECT OR THE PROPERTY, THE PARTIES MAY ASSERT ANY AND ALL AVAILABLE IMMUNITIES TO SUIT OR LIABILITY.

- 16. Capital Metro Coordination and Agreement.** As part of Project development, TxDOT will be responsible for coordination and execution of a railroad overpass agreement with Capital Metro Railroad (the “Railroad”) for the proposed improvements over the Railroad right-of-way.

TxDOT shall be responsible for the construction and for complying with construction requirements, notifications, permitting and payment for services for each Railroad crossing according to the terms of the railroad agreement.

- 17. Compliance With Applicable Laws.** Each of the Parties shall ensure that its performance of any work or other obligations under this Agreement is performed in compliance with all applicable state and federal laws.

- 18. Project Coordination.** Time is of the essence in the performance of the obligations under this Agreement. TxDOT and the Authority agree to coordinate with each other to timely resolve issues that arise regarding the performance of any work or other obligation under this Agreement so as to minimize and mitigate any disruption to the construction, operation, or maintenance of the Project or the operation of the CTRMA System.

- 19. Maintenance of Records.** All records and documents relating to the design, construction, operation and maintenance of the Project that are prepared by or for TxDOT shall be made available to authorized representatives of the Authority during normal work hours. All construction records and documents prepared for the Project must be maintained by TxDOT for three (3) years after final payment of construction costs incurred in connection with the Project. Additionally, the Authority, and its duly authorized representatives shall have access to all records in the actual or constructive possession of TxDOT that are directly applicable to this Agreement for the purpose of making examinations, excerpts, and transcriptions. Notwithstanding the foregoing, TxDOT shall comply with all laws pertaining to the retention of records and the provision of access thereto.

- 20. Reports and Plans.** TxDOT shall deliver to the Authority monthly progress reports for the Project. Within six (6) months after completion of the Project, TxDOT will deliver to the Authority the final record drawings, signed, sealed and dated by a professional engineer, licensed in the State of Texas, certifying that the Project was constructed in accordance with the approved plans and specifications, and approved contract revisions. This submittal shall include an electronic set. The electronic submittal shall include all native Computer-aided design (CAD) files, 3D models and all construction documents. TxDOT shall require the delivery of the final record drawings to be a condition of Final Acceptance under the Construction Contract.

- 21. Project Costs.** TxDOT is responsible for paying all Project design, construction, operation, and maintenance costs.

22. Termination of this Agreement. This Agreement may be terminated upon the occurrence of any of the following conditions:

- (1) **Mutual Termination.** This Agreement may be terminated by written agreement and consent of the Parties.
- (2) **Dissolution of TxDOT.** In the event that TxDOT is dissolved, ceases to function, or all or substantially all of its operations are assumed by a third party other than another governmental entity performing essentially the same functions as TxDOT.

The Parties agree that the provisions of Section 13 regarding hazardous materials, Section 14 regarding responsibility for litigation, and Section 38 regarding responsibilities of the Parties shall survive the termination of this Agreement.

23. TxDOT Defaults. TxDOT shall be in breach under this Agreement if TxDOT fails to observe or perform any covenant, agreement, term or condition required to be observed or performed by TxDOT under this Agreement (a “TxDOT Default”).

24. TxDOT Cure Periods. For the purpose of the Authority’s exercise of remedies upon a TxDOT Default, TxDOT shall have a cure period of thirty (30) days after the Authority delivers to TxDOT written notice of TxDOT’s Default; provided that if TxDOT’s Default is of such a nature that the cure cannot with diligence be completed within such time period and TxDOT has commenced meaningful steps to cure promptly after receiving the default notice, TxDOT shall have such additional period of time, up to a maximum cure period of one hundred twenty (120) days, as is reasonably necessary to diligently effect cure.

25. Authority Defaults. The Authority shall be in breach under this Agreement if the Authority fails to observe or perform any covenant, agreement, term or condition required to be observed or performed by the Authority under this Agreement (an “Authority Default”).

26. Authority Cure Periods. For the purpose of TxDOT’s exercise of remedies upon an Authority Default, the Authority shall have a cure period of thirty (30) days after TxDOT delivers to the Authority written notice of the Authority Default; provided that if the Authority Default is of such a nature that the cure cannot with diligence be completed within such time period and the Authority has commenced meaningful steps to cure immediately after receiving the default notice, the Authority shall have such additional period of time, up to a maximum cure period of one hundred twenty (120) days, as is reasonably necessary to diligently effect such cure.

27. Remedies. This Agreement shall not be considered as specifying the exclusive remedy for any Authority Default or TxDOT Default, but all remedies existing at law and in equity may be availed of by either Party to this Agreement and shall be cumulative; provided that, 1) the sole and exclusive remedy of TxDOT in the event that the Authority fails to perform any of its obligations under this Agreement regarding the Project shall be to seek an action in mandamus compelling the Authority to perform those obligations.

28. Dispute Resolution. The Authority and TxDOT will set up a formalized process to resolve any issues that arise in connection with this Agreement. The process will include an issues resolution

ladder to resolve questions at the appropriate organizational levels of each Party. Any issues that cannot be resolved by use of the issues resolution ladder will be referred to the Authority's Executive Director or designee and TxDOT's Executive Director or designee to resolve. If a dispute is processed under the issues resolution ladder and not resolved, the Party making a claim may advance it in accordance with the statutes and administrative rules applicable on the Effective Date, including all statutory provisions that effect a waiver, in whole or part, of governmental immunity to suit for the purpose of adjudicating a claim for a breach under this Agreement. The Parties agree to use any alternative dispute resolution procedure that is a part of the applicable claim procedure. The Parties shall satisfy the requirement for alternative dispute resolution by participating in non-binding arbitration, unless otherwise agreed to by the Parties. During the resolution of an issue the Authority and TxDOT will not hinder work under the Agreement and intend that such work will proceed.

- 29. Successors and Assigns.** This Agreement shall bind and shall be for the sole and exclusive benefit of, the Parties and their legal successors, including without limitation any successor agency to TxDOT or the Authority. Other than as provided in the preceding sentence, neither TxDOT nor the Authority shall assign, sublet, or transfer its interest in this Agreement without the prior written consent of the other Party to this Agreement, unless otherwise provided by law.
- 30. Officials Not to Benefit.** No member or delegate to the Congress of the United States of America shall be admitted to any share or part of this Agreement or to any benefit arising therefrom. No member, officer, or employee of the State of Texas, TxDOT, the Authority, or of a local public body during his/her tenure shall have interest in this Agreement or the benefits/proceeds thereof.
- 31. Circulation of the Agreement.** Copies of this Agreement will be provided to, reviewed and relied upon by underwriters, investment bankers, brokerage firms, bond counsel, lenders, and similar parties in connection with existing or future Authority project financings and bond covenants.
- 32. Severability.** If any provision of this Agreement, or the application thereof to any person or circumstance, is rendered or declared illegal for any reason and shall be invalid or unenforceable, the remainder of the Agreement and the application of such provision to other persons or circumstances shall not be affected thereby but shall be enforced to the greatest extent permitted by applicable law.
- 33. Written Amendments.** Any changes in the character, agreement, terms and/or responsibilities of the Parties hereto must be enacted through a written amendment. No amendment to this Agreement shall be of any effect unless in writing and executed by the Authority and TxDOT.
- 34. Notices.** All notices to either Party by the other required under this Agreement shall be delivered personally or sent by certified or registered U.S. Mail, postage prepaid, addressed to such Party at the following respective addresses:

Texas Department of Transportation
Austin District Office

7901 N. IH 35
Austin, Texas 78753
Attention: District Engineer

Central Texas Regional Mobility Authority
3300 N. IH 35, Suite 300
Austin, Texas 78705
Attention: Executive Director

Texas Department of Transportation
General Counsel Division
125 E. 11th Street
Austin, Texas 78701
Attention: General Counsel

Central Texas Regional Mobility Authority
3300 N. IH 35, Suite 300
Austin, Texas 78705
Attention: Director of Engineering

All notices shall be deemed given on the date so delivered or so deposited in the mail, unless otherwise provided herein. Either Party hereto may change the above address by sending written notice of such change to the other in the manner provided for above.

- 35. Gratuities.** Any person who is doing business with or who may do business with TxDOT under this Agreement may not make any offer of benefits, gifts, or favors to employees of TxDOT.
- 36. Limitations.** All covenants and obligations of TxDOT and the Authority under this Agreement shall be deemed to be valid covenants and obligations of said entities, and no officer, director, or employee of TxDOT or the Authority shall have any personal obligations or liability hereunder.
- 37. Sole Benefit.** This Agreement is entered into for the sole benefit of TxDOT and the Authority and their respective successors and permitted assigns. Nothing in this Agreement or in any approval subsequently provided by either Party hereto shall be construed as giving any benefits, rights, remedies, or claims to any other person, firm, corporation or other entity, including, without limitation, the public in general.
- 38. Responsibilities of the Parties.** Nothing in this Agreement shall be deemed or construed by the Parties, or by any third party, as creating the relationship of principal and agent, or joint venture or partnership, between TxDOT and the Authority. TxDOT and the Authority agree that neither party is an agent, servant, or employee of the other party, and each party agrees it is responsible for its individual acts and deeds as well as the acts and deeds of its contractors, employees, representatives, and agents.
- 39. Authorization.** Each Party to this Agreement represents to the other that it is fully authorized to enter into this Agreement and to perform its obligations hereunder, and that no waiver, consent, approval, or authorization from any third party is required to be obtained or made in connection with the execution, delivery, or performance of this Agreement. If and to the extent that any

approval or action by the Governor of the State of Texas is required to effectuate or authorize any provision of this Agreement, TxDOT agrees that it will use all reasonable efforts to obtain said approval or action. Each signatory on behalf of TxDOT and the Authority, as applicable, is fully authorized to bind that entity to the terms of this Agreement.

40. Interpretation. No provision of this Agreement shall be construed against or interpreted to the disadvantage of any Party by any court or other governmental or judicial authority by reason of such Party having or being deemed to have drafted, prepared, structured, or dictated such provision.

41. Business Days and Days. "Business Day" means a day other than:

- (1) a Saturday or Sunday;
- (2) a national holiday under Texas Government Code Section [662.003\(a\)](#); or
- (3) a state holiday under Texas Government Code Section [662.003\(b\)](#).

Any reference in this Agreement to a day or days that is not specifically stated as a "Business Day" means a calendar day.

IN WITNESS WHEREOF, TxDOT and the Authority have executed this Agreement on the date shown herein below, effective on the date listed above.

EXHIBIT B

LANE CLOSURE RESTRICTIONS

These allowable closures, restrictions, and lane closure assessment fees apply to the construction phase of the of the US 183A General Purpose Lanes, CSJ: 0151-10-001.

Lane Closure Allowable Times and Restrictions:

Roadway	Limits	Allowable Closure Time
Main Lanes	All (Full Closure both directions)	Not Allowed
Main Lanes	All (Full Closure, per notes)	Not Allowed
Main Lanes	All (Short Duration Freeway Closure TCP (6-7))	12 A to 4 A
Main Lanes	All (1 lane closed)	9 P to 5 A
Main Lanes	All (2 lanes closed, CTB installation only)	12 A to 4 A
Frontage	All (1 lane closed)	8 P to 6 A
Frontage	All (2 lanes closed)	10 P to 5 A
Side Streets	All (Full Closure)	8 P to 6 A
Side Streets	All (Extended Full Closure, per notes)	11 P Fri to 5 A Mon
Cross Streets	All (1 lane closed)	9 P to 5 A
Cross Streets	All (2 lane closed)	10 P to 5 A
Cross Streets	All (Full Closure, per notes)	10 P to 5 A
Ramps	All (up to 2 ramps but not both exit or enter)	9 P to 5 A
Ramps	All (3+ ramps)	Not Allowed
All	Within 200' of a signalized intersection	9 P to 5 A

Lane Closure Assessment Fee:

The Mobility Authority will charge TxDOT a fee per 15-minute interval, rounded up to the nearest 15-minute interval according to the following schedule for each closure or obstruction that extends beyond the allowable closure time shown above.

Location	Fee (per 15 min)
1431 Entrance Ramp Full Closure	\$5,000
1431 Exit Ramp Full Closure	\$5,000
Brushy Creek Entrance Ramp Full Closure	\$5,000
Brushy Creek Exit Ramp Full Closure	\$5,000
Avery Ranch Entrance Ramps Full Closure	\$5,000
Avery Ranch Exit Ramps Full Closure	\$5,000
Entrance Ramp per Lane	\$3,000
Exit Ramps per Lane	\$3,000
Frontage Roads per lane	\$500
Main Lane Shoulder	\$1,000
Main Lanes per Lane	\$4,000
Main Lanes Full Closure (each direction)	\$55,000
